PREFACE

The publication of **SOCIO-ECONOMIC STATISTICS 2006-07** provides Statistical data on various selected Socio-Economic and Development activities prevailing in the state. The need for reliable and comprehensive statistics has always been extremely important, the more so at present as they form the essential basis for planning sustainable and integrated development.

The present issue includes district wise information as provided by different departments of Rajasthan Government. The data of this publication highlight the trends in the development and progress in various sectors of State's Economy. The data presented in this publication relates to the year 2006-07 or calendar year 2006 but in some cases, where data of 2006-07 or 2006 is not available, information for the latest available year has been given.

It is hoped that this publication will prove to be a useful reference book to Administrators, Planners, Scholars, Statisticians, Economists and all those who are interested in the Socio-Economic Planning of Rajasthan.

Suggestions for improving the coverage and presentation of the publication would be highly appreciated.
