GENERAL INTRODUCTION

Table 1.1 - 1.2

1.1. INTRODUCTION

Phek District, the then Phek Sub-Division under Kohima District was separated to form a District with effect from 21 st. December, 1973.

PHYSICAL FEATURES

The District of Phek is situated in the southern part of Nagaland. It has an area of 2,026 sq. k. m. The altitude of Phek Head Quarter is 1,524 metres above the sea level. The District is bounded by Zunheboto and Tuensang in North, Manipur and Burma in South, Tuensang and Burma in East and Kohima District in West. The topography is very severe-full of hill ranges which break into a wide chaos of spurs and ridges. Most of the villages stand at an altitude of 1 to 2 thousand metres as it is very typical of the Nagas to build their houses on the hill-tops and at higher elevations. The highest peak in the District, Zephu in the east of Meluri Sub-division is 8,403 ft. high.

POPULATION

The population of Phek district, according to 1981 Census is 70,618, out of which 37,699 are males and 32,919 females. The entire area of the District is classified as rural area under 1981 Census. As per population size Pfutsero Circle is the highest populated circle having 16,073 persons and Phokhungry

is the smallest populated Circle having 1,368 persons. There is a single Village Circle in Phek district known as Khezhakenoma Circle having 1,670 persons. The decennial growth rate is 58.36 percent. The average density of population is 35 per Sq. km. Chakesang is the major tribe in the District. The important places in the district are Phek, Melure., Pfutsero, Chazouba, Chizami, Phokhungri, Chetheba, Khezhakenoma, Sakraba and Phugwo.

AGRICULTURE

Agriculture is the main occupation of the people in the District. 80.84 percent of the total population in the District are cultivators, out of which 71.11 percent are males and 96.81 percent are females.

The main food crops in the District is rice. Other important food crops are Millets, Jobstears, Maize, Pulses, Potato, Fruits, Vegetables, Chillies, Mustard etc. Most of the cultivated areas are single cropped. The District is having a Horticultural Research Farm at Pfutsero.

Beside Agriculture, the people of the District are adopting largely Paddy cum-Fish Culture as one of the major occupations. This practice was traditionally being adopted by the people in the District. Through Govt. encouragement this practice is gaining more popularity now-a days. In fact people from other Districts come to see the peculiar way of Paddy-cum-Fish Culture to this District and adopt the same in their own Districts.

FOREST AND MINERALS

The District of Phek is rich in forest products such as bamboo, timber, thatch etc. All requirement of forest based products are met locally from the forest. It also provides fire-wood, building materials etc.

The District is said to be rich in minerals such as Coal, Lime Stone, Brines and Salt etc. Brines and Salt exist in Akhegow, Yesi, Phor, Molen and Wozhiho areas under Meluri Circle.

INDUSTRY

Various small and medium Industries are coming up gradually in the District. The construction work of a Cement Plant at Wozhiho under Meluri Circle is under progress. The District is having two Oak Tasar Farms at Meluri and Akhegow also. Other small and cottage Industries are rice mills, weaving, knitting, wood carving, bamboo works, blacksmithy, pottery and manufacture of salt etc.

A. H. & VETERINARY.

Meat forms substantial part of the people's diet of the Nagas. Since time immemorial it has been the tradition of the Nagas to rear domestic animals by every household for self consumption.

The principal domesticated animals in the District are Cattle, Pigs and Poultry. Among all the animals is

Pigs are attended with more care. Special fodders prepared of crops are given to them.

Bee-keeping is also being adopted increasingly in the District as one of the subsidiary occupations.

The Deptt. of A. H. & Vety. has now implemented various schemes to increase the production of animal proteins and provided veterinary services for improvement of the animal health. There are now 4 Dispensaries, 6 Stockman centre, 2 Piggary upgrading centre and 1 Bull Calf Rearing centre functioning in the District.

EDUCATION

Education in the District is progressing satisfactorily. The literacy rate of Phek District, as revealed in 1981 Census is 37.99%, out of which percentages of literate males is 49.09% and females 25.27%. At present there are 94 L.P. Schools (92 Govt, 2 Pvt), 44 M. E. Schools (30 Govt, 14 Pvt.), 17 High Schools (7 govt, 10 Pvt.) and 3 Colleges (1 Govt 2 Pvt.) functioning in various areas under the District.

97.92% village have so far been provided with L. P Schools.

EMPLOYMENT

Agriculture is the main occupation of the people. But there is a growing trend of urbanisation and young people from rural areas are seeking white collar jobs in

Govt. employment. With the advancement of education the number of job-seekers especially those having qualification upto *Matriculation or Under-Graduate* is consistently increasing putting pressure on Govt jobs.

The number of state Govt. employees as Per Census of Govt. Employees as on 31.3.1989 is District 4,838 out of which Class-I-78, Class-II-56, Class-III-2342 and Class-IV-2362.

The Govt has also taken up various schemes under Agriculture and allied sectors, A H. & Vety. and ramification of Poultry and Piggary and Industries etc. for promoting self employment programme among the educated unemployed to tackle the growing unemployment problems.

HEALTH

Health services are being appreciated amongst the village people day by day. Adequate measures have been taken to provide medical and health care in the District. There are now 3 Hospitals, 3 P. H. Cs, 3 S. H. Cs, 7 Dispensaries and 21 Sub-Centres functioning in the District.

ROAD TRANSPORT

Road transport is the only means of transportation in the District. The District is at present having 319 k.ms surfaced road and 568 k. ms unsurfaced roads. All the Administrative Headquarters and Block Head

Quarters are connected with either by jeepable or Bus routes. At present NST Buses are plying in 13 routes only.

ELECTRIFICATION

Till 1989-90,99 Villages have been electrified in the District. The percentage of electrified villages in the district is 100%.

RURAL WATER SUPPLY

Supply of potable drinking water to the rural villages masses is very appreciable in the District. Till 1989-90,100 have been provided with water supply.

FAIR PRICE DISTRIBUTION

The system of Fair Price Shop in the District has become more popular now a days. Essential commodities like rice, sugar etc. are being distributed to the people through the recognised shops established in various areas. In addition to this, MARCOFED and Co-operatives are also functioning in the District providing items at a controlled rate.

VILLAGE DEVELOPMENT BOARDS

Almost each and every village in the District is having village Development Board. All development activities of villages are being carried out by these Boards.
