FOREWORD

The programmes, workshops, seminars and orientation courses organised by District Institute of Education and Trainings hampered in the absence of a document dealing with basic Educational Statistics of the District.

While conducting these programmes a need was felt for the preparation of a document containing the basic Educational data of the District. Accordingly hectic efforts were accelerated by Mr. Gh. Rasool Shah Lecturer of this Institute to design a document of Educational Information of the Distt.

The present document is the result of Mr. Shah's deep interest and his personal effort of collecting and compiling the data of 18 Zones of the District and allied agencies.

The document focusses on the data pertaining to the Educational scenario of the District including elementary, secondary, Higher Secondary, Non-Formal, Adult Education and college Education.

The document is likely to be of immediate use in the D I E T. It will be helpful in micro planning at the Zonal and District Level.

The Institution is grateful to Mr. Shah and all field Officers who helped in the completion of this document by making the necessary data available.

I am sure that vital information contained in this directory will be of great use not only to D I E T but to District Educational Planning wing, the field officers and administrators both at the divisional level as well as the State level.

Anantnag.
June, 1994.

S. Z. Jabbar
(S. Z. JABBAR)
PRINCIPAL,
D I E T ANANTNAG.

....

P R E F A C E

For proper planning of Educational programmes at gross root level and to ensure a balanced growth in all areas of Education, it is necessary to have the basic data of the field.

At national level such a data is generated by conducting the All India Educational Surveys and at State level the Educational statistics is collected annually with assistance of District Educational planning wing. But the information generated at the Distt. level remains scattered into statements and does not take a consolidated shape. Owing to this to assess the Educational development at District and Zonal level becomes difficult.

Unfortunately the 6th All India Survey could not be done in Kashmir Valley and many facts regarding Educational development at gross root level are unveiled.

Visualising the non-availability of a document providing the upto date Educational statistics of the District the task of designing the data base booklet was taken into hand.

The information provided in this document presents the Zone-wise Educational Scenario of the District. It will prove helpful not only to District Institute of Education and Trainings Anantnag but to the Department of Education in general and to Z.E.O's of the District in particular who know little about the Educational data of the Zones to which they do not belong and while effecting certain orders face a number of difficulties. The data arranged in this document can be easily computerised for its vital use.

I am thankful to Principal S.Z. Jabeen and to all those field officers who made the shape of this document possible by making the data of their Zones available to me. My thanks are due to Mr. Nazir Ahmad Shah Jr. Assistant for typing this document.

Suggestions for further improvement are welcome.

SHANGAS,
JUNE, 1994.

(G. RASUL SHAH)

.....

ANANTNAG AT A GLANCE.

Anantnag District is situated in the south of valley Kashmir. The area of the District is 3984 Sq. Kms. On the north east it is bounded by Pulwama District and on the west is Peer panchal mountain range through which passes the famous Jawahir Tunnel. The District comprises of 645 villages out of which 619 villages are inhabited and the rest are uninhabited. Fifty seven percent of the Geographical area is covered with forests. The District is situated at an average height of 1700 meters above the sea level. It has ten (Ten) Blocks and 5 Tehsils. Four Blocks are more backward and lag behind other Blocks in infrastructural developments.

As per the census of 1981 the population of the District is 6.56 Lacs (3.48 male, 3.08 female). The urban population is 0.70 lacs and remaining 5.86 lacs are rural inhabitants. The population of Schedule castes and Schedule tribes in the District is absolutely negligible. Majority of population is rural. Muslims constitute 95% of the total population, followed by Hindus 3.77% and Sikhs 0.59%. The overall density of population is 165 per Sq. Km. The working population is 207903 of which 136519 are engaged in cultivation.

The famous health resorts of Kashmir like Pahalgam, Daksum, Kokernag, Verinag and Achabal are located in the District. The Holy cave of Amar Nath Jee a sacred place for Hindu devotees is situated in the District.

The estimated child population in different age groups is as under:-

<u>S.No:</u>	<u>Age Group:</u>	<u>Boys.</u>	<u>Girls.</u>	<u>Total.</u>
1.	6-11	54889	51552	106441
2.	11-14	35797	31676	67473

Percentage of students vis-a-vis child population.

<u>S.No:</u>	<u>Age Group.</u>	<u>Boys.</u>	<u>Girls.</u>	<u>Total.</u>
1.	6-11	92%	65%	80%
2.	11-14	59%	38%	50%

.....

EDUCATIONAL SCENARIO

Almost every village of the District is having educational facility within an easy reach at least upto the elementary stage. At present 135957 boys/girls Schools upto Higher Secondary level cater to the educational needs of the school going population in the District.

In the aforementioned Institutions there is an enrolment of 10,9400 students of the elementary education. The status and sexwise breakup is as under:-

<u>S.No:</u>	<u>Status:</u>	<u>Boys:</u>	<u>Girls:</u>	<u>Total:</u>
1.	Primery Schools.	47751	31661	79412
2.	Middle Schools.	19208	10780	29988
3.	High Scho. Is.	6949	3773	10727
4.	Hir. Sec. Schools.	4942	2306	7248

Due to the expansion of there facilities the level of literacy has reached to 23.86 percent in the District.
