PREFACE

The publication of **SOCIO-ECONOMIC STATISTICS** is an important step in the direction of dissemination of useful Socio-Economic data about the State. This publication fulfils the ever increasing demand for reliable facts and figures about the changes which are taking place in the economy of the state.

The present issue includes district wise information as provided by various departments and organizations of Rajasthan Government. The data of this publication highlight the trends in the development and progress in various sectors of State's Economy. The data presented in this publication relate to the year 2007-08 or calendar year 2007 but in some cases, where data of 2007-08 or 2007 is not available, information for the latest available year has been given.

It is hoped that this publication will serve as a useful reference book for General Public, Administrators, Planners, Scholars, Statisticians, Economists and all those who are interested in the Socio-Economic Planning of Rajasthan.

Suggestions for improving the coverage and presentation of the publication would be highly appreciated.
