# PREFACE

This publication contains important statistics of examination results of the High School, Higher Secondary and Intermediate/Pre-University Examinations conducted by the various Boards in the Country for Secondary, Higher Secondary and Pre-University Education. The data on examination results would be useful in order to estimate the availability of manpower, its proper planning and for assessing the demand for higher education in the country as well as for catering to the needs of different organizations, educational planners and research scholars.

I take this opportunity to place on record the co-operation received from the offices of State and Central Boards of Secondary, Higher Secondary and Intermediate/Pre-University Education who have supplied the required data in time for bringing out this publication. I also express my appreciation of the work done by the Project Staff of the Statistics Bureau in bringing out this publication.

It is our constant endeavour to improve the coverage in this publication as well as its presentation based on the feedback from its users. Further suggestions, if any, for improving the publication are always welcome and may be sent to this Department.

# INTRODUCTION

Education comprises all deliberate, systematic, organized and sustained forms of communication designed to promote and bring about learning. Techniques of evaluation are means of certifying and grading evidence about the students' development in education/learning. The prevalent method of evaluation concerns mainly recall of information, which stresses upon cramming and rote memorization. It further lays more emphasis on scholastic aspects totally ignoring non-scholastic aspects. Other methods include observation techniques, oral tests, practical examinations, multiple-choice questions etc. Evaluation, however, is a continuous process and an integral part of the total system of education duly related to educational objectives. Several committees and commissions have discussed the adverse effects of the existing system of evaluation. The Secondary Education Commission after reviewing the ill effects of the existing system recommended a new approach of school evaluation and has made a number of concrete proposals for improvement of external examinations and internal assessment. As a result of this, the Union Government in 1958 established a central examination unit of trained evaluators. Following this, similar units were set up in the States with the State Councils of Educational Research and Training (SCERTs). The National Policy on Education, 1986 states that the major goal of examination reforms should be to improve the reliability and validity of examinations and to make evaluation a continuous process aimed at helping the student to improve his level of achievement rather than at certifying the quality of his performance at a given moment of time. The National Policy on Education 1986 as amended in 1992 stipulates that examinations should be employed to bring about qualitative improvements in education.

The data on results of Secondary and Higher Secondary/Intermediate examination contained in the publication have been collected from various Boards in the country. Three boards namely, Jammu & Kashmir State Board of School Education, Tripura Board of Secondary Education and Rabindra Mukta Vidyalaya, West Bengal could not supplied gender-wise distribution of students. The same has been estimated on the basis of gender ratio of the total students appeared at the national level in the respective examination. This implicitly helps us to draw a sort of comparison of quality among different Boards.

There are two boards for conducting Secondary and Higher Secondary level examination in Andhra Pradesh, Assam, Bihar, Karnataka, Manipur, Orissa and West Bengal. Among all the boards in the country, Uttar Pradesh (U.P.) High School and Intermediate Education Board is the largest Board as far as number of candidates appearing every year is concerned. The second largest board is the Maharashtra State Board of Secondary and Hr. Secondary Education followed by the Madhya Pradesh (M.P.) Board of Secondary and Hr. Secondary Education. The smallest Board in the country is the Mizoram Board of Secondary Education.

The following Boards conduct Intermediate/Pre-Degree examination at higher secondary level:

1. Board of Intermediate Education, Andhra Pradesh
2. Bihar Intermediate Education Council
3. Board of Pre-University Education, Karnataka
4. U.P. Board of High School and Intermediate Education.
5. Uttaranchal Shiksha evem Pariksha Parishad.

There are three open Boards namely, National Institute of Open schooling, New Delhi, M.P. Open School, and Rabindra Mukta Vidyalaya, West Bengal. These Boards conduct examination for both Secondary and Higher Secondary examinations. Among Open School Boards, NIOS is the largest Board as far as number of candidates appearing every year is concerned and Rabindra Mukta Vidyalaya, West Bengal is the smallest board.

Various tables contained in this publication give the sex-wise detailed information in respect of number of candidates who appeared and passed along with the pass percentage. The information regarding number of candidates who appeared and passed as regular and private students from various boards has also been given. Information on Scheduled Castes and Scheduled Tribe candidates who appears and passed in these examinations has also been given in this publication separately wherever available.
