FOREWORD

The current issue of 'Statistical Hand Book, Assam, is the twenty-second in the series. It presents a concise factual account of social and economic trends in Assam based on currently available data. With a view to making the brochure more useful to the data users, Statewise statistical data and key statistics of the country are also included here.

The data presented in this issue have been collected as usual from various Departments of the State and the Central Government, Public-sector undertakings and a few private institutions.

The delay in publishing the issue in time was mainly due to the time lag in the flow of up-to-date data from a few important sources.

The continued and generous co-operation extended by various departments of the Central and the State Governments, and other agencies in making available the required statistical data for the publication is gratefully acknowledged.

Suggestions for improvement in quality and content of the publication are welcome.

Guwahati
February, 1990.

H. K. BHUYAN,
Director of Economics &
Statistics, Assam : Guwahati-6.

CAPACITY AND VOLUME
