DOC. No. 2717

Date. 29.10.85

## P R E F A C E

Regional imbalances do exist in the field of educational development just as in urbanisation, distribution of income and wealth etc. There are some Districts which are educationally more backward as compared to other Districts of the State. In the Democratic set-up our aim is to bring these Districts at par with other Districts by providing them a heavy dose of educational facilities under Annual Plans.

'District wise Educational Statistics' is an important instrument which can expose regional disparity, prior to 1973-74 there was no proper system of maintaining District wise Educational Statistics in the State. It was only after the conduct of 3rd All India Educational Survey that the need for having District wise data was felt for identifying educationally backward areas/Districts which require special attention of the Govt. It assumed more importance in 1975 when single line administration was introduced in the State for the formulation and implementation of District Plans under the over all supervision of District Development Commissioners.

This volume of educational statistics is 3rd in the series and is aimed to highlight the inter district variations by giving district wise data on institutions, teachers and enrolment over the years from 1981-82 to 83-84. The data for 1973-74 has also been included in order to provide a comparative study of achievements.

Some important indices like teacher pupil ratio, institution teacher ratio and institution pupil ratio in schools and Colleges has also been indicated in this publication.

It is hoped that the present volume of 'District wise educational statistics' will prove useful to planners, Administrators and research scholars connected with educational development in J & K State.

This publication has become possible due to the efforts put in by the planning Statistics and Survey unit of Education Department and cooperation extended by field officers- under the supervision of Sh. A.S. Sidhu Additional Secretary Education.

Sd/- (M.A. Lehrwal)  
Secretary to Government  
Education Department.
