

ELEMENTARY EDUCATION IN TRIPURA

Progress towards UEE

As On 30th September, 2008

Sarva Shiksha Abhiyan, Tripura

EMIS Wings

Tapan Chakraborty
Minister
Education (School) Department
Government of Tripura

MESSAGE

It is a matter of gratification that SSA Rajya Mission is bringing out a book containing documentation of Statistical Analysis basing on District Information System for Education (DISE).

In Tripura, collection of DISE data has been started since 2003-04. Since then data on different indicators are being collected from schools and are computerized. After that these data are scientifically analyzed. This is an exquisite derivation process.

I am confident that the state specific indicators presented on different aspects of UEE in the book containing documentation of data will be used at any level that intends to use it.

The database that has been generated through DISE shall significantly contribute in strengthening evidence-based decentralized planning and monitoring of elementary education.

I hope this unique book of documentation will be a databank to users who really intend to derive results out of it.

Principal Secretary
Education (School) Department
Government of Tripura

MESSAGE

It is indeed an accepted proposition that development of a sound information system is decisive for successful monitoring and implementation of any programme. Design of a school information system was, therefore, given priority from the very beginning of District Primary Education Programme (DPEP) in 1994. Consequent to that the District Information System for Education (DISE) was developed by the National University of Educational Planning & Administration (NUEPA), New Delhi.

Further, the importance of an Educational Management Information System (EMIS) was reiterated when Sarva Shiksha Abhiyan (SSA) was started in the year 2001. SSA guidelines envisage development of a community owned transparent EMIS and the character of operationalizing the programme includes deep strengthening of MIS infrastructure in all the States and UTs of the country.

I am extremely delighted to see that the State Office of SSA is bringing out the documentation exclusively on DISE data, analyzing the Database in Tripura, so far related to SSA and this will serve as a databank to educationists and researchers. The initiative taken by the System Analyst and concerned officers to bring out this important document is highly appreciated.

Banamali Singha
(Banamali Sinha)

Hiralal Chakraborty, IAS (Retd)

State Project Director
(Director of School Education)
Government of Tripura

MESSAGE

Sarva Shiksha Abhiyan (SSA) is an unprecedented elementary education programme of independent India. This biggest ever flagship programme aims at achieving universal elementary education in the country by providing and expanding access to primary schooling to the children of the age group of 6-14 years.

Educational Management Information System (EMIS) was, so to say, reproduced when the flagship programme- Sarva Shiksha Abhiyan (SSA) was launched in India 2001. SSA further contemplated development of a transparent EMIS.

SSA Tripura is also not out of the unique system and has been developing MIS as well as DISE data since inception. I am confident that the State –specific indicators presented on different aspects of UEE in this book containing documentation of data, will be used in planning for best-quality elementary education and that, data users, researchers and development planners interested in Education System will find the volume useful.

Hope this book of documentation will help a lot as a databank to the worthy users.

I record my deep appreciation for the arduous job carried out by the MIS team of SSA Rajya Mission Tripura led by Smt. Nirupama Talapatra, System Analyst in bringing out this book.

Flash Statistics : An Overview

“The highest education is that which does not merely give us information but makes our life in harmony with all existence.”

—Rabindranath Tagore

Sarva Shiksha Abhiyan (SSA) Programme, the comprehensive and integrated flagship programme had deeply contemplated to attain Universal Elementary Education by 2010. With a view to materializing this ambitious goal into reality gamut of educational data is a must. In this context, the District Information System for Education (DISE) was designed to provide District and Block level school data for planning, monitoring and reviewing of various project interventions. **DISE is an annual exercise with a uniform record date of 30th September.** The DISE data collected from schools are computerized at the District level and disseminated up to the school level in diversified ways. The Data Capture Formats so designed used for data accumulation are followed uniformly across states.

Further, SSA has a community based monitoring system, which further shares the DISE system. This monitoring system, termed as, Educational Management Information System (EMIS) incorporates provision for correlation of School Level data with community-based information from Micro Planning and surveys. **The EMIS forms the basis of the periodic reporting system.**

Through this exercise, gamut of school data are collected from all categories and types of schools managed by the State Govt., Central Govt., recognized aided and unaided schools. All these data thus collected are compiled, analyzed, verified, and consolidated from micro to macro levels in an upward filtration method and subsequently disseminated in the reverse manner i.e. from macro to micro levels at the implementation phase. The School Report Card has emerged and generated out of this scientific system in respect of each and every school, thus covered, are transmitted to all concerned with a direction to use this wonderful product as profile of the school to go ahead in the right direction of universalisation of elementary education.

Formulae used:

The main indicators presented in the Flash Statistics have been derived by using the following illustrative formulas. The derivations are given for schools in primary category only. The same method is applied for other categories and classificatory groups:

1. % Single-classroom schools = $\frac{\text{Primary schools having single classroom}}{\text{Total primary schools}} \times 100$
2. % Single-teacher schools = $\frac{\text{Primary schools having single teacher in position}}{\text{Total primary schools}} \times 100$
3. % Schools with SCR ≥ 60 = $\frac{\text{Primary schools having single classroom SCR} \geq 60}{\text{Total primary schools}} \times 100$
4. % Schools with pre-primary sections = $\frac{\text{Primary schools having Pre-primary Sections}}{\text{Total primary schools}} \times 100$
5. % Schools with common toilet = $\frac{\text{Primary schools having common toilet}}{\text{Total primary schools}} \times 100$
6. % Schools with girls' toilet = $\frac{\text{Primary schools having girls' toilet}}{\text{Total primary schools}} \times 100$
7. % Enrolment in Government Schools = $\frac{\text{Enrolment in primary schools having Education Department \& Tribal Welfare Department as school management}}{\text{Total enrolment in primary schools}} \times 100$

8. % Enrolment in Government Aided Schools = $\frac{\text{Enrolment in primary schools having Govt. Aided as school management}}{\text{Total enrolment in primary schools}} \times 100$
9. % Enrolment in single teacher schools = $\frac{\text{Enrolment in primary schools having single teacher}}{\text{Total enrolment in primary schools}} \times 100$
10. % Schools having female teachers = $\frac{\text{Primary schools having female teachers}}{\text{Total primary school}} \times 100$
11. % Students in schools without building = $\frac{\text{Enrolment in primary schools having no building}}{\text{Total primary schools}} \times 100$
12. % Students in schools without blackboard = $\frac{\text{Enrolment in primary schools having no blackboard}}{\text{Total primary schools}} \times 100$
13. % Under-age & over-age children = $\frac{\text{Enrolment in Grades I-V below '6' & above '11' years}}{\text{Total enrolment in Grades I-V}} \times 100$
14. % SC enrolment = $\frac{\text{Enrolment of SC in primary classes}}{\text{Total enrolment in primary classes}} \times 100$
15. % SC girls to SC enrolment = $\frac{\text{Enrolment of SC girls in primary classes}}{\text{Total SC enrolment in primary classes}} \times 100$
16. % ST enrolment = $\frac{\text{Enrolment of ST in primary classes}}{\text{Total enrolment in primary classes}} \times 100$

17. % ST girls to ST enrolment	=	$\frac{\text{Enrolment of ST girls in primary classes}}{\text{Total ST enrolment in primary classes}} \times 100$
18. Pupil –Teacher Ratio (PTR)	=	$\frac{\text{Total enrolment in schools of primary category}}{\text{Total teachers in primary schools category}} \times 100$
19. Student- Classroom Ratio (SCR)	=	$\frac{\text{Total enrolment in primary schools}}{\text{Total classrooms in primary schools}} \times 100$
20. % Schools with PTR \geq 100	=	$\frac{\text{Total primary schools having PTR } \geq 100}{\text{Total primary schools}} \times 100$
21. % Female Teachers	=	$\frac{\text{Total female teachers in primary schools}}{\text{Total teachers in primary schools}} \times 100$
22. Gender Parity Index (GPI)	=	$\frac{\text{Girls' enrolment in Primary Grades in year 't'}}{\text{Boy's enrolment in Primary Grades in year 't'}} \times 100$
23. Ratio of Primary to Upper Primary Schools/Sections	=	$\frac{\text{Total number of Primary Schools/Sections in year 't'}}{\text{Total number of Upper Primary Schools/Sections in year 't'}} \times 100$
24. Gross Enrolment Ratio (GER)	=	$\frac{\text{Total enrolment in Grades I-V}}{\text{Population of age 6-11 years}} \times 100$
25. Net Enrolment Ratio (NER)	=	$\frac{\text{Total enrolment in Grades I-V in the age group 6-11 yrs}}{\text{Population of age 6-11 years}} \times 100$
