ISSUED BY  
THE DIRECTORATE OF ECONOMICS AND STATISTICS, HIMACHAL PRADESH

FORWARD

The decentralization of planning process has assumed its importance in recent past and it is hoped that all types of plans/schemes will be formulated at the district or block levels in the near future. As a result, every agency concerned with the implementation of various plans/schemes in the district has been demanding block-wise information of area, population and available infrastructure. To meet their requirement District Statistical Officer, Hamirpur has brought out this publication. I hope the statistical informations included herein will be of tremendous importance to the data users.

I place on record the work done by Sh. I. S. Chauhan District Statistical Officer, Hamirpur and his staff in the preparation of this publication and the cooperation extended to him by the district authorities.
