SELECTED EDUCATIONAL STATISTICS

---

( PROVISIONAL )

( 1965-66 )

MINISTRY OF EDUCATION  
GOVERNMENT OF INDIA  
NEW DELHI  
1966

P R E F A C E

This brochure is the fifth in the series of Selected Educational Statistics (Provisional) and presents selected statistics for the States and Union Territories which furnished the necessary data for this brochure.

Among the items covered in the brochure are area and population, number of recognised educational institutions and number of teachers in schools for general education. The data has been compiled without subjecting it to any elaborate scrutiny with a view to making it available for planning and administrative purposes as early as possible. The final data after due verification, will be issued later in the publications 'Education in States - 1965-66' and 'Education in India - 1965-66'.

The Ministry of Education is deeply appreciative of the assistance of the Directorates of Education in the States and the Union Territories who supplied the data upon which this brochure is based.
