## PREFACE

This publication depicts the growth of enrolment in Classes I-V, VI-VIII and IX-XII during the period of 43 years 1950-51 to 1993-94. It covers enrolment in the classes Primary, Upper Primary and secondary/Higher Secondary of School education in all States/UTs.

The enrolment data given in this publication has been taken from the series of annual publications namely, 'Education in India (Vol.I)' brought out by Statistics Division of Department of Education, Ministry of Human Resource Development for the years 1950-51 to 1992-93. The data contained in Education in India publications is based on the information collected from Education Directorates of all State/UT Governments. The data relating to 1993-94 has been compiled from the publication "VI All India Educational Survey (Vol.IV)" brought out by NCERT.

Gross enrolment ratios for Classes I-V, VI-VIII and IX-XII given in this publication are based on single agewise population given in the Census of India publications for 1961, 1971, 1981 and 1991 for respective age groups 6-11, 11-14 and 14-18 years and for 1992-93, based on the projections made by the Office of the Registrar General of India. Such ratios for Classes I-V, VI-VIII for the year 1993-94 are those published by 6th All India educational Survey.

All efforts have been made to compile the data and education indicators for various years correctly from the information supplied by State Governments. Suggestions are welcome for improvement of this publication.

I take this opportunity to thank the State/Union territory Governments which have supplied information to this Ministry, personnel of the Statistics Unit and CMIS Unit for their effort in bringing out this publication.
