FIGURES AT A GLANCE 1976-77

	Kisht-war	Bhader-wah	Ramban	Doda	Distt. Doda	J& K State (Provisional)						
1. Number of Schools :												
Primary	168	153	133	133	587	6042						
Middle	39	42	33	43	157	1845						
Secondary	11	15	18	10	54	737						
All Schools	218	210	184	186	798	8624						
2. Number of Teachers in Schools :												
Primary	200	208	140	164	712	8410						
Middle	189	201	105	183	678	10560						
Secondary	157	204	203	119	683	12678						
All Schools	546	613	448	466	2073	31648						
3. Enrolment School-Wise :												
Primary	3242	3352	2713	2834	12141	2.20	Lakhs					
Middle	2054	3950	1767	2651	10422	2.09	"					
Secondary	3214	2809	2394	1500	9927	2.41	"					
All Schools	8510	10111	6884	6985	32490	6.52	"					
4. Enrolment Stage-wise :												
I-V classes	5896	6314	4775	4865	21850	4.24	Lakhs					
VI-VIII classes	1831	2548	1401	1453	7233	1.51	"					
IX-XII classes	783	1249	708	667	3407	0.77	"					
5. Enrolment Ratio : (in percentages)												
6-11 Age-group	40	51	36	43	42	64						
11-14 Age-group	23	29	20	25	26	41						
14-18 Age-group	8	16	8	9	10	22						
6. Teacher-pupil Ratio	16	16	15	15	16	21						
7. Institution-pupil Ratio	45	48	37	38	41	76						
8. Institution-Teachers Ratio	3	3	2	3	3	4						
9. Percentage of Trained Teachers	86	88	75	79	83	75						
10. Number of Schools proposed to be opened :												
I-Priority	11	20	22	18	71	400						
II-Priority	6	7	3	6	22	400						
Total	17	27	25	24	93	800						
11. Number of Schools proposed to be upgraded :												
—Add. of 6th, 7th and 8th classes	7	9	12	22	52	N.F.						
—Add. of 7th and 8th classes	13	9	16	12	50	500						
—Add. of 8th class	..	7	1	11	19	520						
—Add. of 9th and 10th classes	6	7	9	11	33	N.F.						
—Add. of 10th class	..	3	..	2	5	98						
12. Number of Schools for change of location	4	1	..	1	6	N.F.						
13. Number of Schools for amalgamation	1	4	..	1	5	N.F.						
14. Number of Defunct Schools												
Primary	11	14	17	6	48	N.A.						
Middle	6	4	6	13	29	N.A.						

[N. A. Not available] (NF. Not fixe)

One of the main objectives of the 3rd All India Educational Survey has been to collect data required for preparation of District Development Plans. The bench mark data collected through this Survey and other related information have provided basis for preparation of perspective plans for Educational Development for 1975-76 to 1980-81 at District level. The scope of these plans is, however, limited to school education only. Even in the sphere of school education, following selected topics have been included and as the experience grows, it is proposed to widen the scope of these plans :—

- i) estimating the requirements for additional schooling facilities at primary, middle and secondary stages and suggesting location of schools at every stage;
- ii) proposing rational location of existing schooling facilities by suggesting shifting, amalgamation or closure of schools/classes.
- iii) identifying defunct schools/classes and knowing reasons for poor enrolment in them with a view to suggest measures for improving enrolment and full utilisation of the available schooling facilities ; and
- iv) to identify schools where the number of teachers allocated are not proportionate and to suggest measures for proportionate allocation of teachers.

I am sure that under the 'Single Line Administrative Set-up' recently introduced at the District level, these plans would add new dimensions to the planned growth and development specially in the sphere of education.

The Perspective Plans on the pattern of this District, have been prepared for all the Districts of the State by the Planning, Statistics and Survey Unit of the Education Department with the help of the District and Tehsil Education Planning Assistants under the guidance of Sh. M. M. Kapoor, Assistant Director Education (Planning, Statistics and Survey).

I shall fail in my duty if I do not gratefully acknowledge the co-operation and hard work done by Prof. Satya Bhushan (Education Commissioner), Miss Tahira Shahmiri (Director, School Education Girls) and Shri M. A. Laharwal (Joint Director, School Education, Boys) in finalising these Plans.

June, 1977.

GHULAM SHAH
Secretary to Government
Education Department

- II. Tehsil Bhaderwah-126.
- III. Tehsil Ramban-150.
- IV. Tehsil Doda-172.

GENERAL BACKGROUND

Location :

Doda District, which is located between 32°-53' and 34°-12' north latitude and 75°-1' and 76°-47' east latitude, is the second largest district by area in the State, ranking only after Ladakh. On its north is Anantnag District, on the west Udhampur District, on south Kathua District and Chamba district of Himachal Pradesh and on the east is Ladakh District.

The topography of the district is generally mountainous. Many parts of the district are not easily accessible, especially in winter. The altitude of the district varies from 912 metres to 4,573 metres above the sea level. Its main river is Chenab (locally known as Chander-Bhaga) which passes through middle of this District but is not useful for irrigation.

Area and Population :

The district has 6 towns and 648 inhabited villages. The total area of the District is 11,691 Sq. Km. and it has a population of 342,220 in 1971. The growth of population from 148,221 in 1901 to 342,220 in 1971 accounts for an increase of 130.9% during 70 years. The following table gives the growth of population from 1901 to 1971 :—

Census Year	Population	Growth (Absolute)	Percentage decadal variation
1901	148,221
1911	160,220	+11,999	+ 8.10
1921	161,611	+ 1,391	+ 0.87
1931	186,713	+22,102	+13.68
1941	197,280	+13,567	+ 7.38
1951	229,876	+32,596	+16.52
1961	262,473	+32,597	+14.18
1971	342,220	+79,747	+30.38

(Note :—Figures of population of 1951 are the mean of 1941-61)

Leaving aside Ladakh for which density figures are not available, this district has the lowest density in the State i.e. 29 persons per Sq. Km.

This district has four tehsils of Kishtwar, Bhaderwah, Doda and Ramban. The following table gives Tehsil-wise figures pertaining to population, area, number of villages and sex-ratio :—

Tehsil	Area in Sq. Km.	Number of Villages		Population (1971)		%age of Rural Population	Sex Ratio
		Total (Inhabited)	%age to total	Total	%age to total		
1	2	3	4	5	6	7	8
1. Kishtwar	N.A.	156	24	97843	29	96	883
2. Bhaderwah	N.A.	275	42	81455	24	95	925
3. Doda	N.A.	126	20	74139	21	94	878
4. Ramban	N.A.	91	14	88783	26	95	862
District Doda	11691	648	100	342220	100	94	886

Work Participation :

The proportion of workers in the total population of the District was only 36.1 per cent in 1971. The male population included about 55.8 per cent workers and among females, the proportion was limited to 13.9 per cent only. Out of the total working population, 83.7% was engaged in agriculture, 0.4% in agriculture labour, 2.6% in mining and other labour, 8.7% in household industry, 0.3% in manufacturing activities other than household industry, 0.2% in construction, 0.7% in Trade and Commerce, 0.1% in Transport, storage etc. and 3.3% in other services.

Religion :

The following table gives the distribution of population in the District- by

religions as per 1971 census :—

Religious Community	1971-Census Population	Percentage of total Population
Muslims	217,621	63.59
Hindus	121,944	35.63
Sikhs	1,487	0.44
Buddhists	1,036	0.30
Christians	116	0.04
Jains	13	Neg
Others	3	Neg

Scheduled Castes and Scheduled Tribes :

There are no scheduled tribes in the District. The percentage of scheduled caste population in the district as per 1971—Census is only 8.89. Of the total number of 15849 scheduled caste males, 3142 (19.8%) were literate. The number of female literates was 437 or about 3% of the total female population of the Scheduled Castes.

Mother Tongue :

The mother tongues which claims the largest number of speakers in the District consist of Kashmiri, Gojri, Bhaderwahi, Siraji, Dogri and Pahari. As per 1971 — Census the distribution of speakers of various languages spoken in the District was as under :—

Mother Tongue	Number of Speakers	Percentage to total population.
Kashmiri	145,410	42
Gojri	42,578	12
Bhaderwahi	38,877	11
Siraji	29,188	9
Dogri	22,356	7
Pahari	15,889	5
Kishtwari	11,871	3
Padari	7,760	2
Kuasalee	3,265	1
Poguli	3,621	1
Panjabi	2,654	1
Sarodi	2,045	1
Others	16,706	5

Literacy Level :

While Jammu and Kashmir with a literacy of 18.58% (including 0-4 age-group) ranks lowest among other States of India, the position of Doda is still lower with a literacy level of 13.88% only. The district ranks lowest among other districts of Jammu Province, if not among all the districts of the State. Sex-wise the literacy works out to be 22.21% for males and 4.47% for females. As compared to literacy percentage of 8.69 in 1961, (14.77 for males and 1.94 for females), the progress made during the last one decade does not appear to be insignificant. The tehsil-wise position is as under :—

Tehsil	Literacy Percentage (1971 Census)		
	Males	Females	Total
Kishtwar	11.7	18.4	4.1
Bhaderwah	18.2	28.7	6.8
Doda	14.2	23.5	3.6
Ramban	12.1	19.5	3.4
Total District	13.9	22.2	4.5

General Backwardness :

There is hardly any manufacturing industrial unit worth the name. The per capita income of the district in 1960-61 was 269 (NCAER Estimate) as compared with Rs. 513/- in 1971-72 for the entire State. The land holdings are small, irrigation facilities are poor and the average yield of the principal crops is less than the State averages. Only 14.33% of the area is irrigated and the rest (popularly known as Kandi area) is prone to frequent draught.

Educational Administrative Set-up :

There is a full-time District Education Officer for Boys Wing of the Education Department and for Girls Wing there is only one District Education Officer for this District and also for Udhmapur District. In each of the four Tehsils of Kishtwar, Bhaderwah, Ramban and Doda, there are two Tehsil Education Officers one for Boys wing other for Girls Wing of Education. In addition, there are also four Additional Tehsil Education Officers for Boys wing for Blocks of Padder, Ramban, Marwa and Assar. In case of Tehsil Ramban, the Tehsil Education Officer(Boys wing) is stationed at Banihal and for Ramban, there is an Additional Tehsil Education Officer. There is also a District Educational Planning Officer, District Science Supervisor, District Youth Welfare Officer and District Project Officer for Non-formal Education.

APPROACH AND STRATEGY

The Present Position :

Keeping in view the mountaneous terrain and varying topography of District Doda, the educational facilities are inadequate and incomplete. As per 3rd All India Educational Survey only 69% of population of this District has schooling facilities upto primary level within walking distance of one kilometer as compared to the State level percentage of 85. According to this Survey, the extent of educational facilities per 10,000 population in Doda and the State as a whole is as under :—

	District Doda				J & K State			
	Primary Schools	Middle Schools	Secondary Schools	All Schools	Primary Schools	Middle Schools	Secondary Schools	All Schools
Schools	15	4	1	20	12	3	1	16
Enrolment	330	350	220	900	370	390	430	1190
Teachers	20	20	20	60	17	21	24	62

As per 1976-77, there are 551 primary schools, 159 Middle Schools, 51 Secondary Schools, two Teachers Training Schools, one I.T.I. and one Degree College in this District with enrolment of about 33000 and 2100 teachers.

There is also an urgent need for optimum utilisation of the existing educational facilities in this District as is clear from the following information for 1975-76: —

	Doda District			J & K State		
	Teacher Pupil Ratio	Institution Pupil Ratio	Institution Teacher Ratio	Teacher Pupil Ratio	Institution Pupil Ratio	Institution Teacher Ratio
a) Primary Schools	17	22	1	23	32	1
b) Middle Schools	15	66	5	19	106	6
c) Secondary Schools	14	193	14	18	321	18
d) All Schools	15	42	3	20	73	4

Starategy for Future Development :

The general approach and strategy to be followed for educational development of Doda District need to be on lines of the policy adopted at the State level *i.e.* universalisation of elementary education, vocationalisation, introduction of work experience, adoption of 10+2+3 pattern, improvement of quality of teachers, provision of non-formal education and adoption of curriculum and text books in accordance with N.C.E.R.T. pattern.

However, in view of the extent of utilisation of existing educational facilities and special problems arising out of acute backwardness of this District, the following plan of action need to be adopted on priority basis :—

- i) Providing primary schooling facilities within walking distance of one kilometer to all such habitations which have population of 100 or more ;
- ii) Increasing the enrolment at elementary stage through :—
 - a) Enrolment drives ;
 - b) Incentives to children specially girls ;
 - c) Special incentives to children belonging to Scheduled Castes, Gujjars and Bakkarwals ;
 - d) Non formal education.
- iii) Removing the backlog of untrained teachers and improving the quality of teachers through regular orientation courses in various subjects.
- iv) Construction of school-buildings preferably through local initiative.
- v) Effective supervision and inspection of schools.
- vi) General improvement of schools through institutional planning and school complexes.
- vii) Provision of functional literacy as a part of non-formal education to adults.

Most of the priority programmes as mentioned above would not involve any financial implications. Maximum efforts need to be made to utilise the existing financial and manpower resources to the optimal extent.

PLAN OF ACTION ;

This plan for educational development of Doda is an attempt in 'Area-Planning' at micro level. Its approach has been divided in two parts :—

- A. Expansion of educational facilities ; and
- B. Rationalisation of educational facilities.

A. Expansion of Educational Facilities :

On the basis of norms devised for expansion of educational facilities the following proposals have been included in the plan :—

i. Opening of Primary Schools :

In Statement I & II, all the habitations where new primary schools need to be opened have been identified alongwith necessary justification. Locational maps for all these habitations have also been given from page 95 to 129. The proposals have been divided in two parts :

- a. *1st Priority* includes such habitations which have population of 200 or more and are without schooling facilities within walking distance of one kilometer ; and
- b. *2nd Priority* which includes habitations with 100 or more population and without schooling facilities within walking distance of one kilometer.

71 Schools are required to be opened under 1st Priority and 22 under 2nd Priority (Refer Table No. 1.10). It is suggested that the following procedure be adopted for opening of schools:

- a) All the new primary schools to be opened should be mixed schools. Preference should be given to the lady teachers. Male teacher need to be posted only in those schools which are located in inaccessible far flung areas.
- b) While fixing priority for opening of new schools, an index for opening of new schools should be derived by multiplying distance with population of the habitation/feeding habitations. The habitations with higher index should be given priority in opening of a school over habitations with lower index.

It may be mentioned here that 30 schools have already been opened in 1976-77 and 20 in 1977-78 strictly in accordance with these proposals in this District. Now there remain only 43 schools to be opened in this District as per this plan.

ii. Upgrading of Schools :

Proposals for upgrading of schools have been divided into two parts :—

- a) Upgrading of incomplete middle/high schools to full-fledged middle/high standards
- b) Upgrading of primary and middle schools to middle and high standard.

All the incomplete Middle Schools *i. e.*, Central Schools upto 6th class (50 schools) and Senior Basic Schools upto 7th class (19 schools) have been shown in Statement VI alongwith necessary requisite information for upgrading to the 8th standard. Similarly list of all lower High Schools (5 schools) upto 9th class) in Statement VII for addition of 10th class so that all of them could be raised to High Standard in a phased programme. Tehsil-wise break-up of incomplete Middle and High Schools is given in table 1.11. It is suggested that before any new primary or middle schools is raised to middle or high standard, all the incomplete schools should be upgraded as full-fledged middle or high schools.

Proposals for upgrading of Primary Schools to Middle Standard (52 schools) and Middle Schools to High Standard (33 schools) have been given in Statement VI & VII.

b. Rationalization of Educational Facilities :

Proposals made in respect of rationalisation of educational facilities do not involve any additional financial implications but the administrative machinery needs to be geared up for the same. Following proposals have been made in this regard :—

i. Change in Location of Schools :

In Statement VIII, six such primary and middle schools have been identified which need to be shifted to certain other suitable location for more coverage of enrolment.

ii. Amalgamation of Schools :

Statement IX includes proposals for amalgamation of schools at various places. It has been made possible with the adoption of the policy of the Government to start only mixed primary schools. At certain places, separate schools are functioning for boys

and girls within the same vicinity poor enrolment. By amalgamation of these schools, surplus posts of teachers can be utilised elsewhere where there is shortage of staff.

iii. Identification of defunct Schools :

All the schools which have either no enrolment or less than 10 students on roll have been identified as defunct primary schools. Similarly, any class from VI to VIII which has enrolment of less than is considered as defunct class. There are 48 primary schools and 529 Middle Schools which come under this category and their list is given in Statement X and XI. Suggestions for making these schools/sections as functional units have

also been given. It is suggested that some time, say upto one year, should be given before with action regard to their closure or shifting is taken.

iv. Surplus and Shortage of Teaching Staff :

In accordance with the norms given for rationalisation of staff, school-wise distribution is given in table 1.12 (page 12) clearly indicating number of schools with surplus and shortage of staff. Out of 796 schools, 92 schools have shortage of staff, 70 have surplus staff and remaining 634 schools have optimum staff. In the last 'Directory of Schools' showing stage-wise enrolment, training-wise teachers and distance from the nearest high standard school has been given.

Note :— i) Ranks have been assigned in order of priority.
 2) Ranks in col 9 10 & 11 have been assigned according to percentage of habitations having primary schooling facilities upto walking distance one Km. & populations of 100 or more.

3) Composite ranks of provision of educational facilities have been arrived at by adding ranks of Col. 7 8 & 9.
 4) Composite ranks of utilisation of edu; facilities have been arrived at from enrolment per 1000 population.

NORMS FOR OPENING AND UPGRADING OF SCHOOLS.

STATEMENT No. 1

A. OPENING OF SCHOOLS :

1st Priority :

- i) Distance from the nearest Primary school/section not to be less than 2 Kms; and
- ii) The population of the habitation not to be less than 200.

2nd Priority :

- i) Distance from the nearest primary school/section not to be less than 1 km. and
- ii) The population of the habitation not to be less than 100.

B. UPGRADING OF PRIMARY SCHOOLS TO MIDDLE STANDARD :

- i) Distance from the nearest middle school/section not to be less than 3 km ;
- ii) The enrolment in 5th primary class not to be less than 5 students.

C. UPGRADING OF MIDDLE SCHOOLS TO HIGH STANDARD :

- i) The distance from the nearest high school/section not to be less than 5 kms ;
- ii) The enrolment in 8th class of the middle school not to be less than 15 students.
- iii) Other things remaining the same, preference should be given to the such middle schools which have sufficient accommodation and were established earlier than others and are located at central places.

D. OPENING AND UPGRADING OF GIRLS SCHOOLS :

The above norms are preferably for schools for boys except in case of opening of primary schools which are to be mixed schools.*

In case of upgrading of schools the creteria given above cannot be strictly followed. It should provide only the guidelines and only such schools for girls should be upgraded which prove to be viable educational units with sufficient enrolment. In addition to distance and population factors the existing and anticipated enrolment should be the major guiding factors.

*Women Teachers should be posted in all the new mixed primary schools except in case of inaccessible areas where male teachers should be posted as a special case.

E. INCOMPLETE SCHOOLS :

Other things remaining the same, preference should be given to upgrade the incomplete middle and secondary schools as complete middle and secondary schools e. g. addition of classes 7th, 8th and 10th.

F. DEFINITION OF DEFUNCT SCHOOLS / CLASSES :

- i) When a school/section is sanctioned but not functioning at all ;
- ii) When a primary school/section has enrolment of less than 10 students ; or
- iii) When any section/class from 6th to 10 classes has enrolment of less than 5 students.

PROPOSED NORMS FOR RATIONALISATION OF STAFF AND DETERMINATION OF STAFF STRENGTH IN VARIOUS TYPES OF SCHOOLS.

I—TEACHING STAFF :

A. Primary Schools :

Plain area Hilly areas

- | | | |
|---|---------|---------|
| i) One Teacher for average enrolment varying from .. | 10-40 | 10-30 |
| ii) Two Teachers for average enrolment varying from .. | 41-60 | 31-50 |
| iii) Three teachers for average enrolment varying from .. | 61-90 | 51-80 |
| iv) Four teachers for average enrolment varying from .. | 91-120 | 81-110 |
| v) Five teachers for average enrolment varying from .. | 121-150 | 111-150 |
| vi) If average enrolment of the school exceeds 150, an additional post of a teacher for every section of 40 to 50 pupils. | | |

B—Middle Schools :

- i) In addition to the staff for primary departments as mentioned 'A' above for primary schools, one general line teacher for every class/section added after class-V with average enrolment varying from 5 to 40.
- ii) One special line teacher for each special subject taught in the school *i. e.* classical languages, Modern Indian Languages, Drawing, Domestic Science, Agriculture etc. provided the number of students taking each subject is not less than 15 in all three middle classes provided further that Hindi and Sanskrit, Urdu and Persian are grouped together in a single section school.
- iii) An additional post of N.F.C. Teacher provided the total enrolment in the school exceeds 200.
- iv) An additional post of Master (Head-teacher) if the total average enrolment exceeds 200 or the school is a fullfledged middle school and there was no such post when the school was upgraded from Primary to Middle standard.

C—High School :

- i) Staff for primary and middle sections if attached, as per norms suggested for primary and Middle Schools at 'A' and 'B' above.
- ii) One additional post of a teacher (including science teacher for every section of 5 to 30 students.
- iii) One special line teacher for each special subject taught in the school (subject to minimum of five students) *i. e.* classical languages, Modern Indian Languages, Art, Agriculture, Domestic Science etc. provided that in a single section school, the teaching of one teacher is earmarked for Hindi and Sanskrit and one teacher for teaching of Urdu and Persian.
- iv) One post of N.F.C. teacher if there was no such post when the school was upgraded from Middle to High Standard.
- v) One post of Headmaster in Gazetted rank.

II—NON-TEACHING STAFF :

i) Middle Schools :

One post of peon in those Middle Schools which have more than 300 enrolment.

ii) Secondary Schools :

- a) High Schools with enrolment of 500 or above in Middle and High Sections only should have one clerk, one Library Assistant, one Chowkidar-cum-waterman and two peons.
- b) A High School with enrolment of less than 500 in Middle and High sections only should have one Clerk, one Water-man-cum-Chowkidar and one peon.
- c) Responsibility of Library Assistant should be assigned to one teacher in those High Schools which are not covered under above norms.

III—PATTERN FOR PROVISION OF STAFF FOR OPENING AND UPGRADING OF SCHOOLS.

STATEMENT No. III

S. No.	Particulars	Provision for minimum staff		Contingent grant per year
