PREFACE

The publication of **SOCIO-ECONOMIC STATISTICS 2008-09** provides Statistical data on various selected Socio-Economic and Development activities prevailing in the state. The need for reliable and comprehensive statistics has always been extremely important, the more so at present as they form the essential basis for sustainable planning and integrated development.

The present issue includes district wise information as provided by different departments of Rajasthan Government. The data of this publication highlight the trends in the development and progress in various sectors of State's Economy. The data presented in this publication relate to the year 2008-09 or calendar year 2008 but in some cases, where data of 2008-09 or 2008 is not available, information for the latest available year has been given.

It is hoped that this publication will serve a useful reference book for General Public, Administrators, Planners, Scholars, Statisticians, Economists and all those who are interested in the Socio-Economic Planning of Rajasthan.

Suggestions for improving the coverage and presentation of the publication would be highly appreciated.
