## NOTES ON THE TABLES

This Publication gives an overall picture of the Educational system in Kerala. The tables are presented in five sections as given below:

<i>Section</i>	<i>Description</i>
1	Educational Statistics at a Glance
2	Schools
3	Enrolment
4	Teachers
5	Literacy, S.S.L.C. Results, Wastage in School Education.

**Educational Statistics at a Glance**

Of the 254.54 lakh persons in Kerala according to 1981 census, 179.25 lakhs are literate. The percentage of literates is 70.42—75.26 among males and 65.73 among females. The number of High Schools during 1983-84 was 2331, U.P.S.—2822 and L.P.S.—6842. The enrolment during the year was 56.48 lakhs—13.42 lakhs in High School Section, 18.05 lakhs in U.P. Section and 25.01 lakhs in L.P. Section. The total number of teachers was 1.83 lakhs, the distribution in High, U.P. and L.P. Section being 0.52 lakh, 0.60 lakh and 0.71 lakh respectively.

**Schools**

In the second section the distribution of schools according to District and Management are given for the years 1981-82 to 1983-84. In the case of U.P. and L.P. Schools distribution upto Sub District level are given. A table showing the growth of schools and in the State during 1970-71 to 1983-84 is also given. The number of schools has increased from 10814 to 11995. During the period the growth was about 11% in the number of schools—68% for High Schools, 11% for U.P. Schools and a decrease of about 1% for L.P. Schools. The percentage of Government schools is about 38%. The lists of schools for handicapped, Anglo-Indian Schools, Training Schools, Oriental Schools and Language Teachers' Training Centres are also given in this Section. The distribution of High Schools according to number of students shows that 51% High Schools have a strength of less than 1000. In the case of U.P.S., 57% schools have less than 500 students. 93% L.P.S. come under the category having less than 500 students. The percentage distribution of schools and scholars in each district shows that the percentage of scholars is less than the percentage of schools in Kottayam, Idukky, Palghat, Malappuram, Kozhikode and Cannanore Districts. The average area served by one H.S. works out to 17 sq.km., one U.P.S. 14 sq.km. and one L.P.S. 6 sq.km. There is wide difference in area served by one school in the different districts. The area served by one school is comparatively very high in Idukky and Wynad Districts. The average number of students per H.S. during the years 1970-71 to 1983-84 works out to 523 to 712.

## Enrolment

In the third section the details of enrolment are given in 44 tables. The distribution of students in schools according to standard, section, management and SC/ST are presented for the years 1981-82, 1982-83 and 1983-84. The enrolment for the years 1970-71 to 1983-84 is also given. The enrolment has increased from 48 lakhs in 1970-71 to 56 lakhs in 1983-84. The percentage increase was about 18 during this period. Another note-worthy feature is that the increase is marginal in the case of primary stage (6%). The standard-wise enrolment during the different years reveals that the enrolment in the 1st standard show a declining trend. The number of students studying in English, Kannada and Tamil medium during the years 1981-82 and 1982-83 are also presented. The number of students studying in English, Tamil and Kannada medium during 1982-83 are 0.91 lakh, 0.59 lakh and 0.45 lakh respectively.

About 7000 students are undergoing T.T.C. in an year. The provisional figures of enrolment during 1984-85 show that 56.71 lakhs are studying in the standards I to X. The number of students in the different standards vary from 3.43 lakhs to 6.43 lakhs.

## Teachers

15 tables in this section give the distribution of teachers in L.P., U.P., High and Training Schools in the State. Section-wise, School-wise and Management-wise distribution of teachers are given for the years 1981-82 to 1983-84. Among the teachers more than 50% are women. The percentage of Women varies from 54 in 1981-82, 56 in 1982-83 and 1983-84. The teachers in Government schools constitute about 38% of the total. About 40% of the teachers are working in L.P. Section 33% in U.P. Section 27% in High and Training Section. The table on number of teachers over the years shows that there was an increase of about 27% in the number of teachers during the period 1970-71 to 1982-83.

## Literacy, Examination results and wastage

The table's in this section gives details of the literacy level of the State at District, Taluk and Panchayat levels. The position of SC/ST population is also presented. According to 1981 census 70% of the population are literate. The percentage of literates in different districts ranges from 58 in Palghat to 82 in Kottayam district. Among the taluks the variation is from 84 in Kottayam taluk to 51 in Chittur Taluk. Among the 1000 Panchayats in the State according to 1981 census, 27 have less than 50% literates and 118 have above 80% literates. More than 50% of the panchayats have 70% or above literates. The percentage of literates among SC is 56 and among ST is 32. In Kottayam District the percentage of literates among SC and ST are above the general literacy level of the State.

The percentages of pass in S.S.L.C Examination in the State over the years are given in this section. The percentage of pass in March Examination is a little less than 40 from 1981 and near about 40 in other years. The Educational district-wise analysis of percentage of pass shows considerable variation between districts. The range was 20 to 50 in 1982 and 23 to 58 in 1983.

Based on the enrolment figures only 18% of the 1972-73 batch of admissions and 20% of the 1973-74 batch come out successful in S.S.L.C. Examination in 1981-82 and 1982-83. The wastage is slightly higher in the case of boys than girls.
