## INTRODUCTION

The 'Handbook of Teaching Facilities' contains the facilities available in the Teaching Departments of Universities in the country during 1984-85. It has been prepared on the basis of the Directory of Teaching Departments of Indian Universities 1982-83 and the information collected from the universities regarding new courses introduced during 1983-84 and 1984-85.

The 'Hand Book' provides the names of the disciplines/subjects arranged alphabetically according to Faculty and the Universities. To begin with, the 'Hand Book' mainly depicts the teaching facilities available in the Faculties of (1) Arts, (2) Science, (3) Languages (Indian & Foreign), (4) Religious Studies/Culture etc., (5) "Others" and (6) Miscellaneous. The Miscellaneous section covers subjects not covered in the preceding faculties.

Teaching facilities for Indian Languages other than Hindi and Sanskrit are clubbed together and shown under the head "Languages - Indian and Foreign". Similarly Foreign languages other than English are also clubbed together shown under head "Languages -Indian and Foreign". The teaching facilities for "Religious Studies, Culture, Area Studies" etc. are shown under a separate head "Religious Studies/Culture/Area Studies/Theology". Besides these, "Other" faculties' include disciplines like Journalism, Library Science, Music, Fine Arts and Social Work etc.
