NOTE :—For Tirunelveli Kattabomman District—District area figures are derived by subtracting Chidambaranar district area figures from old Tirunelveli district because in Chidambaranar district taluks are not bifurcated. Moreover in the District Primary Census Abstract it is stated that the area figures of the District total represent the "Geographical Area" figures supplied by the Surveyor-General of India. Urban area figures are supplied by the Local Bodies and Revenue Authorities. The Rural Area figures of the Districts/Taluks are derived by subtracting the Urban Area figures. The total of the area figures of the taluk will not tally with the District Area figures. (P. 10 Part XIII B District Census Hand Book, Tirunelveli, Census of India, 1981).
