## FOREWORD

No workable development plan of any area can be prepared without reliable and exhaustive data on its natural and human resources. It is gratifying to note that the "District Statistical Hand Book", Koraput, 1980 and 1981 combined issue provides Socio-Economic Data and indicates the level of achievement of the district in the field of Agriculture, Industry, Education, etc.

I believe this HAND BOOK will serve as an essential ready reckoner for the Administrators, Planners as well as the members of public.

R. N. SENAPATI

*Collector and District Magistrate  
Koraput*

## **PREFACE**

The present volume of the District Statistical Hand Book 1980-81 is a combined issue which reflects the information for the last five years from 1976-77 to 1980-81. It depicts the data on socio-economic condition of the people and development of Koraput in various sectors of economy.

I thank to the District Level Officers and various State Government agencies for their help and co operation to bring out this issue.

Constructive suggestions for qualitative improvement of this publication are always welcome.

I express my deep sense of gratitude to the Collector and District Magistrate, Koraput for sparing his valuable time to go through the Manuscript and giving foreword to this issue.

**Sd.**

*District Statistical Officer  
Koraput*

## CONTENTS

<b>TABIE No</b>	<b>SUBJECT</b>	<b>PAGE</b>
<b>I. GENERAL</b>		
1-1	Geographical, Historical, Religious and other special features of the district.	1
<b>II. SOCIO-ECONOMIC FEATURES</b>		
2-1	District Economy in figures ..	3
2-2	Selected Socio-Economic Indicators of the district.	16
<b>III. CLIMATE</b>		
3-1	Temperature, Humidity, Rainfall and rainy days for meteorological centre in the district.	23
3-2	Normal and Actual Rainfall of the district ..	26
<b>IV. AREA AND POPULATION</b>		
4-1	Decadal variation of Sex Ratio, and Urban Ration in population since 1901 to 1981 in the district.	28
4-2	Population of towns from 1901 to 1981 in the district.	38
4-3	Area, Rural, Urban population in different tahsils according to 1971 and 1981 (Provisional) Census in the district.	46
4-4	Area, Population and Growth rate of cities and towns according to 1971 to 1981 (Provisional) Census in the district.	52
4-5	Area, and number of villages and house holds in different sub-divisions according to 1971 Census.	58
4-6	Total Scheduled Caste and Scheduled Tribe population in different tahsils according to 1981 Census.	62

TABLE No.	SUBJECT	PAGE
4.7	Total Scheduled Caste and Scheduled Tribe population in different Blocks according to 1971 Census.	64
4.8	Distribution of main workers by sex and category according to 1971 and 1981 (Provisional) census in different tahasils of the district.	72
4.9	Distribution of main workers by sex in cities and towns of the district.	80
4.10	Scheduled Caste and Scheduled Tribe population in different towns of the district.	96

#### V. VITAL STATISTICS

5.1	Occurrence of death due to various diseases in the district.	97
5.2	Number of birth registered in the district ..	100
5.3	Number of deaths registered in the district ..	102
5.4	Number of infant deaths registered in the district	104
5.5	Deaths occurred due to snake bites and attack of wild animals.	105

#### VI. MEDICAL AND FAMILY WELFARE

6.1	Number of Allopathic hospitals and dispensaries in the district.	106
6.2	Number of Homoeopathic dispensaries, doctors and patients treated in the district.	108
6.3	Number of Allopathic doctors registered in the district.	108
6.4	Number of Ayurvedic dispensaries and patients treated.	109

TABLE No	SUBJECT	PAGE
6.5	Number of indoor patients treated in different hospitals, dispensaries and P. H. Cs. in the district.	110
6.6	Number of outdoor patients treated in different hospitals, dispensaries and P. H. Cs. in the district.	111
6.7	Achievement under Family Welfare Programmes in the district.	112
6.8	Sickness and death of prisoners in the jails and sub-jails in the district.	113
<b>VII. AGRICULTURE AND IRRIGATION</b>		
7.1	Classification of area in the district	116
7.2	Area Irrigated by different irrigation Projects in the district.	119
7.3 (a)	Cropped area irrigated from all sources during Kharif season in the district.	121
7.3 (b)	Cropped area irrigated from all sources during Rabi season in the district.	122
7.4	Estimate of area of different crops in the district	123
7.5	Estimate of production of different crops in the district.	130
7.6	Estimate of yield rate of principal crops in the district.	137
7.7	Progress of land distribution to Harijans and landless poor in the district	143
7.8	Area operation by size class of operational holdings in the district.	145
<b>VIII. LIVE STOCK AND ANIMAL HUSBANDRY</b>		
8.1	Number of live stock and poultry in the district	147
8.2	Number of animals treated in the veterinary institutions in the district.	149

TABLE No.	SUBJECT	PAGE
8·3	Seizures and deaths of cattle from various contagious diseases in the district.	150
8·4	Milk production and disposal in the Government dairy farms in the district.	152
<b>IX. FOREST</b>		
9·1	Area under forest ..	153
9·2	Out turn of forest products ..	155
9·3	Sale proceeds of forest products ..	157
<b>X. FISHERIES</b>		
10·1	Number of fishing crafts and gears used within the district.	158
10·2	Production and sales of fry. and inland fish in the district.	160
<b>XI. REVENUE</b>		
11·1	Land revenue collected ..	161
11·2	Amount of general cess collected ..	163
11·3	Sales tax and Agricultural income-tax collected	164
11·4	Sales of opium, Ganja and Bhanga and revenue collected.	165
11·5	Consumption of out still liquor and foreign liquors and revenue derived therefrom.	166.
11·6	Entertainment tax collected from cinema houses and other sources.	167
11·7	Sitting capacity in cinema houses with value of tickets.	168
11·8	Number of tickets sold and sale proceeds derived therefrom.	169
11·9	Collection of small savings (in Rs.) in the district	170 <sub>f</sub>

TABLE No	SUBJECT	PAGE
<b>XII BANKING</b>		
12.1	No. of scheduled, commercial banks operating in the district	172
12.2	Deposits and Advances of the Scheduled commercial Banks	176
<b>XIII. EDUCATION</b>		
13.1	Number of Primary Schools including sevashram and junior basic schools with teachers and students	177
13.2	Number of recognised M. F. Schools including Ashram, Kanyashram and Senior basic schools with teachers	179
13.3	Number of Recognised H. F. Schools including Higher Secondary and Post-Basic Schools with teachers and students.	180
13.4	Number of colleges with teachers and students	181
13.5	Results of different examinations in the district	182
13.6	Number of Technical Institutions with teachers and students.	184
13.7	Percentage of literacy in rural and urban areas by sex in different Tahsils of the district	185
13.8	Percentage of literacy by sex in cities, towns of the district.	188
<b>XIV. LABOUR AND EMPLOYMENT</b>		
14.1	Number of employment seekers and vacancies filled up through Employment Exchanges.	189
14.2	Number of employment seekers according to zodiacal qualification.	191

TABLE No.	SUBJECTS	PAGE
<b>XV. TRANSPORT AND COMMUNICATION</b>		
15.1	Length of Bus routes with number of buses plying	192
15.2	Number of passengers travelled and luggage transported with distance covered by bus services under Orissa State Road Transport corporation.	198
15.3	Number of Motor vehicles registered in the district.	199
15.4	Number of Motor vehicles registered and plying on the roads in the district.	201
15.5	Length of roads by types maintained by different authorities.	202
15.6	Number of different types of posts offices with area and population served in the district.	204
15.7	Number of telegraph Offices and telephone connections in the district.	205
15.8	Number of broad casting receivers licence in force in the district	206
15.9	Distances of Block Headquarters from district and sub-divisional headquarters.	208
<b>XVI. POWER</b>		
16.1	Pattern of consumption of electricity ..	212
16.2	Number of villages electrified ..	216
16.3	Number of lift irrigation points energised ..	217
<b>XVII. INDUSTRY AND MINING</b>		
17.1	Number of factories covered, capital investment, total salaries and wages paid, in put. out put and value added by manufactures. .	218
17.2	Number of working mines and mineral production in the district.	221

<b>TABLE No</b>	<b>SUBJECTS</b>	<b>PAGE</b>
17	Collection of mining revenue in the district ..	225
<b>XVIII. TRADE AND COMMERCE</b>		
18	Markets and Market days in different Blocks in the district	226
18 1	Receipt and disposal of essential commodities ..	234
<b>XIX. WAGES AND PRICES</b>		
19	Retail prices of some essential commodities in the district.	235
19 2	Wholesale prices of some important commodities in the district	237
19 3	Cost of selected items of 'Farm cultivation' in the district.	239
19 4	Rural daily wages of different classes of labourers in the district.	241
<b>XX. CO-OPERATION</b>		
20 1	Activities and Financial position of all type of co-operative societies in the district.	242
20 2	Working of different types of agricultural co-operative societies in the district.	248
20 3	Working of different types of non-agricultural co-operative societies in the district	256
<b>XXI. JUDICIARY</b>		
21 1 (A)	Number of civil cases pending, filed and disposed off in the district.	264
21 1 (B)	Number of Criminal cases pending file, and disposed off in the district.	266
21 2	Registered legal practitioners in the district ..	267
21 3	Number and description of registered documents and value of properties transferred in the district.	268

TABLE No.	SUBJECTS	PAGE
<b>XXII. POLICE AND CRIME</b>		
22-1	Number of police stations, out posts and beat houses in the district.	269
22-2	Strength of police force in the district ..	271
22-3	Number of Crimes detected in the district ..	272
22-4	Number of Accident due to conveyance in the district.	273
<b>XXIII. NATURAL CALAMITIES</b>		
23-1	Incidence of fire attended by fire brigades in the district.	276
23-2	Occurence of Flood, Cyclone and draught in the district.	278
<b>XXIV. LOCAL BODIES</b>		
24-1	Income of Municipalities and N. A. Cs. in the district.	279
24-2	Expenditure of Municipalities and N. A. Cs in the district.	287
24-3	Area and population of the Municipalities and N. A. Cs. in the district.	294
<b>XXV. ELECTION</b>		
25-1	Constituency-wise general information for Assembly Election	296
25-2	Constituency-wise General information for Parliament Elections.	299
25-3	Party-wise detailed information for Assembly Elections.	300
25-4	Party-wise detailed information for Parliament Elections.	304

TABLE No.	SUBJECTS	PAGE
<b>XXVI. ALL ORISSA STATISTICS</b>		
26.1	Area under autumn, winter and summer paddy in different districts of Orissa.	305
26.2	Production of autumn, winter and summer rice in different districts of Orissa.	313
26.3	Yield rate of autumn, winter and summer rice in different districts of Orissa.	320
26.4	Area and rural urban population composition of State and district.	334
26.5	Scheduled Caste and Scheduled Tribe population in different districts of Orissa.	336
26.6	Comparative picture of population and literacy according to 1981 census.	337
26.7	Number of villages, towns and households in different districts of Orissa.	339
26.8	Number of live-stock and poultry in different districts of Orissa.	340
26.9	Number of reporting factories, capital investment and persons employed in different districts.	341
26.10	Number of employment seekers on live registers of the Employment Exchanges.	343

CHARTS

- 1 Area and population by sex in the district ..
- 2 Birth rates, Death rates, Infant mortality rates in the district.
- 3 Area and production of foodgrains and paddy in the district.
- 4 Collection of Land Revenue, general cess and Sales taxes in the district.
- 5 Number of students in Primary, M. E. and H.B. Schools.
- 6 Number of employment seekers registered and number of persons in live registers in the district.
- 7 Number of Registered Factories, number of workers employed and value added by manufactures in the district.
- 8 Number of co-operative societies, members and advances given in the district.
- 9 Scheduled Caste and Scheduled Tribe population in different districts.
- 10 District Map

## I. GENERAL

### GEOGRAPHICAL, HISTORICAL, RELIGIOUS AND OTHER SPECIAL FEATURES OF THE DISTRICT

The district "Koraput" is the southern most district and largest in area of Orissa. It lies between 17°50 and 20°30 North latitudes and 84°27 and 84°10 East longitudes

#### Boundary

The district is bounded in the north by Kalahandi district of Orissa and Raipur district of Madhya Pradesh, in south-east by Godabar and Vizayanagaram district of Andhra Pradesh, in east by Srikakulam district of Andhra Pradesh and Ganjam district of Orissa and in the West by Baster district of Madhya Pradesh. Being irregular in shape the district resembles in form the letter "Y".

#### Administrative set-up

The district is divided into 6 subdivisions with headquarters at Koraput, Jeypore, Malkangiri, Nowarangpur, Rayagada and Gunpur. Besides, there are 15 Tahasils, 42 C. D. Blocks, 43 police-stations, 480 Grama Panchayats and 5,683 inhabited villages. There are 10 towns in the district forming 3 Municipalities and 7 Notified Area Councils.

#### Area and population

The geographical area of the district is 26,961 Sq. Kms. (81 Census Provisional). According to 1981 Census the district has a population of 2,484,005 out of which 1,371,550 belong to Scheduled Tribes and 349,307 to Scheduled Castes. The Scheduled Tribe population covers 55.22 per cent of the total population of the district. It is a Tribe populated district having density of population is 92 per Sq. Km. as per 1981 Census. The district is considered backward in respect of education with the percentage of literacy 48.3 only.

#### Agriculture

Cultivation is the principal occupation of the inhabitants of the district but in general the practice of cultivation is primitive and more backward than in plains. The principal crops cultivated in the district are Paddy, Maize, Ragi, Alasi and Mustard, etc. Now a days the cultivators are trying to adopt modern practice of cultivation and efforts are being made by the Government for development of agriculture as well as the socio-economic condition of the people.

### **Irrigation**

Irrigation facilities available to the people of the district are not much, to feed to their requirements but on the other hand rainfall is plenty which is not uniformly distributed all parts of the district. To provide more irrigation facilities, construction of two major irrigation projects are in progress on the river Kolab and Indravati which will provide irrigation facilities to the areas of Jeypore and Nowarangpur subdivisions.

### **Industry and Mining**

The district is rich in mineral deposits of Clays, Manganese, Limestone, Iron and Buxite. Large quantity of buxite deposit are found in Damanjodi area where the construction of biggest Alumina Project is in progress.

Of the large scale industries the Sugar Factory and Ferro-Manganese Plant at Rayagada, Ferro-Alloys Plant at Theruvally, Paper Mill at J. K. Pur and the Aero-engine Factory at Sunabeda and above all a number of Rice Mills, Saw Mills and Oil Mills, etc. are located at different areas of the district.

Although the district is rich in mineral deposits and power resources, it continues to be a backward one. The Government is making special efforts, for developments in the life-style of the tribal population and it can be hoped that the district will be one of the most developed district in future.

## II. SOCIO-ECONOMIC FEATURES

This chapter presents data on economy and a few socio-economic indicators of the district. The important features of the district, i. e. i., administrative set-up; area and population, climatic condition, agriculture, co-operation, education, health and family welfare, live-stock, post and telegraph, transport and communication, revenue, industry, power, forest etc. have been recorded in this chapter. Attempts have been made to compare these data of the district with that of State data in Table No. 2.

In the district, the percentage of Scheduled Caste and Scheduled tribe population to total population according to 1981 census was 14.07 and 55.22 respectively, annual rainfall during the year 1981 was 152.54 Cms., percentage of net area irrigated to net area sown during the year 1980-81 was 3.8, percentage of literacy according to 1981 census (provisional) was 15.83, number of co-operative societies per lakh of population was 7.32 during the year 1979-80, number of Primary Schools per lakh of population was 164 in the year 1979-80, length of railways during the year 1981 was 246 Kms. and the percentage of villages electrified during the year 1981 was 20.9.

### III CLIMATE

This chapter presents the information on temperature, humidity and rainfall of Koraput district for the year 1981 with monthly break-up. The temperature and humidity are recorded in the Meteorological center, Bhubaneswar. Temperature readings are necessary only twice a day that is at 08:30 hrs. and 17:30 hrs. The maximum and minimum temperature of the district was recorded as 33.0 and 17.0 degrees centigrades respectively during the year 1981.

Summer is felt from March to June and May is the hottest month of the year while the cold is felt from the middle of the November to the end of February presenting January as the coldest month of the district.

The relative humidity remains high during rainy season. It was the highest as 88 at 08:30 hrs and 86 at 17:30 hrs. during August . . . .

The normal rainfall is the average of the actual rainfall for a period of five years. The actual rainfall of the district in the year 1981 was 25.6 Cms.

#### IV. AREA AND POPULATION

The data on decennial variation of population by sex as well as for urban and rural area from 1901 to 1981, number of villages and number of households, scheduled caste and schedule tribe population, geographical area and density of population of different blocks of the district, distribution of main workers by sex and category according to 1971 and 1981 (Provisional) Census are presented in this chapter.

##### Area --

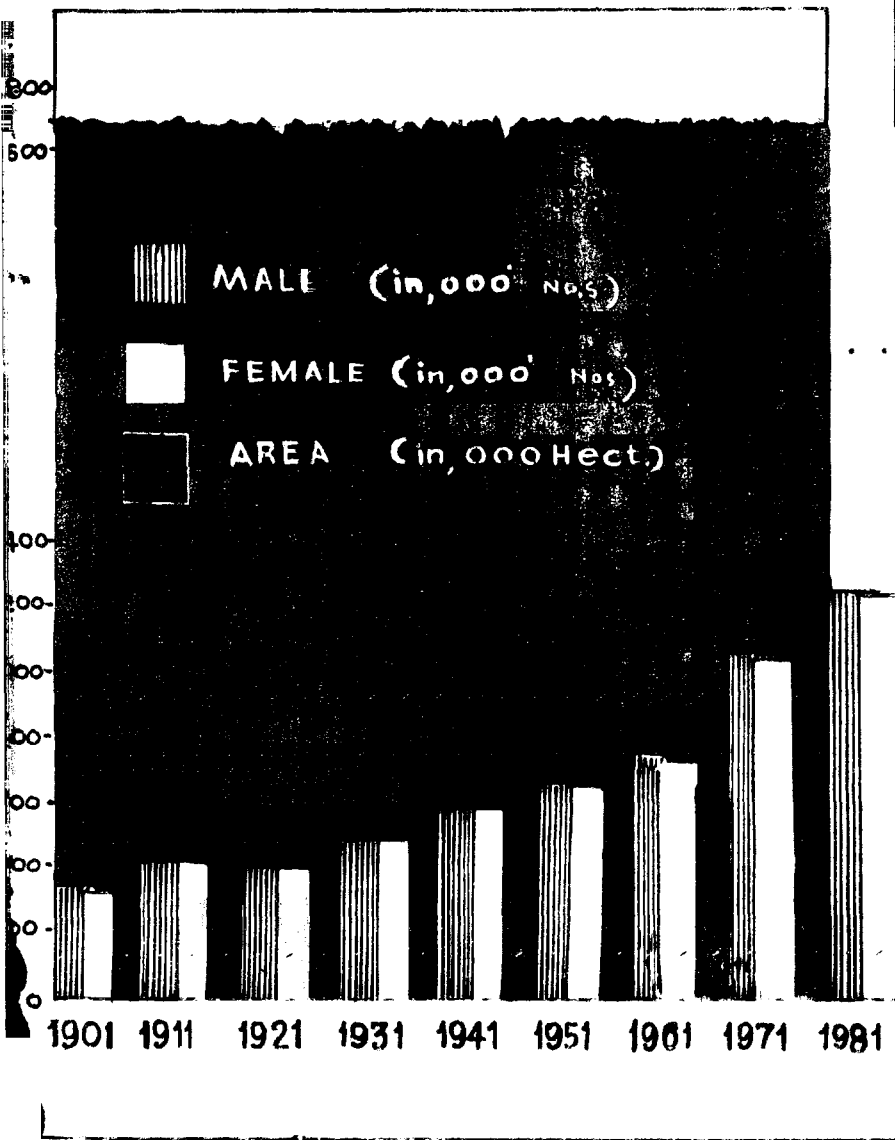

The geographical area of the district is 27,020 sq. Kms. which constitute 17.32 per cent of the total geographical area of the State and its rank is the 1st as regards areas is concerned. Among the 6 subdivisions Malkangiri covers the largest area of 5,926 sq. Kms. and Jeypore is the smallest one covering 3,202 sq. Kms. according to 1971 Census.

##### Population --

According to 1981 Census (Provisional) the total population of the district is 24,67,329 constituting 9.42 per cent of the total population of the State and its rank is the 4th in the state as regards population is concerned. The district occupies 12th position as regards density of population with 92 population per Sq. Kms. While the State figure is 169 per Sq. Km. The rate of growth of population during 1981 census (provisional) over 1971 Census was 20.75 per per cent as against 19.72 per cent of the State. When the rural population increased by 16.54 per cent during 1981 census (Provisional) over 1971 census the increase of urban population was 76.47 per cent. Above 88 per cent of the total population of the district live in rural areas which shows the rural characteristics of the district.

The study of decennial growth of population the district reveals that though the population increased during the year 1911, 1931, 1941, 1951, 1961, 1971, 1981, it decreased during the year 1921. The study of 1971 census population reveals that the average population per village and average member per household are 360 and respectively.

# AREA AND DECENNIAL SEXWISE POPULATION OF KORAPUT DISTRICT

According to 1971 census the scheduled caste and scheduled tribes, population constitute 13.49 and 59.87 per cent respectively to total population of the district. Which shows the district is tribal populated one.

#### **Workers—**

The workers according to 1981 census (provisional) are 9.63 lakhs in the district which constitute 39.03 per cent of the total population of the district. Among the workers and Cultivators Agricultural Labourers constitute 32.11 per cent and the male workers are 77.29 per cent of the total workers.

## V. VITAL STATISTICS

This chapter presents data on occurrence of death due to various diseases, number of births, registered for the years 1976 to 1981.

### DEATHS BY CAUSES

Fever, dysentery and diarrhoea and respiratory disease are the major diseases causing highest toll of deaths in the district. During the year 1980 death due to fever was 5,981 against the total death of 9,369 constituting 63.83 per cent.

### NUMBER OF BIRTHS REGISTERED

The total number of births registered in the district was 13,736 in the year 1980 as against 15,768 in the previous year thereby recording about 12.88 per cent decrease. Number of births in rural area was 78.29 per cent and the number of male births was 51.84 per cent of the total births during the year 1980. The number of male born to every 1,000 females born was 1,076 during the year 1980 as against 1,041 in the previous year.

### NUMBER OF DEATHS REGISTERED

The total number of deaths registered in the district during the year 1980 was 9,369 as against 10,957 in the previous year recording a decrease of 14.49 per cent, number of deaths in the rural area was 8,297 constituting 88.55 per cent of the total deaths for the year 1980. The number of males died to every 1,000 females died was 1,489 as against 1,386 in the previous year.

### DEATHS DUE TO SNAKE BITE AND ATTACK OF WILD ANIMALS.

The total number of deaths due to snake bite and attack of wild animals during the year 1981 was 173 as against 92 in the previous year. Death due to snake bite was 149 during the year 1981 constituting 86.12 per cent out of 173 total deaths.

## VI. MEDICAL AND FAMILY WELFARE

This chapter presents data on number of hospitals, dispensaries, primary health centre, in door and out-door patients treated therein, Sickness of prisoners and achievements under family Welfare programmes from 1976 to 1981.

*Number of Hospitals and Dispensaries*--In the year 1981 there were 72 hospitals, dispensaries, primary health centre and medical aid centre as against 71 in previous year in the district. Besides there were 9 Homeopathic hospitals and dispensaries at the end of 1981.

*Treatment of patients*--The total number of in door and out-door patients treated in allopathic hospitals and dispensaries during the year 1981 were 13 lakhs as against 12 lakhs in the previous year, constituting 8.33 per cent increase. The percentage of in door patients died to total in door patients treated was 3.43 in the year 1981.

The number of patients treated in homeopathic hospitals and dispensaries in the year 1981 were 78 thousands as against 61 thousands in the previous year, thus recording an increase of 27.86 per cent.

*Family Welfare Programme in the district*--As a measure to control the population explosion as many as 11,809 sterilisation case were performed during the year 1980-81 of which tubectomy operations were 34.86 per cent, as against 29.96 per cent in the previous year. This shows the family welfare programme has gained more popularity than the previous year.

*Sickness of prisoners in the district Jail* The sickness and death of prisoners in the district jail during the year 1981 reveals that most of the prisoners were attacked by dysentery and diarrhoea, pyroaxia of uncertain diseases and malaria. The death due to various diseases among the prisoners are found highest in the year 1980.

## VII. AGRICULTURE

This chapter presents data on agricultural statistics relating to land utilisation, cropwise net area irrigated, area operated by size class of holdings, estimated of area, production and yield rates of different crops and the progress of land distribution to Harijan and land less poor in years 1975-76 to 1980-81.

*Classification of area*—The total geographical area of the district is 2,702 thousand hectares which is 17.32 per cent of the total area of the State. During the year 1980-81 the net area sown was 863 thousand hectares as against 835 thousand hectares in the previous year.

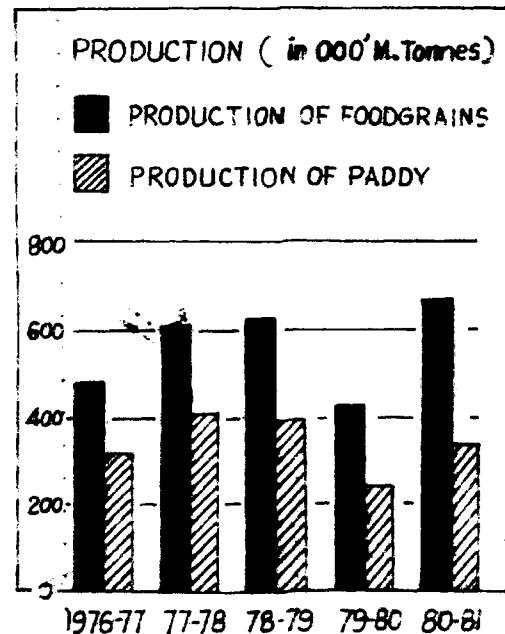

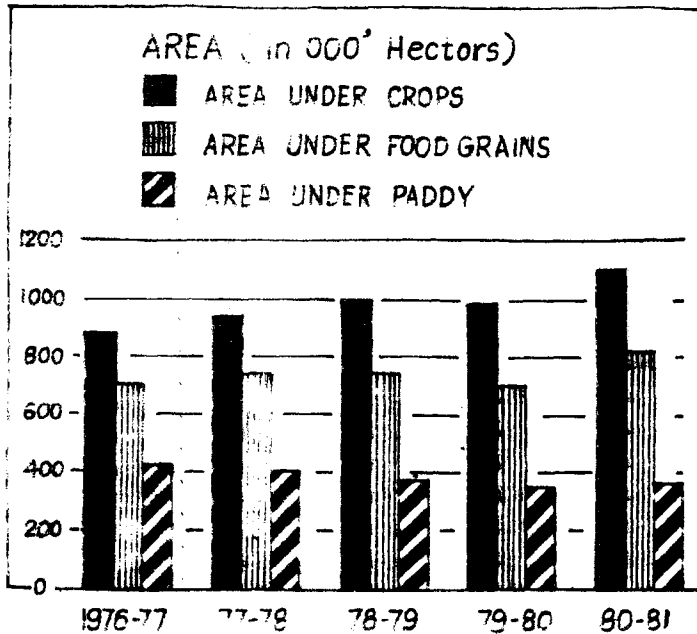

*Irrigation*—timely water supply to crops in the most essential fact for increasing agriculture production. The total irrigated area of the district comes about 47 thousands hectares in 1980-81 as against 42 thousand hectares in 1979-80 which shows an increase of 11.9 per cent. Area under irrigation from Major and Medium Irrigation Projects comprises 10.6 per cent of total irrigated area. Out of total irrigated area during 1980-81, Paddy (Kharif) area irrigated covered 84 per cent.

*Cropping pattern*—Total estimated area under food crops was 8.14 lakh hectares during 1980-81 as against 7.04 lakh hectares during the year 1979-80. Similarly estimated area under non-food crops was 0.80 lakh hectares as against 0.79 lakh hectares during the year 1979-80. Rice was the principal food crop of the district covering 45 per cent of the total cropped area in 1980-81.

*Production*—The production of total food crops during the year 1980-81 was 6.61 lakhs M. T. as against 4.23 lakhs M. T. in previous year. The production of rice has increased 29 per cent during the year 1980-81. The yield rate of almost all the crops has increased due to the adoption of modern improved agricultural techniques of chemical fertilizers and improved seeds. The yield rate of winter rice has remarkable 38 per cent increase in 1980-81 over the yield rate of 1979-80.

*Land distribution to Harijan and landless poor*—Government has distributed land free of cost to Harijans and landless poor. The area of land distributed was highest in 1976-77 when compared to other years under review.

### VIII. LIVE-STOCK AND ANIMAL HUSBANDRY

This chapter presents data on number of live-stock and poultry as per the live-stock Census years 1961, 1966, 1972 and 1977, number of Veterinary surgeons working and number of animals treated in the district for the years 1975-76 to 1980-81.

As per the live-stock Census, 1977 the total live-stock population of the district was 22.06 lakhs as against 22.97 lakhs during the Census year 1966 thereby registering 41.2 per cent decrease. The total poultry has sloped down from 16.23 lakhs in 1966 to 14.43 lakhs in 1977 registering 12.47 per cent decline.

There were 63 Veterinary Hospitals and Dispensaries with 66 Surgeons in the district during the year 1980-81 as against 55 Hospitals and Dispensaries with 56 Surgeons. Number of animals treated in veterinary institutions were 7.94 lakhs during the year 1980-81 as against 7.99 lakhs in the previous year.

There is one Government Dairy Farm having 21 milk producing animals out of 69 total animals during the year 1980-81.

## IX. FOREST

This chapter presents data on the area under forest, outturn of forest produce for the year 1975-76 to 1980-81 of the district.

Timber and bamboo are important forest products in the district. There are four forest divisions in the district during the year 1980-81.

*Forest area*—The total area of the district was 12 219 Sq. Kms. during the year 1980-81 constituting 49.96 per cent of the total area of the district. The reserve forest area is 5.7 per cent of the total forest area during the same year.

*Outturn of forest products*—Timber, bamboo, firewood and Kendu leaves are the major forest products of the district. The total sale proceeds of forest produce has decreased from Rs. 469 lakhs in the year 1979-80 to Rs. 383 lakhs during the year 1980-81 registering about 18 per cent decrease.

## XII BANKING

A sound banking system is the main factor of a developing economy. Besides financing trade and industry, the banks perform other activities such as accepting deposit, making advances, advancing loans to the farmers. The total number of scheduled banks during the year 1981 was 102 as against 35 in the year 1976. The State Bank of India is the lead bank for the district with 23 branches.

1973-74	19	3,78	3,98
1974-75	22	4,59	4,48
1975-76	28	5,43	5,50
1976-77	48	7,13	5,14
1977-78	67	9,41	9,99
1978-79	79	12,89	12,91
1979-80	87	18,24	14,12

## XIII. EDUCATION

Education is an important factor of civilisation of the country. This chapter presents data on education of the district. Koraput is backward in respect of education. According to 1981 census (provisional) the rate of literacy was 15.83 as against 34.12 of the State. The rate of male literacy and female literacy was 23.17 and 8.44 as per 1981 Census (Provisional).

*Educational Institutions* -The number of recognised Primary Schools and M. E. Schools and students in the district has gradually increase. There were 4,102 Primary Schools and 153 M. E. Schools and 87 High Schools during the year 1979-80 as against 3,981, 319 and 85 respectively during the year 1978-79. The number of teachers in M. E., Schools and High Schools have increased while number of Primary Schools teachers has decreased during the year 1979-80.

*Number of students* -There were 216 thousand students during 1979-80 as against 211 thousand students in the previous year in the Primary Schools and 20 thousand students in M. E., Schools during the year 1979-80, as against 18 thousand in previous year showing an increasing trend in both cases.

At High Schools stage, there were 10 thousand students and in Colleges there were 3 thousand students during the year 1979-80.

During the year 1979-80 the percentage of girl students in Primary Schools, M. E. Schools, High Schools and College stage were 33%, 30%, 30% and 20% respectively which indicates the lack of interest among parents for higher education of their daughters.

#### XIV LABOUR & EMPLOYMENT

Now a days when the problem of unemployment is very acute, it became necessary to study the employment situation of the district as well as the State. Keeping this view the statistical tables in this chapter present data relating to number of employment seekers registered and vacancies filled-up through employment exchange in the district for the years 1977 to 1981.

The number of employment seekers registered their names in the employment exchange and placed in employment were 17,331 and 2,362 during 1981 as against 15,256 and 1,711 respectively in previous year.

The total number of employment seekers according to academical qualification in the district recorded in the live register shows that out of 24,921 unemployed persons by the end of the year 1981, 75 per cent were below matriculation, 14 per cent were matriculates, 4 per cent were under-graduates and 6 per cent were graduated.

## XIV. LABOUR AND EMPLOYMENT

## XV. TRANSPORT & COMMUNICATION

Data on transport and communication of the district have been presented in this chapter. Data on length of bus route with number of buses plying, number of passengers travelled and luggages transported, number of motor vehicles registered and plying, length of various kinds of roads, number of post and telegraphs offices, telephone exchanges, telephone connections and number of broad casting receiver licences issued have been presented.

*Transport Services*—About 71 O. S. R. T. C. buses were plying on as many as 50 different bus routes in the district during the year 1980-81. During the year 1979-80 number of passengers carried and distance travelled per bus per day was 181 and 183 Kms. respectively.

*Motor vehicle registered*—The number of registered motor cycles and scooters has gone up significantly from 242 in 1979-80 to 1,750 in 1980-81 while no increase in number of jeep and taxis during 1980-81 over its previous year.

*Length of Roads*—Out of total roads in the district during the year 1978-79, 1 per cent, 8 per cent, 73 per cent of roads are maintained by National Highways, P. W. D. and local bodies respectively and out of all the roads 88 per cent comes under unsurfaced roads.

*Number of Post and Telegraph Office*—The total number of post offices during the year 1981-82 was 576 as against 542 during the previous year, recording an increase of 6.27 per cent. The average area and population served per post office in the districts was 47.2 Sq.Kms. and 4,312 respectively during the year 1981-82. Besides there were 1,267 telephone connections and 43 public call offices during this year.

## XVI POWER

This chapter presents some basic data on a pattern of consumption of electricity, number of villages electrified and number of life irrigation points energised in Koraput district for the year 1975-76 to 1980-81.

The consumption of electricity has decreased from 3767 lakhs K. W. H. in the year 1975-76 to 229 lakhs K. W. H. during the year 1979-80 but this consumption has increased to 3084 lakhs K. W. H. during the year 1980-81. The consumption of electricity by small and medium industries were 2711 thousand K. W. H. which was 0.88 per cent of the total consumption during the year 1980-81. The percentage of electricity was 124 K. W. H. during this year.

To provide better living condition in the villages, the rural electrification programme has been implemented in the district. The percentage of inhabited villages electrified by the end of the year 1980-81 was 20.90.

To provide more irrigation facilities specially in draught prone area electric pump sets are energised. The total number of L. I. points energised has increased from 292 in 1975-76 to 1028 during the year 1980-81.

## XVII. INDUSTRY

This chapter presents data relating to number of factories operating in the district, productive capital, employment, emoluments paid to the employees, value of input and output collected through the annual survey of industries. The data relate to the factories registered under Indian Factory Act, 1948.

The number of reporting factories have increased from 69 in 1975-76 to 84 in 1978-79. The productive capital and number of persons employed were 3,135 lakhs and 7,291 during the year 1978-79. The value added by manufacture has increased from Rs. 1,224 lakhs in 1977-78 to Rs. 1,530 lakhs in 1978-79, recording 25 per cent increase.

# NUMBER OF FACTORIES, WORKERS EMPLOYED & VALUE ADDED BY MANUFACTURERS IN ORGANISATION OF KORAPUT DISTRICT

## XVIII. TRADE AND COMMERCE

This chapter presents data on some important markets and the days on which these markets sit in 42 different blocks of the district. Besides the data on receipt and disposal of essential commodities have been presented for the year.

The main marketable commodities produced in this district are paddy, rice, alasi, ragi, etc. Goods which are not produced in the district are supplied to the people through fair price shops by the Supply Department of Government.

There are as many as 106 weekly and Bi-weekly markets operating in the district. The supply of Kerosene was increased by 13 per cent in 1978-79 over the year 1977-78.

## XIX WAGES AND PRICES

This chapter presents data on retail and whole-sale prices of some essential commodities, cost of selected items of farm cultivation and rural daily wages of different classes of labourer of the district Koraput.

*Retail prices of Important Commodity*—The retail prices of all items except Biri and Arhar have increased in 1980 as compared to the price of 1979. The average price of rice has increased from Rs. 1.62 in 1979 to Rs. 1.93 per Kg. in 1980.

The whole sale prices of all the commodities except arhardal during the year 1980 as against the prices of previous year.

*Cost of Selected items of Farm Cultivation*—The cost of all items of farm cultivation except wooden plough have increased during the year 1981 as compared to its previous year. The price of seeds per quintal has increased for all the items during the year 1981.

*Rural daily wages of different classes of Labourers*—The daily wages of skilled labourers, field labourers and agricultural labourers have increased during the period from 1977 to 1981. In case of skilled labourers the daily wage of cobbler was the highest with 11.6 per cent increase during the year 1984 over its previous year.

## XX. CO-OPERATION

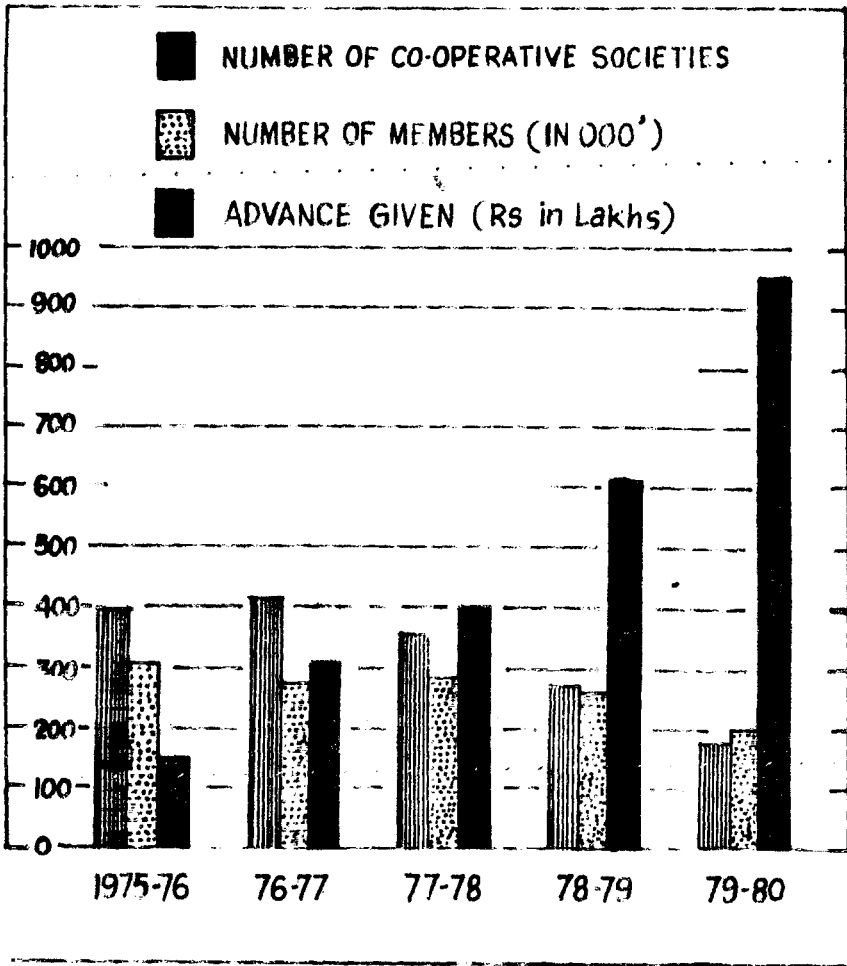

The Co-operative movement in the country is the peoples movement to bring out the socio-economic change in the country through active participation of the people in democratic way. Co-operative plays a vital role in the country's economic development. It was originally intended to supply credit facilities to the cultivators for development of agriculture but at present the activities have been extended to almost all the sectors of economy.

In this chapter the data on activities of different Co-operative Societies and District Central Co-operative Bank have been presented.

There were 193 different types of Co-operative Societies working in the district during the year 1979-80. The working capital of all societies during the year 1979-80 was Rs. 2,458 lakhs as against Rs. 2,013 lakhs in 1978-79. Thus increase in working capital during 1979-80 was 22 per cent.

## XXI, JUDICIARY

This chapter presents data on the number of cases filed disposed of and pending in different courts and the number of registered legal practitioners from the year 1976 to 1981 of the district.

*Disposal of cases*—The number of cases disposed of during the year 1981 was 10,418 as against 9,245 in previous year recording an increase of 12.6 per cent.

*Number of legal Practitioners*—The number of legal practitioners has increased from 137 in 1978 to 160 in the year 1981. Out of 160 advocates in the district during the year 1981 only one is female. At the end of the year 1981 there was no legal practitioner with Bar-at-law qualification in the district.

## XXI. JUDICIARY

## XXIV. LOCAL BODIES

This chapter presents data relating to the income by sources and expenditure by heads of Municipalities and N. A. Cs. of the district of Koraput for the years 1976-77 to 1980-81 with Municipality and N. A. C. wise break-up for the last year. Besides these information regarding the area and population of municipalities and N. A. C. have been presented in this chapter. The data in respect of Ganupur N. A. C. were not available from the years 1978-79 to 1980-81.

*Income* -Total income from all sources of 9 out of 10 Municipalities and N. A. Cs. the district was Rs. 131.63 lakhs during the year 1980-81 as against Rs. 113.36 lakhs in the previous year. Thus the income has increased by 16 per cent. Octri and Government grants are the two major sources of income constituting 21.3 per cent and 23.4 per cent respectively of the total income during the year 1980-81.

*Expenditure* -The total expenditure under all heads of 9 local bodies out of 10 during the year 1980-81 was Rs. 96.85 lakhs as against Rs. 91.83 lakhs in the previous year. Thus the expenditure has stepped on wards by 5.4 per cent.

*Area and Population* -The area of the Koraput N. A. C. was 97.12 Sq. Kms. which was the highest among all Municipalities and N. A. Cs. According to 1981 Census (Provisional) the population of Seypor Municipality was 53,584 which was the highest of all the local bodies of the district.

## XXVI. ALL ORISSA STATISTICS

This chapter presents comparative data on area, production and yield rate of Autumn, Winter and Summer Paddy, geographical area, total population, scheduled caste and scheduled tribe population, percentage of literacy, number of villages, towns and households according to 1971 census, live-stock and poultry according to 1977 live-stock census and number of employment seekers between the State and district of Orissa

Analytical study of the data presented in this chapter reveals that paddy is not only major crop of the State but major of all the districts. The area under paddy of Koraput district during the year 1980-81 was 3.68 lakh hectares as against 41.90 lakh hectares of the State thereby constituting about 8.8 per cent. The yield rate of autumn, winter and summer paddy in the district during the year 1980-81 was 7.66, 16.26 and 7.63 quintals per hectare as against 9.10, 16.87 and 23.81 quintals per hectare respectively of the State. The total production of rice of the district during 1980-81 was 3.38 lakh M. tonnes as against 44.39 lakh M. tonnes of the State which constituted 7.6 per cent.

According to the live-stock census conducted during the year 1977 the total number of live-stock and poultry in the district were 22.05 lakhs and 14.44 lakhs as against 185.87 lakhs and 95.72 lakhs respectively in the State. The percentages of live-stock and poultry to the State figure were 11.8 and 15.08.

The total number of employment seekers in the district during the year 1981 was about 25 thousands as against 495 thousands of the State. The percentages of employment seekers of the district was 5.05 to the total employment seekers of the State
