

GOVERNMENT OF JAMMU & KASHMIR

STATISTICAL HAND BOOK

DISTRICT BARAMULLA

1981-82

Issued by:

**Directorate of Economic and Statistics
Planning and Development Department**

DISTRICT STATISTICAL AGENCY-----

Govt. Press, Srinagar

I N T R O D U C T I O N

District Statistical Hand-Book has become a regular feature now. It has been well received and the earlier issues viz for 1980-81 and prior to that have all gone out of stock. The Directorate of Economics and Statistics has been facing great demand from the various users. We have come up with the 1981-82 issue of the publication which is the 5th in the series. Besides updating, the data have been upgraded and improved wherever possible. It is hoped that the District level Planners as also all other users will find the Hand-book more useful now.

A new experiment was made to issue the publication from District headquarters after it was vetted by the Directorate. The experiment has been successful and the 1980-81 publication was issued from the District Statistical Agencies. An attempt is now under way to prepare an Economic Review also at the District Level. We hope the review will be a reality before long.

DISTRICT BACK GROUND

District Baramulla is known after its Head-Quarters Town of Baramulla which is located at a distance of 56 Kms. from Srinagar, towards north west. The District is bounded by north and west by the line of control.

There are 675 villages, 659 inhabited and 16 un-inhabited. Agriculture is the main stay of the economy. The total reporting area of the District is 1.44 lakhs hectares with 0.88 lakhs hectares only as the net area sown. 0.90 lakhs hectares is the Gross area sown and area sown more than once is marginal only half of the cultivated area is irrigated. The Zamindari Khuls is the main source of irrigation.

The provisional population of the District as per census 1981 is 6.69 lakhs as against 5.18 lakhs in 1971. As per census of 1971 about 89% of the population live in rural areas. 80% of the working force is engaged in agriculture which forms the backbone of the economy in the District. The district enjoys adequate rainfall except areas such as Kandi tracts of Baramulla thesil and other similar villages of Handwara thesil where difficient rains are responsible for frequent failure of the crops. The annual rainfall is about 31" per year. The District experiences severe cold in winter and moderate temperature in summer.

The present issue of the District Statistical Hand-book is the second after the District came into existance in its present form. Information on the various facts of the economy of the District appear in the publication.

VI- ELECTRICITY

District Baramulla was the first District to generate electricity in our State from Mohra the oldest of our Power houses. At present the district accounts for 114 MWS of installed capacity out of our total capacity of 209 MWS. Almost all Villages in the District stand electrified. The District supplies bulk of power used in the State. Data on installed ~~xxxx~~ capacity, number of installations, consumption of power etc are given in this chapter.
