**STATISTICAL BRANCH
OFFICE OF THE DEPUTY COMMISSIONER,
LOWER SUBANSIRI DISTRICT, ZIRO
ARUNACHAL PRADESH**

PREFACE

It is gratifying to see that the District Statistical Officer is bringing out the District Statistical Hand -Book of Lower Subansiri District, 1980-81. The information contained herein will, I hope, be a guide for further planning at different levels in this District and at UT level. The District Statistical Hand-Book which is an annual publication of Statistics branch in the District, provides information to planners. It is not only the figures but the correctness of data which matters most and this correctness depends upon the information supplied by various departments. Therefore, great responsibility lies on other departments and Branches in the District who furnish correct information. Any mistake in this publication may kindly be brought to the notice of the District Statistical Officer immediately.

A new circle, viz, Chambang Circle has since been formed in this District by bifurcating existing Palin, Raga and Ziro-II Circles. This may be noted by all referring to this Hand-Book.

I appreciate the difficulties involved in this interdependent process of collection of data for such a compilation. I have pleasure in noting that the Hand-Book has been compiled in a very short time and I hope that this tempo will be maintained in future.

G. S. Chima

(G. S. CHIMA)
DEPUTY COMMISSIONER,
LOWER SUBANSIRI DISTRICT,
ZIRO.

I N T R O D U C T I O N

The Statistical Hand Book of Lower Subansiri District-1981, is the fourteenth issue in series. It aims to present factual details as to the level of development attained in the district in various Socio-Economic Spheres, and thus attempt has been made to present in Summary from all the available Statistical informations regarding various developmental activities of Lower Subansiri District within the broad frame prescribed by the State Directorate of Economics and Statistics it is designed as such to be of use for district as well as Circle/Block level planning. The sources from where the data have been collected are indicated at the foot of each tables.

In this edition some new tables have more or less been introduced and an attempt has thus been made to present the population figures of the 1981 CENSUS in provisional of the District from that of the Directorate of Census Operations, Govt. of Arunachal Pradesh, Shillong. The compilation has as such been done as per directives and guidance of the Directorate of Economics and Statistics, Government of Arunachal Pradesh. By nature, this is a compilation of official Statistics as collected from source offices. The publication thus depended most on the source offices for its contents, Paucity or non-availability of required data often posed hurdles to bring this issue upto the mark both in respect of x coverage and details for some development spheres. As such, delay and also presentation of some tables without village/Circle/block level break-ups could not be avoided. It is, however, hoped that future issues will be free of such short comings.

This office does not accept responsibility for any errors/ommissions if originated at the source as each of the tables herein is identified by.

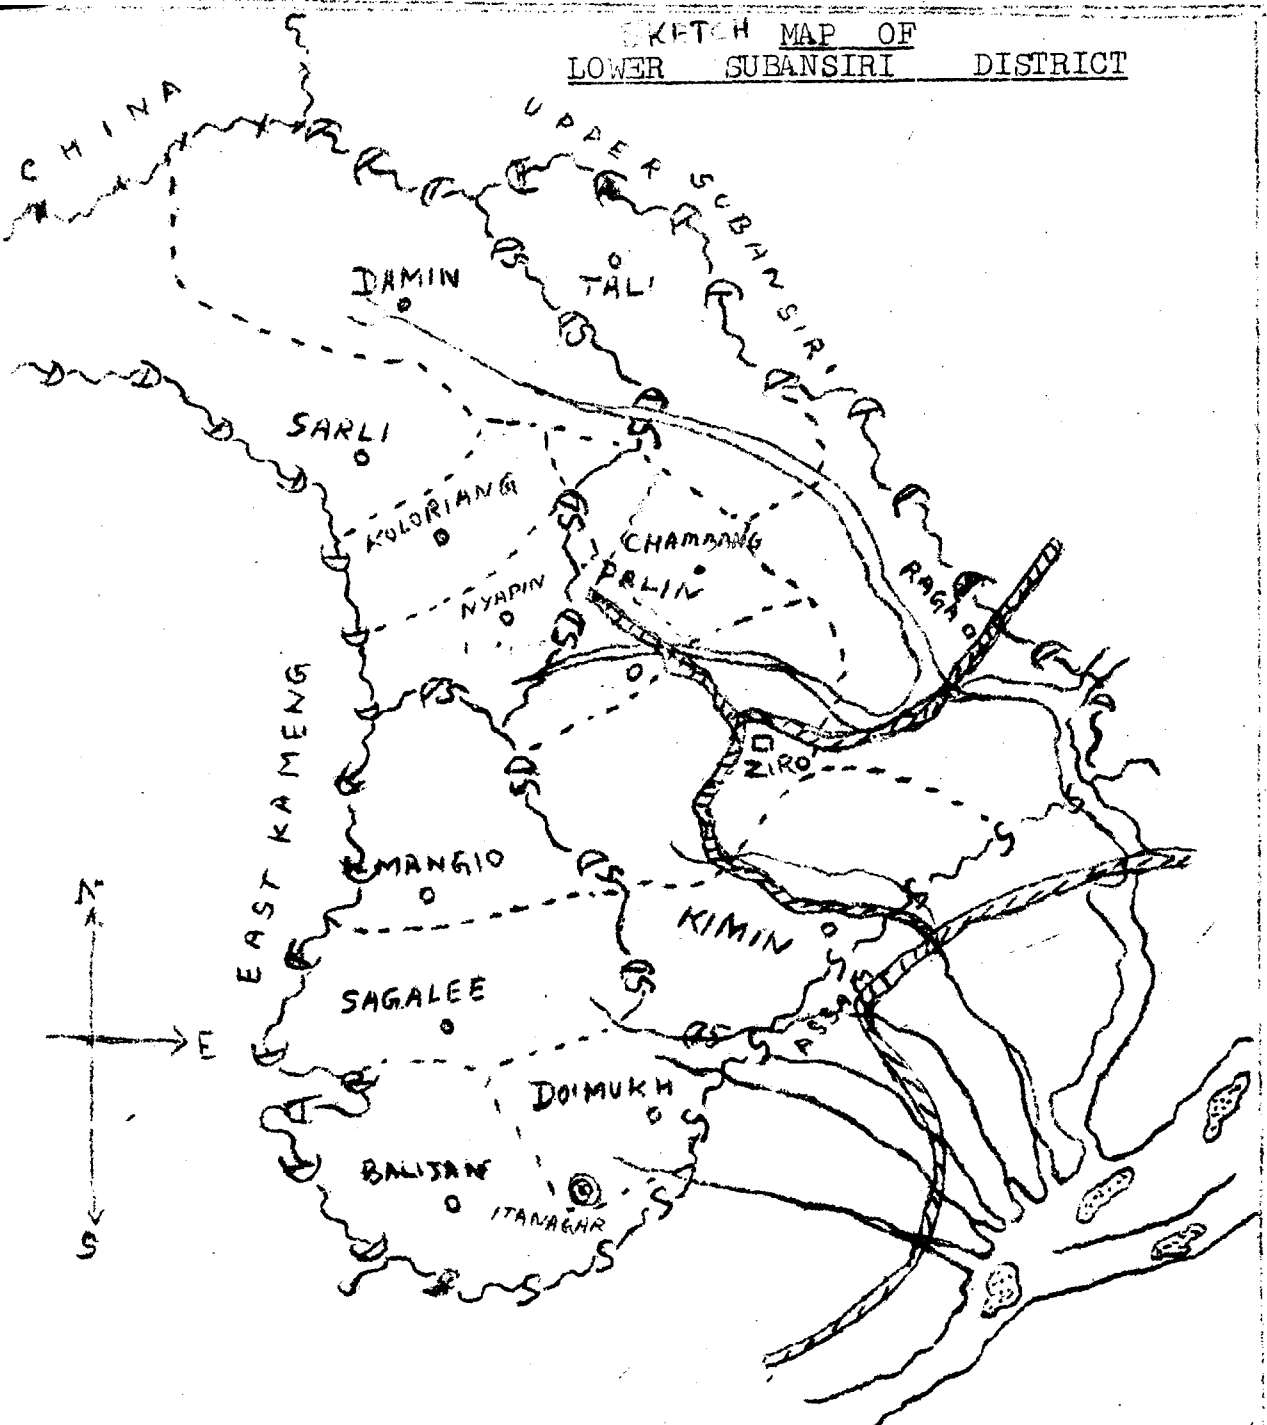

We avail this opportunity to acknowledge with gratitude the help and cooperation received from source offices in collection of required datas. Thanks are also due to Shri P. Mamai, Inspector of Statistics, Shri R. Muzid, Sub-Inspector of Statistics, Smti B. Jyrwa, LDC, S/Shri S.S.Sinha, J.Deka and Staffs of the Statistics, who worked hard to bring out this publications.

Any suggestion for its improvement will gratefully be entertained.

(D. PUSSANG)
District Statistical Officer,
Lower Subansiri District,
Z I R O
