## PREFACE

The Scheduled Castes and Scheduled Tribes, who form about one fourth of our population are educationally the most backward sections of our society. After independence, a number of steps have been taken by the Central and State Governments for their educational development. Some of them are scholarships, freeships, hostel facilities, reservation of seats in educational institutions, mid-day meals, provision of uniforms etc. However, it has been seen that these facilities are not being fully utilised. This may be due to a number of socio-economic constraints but one main reason is also that there is not enough awareness among these groups about the provisions given by the Government.

Efforts are, therefore, required to enable the potential beneficiaries to know about the schemes meant for them. The present publication is a step in this direction. In this brochure, the facilities given by the Central Government and all the State Governments|Union Territories have been listed out and write-ups given on each of the facilities. It is hoped that this would be of great use to Scheduled Caste and Scheduled Tribe students and would also be a reference book for planners and researchers in the field of education in general and for Scheduled Castes|Scheduled Tribes in particular.

Bringing together at one place details of all the programmes off Central|State Governments for the weaker sections required like Ministries of Home Affairs, Education, Health, Labour etc. and Departments of Social Welfare, Harijan Welfare, Tribal Welfare and Education in the State Governments|Union Territories are all involved in the educational programmes for Scheduled Castes and Scheduled Tribes. Further the Brochure is being brought out in fulfillment of Parliamentary Assurance by the Ministry of Education and so is time bound. Also this being the first attempt at collecting information of this dimension the details may not be complete in all respects. I would be grateful to receive any additional material and suggestions for improvement to enlarge the utility of this publication.

(ii)

I take this opportunity to thank the Central Ministries and the State Departments for their cooperation in giving the required information.

## CHAPTER I

### INTRODUCTION

According to 1981 Census, the Scheduled Caste population is 10.5 crores and that of Scheduled Tribes is 5.2 crores. Together they account for 23.6 per cent of the vast Indian population. They form the lowest rung of the social and economic ladder. The Scheduled Castes have been the object of social apathy and discrimination and the Scheduled Tribes, on the other hand, have been leading primitive lives, cut off from the main stream for centuries. Educationally, the two groups form the most backward sections of our country.

After independence, a number of steps have been taken by the Government to strengthen the educational base of Scheduled Castes and Scheduled Tribes. Provision of educational institutions in the areas predominantly inhabited by these communities on priority basis, provision of incentives like scholarships, freeships, mid-day meals, uniforms, books and stationery, reservation of seats in educational institutions, relaxation of standards for admission to institutes of higher learning, provision of coaching classes for competitive examinations, remedial coaching, provision of hostels etc. are some of the steps which have contributed a great deal in raising their educational attainments.

In this Publication efforts have been made to put at one place the various facilities given to Scheduled Castes and Scheduled Tribes by the Central Ministries and the departments of the State Governments|Union Territory Administrations. These facilities have been broadly classified as reservation in educational institutions, scholarships, freeships, residential facilities, coaching schemes and other incentive schemes and these are dealt with in that order. Chapter II gives the facilities provided by the Central Government and Chapter III that of State Governments|Union Territory Administrations. For a complete picture of all the facilities available to a Scheduled Caste|Scheduled Tribe student of a particular State, one must take into account the facilities provided by the Central Government as detailed in Chapter II and the facilities given by the particular State Government|Union Territory Administration given in Chapter III.

A brief write-up of the domain of different Ministries/Departments of the Central and State Governments is given below which would be of help in having a fuller perspective of the complimentary role of the various agencies in the educational programmes for Scheduled Castes/Scheduled Tribes. In the Central Government, the Ministry of Home Affairs deals with schemes which are exclusively meant for Scheduled Castes and Scheduled Tribes. Some of the important schemes are : post-matric scholarships, girls' hostels, pre-matric scholarships for children whose parents are engaged in unclean occupation and coaching classes for competitive examinations. Home Ministry also provides Special Central Assistance for educational programmes of Scheduled Tribes. The Ministry of Education which is nodal for the educational development of the country as a whole lays special emphasis on the educational development of Scheduled Castes and Scheduled Tribes in all its programmes. Some of the important facilities given by the Ministry of Education are as follows : In all Central Universities, IITs and Regional Engineering Colleges 15 per cent of the seats are reserved for Scheduled Castes and 7½ per cent for Scheduled Tribes. State Governments/Universities have been instructed by the Ministry of Education to reserve seats for Scheduled Castes/Scheduled Tribes in all their educational institutions. They have been asked to relax the norms for selection for admission to various courses to the extent that all reserved seats are filled by Scheduled Caste/Scheduled Tribe candidates. Provision of scholarships, research fellowships, reservation of seats in hostels, research & training for improving educational levels of Scheduled Castes and Scheduled Tribes, preparation of curricula and text-books in tribal languages are some of the activities taken up by the Ministry for the growth of education among Scheduled Castes and Scheduled Tribes. Further, priority is given in opening of Centres of Non-formal Education, Adult Education and Early Childhood Education in areas predominantly inhabited by Scheduled Castes and Scheduled Tribes. Other Central Ministries like Health, Agriculture, Labour etc. deal with Higher Education in their specific spheres wherein they provide similar facilities in cases of admissions, scholarships etc. to Scheduled Caste and Scheduled Tribe students.

At the State level, Departments of Education, Harijan Welfare, Tribal Welfare and Social Welfare have educational programmes for Scheduled Castes and Scheduled Tribes. The domain of their activities vary from one State to another. How-

ever, opening of educational institutions, inspection of schools, preparation of curriculum and conducting of examinations generally come under the purview of Education Department while incentive schemes exclusively for Scheduled Castes and Scheduled Tribes like provision of scholarships, residential facilities etc. are being taken up by the Welfare Departments.

A few points which are relevant in the context of facilities to Scheduled Castes and Scheduled Tribes are given below :

(i) In most of the educational institutions admissions are given to Scheduled Caste and Scheduled Tribe students under relaxed norms in terms of minimum marks for selection, age limit, fees for admission/examination etc.

(ii) Regarding reservation of seats in educational institutions the percentage of seats reserved for Scheduled Castes and Scheduled Tribes is fixed on the basis of their population proportion in the State. At school level generally there is no reservation for Scheduled Castes and Scheduled Tribes as the need for the same is not felt. However, in regions where there is necessity, certain percentage of seats are reserved for these categories. Also, schools exclusively for Scheduled Castes and Scheduled Tribes are run by State Welfare Departments.

(iii) Coverage under various incentive schemes of State Governments in terms of number of beneficiaries are mostly subject to availability of funds.

While most of the information refers to the position as on 1983-84 in some cases the data may relate to a period earlier to it for want of information.

## CHAPTER II

Educational facilities to Scheduled Castes|Scheduled Tribe Students given by the Central Government are listed in this Chapter.

### MINISTRY OF EDUCATION

#### 1. RESERVATION OF SEATS

##### (i) *School Education*

Education at School level is being managed by State Governments|Union Territory Administrations. However, there are about 500 Kendriya Vidyalayas (Central Schools) in the country under the administrative control of Kendriya Vidyalaya Sangathan, Ministry of Education. In these schools 15% of the seats are reserved in fresh admission for Scheduled Caste and 7.5% for Scheduled Tribe children of transferable Government employees. Relaxation in qualifying standards is given to the extent it is required to fill up the reserved quota.

##### (ii) *College Education*

Instructions have been issued by the University Grants Commission to all universities and institutions of higher education providing general and professional education to reserve 15% of the seats for Scheduled Castes and 7.5% for Scheduled Tribes and to relax the minimum qualification for admission to the extent that all the reserved seats are filled by SC|ST candidates.

##### (iii) *Technical Education*

Instructions have been issued by the Ministry of Education to IITs, Indian Institute of Science Bangalore, and Regional Engineering Colleges to reserve 15% of the total seats for Scheduled Castes and 7.5% for Scheduled Tribes for courses both at graduate and post-graduate levels. In the Joint Entrance Examination (JEE) conducted for admission to IIT under-graduate courses, the Scheduled Caste|Scheduled Tribe candidates are given

a concession in 'cut off value' to the extent of 2|3 of the total value. For post-graduate courses, a relaxation of 5% marks is given to Scheduled Caste|Scheduled Tribes students both for admission and award of post-graduate scholarships.

(iv) *Other Institutions*

(a) The National Council of Educational Research and Training provides teacher training courses in the Regional Colleges of Education located at Ajmer, Bhubaneswar, Mysore and Bhopal. In these colleges seats are reserved for Scheduled Caste|Scheduled Tribe candidates as under :—

College	% of seats reserved	
	SC	ST
Regional Coll.ge of Education at :		
(a) Bhopal	15%	5%
(b) Bhubaneswar . . . . .	15%	5%
(c) Mysore	15%	5%
(d) Ajmer . . . . .	17%	11%

(b) The NCERT runs a specialised nine months diploma course in educational and vocational guidance at post-graduate level at NCERT campus. For this course 15% seats are reserved for Scheduled Caste and 5% for Scheduled Tribe candidates.

## II. SCHOLARSHIPS

There is no separate scheme for award of scholarships stipends to Scheduled Caste|Scheduled Tribe students under the Ministry of Education. However, reservations have been made to Scheduled Caste|Scheduled Tribe students at pre-matric level under the following two schemes of the Ministry :

### A. Pre-matric scholarships

#### 1. Rural Talent Scholarships Scheme

The objective of this scheme is to achieve greater equalisation of educational opportunities by providing fillip to potential talent from rural areas. Under this scheme, scholarships are granted to talented students from rural areas from classes VIII to XII. The total number of scholarships available under this scheme at present is 33,000 per year. Out of this,

8,000 scholarships are reserved for Scheduled Caste|Scheduled Tribe students. The rates of scholarship vary from Rs. 30|- to Rs. 100|- per month, in accordance with the stage at which enrolled and whether a student is a hosteller or non-hosteller. The selection of students under this scheme is done at two stages. At the first stage, selection is made through an examination conducted at block level. The selected ones are to appear in a test conducted at district level at the second stage. Final selection is made with Community Development Block as a unit and the top students in the order of merit are awarded scholarships blockwise.

## 2. Residential Scholarships

This scheme provides opportunities for bright students from poor families to study in good public schools. The scheme covers entire expenses of selected scholars, including fees, mess charges, pocket allowance, dearness and travel allowances. The scholarship is tenable from classes VIII to XII. Of the total 500 scholarships granted every year under the scheme, 75 are reserved for SC and 38 for ST students. The selected students are nominated by the Central Government to different residential schools approved for the purpose.
