## SPECIAL COMPONENT PLAN FOR SCHEDULED CASTES

### MEDIUM TERM PLAN 1978-83 AND ANNUAL PLAN FOR 1979-80

In accordance with the Constitutional safeguards for the weaker sections specially for the Scheduled Castes and Scheduled Tribes, the Planning Commission and the Government of India have been issuing guidelines right from the introduction of the First Five Year Plan to the State Governments to see that the benefits flowing to the people under Central Sector go to weaker sections in general and to the Scheduled Castes and Scheduled Tribes in particular. Realising that the grants given to the Welfare Departments are only supplementary in nature and are meant for taking up certain programmes for the speedy progress of these people, it was emphasised that the main thrust for the development of the Scheduled Castes and Scheduled Tribes should come from the General Sector programmes. It has, therefore, been decided by the Government of India and the State Governments that all possible efforts should be made at all levels in ensuring satisfactory progress of the Scheduled Castes as early as possible.

The principle of earmarking the funds for developmental programmes under general sector for the welfare of Scheduled Castes and Scheduled Tribes has been agreed to by the Government of Andhra Pradesh and certain steps have been taken by the Government as early as in 1960. The Government of Andhra Pradesh have issued instructions in 1960 to the Panchayat Raj Institutions for earmarking 15% of their general funds for the benefit of the Scheduled Castes and 3% for the Scheduled Tribes. In December, 1972 this principle was extended to all the Municipalities in the State. The principle was further extended for the other departments also

since the beginning of the Fifth Five Year Plan. Definite instructions are issued during the year 1975, for reservation of 15% funds of all the development departments and for preparation of Sub Plans for the benefit of the Scheduled Castes.

The Government of Andhra Pradesh have been taking certain steps for the last three years for preparation of Sub Plans for the benefit of Scheduled Castes for implementation of schemes for their development.

The Fifth Five Year Plan envisaged more investments on Education, Health, Nutrition, Drinking Water Supply, Housing and Electricity under which the Scheduled Castes and Scheduled Tribes will be getting more benefits. Further, the Planning Commission and the Government of India have requested the State Governments to ensure that Sub Plans are prepared by different Development Departments under general sector in the Fifth Five Year Plan quantifying the benefits both in physical and financial terms that flow to the Scheduled Castes under them. The State Governments have been requested to formulate specific schemes for the benefit of the Scheduled Castes from the general sector schemes. The Planning Commission and the Government of India have stressed the need for a drastic change in the strategy for the development of Scheduled Castes and Scheduled Tribes and other weaker sections in the Five Year Plans. The new strategy advocated by the Planning Commission for the development of Scheduled Castes and other weaker sections was that:

- i) The general sector should provide the main thrust for the development of Backward Classes (ie., Scheduled Castes and Scheduled Tribes & Denotified Tribes).
- ii) Each sectoral authority should review its programmes effectively to ensure that the members of these communities get adequate benefits. For this purpose, the programmes may be properly adopted and special programmes may be formulated.

iii) The Scheduled Castes/Scheduled Tribes Sector should come in where any special element is to be provided in any of the programmes taken up by the General Sector without which the Scheduled Castes and Scheduled Tribes may not be in a position to attract in full measure the benefits under general sector programmes.

In the Conference of the State Ministers incharge of Social Welfare convened by the Prime Minister on 19th and 20th April, 1975, it was recommended that efforts of each general sector for the development of Scheduled Castes should be quantified. Each Department should examine the schemes in the general sector and quantify the benefits which should be made available to the Scheduled Castes. Such quantifications should be made both at the time of Planning and Budgetting. It was also prescribed that the Planning and Finance Department should not approve the Annual Plan of a Department, if the Sub Plan is not incorporated.

Government (in their D.O.Lr. No.1403/74-12 E&SW Dept., dt.15.9.1975) has reiterated their policy that the provision for the welfare of the Scheduled Castes in the Harijan Welfare Department is only supplementary in nature and the main thrust for their welfare should come from the General Sector.

Government (vide their G.O.Ms.No.727,E&SW Dept., dt.22.8.1975) had directed that the Director of Social Welfare should identify the detailed schemes for development departments upto 15% of their budget excluding therefrom common items wherever feasible. Government have further directed that all the development departments should implement the schemes prepared by the Director of Social Welfare. As per the instructions of the Government, the Heads of Departments having developmental functions and the Heads of State Govern-

ment undertakings ~~undertakings~~ are being pursued for preparation of Sub Plans for the benefit of the Scheduled Castes.

The Director of Social Welfare identified certain schemes which can be implemented by various development departments exclusively for the benefit of Scheduled Castes and communicated to the concerned development departments vide his Lr.No. EC/28815/75, dt.2.9.76. They were asked to implement these schemes after holding further discussions with the Director of Social Welfare and with the Secretary to Government, Social Welfare. Subsequently, the Government of India have sent an exhaustive list of schemes which should be considered for implementation by the various Heads of Departments. The list was also communicated to various departments vide Government Lr.No.2826/B2/76, dt.19.10.76. Series of discussions were held with all the major departments at the level of the Secretary to Government, Social Welfare. As a result of these discussions, some schemes were finalised for implementation by the various departments for the welfare of Scheduled Castes.

A total amount of Rs.2.89 crores was earmarked by various development departments exclusively for the benefit of Scheduled Castes during the year 1977-78. For the year 1978-79, an amount of Rs.3.53 crores has been earmarked by various departments. In addition, the A.P.State Electricity Board has a programme of spending Rs.300.00 lakhs for Sch.Castes during 1978-79.

The Collectors' Conference held recently made a few recommendations for ensuring that the benefits from the rural development programmes flow to the weaker sections particularly to Scheduled Castes, Sch.Tribes and Backward Classes. The Conference said that mere adherence to population proportion will be of no positive significance as this secured no more than merely assuring proportionate benefits. The Group VI

To facilitate promotion of two-fold maintenance of the Collectors' Conference strongly recommended that 40% of the beneficiaries should be from among the members of Scheduled Castes and another 10% for Sch. Tribes, in S.F.D.A. and D.P.A.P. Programmes. The Group noted that instructions have already been given that 100% of beneficiaries under Pig Breeding schemes should be enlisted from Sch. Castes and Sch. Tribes and 50% of beneficiaries under Calf Breeding and Poultry should be enlisted from Sch. Castes. The Group also noted that in regard to Sheep Rearing Scheme, the benefits should flow to members of those who are mostly engaged in these professions, such as Kurubas and Yadavas with about 15% coverage from Scheduled Castes and recommended that this should be strictly adhered to.

Government of India, through their L.P.No.BG/17014/1/1/78-SET.II, dt. 16.11.1978 (from Sri B.G.Deshmukh, Additional Secretary to Govt. of India, Ministry of Home Affairs) have informed that a similar approach should be followed in the preparation of the Draft Medium Term Plan, 1978-83, also with regard to implementation of Sub Plans for Scheduled Castes.

The broad scope and content of the special component plan and how S.C. Castes had been kept out by the Govt. of India as far as development in agriculture, industry and other sectors concerned is as follows:

**Special Component Plan should consist of schemes which can benefit the Scheduled Castes and adequate share of such schemes and correspondingly a share of the sectoral Plan provisions for them.** In such a share of the benefits and a share of the provisions, it must be remembered that the share of Mad Castes is not just the equivalent of their numbers but also includes the fact that they form the largest single group among agriculturists and a substantial group among artisans and traders, etc., who need the benefit of employment

generation, anti-poverty measures, diversification of employment and horizontal and vertical occupational mobility and other such programmes of the Plan. Keeping this in view, it would be appropriate to earmark for them at least 50% of the benefits of individual and family-oriented schemes and correspondingly a good share of the Plan provisions. A reasonable share of schemes pertaining to whole villages or whole Hamlets may also be earmarked for villages or hamlets of which the majority of inhabitants are Scheduled Castes, alongwith corresponding provisions. There are economic activities like Cooperatives and Self Help Groups etc. where most of the workers are of the Scheduled Castes. In such cases, the sectoral Plan should seek to maximize development of the fullest potential of the market with an emphasis on the additional income generation passing on to the workers.

However the pattern of expenditure is not amenable to such allocation, the sectoral plan should contain a specific optimal share for the Scheduled Castes in the resultant employment, training and other such benefits of Plan Schemes.

The Special Component Plan should also contain an adequate in-built mechanism of concurrent monitoring and evaluation. These plan provisions should be non-divertible and appropriate budgetary devices like separate minor heads should be created.

Various Ministries and State Departments are incharge of public sector and co-operative organisations and Institutions. The above approach may be got reflected in respect of them also while working out their medium term and annual plan and allocation of resources.

In furtherance of this, at the instance of Government in Social Welfare Department and the Director of Harijan Welfare some of the Heads of Departments connected with plan schemes and certain Heads of the Public Sector Undertakings have done certain exercise on the possibility of earmarking atleast 15% of their funds under Medium Term Plan for the benefit of Scheduled Castes.

So far information has been received from 15 Government Departments and the State Electricity Board. They have more or less finalised their allocations. A statement showing the details of the outlays proposed by these Development Departments in the Medium Term Plan and the amounts earmarked by them for Scheduled Castes are given in Annexure I. Details of the outlays and the amounts earmarked by these Departments for Scheduled Castes in the Annual Plan for 1979-80 are given in Annexure-II.

The extracts of the proposals so far received for the Special Component in respect of the Medium Term Plan and the Annual Plan for 1979-80 as given by certain Development Departments and the Public Sector Undertakings are given in Annexure III.

ANNEXURE III(1)(b) DIRECTOR OF AGRICULTUREA BRIEF NOTE ON THE SUB-PLAN FOR SCHEDULED CASTES

The Sixth Plan Outlay under crop husbandry and Soil Conservation is as follows:

Sl No.	ITEM	1978-79	1979-80	Total VIth plan	(Rs.in lakhs)
1.	Crop Husbandry	131.00	1286.65	1417.65	
2.	Soil Conservation	45.00	1274.50	1319.50	
		176.00	2561.15	2737.15	

The Government prescribed that 15% of the funds under the Plan have to be earmarked for the benefit of Scheduled castes. In pursuance ~~of~~ ~~quarantine~~ to indicate this, the schemes and programmes have been identified and correspondingly quantified to indicate the exact amounts that go to benefit the Scheduled Castes. The following are some of the schemes in the VI Plan identified to benefit the Scheduled Castes.

S.No.	Name of the Scheme	Ex /in	Provision made VI Plan.	15% of the benefit to SCs (Rs in lakhs)
1				

A. CROP HUSBANDRY

1.	Scheme for Publicity and Propaganda for HYV Programme and farmers tours	6.25	0.94
2.	H.Y.V. Programme Demonstrations and Trials including prizes and awards	15.00	2.25
3.	Community Nurseries	25.00	3.75
4.	Seed Exchange Programme	100.00	15.00
5.	Scientific storage of foodgrains	75.00	11.25
6.	Subsidy scheme for control of BPH in 10,000 Hects	21.00	3.15
7.	Subsidy scheme for control of Newt grub ex Gremmid in rice Hispa in 10,000 Hects	21.00	3.15

1	2	3	4
8.	Subsidy scheme for control of Root-grub on Groundnut in 20,000 Hects.	54.00	20.00
9.	Subsidy scheme for control of Mango Hopper in 5,000 Hects	12.00	5.00
10.	Scheme for control of pests and diseases on Sugarcane 10,000 Hects.	10.00	2.00
11.	Scheme for eradication of Red-rot Cultivation	77.20	11.58
12.	Scheme for development of castor Cultivation	2.00	1.00
13.	Scheme for development of safflower	10.00	2.00
14.	Scheme for cotton seed production	10.00	1.50
15.	Schemes for Groundnut Seed Production	50.00	10.00
16.	Development of Pinappale cultivation	2.00	0.30
17.	Intensive cultivation of Vegetables in Urban areas	10.50	2.00
18.	Scheme for Development of Tapicca	5.00	1.00
19.	Scheme for Development of Misc. fruits	3.00	1.00
20.	Scheme for Establishment of Nurseries for Mangos, Citrus and other fruits plants, 8 Centres	12.50	2.00
21.	Scheme for progeny orchards	8.00	1.20
22.	Improvement of Betelvine cultivation	6.00	0.90
23.	Development of Banana by introducing Dwarf Cavandism and Multiplication of suckers	25.00	5.00
24.	Establishment of Five New F.T.Cs	26.50	5.00
25.	Scheme for Multiple Cropping in remaining districts	64.00	5.00
<b>Total</b>		<b>650.95</b>	<b>169.67</b>

## II. SOIL CONSERVATION

26.	Soil Conservation scheme in Agriculture lands	628.00	120.00
27.	Soil Conservation works in New areas in A.P. at 10,000 Hects per annum	100.00	25.00
28.	Acceleration of reclamation programme of partly saline wasted areas which could be amendable to plantations	42.50	15.00

1	2	3	4
29. Organisation of large scale demonstration projects in Black and Red Soils		40.00	10.00
		810.50	170.00
		1461.45	339.67

The VIth Plan allocation as stated already is 2737.15 lakhs. The provision indicated is tentative. However, based on the above tentative allocation, the Sub-Plan for Scheduled Castes has been arrived at schemes have been identified which are amenable for flow of benefits to Scheduled Castes. The amount in respect of both the sectors is about 339.67 lakhs in view of the reasons stated already.

...

1	2	3	4
5.	Control of Redhairy Caterpillar and rootgrub on groundnut.	2.50	1.00
6.	Control of Semilooper on Castor in Selected districts	2.50	1.00
7.	Scheme for control of Mango hopper	2.00	0.50
8.	Control of Pests and diseases on Sugarcane	1.00	0.25
9.	Eradication of Redrat on Sugarcane in Visakhapatnam district matching contribution of 55%	4.00	1.00
10.	Control of Red-rot and scale insects on Sugarcane in East and West Godavari Districts	7.00	1.50
11.	Development of Caster cultivation and Seed Production	3.00	1.00
12.	Scheme for Development of Cotton	25.00	2.00
13.	Scheme for Development of Cotton	5.00	2.00
14.	Scheme Opening of 2 New Farmers Training Centres one at Srikakulam, second at Nizamabad	5.00	2.00
15.	Horticulture schemes	21.00	5.00
16.	Soil Conservation Schemes	45.00	6.00
		<b>139.00</b>	<b>31.75</b>

15% of this outlay works out to Rs.33.90 lakhs. In view of the peculiar nature of the schemes in the Department Rs.31.75 lakhs can be earmarked for the Sub-Plan of Scheduled castes which may kindly be accepted.

ANNEXURE III(5)

DIRECTOR OF EMPLOYMENT AND TRAINING

A review regarding the shortage categories as for Scheduled Caste, Scheduled Tribe and Backward Classes was taken up by this Department and after noticing the Employment opportunities for Sch.Caste, Sch.Tribe and Backward Classes in the following categories, additional seats have been introduced under Annual Plan 1978-79 in Industrial Training Institutes and also under Special Employment Programmes.

1. Draughtsmen (Civil)
2. Stenography(English)(Lower)
3. Mechanic(Diesel)
4. Mechanic(Radio & Television)
5. Mechanic(Instrument)
6. Mechanic(Refrigeration & Air-conditioning).

Considering the above shortage categories and keeping in view of the vacancies that may arise in various establishments and Departments necessary provision was made available under Medium Term Plans for Sch.Castes.

In the Medium Term Plan 1978-83 out of total allotment of Rs.150.00 lakhs, a sum of Rs.125.7x 127.50 lakhs has been set apart for the training wing, and the balance amount earmarked to Employment Wing.

Funds to a tune of Rs.57.62 lakhs provided under Plan budget for the year 1978-79 are included in the Medium Term Plan are to cover the schemes already implemented under Fifth Plan from 1974-75 onwards, the rest of amount of Rs. 127.50 lakhs is meant for the remaining four years.

With the sum of Rs.1.25 lakhs made available during 1978-79 the following (4) additional units consisting 16 seats in each unit have been introduced for the trainees admitted already in August, 1978 session for the benefit of Scheduled Caste & Sch.Tribe candidates. These units were introduced after considering the shortage categories for Scheduled Cast and Scheduled Tribes.

1. Industrial Training Institute, Nizamabad, Stenography(English)Lower .. 16 seats.
2. Industrial Training Institute, Chittoor Mechanic(Diesel) .. 16 seats
3. Industrial Training Institute, Visakhapatnam(Draughtsmen)(Civil) .. 16 seats
4. Industrial Training Institute, Ongole Draughtsmen(Civil) .. 16 seats.

Besides this an amount of Rs.20.0, lakhs is earmarked for the remaining four years of Medium Term Plan 1979-80 to 1982-83 in favour of Sch.Castes, Sch.Tribes and Backward classes as indicated below:-

- |                    |                  |
|--------------------|------------------|
| 1.Scheduled Castes | .. Rs.9.78 lakhs |
| 2.Scheduled Tribes | .. Rs.2.80 lakhs |
| 3.Backward Classes | .. Rs.7.42 lakhs |

contd.

The amount is proposed to be spent on introducing new schemes in shortage categories for the benefit of aforesaid categories.

A tentative allotment of Rs.60.35 lakhs was made under Annual Plan 1979-80 for the craftsmen Training Scheme for this Department. Out of this amount a sum of Rs.11.60 lakhs was allotted to be utilised for the introduction of new courses in shortage categories for the benefit of Sch.castes, scheduled Tribes and Backward classes in the usual ratio of 15:4:25 respectively.

The trades and seats proposed to be introduced during the year 1979-80 will be finalised after the receipt of final allotment of plan funds in the month of January. ~~under revitalization~~ Efforts will be made for enhancing the allocation adequately.

ANNEXURE III(6)

DIRECTOR OF FISHERIES

In the Medium Term Plan 1978-83 for Fisheries which is of the order of Rs.1600.00 lakhs an amount of Rs.40.00 lakhs for Scheduled Castes and Rs.10.00 lakhs for Tribals has been earmarked. Earmarking of 15% provision for Sch. castes and 3% for Tribals can be taken up subsequently during the implementation of the Plan schemes depending on how much amount can be absorbed by Scheduled Castes and Tribal schemes.

With regard to the nature of the schemes it is submitted to Government that every year a specific amount will be earmarked continuously for giving subsidy for dredging or conversion of tanks for pisciculture including strengthening of bunds, repairs to sluices, purchase of seed for stocking and share capital to the Cooperative societies besides subsidy ~~will be restricted to 33 1/3%~~ on purchase of craft and tackle. The quantum of subsidy will be restricted to 33 1/3% to individuals and 50% to cooperatives on par with pattern of subsidy likely to be approved under I.R.D. programme.

The Scheduled Castes will get ~~the~~ benefit of subsidy under other schemes included in the Plan such as Assistance to Private Pisciculturists' ' Supply of craft and tackle' and Brackish water fish Farming' under which adequate funds are provided. In the Annual Plan 1979-80 an amount of Rs.10.00 lakhs will be provided for Scheduled Caste Schemes.

ANNEXURE B (1)DIRECTOR OF GROUND WATER DEPARTMENT

REPLY TO THE QUESTIONS SHOWN IN

In separate schemes are taken up by the Ground Water Department for the benefit of SCs, as no such distinction can be made during the surveys but preference is given in excoriation to locate points in the Lands belonging to weaker sections including SCs. However it is proposed that 15 percent of the proposed outlay of Rs.300 lakhs for the Department during Sixth Five Year Plan, 1978-83 i.e., Rs.45.00 lakhs will benefit the SCs. In terms of overall population percentage. With this provision, it is proposed to take up investigations in the Joint Farming Societies and land colonisation schemes identified by the District Collectors and other developmental agencies for selection of sites for construction of community irrigation wells by the concerned agencies to benefit the SCs. apart from the general surveys to identify potential zones for ground water development wherever these sites are feasible for bore wells and tube wells, the Department will take up drilling in these sites under the Exploratory drilling and production well construction programme. In this connection it is deemed necessary that the Department so far investigated 1446 acres referred by the District Collectors and selected 884 sites for construction of community irrigation wells to benefit SCs. In addition, the Department has also drilled at 20 sites belonging to SCs during Fifth Five Year Plan, out of a total of 234 exploratory wells constructed by this department.

An amount of Rs. 60.00 lakhs is proposed for the Department for Annual Plan for 1988-89. Out of this, an amount of Rs. 9.00 lakhs is earmarked for Scheduled Castes.

DIRECTOR OF HANDLOOMS AND TEXTILES

1. ADMISSION OF OUTSIDE WEAVERS INTO THE COOPERATIVE FOLD;

The Government of India have been finding targets for admission of Weavers into the cooperative fold, year after year, to expand the Handloom Weavers Cooperative movement. Out of 5.82 lakhs of registered looms in the State, only, 4.27 lakh weavers/<sup>are</sup> assisted in the mid-term towards share capital loans. A sum of Rs.30.00 lakhs is provided in the mid-term plan. There were Harijan weavers are not covered by cooperatives. Inspite of departmental efforts, their coverage is not satisfactory. Therefore, by sanctioning loans to Harijan weavers at the rate of Rs.90.00 per head towards share capital to be invested by them in the shares of either existing societies or new societies to be organised during the mid-term plan, it is proposed to admit 5000 Harijan Weavers into cooperatives. The total assistance required for this purpose is Rs.4.50,000.00.

2. INVESTMENT IN THE SHARES OF HARIJAN WEAVERS COOPERATIVE SOCIETIES.

At present, there are Harijan weavers Cooperative Societies (47) functioning in the State, barring exceptional cases, their working is not satisfactory. The reason is that they mostly produce coarse varieties of which the demand is limited and that they are unable to secure adequate working capital from financial agencies. A programme of investing in the shares of the Harijan Weavers Cooperative Societies and participating in their working is taken up. As in the case of Migrant societies it is proposed to directly invest in the shares of Harijan Weavers Cooperative Societies to a substantial extent to enable them to become eligible to borrow from cooperative Central Banks. By doing so, the scheme laid down by the Reserve Bank of India, such an arrangement would also help Harijan Weavers Cooperative Societies to carry on production and provide continuous employment to members even if working capital is not forthcoming from institutional financing agencies. A provision of Rs.300.00 lakhs is made in the mid-term plan for the scheme. Rs.30.00 lakhs would be set apart exclusively to Harijan Weavers Cooperative Societies under this head.

3. MARKETING SCHEME

Assistance under marketing schemes is being provided to Handloom Weavers Cooperative Societies towards opening of sales deposit and by way of Rebate on sales of Handloom cloth. So far, assistance for opening of sales depots to Harijan Weavers Cooperative Societies has been insignificant. This is for the reason that the production by individual societies has not been considerable. With the organisation of new Harijan Weavers Cooperative Societies and investment in their shares proposed, besides arrangements for securing working capital, the production by Harijan Weavers Cooperative Societies is expected to improve. Therefore, depending upon the quantum of production by these societies, it is proposed to help in the opening of as many sales depots as they need, so that, their marketing problem gets mitigated.

Similarly, with the increase in production by Harijan Weavers Cooperative Societies, it is expected that their share under Rebate Scheme would work out of 5% of the total production by handlooms. Therefore, out of Rs.1,200 lakhs provided in the mid-term plan for the marketing and Rebate scheme, a sum of Rs.75.00 lakhs is being set apart

## 4.

WORKING CAPITAL:

Though, working capital is not expected to be provided under Plan schemes, keeping in view the difficulties being faced either at the level of cooperative central banks or the societies themselves, a provision of Rs.50.00 lakhs has been made in the mid-term plan. It is intended to help ineligible and weak societies which are not able to secure credit from financing agencies. Since most of the Harijan Weavers Cooperative Societies come under this category 50% of the provision i.e. Rs.25.00 lakhs would be made available to them under this head during the mid-term plan period.

## 5.

TECHNICAL SCHEMES:

In Andhra Pradesh State, a programme replacing the pitlooms by improved type of under implementation since inception of plan schemes. But the progress has not been satisfactory. It is found that wherever Harijan Weavers are members of weavers cooperative societies, they have taken up operating improved type looms and such societies have been making satisfactory progress in the adoption of new designs and producting of furnishing fabrics which is in demand. In order to supply improved type of looms, to enable Harijan weavers cooperative societies to set up Dye houses, construction of sheds to carry on production under the guidance of Technical Assistants, a sum of Rs.300.00 lakhs is earmarked under this scheme for Harijan Weavers cooperative societies out of Rs.921.00 lakhs set apart for the scheme.

## 6.

RESIDENTIAL ACCOMMODATION:

The department is taking up a scheme of providing residential quarters to Handloom weavers by availing assistance from HEDCO which has revised its norms recently. The programme is to construct 3300 residential quarters. The outlay provided under Mid-term plan is Rs.90.00 lakhs. Since improved type of looms are proposed to be given to Harijan weavers, there is need to construct quarters to them to accommodate the improved type of looms also. Therefore, Rs.60.00 lakhs is proposed under this head in the context of thatched huts in which they are now living.

Out of total provision of Rs.4403 lakhs proposed for the mid-term plan for Handloom Industry, 15% actually works out to Rs.660.45 lakhs. The amount set apart under the schemes referred to is Rs.494.50 lakhs. Shortfall is Rs.165.50 lakhs. In respect of other schemes, where amounts have not been exclusively set apart to Harijan weavers cooperative Societies, there is benefit accruing to Harijan Weavers Cooperative Societies also. In schemes like interest subsidy on loans borrowed, the benefit accruing would depend on the quantum of working capital the Harijan Weavers Cooperative Societies would be availing. Similarly, out of investment in the share capital of Apex Weavers Cooperative Society or assistance intended to Spinning mills or Textile Development Corporation, there would be corresponding expenditure relating to Harijan Weavers Cooperative Societies. This would make good the short fall in 15% of the amount to be set apart out of the total outlay proposed. Since it is not possible to indicate the amount that would be spent exclusively for Harijan Weavers, Scheme-wise break up is not furnished. It will, however, be ensured that 15% of the outlay is utilised exclusively for Harijan Weavers.

A N N E X U R E - III (S) (b)

DIRECTOR OF HANDLOOMS & TEXTILES

Out of the Budget provision of Rs.179.00 lakhs allocated to the Directorate, 15% of the provision to be earmarked to assist the Scheduled Castes works out to Rs.26.85 lakhs. The amount of Rs.26.85 lakhs would be set apart under the following schemes:

1979-80

1. Admission of outside weavers into cooperative fold.	Rs. 4.00 lakhs
2. Investment in the shares of primary weavers coop. societies.	Rs. 4.00 lakhs
3. Marketing schemes.	Rs. 2.00 lakhs
4. Rebate Scheme	Rs. 5.85 lakhs
5. Technical schemes.	Rs. 2.00 lakhs
6. Residential accommodation to weavers.	Rs. 6.00 lakhs
7. Development of Sericulture	Rs. 3.00 lakhs
Total:	Rs. 26.85 lakhs

ANNEXURE LIII (9)

DIRECTOR OF HIGHER EDUCATION

The total outlay for Higher Education for the VI Draft Five Year Plan (1978-83) is Rs.2,559.60 lakhs. The outlay of Rs.2,559.60 lakhs is a tentative one. It could be reduced considerably. When the final figures are given the draft will be modified and additional allocations for Scheduled Castes will be made. During 1978-79 a sum of Rs.5.05 has been allocated for Welfare of Scheduled Castes students. During 1979-80 it is proposed to allocate Rs.15.00 lakhs for this purpose and this amount will be increased in the succeeding years.

The following two schemes have been sanctioned and are in existence since 1977-78 for the benefit of SC. Students.

1. Coaching Scheme for Degree Class students in B.Sc., and B.Com.,
2. Book Banks for Degree Classes and Intermediate students.

It is tentatively proposed to allocate Rs.20 lakhs to each of the succeeding years from 1980-81, 1981-82, and 1982-83, towards the implementation of Sub-Plan for Scheduled Castes students during the Mid-term Plan.

Efforts are being made to secure due enhancement of the allocation by tracking of certain special schemes.

ANNEXURE III (11)Director of Medl. Education & Administration

During the discussions in '77-78 while formulating the Schemes, it was discussed at length and was agreed that the out-flow of funds towards the benefit of Scheduled Castes will not be possible to be earmarked to the extent of 15 per cent, since they are all in the nature of services in the case of Modern Medicine and in the case of Public Health it is package of disease oriented services, and in the case/Revised Minimum Needs /of Programme, they are largely target oriented programmes of building construction and drugs provision etc., in the Primary Health Centres. In view of the position explained it was agreed that as far as the establishment of sub-centres, establishment of new Primary Health Centres and hospitals will be taken up for consideration in Schedule Castes localities. As such this principle will continue to be followed during the Medium Term Plan. In respect of Mobile Medical Units, it was first envisaged to provide at the rate of 2 for each district largely to cover certain vulnerable areas as the Fisherman colonies and such other backward areas to cover this aspect. In the case of Mobile Medical units 8 to be sanctioned in the year 1978-79, this issue was kept in mind. Coaching/final year scheduled Caste students in degree and post-graduate course in medicine was not found feasible as the students themselves have represented that they should not be identified in this regard. Earmarking of seats for schedule caste students is done on the population basis in the Medical Colleges both for medical students and post-graduates. The equipment allowance and ~~degree~~ allowance is provided to medical students as discussed during 1977-78 besides a few dispensaries are being opened in Schedule Caste constituencies.

Accordingly the following schemes could be reasonably identified under the various schemes provisionally.

MODERN MEDICINE

<u>Scheme,</u>	<u>83</u>	<u>1978-79</u>	<u>1978-79</u>	<u>1979-80</u>
Books and equipment and Dress allowance to SC students	20.00	6.00	7.00

**NOTE:** Further schemes for taking care of in medical and nutrition needs of the Social Welfare Hostels and coaching Classes for the SC Candidates are being considered.

The Secretary to Government in Social Welfare Department has while indicating that Plan provisions were made in 1977-78 and 1978-79 for the benefit of Schedule Castes, he requested for provision of 15 per cent of the plan allocations may be made for the medium term plan for 1978-83.

CHIEF ENGINEER, PANCHAYAT RAJ MID TERM FIVE YEAR PLAN  
1978-'83.

1. MINOR IRRIGATION: The total outlay recommended for the Mid term five year Plan period for Minor Irrigation programme of this Department is Rs.17.00 Crores. Out of this provision a sum of Rs.255.00 lakhs (15% of the total provision) is proposed to be utilised for the benefits of SCs. New Community Irrigation wells or ~~new~~ Minor Irrigation sources for Assigned Lands for the benefit of SCs, are the items proposed to be taken up. The cost of each C.I. well including cost of pumpset etc., works out to Rs.30,000. It can irrigate nearly 5 acres of land. We may take up 800 C.I. wells under this programme on full grant basis at a total cost of nearly Rs.240.00 lakhs. In addition to this it is proposed to restore Minor Irrigation tanks on assigned land wherever possible to a tune of 210 covering an area of 320 hectares.

RURAL ROADS:

MINIMUM NEEDS PROGRAMME: According to the guidelines issued for Minimum Needs Programme for the Mid term Five Year Plan period all the villages having population of 1500 and above should be connected with all weather roads. In addition to this, 50% of the villages having population between 1000 and 1500 are also to be connected with all weather roads during Mid term Five Year Plan period.

The outlay recommended for rural roads under MNP for the Mid term Five Year Plan period is Rs.80.00 crores. (15% of the amount works out to Rs.12.00 crores). As forming roads exclusively to Harijanwadas does not fall in the prescribed guidelines it is difficult to set apart 15% exclusively. However, it is suggested that wherever roads are laid to village, they may be extended to Harijanwadas. A sum of Rs.12.00 crores is proposed to be utilised for extending the road works taken up under Minimum Needs Programme to Harijanwadas, Harijan Colonies etc., With this amount extensions in 300 villages will be provided (285 villages with population of 1500 and above 15 villages having population between 1000 and 1500) by taking up all weather roads to a length of 1770 Km.

RURAL WATER SUPPLY AND SANITATION PROGRAMME:

The total outlay recommended for R.W.S. programme for the VI Five Year Plan period is Rs.143.00 crores. Out of this amount a sum of Rs.21.45 crores (15% of outlay) is proposed to be utilised for providing drinking water facilities in Harijanwadas, Harijan colonies etc., With this amount, the following schemes will be taken up.

Name of the Scheme (1)	No. of Villages (2)	App. cost Rs. in crores. (3)
1. a) Provision of bore wells or open wells where there are no drinking water facilities.	1790 (3580 bore wells)	2.40
b) Provision of bore wells towards failure bores in Harijanwadas annually at 15%	190 (375 bore wells)	1.35

(1)

- - - - - :46:-

(2)

(3)

**2. P.W.S. SCHEMES:**

It is proposed to invariably provide extensions to Harijanawadas wherever PWS Schemes are taken up. During VI Plan period the coverage for extension of PWS schemes to Harijanawadas or Colonies, etc. will be as follows:

I.	a) To be fed by canals	537 villages with PWS Schemes:	537	3.00
	b) Provision of extension to Harijanawadas in balance problem villages-			
		5464-537 = 4937		
	i) For 1500 villages with full-fledged PWS Schemes	1500	5.40	
	ii) Out of 100 villages proposed to be provided with single point system schemes at Rs.1.00 lakh each, 150 Harijanawadas will be taken up.	150	1.50	
	iii) Out of 2527 villages proposed to be covered with single point distribution at Rs.0.60 lakh each, 364 Harijanawadas will be taken up.	364	2.10	
	IV. Villages not included in Govt. of India list as problem villages and existing in Coastal belt and require canal water to PWS schemes due to salinity, tidal waves and floods:	736	2.25	
	V. PWS Schemes to major villages coming forward to pay the required contribution: 500 Nos. (These Schemes will be extended to Harijanawadas)	500	2.25	
	VI. Fluctuation of rates:		1.20	
	Total: Rs. (in crores)			21.25

~~-10-~~ -:47:-

ANNUAL PLAN 1979-80.

SUB PLAN FOR SCHEDULED CASTES,

MINOR IRRIGATION:

Out of the total outlay of Rs. 15.00 lakhs a sum of Rs. 2.25 lakhs will be set apart for restoration of Minor Irrigation sources having a total ayaat of 128 Hec. (320 Acres) which will mostly benefit scheduled Caste people.

RURAL ROADS:

MINIMUM NEEDS PROGRAMME: The outlay for rural roads under Minimum Needs programme for the Annual Plan 1979-80 is Rs.100.00 lakhs. Out of this provision, a sum of Rs. 15.00 lakhs is proposed to be utilised on road works leading to Harijanwadas. With this amount, roads to a length of 22 Kms will be made road worthy there by providing extensions to 8 Harijanwadas.

R. W. S. & S :- Out of the total provision of Rs.1070.00 lakhs for R.W.S & S. programme for the annual Plan 1979-80, a sum of Rs. 150.00 lakhs is set apart for providing drinking water facilities in Harijanwadas, Harijan colonies etc., This amount of Rs. 150.00 lakhs is proposed to be utilised as given below:-

- a). Extension of 150 P.W.S. schemes to Harijanwadas. .. .. Rs. 84.00 lakhs
- b). Bore wells 960 bore wells, in 480 Harijanwadas. .. .. 60.00 lakhs.
- c). Open Wells. 60 open wells to cover 30 Harijanwadas. 6.00 lakhs.

Total. Rs. 150.00 lakhs.

DIRECTOR OF WOMAN AND CHILD.WELFARE

MEDIUM TERM PLAN 1978-'83.

WORKING PAPER ON EARMARKING OF 15% FOR THE BENEFIT OF THE  
SCHEDULED CASTES.

\*\*\*

The total outlay for the Medium Term Plan 1978-'83 in respect of the schemes relating to this Department has been fixed at Rs.1035.15 lakhs. The Schemes include staff schemes, building programmes, numbered schemes (institutions) and the Finance Corporation. After excluding the outlay on capital works (Rs.535.10) the other developmental activities get Rs.500.05 lakhs. The Schemes to be earmarked for the benefit of Scheduled Castes will have to be of the order of Rs.75.00 lakhs. The following schemes have therefore been earmarked for the benefit of Scheduled castes.

<u>Name of the Scheme</u>	<u>Number</u>	<u>Outlay in lakhs</u>
Creches	8	9.00
Belwadis	8	6.96
Craft Training Centres	10	7.85
Children Homes	13	51.24
<b>TOTAL:</b>		<b>75.05</b>

The Department is taking adequate preliminary steps to see that the earmarking of the allocations is effectively utilised.

ANNEXURE - III (16) (a)

DIRECTOR OF WOMAN & CHILD WELFARE

The total outlay (State Plan) is Rs. 133.75 lakhs. Deducting the amount provided for construction programme viz., Rs. 9.01% lakhs the net outlay works out to Rs. 124.740 lakhs. 15% of the net outlay of Rs. 124.740 lakhs works out to Rs. 18.70 lakhs. Against this,

the following schemes will be earmarked for Scheduled Castes.

S.C.	C.	Rs. in lakhs.
28.2	01	2.70
