PREFACE

The Hand Book of Statistics, Karimnagar District for the year 1987-88 is the sixth in the series to be brought out by this District. This is the third publication for which the Government has provided funds during the year 1987-88. This publication will serve as useful reference book for the general public, Research workers, Planners, Administrators, and particularly special agencies like District Rural Development Agencies and Bankers involved in formulation and implementation of rural development programmes.

I am thankful to all the District Officers for their cooperation in furnishing the information to the Chief Planning Officer. I hope that all Government, and Semi Government agencies and Local bodies will continue to cooperate in this venture regularly in future also by furnishing particulars for the HAND BOOK in time. Any Suggestions to improve the quality of data incorporated in this book, are welcome.

I. V. Subba Rao, I.A.S.
District Collector.
