F O R E W O R D

I am glad to introduce the Statistical Hand-book of the Tirap District, which is repository of collated information on varied subjects pertaining to this District. The hand-book has been compiled against the scheme sponsored by the Central Statistical Organisation with the view of presenting a comprehensive picture of the District.

The hand-book opens with an introduction of the administrative set up and the details of population followed by up to date statistical accounts particularly on developmental branches like-Agriculture, Forest, Education, Medical Etc.

Being comprehensive in account and objective in treatment, the hand-book, as I believe, will be an authoritative guide for future developmental plannings at the District as well as, in the State level. The hand-book has come out timely to serve as systematic reference work on topics covered for all those who look forward to know about Tirap District.

I congratulate the staff of the Statistical Branch of the District who have painstakingly collected the data from varied sources and compiled the hand-book.

August 18th, 1982.

Sd/-

S. MALAICHAMY, IAS
Deputy Commissioner,
Tirap District, Khonsa.
