:: FORWORD ::

The Government of India as per National Education Policy, 1986 have accorded high priority to the programme universalisation of Elementary Education by 1995 and cradicating illiferacy by 2001/AD as envisaged in 7th plan period with a view to provide free compulsory universal education to the children in the age-group 4 years and also to make literate the illeterate people.

The effective implementation on this programme however required first to collect up to date data for preparation of practicable and realistic plans for universalisation of elementary education as well as Adult Education Programme. Therefore, the 5TH EDUCATIONAL SURVEY was conducted throughout the Country to know the process that has taken place during the internening period. fr 1978 to date. The fifth educational survey covers spectrum of some very important aspects anch as, Powerick Agewise population, no of Institutio under different parties. gement, agewise-sexwise enrolment. facility for Cirls. coilet and drinking water facilities, school equipments and a maiture sports and games equipments and physical facilities, treative schemes, Teachers with qualification and building are. Reping in view of this, a training programme of D.P.C./A.J.S.O.s/ Supervisor (A.P.) was organised as Fasighat (Sing District) from 18.4.87 to 25.4.87 under the able guidence of experts from N.C.E.R.T. New Delli, for conducting survey works at Block-Level, District-Level and State-level in arun chal Prademh.

I am very heap; to present this "FIFTH ALL INDIA EDUCATIONAL SURTEY" DISTRICT SURVEY REPORT OF TAWANG DISTRICT, TAWANG ". All the entries in this ublication are correct to the best of my knowledge.

The contribution of Sri S.D.Roy. A.D.E.O. (H.Q) and Sri S.N.Sarma, Acstt Teacher 'A' is really appriciable for preparing the Survey Report. Blockwise District wise. The responcibility of preparing the District Survey report was also shouldered by Sri S.D.Roy, ADEO (H.Q.) and Sri S,N,Sarma, Asstt Teacher 'A' who had to work hard to prepare the survey report besides their normal duties in time. They deserve much appreciation and I offer my heartiest thanks to them.

;; GOVERNMENT OF ARUNACHAL PRADESH:: OFFICE OF THE DEPUTY DIRECTOR OF PUBLIC INSTRUCTION: TAWANG TAWANG DISTRICT, TAWANG

DISTRICT REPORT OF TAWARD DISTRICT. TAWARD

:: CHAPTER-I ::

1.1. GENERAL INFORMATION ::- " TAWANG DISTRICT" once a subdivision of West-Kameng District in early parts of 1984, is situated in the most Eastern part of Arunachal Pradesh. The area of the district is approximately 2085 Sq K.m. bordered by Tibet in the North, Bhutan in the South-West and the Sela-ranges seperates from West-Kameng district in the East.

The entire district has been divided into Three "Community Development Block" under the charge of Extra Asstt Commissioner/Circle Officers as the ex-officio Block Development officer, Details of each block as per 5th All India Educational Survey as on 30th Sept/80 is given below:

SL No (BLOCK	CIRCLE (NO OF VILL! X	Bobartion
1.	Tawang	Tawang	74	10,899
2.	Lumla	Lumla and Zemithang	31	8,588
3.	Thingbu- Mukto	Thingbu-	19	6,481
	TOTAL :-	5	124	25,968

1.2. HISTORICAL GENESIS : -

The name of "TAWANG" derives from some bearing on the surroundings. The popular interpretation is that the name "TAWANG" was given by the Mera Lama in the seventeenth century as we found that it was the plac where horse 'TA' was in excellent 'WANG' (Blessings) condition. Another interpretation is that 'TA' horse and 'WANG' leans pits, the place where the horse are kept.

The first administrative centre at Tawang was set—up by Maj.R.Khating as 1st Political Officer on 6th February' 1951'. Previous to this administration of the Sub-Division used to run by the locals, The area being divided into certain units. This practice of local administration is still invogued among the locals.

In 1984, on 6th october, thic Sub-Division came into & full-fledged district carved out from the West-Kameng district of Arunachal Pradesh.

Contd

1.3. PHYSIOGRAPHY ::-

Two -third of the entire area of the district is approximately of high mountainous region. The highest mountain peak in the district is known'GAURICHAN" which is 22,500 ft. approximately from mean Sea level. There are two main rivers namely Tawang-chu and Nyamjang-chu. Most of the villagers are concentrated in the basins of these two river-valleys.

In Tawang district, there is a high mountain-range known as Sela-range consisting of mountainous in the form of big line from Tibet in the North, Bhutan in the South-West and thus forming a tough terrain to pass through. Its altitude varies from 14000 to 15000 ft. and has a pass called, Sela-pass at an altitude of 13714 ft. from the Sea-level.

1.4. CLIMATE :-

The climate of this district during the summer is moderate and extreme cold during winter. The district have land configuration, the altitude varying from 3,500 ft in the basins of two main rivers to 22,500 ft. with such varying altitude the flora and fauna of the region are of wide variety mostly of Fire species with blue-pines and varieties of Snow-leopard, Musk-Deer, Talken, Bear, Barking-deer. Leopard are also found in both mountainous and lower regions.

1.5. POPULATION ::-

The population of the district according to 1981 census is 21,735 with an average density of 10.30 per Sq.K.M.Most of the people are Scheduled Tribes with literacy percentage rate of 14.62 as recorded in 1981 Census. The Sex ratio indicates 941 females per 1000 males.

1.6. INHABITANTS --

The inhabitants of the district are all of Monpa Tribe except Shyo village which is dominated by people of Tibetai orgin. The Monpas belong to the Mongaloid stock. They are well built, fair in complexion and medium to tall in structure. They are hospitable, gentle and unassuming of temparment, Some of them have good business accumen. Their houses are built with stones and Timbers.

Agriculture and animal husbandary are the fundamental means of the Monpas occupation. In addition, the Monpas go-in for weaving, Bamboo works, Mood carving and work under various departments for earning their livelihood as and when get fread from agriculture works.

1.7 RELIGION ::-

The Tawang Monastry is one of the most important elements in the Social and religious life of the Monastry and his brother when they attain naturity make some relations contributions to the Estitution for its systemance in the hape of armount of the Monastry of founded the Lamb in the 17th Contury. Mera Lamb was a civile of an Indian toucher who visited Tibet during the later part of the Joth Century.

Contd.....

1.7. RELIGION ::-

The Tawang Monastry is one of the most important elements in the Social and religious life of the Monpas. The 2nd son in a family of three sons is expected to join the Monastry and his brother when they attain maturity make some religious contributions to the Institution for its sustenance in the shape of grains, butter, firewood etc. The Monastry was founded by Mera Lama in the 17th Century. Mera Lama was disciple of an Indian teacher who visited Tibet during the later part of the 16th Century.

The Tawang District occupies a unique status amongst the Mahayana sect. of Buddhish because of the fact that his Holiness the 6th Dalai Lama was born at Urgelling village near Tawang H.Q.

of the Monpas namely "LOSAR" and "TORGYA'. Both festivals are celebrated once annually. The 'LOSAR' is celebrated to Commemorate the New-Year. Another important religious destival celebrated once in three years is called 'DUNGAR' Both 'DUNGAR' and 'TORGYA' festivals are celebrated in the premises of the Tawang Monastry. The people from all nock and corner of the district come on these auspicious occusions and enjow with cheer and jow.
