The yearly publication, entitled "District Statistical Hand Book " for the reference period 1988-89 in respect of West Siang District is brought out by Economics and Statistics Branch, West-Siang District, Along.

The District Statistical Hand Book is an indicator of Socio-economic and Socio-cultural development etc achieved during the reference year. I, hope, this publication will help all the Heads of Departments, Research workers, Planners and administrators in knowing present status of the District and help in their realistic planning in future.

I am also happy to learn the Co-Operation and help extended to District Economic and Statistical branch by all Heads of Departments and hope, the same spirit of Co-operation and mutual understanding will be maintained in future too. The achievement and progress data of departments should not be buried in files but should expedite submission of information to Statistics Department for systematic tabulation and compilation.

I thankful to the District Statistical Officer and his team of Staffs for bringing out this Publication.

I wish this publication will be useful to one and all.

(S. PAO)
Deputy Commissioner, ...
West Siang Dist, Along.
