Samanda Development Block is presenting the Block Indicators since the inception of the Block for the 2nd time. The data presented in this publication were collected mostly from the Government departments. The cooperation extended by concerned departments for making the data available for this publication is gratefully acknowledged.

As regards this publication, I sincerely appreciated the work dedication of Shri. W. D. Marak, Sub-Inspector of Statistics who made completion and presentation of the booklet.

Comments and suggestions to improve the quality of the publication are most welcome.
