**Subject.**—Non Payment of grant for a Particular period to the Educational Institutions which have not implemented the Standing Orders of Government for giving adequate representation to the SC/ST, and other BCs—Introduction of provision in Grant-in-Aid Code for Primary Schools in the State.

#### Preamble :

It is brought to the notice of the Government that Certain Educational Institutions are not fully implementing the Standing Orders of the Government for giving adequate representation to the Scheduled Caste/Scheduled Tribes and other Backward Communities not only in the matter of recruitment but also in the matter of giving admission for various Courses. Therefore it has been decided by Government to make suitable provision in Grant-in-Aid Code to the effect that Grant for a particular year shall not be released to the Educational Institution which have not implemented the Standing Orders of the Government for giving representation to the Scheduled Caste/Scheduled Tribes and other Backward Communities.

**Subject.**—Enhancement of Piece-work rates for the work turned out by piece work Compositors and Binders.

**Read.**—Letter No. P(p) 150/81-82 dated 17th/19th June 1981 from the Director of Printing, Stationery and Publications, Bangalore.

**Preamble.**—

At the instance of the representation made by the Piece Work Compositors and Binders working in the Government Press, the Director of Printing, Stationery and Publications, Bangalore has reported in his letter dated 19th June 1981 mentioned above that the rate for calculating the earnings of Piece Work Compositors and Binders were fixed in 1968 in respect of both composing and binding operations and in respect of composing, the rate was once revised in 1970. In respect of binding, no revision was made since 1968. As such, it is quite apparent that when several changes in the structure of salaries of the graded permanent staff have taken place enhancing the total emoluments drawn by the permanent staff, the amount of

earnings of these piece work staff is remaining stationery for the past several years. Hence there is a substantial gap between the earnings of piece work employees and the earnings of permanent employees thereby giving rise to frustration among these piece work employees. The average earnings of a piece work employee viz., a piece work compositor or a piece work binder varies from Rs. 130 to Rs. 150 p.m. whereas, the average earnings of a permanent Junior Compositor or Assistant Binder who discharges almost similar work is Rs. 416.20 per month. Thus the difference is quite appreciable and there is no justification to continue the present disparity any longer. In addition to this, he has clarified that as per Notification No. SWL 44 LMW 78 dated 22nd November 1979 published in the extraordinary Gazette, the minimum rates of wages for the classes of employees in printing presses as specified in Column 1 of the schedule mentioned in Column 2 of the schedule, the Compositors, Binders and proof readers are entitled to get the minimum wages of Rs. 10 per day (of 8 hours of work) along with other categories of employees in the Bangalore City Corporation area. Thus the rate for each item of work turned out by piece work compositors and binders will have to be so structured as to enable them to earn atleast Rs. 10 per day of 8 hours during the normal working hours.

Since the work turned out by these piece work employees is no way inferior to the work turned out by the permanent staff, he has recommended for sanctioning enhancement of piece work rate in respect of different operations of composing, binding and proof reading as per the rate mentioned in Column 9 of the statement enclosed to his said letter with effect from 1st June 1981.

**Order No. ED 84 MPS 81 Bangalore, dated 29th August 1981**

Under the circumstances explained in the preamble, sanction is accorded for adopting the enhancement of piece

work rate in respect of Compositors, Binders and Proof Readers working in the Department of Printing, Stationery and Publications as per the rates indicated in the Annexure to this Government Order with effect from 1st June 1981.

The expenditure on this account shall be met out of the budget head "258—Stationery and Printing 3—Government Presses—2 Wages".

The Second Category of repeaters are those who have fulfilled the attendance requirements during the previous years to become eligible to appear for the examination, but did not appear or appeared and failed in the examinations.
