P R E F A C E

"EDUCATION IN INDIA VOL.II(S)" is brought out annually by the Department of Education, Ministry of Human Resource Development, New Delhi. The publication contains All India and State-wise Financial Statistics relating to all recognised educational institutions in the field of school education.

The publication is brought out in three Volumes-Vol. I(S) containing numerical data on school education; Vol. II(S) the financial data on school education, Volume III examination results of matriculation class and higher levels. The Volumes corresponding to I(C) and II(C) in respect of College Education are yet to be brought out. The present publication Vol.II(S) relates to the year 1990-91.

The entire publication is divided into two parts. Part-I contains an abstract and a general survey of financial data on School Education at the Centre and in the States during the year 1990-91. Part II comprises state-wise Statistical Tables based on information collected from the State and Union Territories through forms ES-II(S).

I would like to thank the officers/ staff of State/ Union Territory Administrations, Statistical Unit and CMIS Unit of the Ministry in bringing out this publication. Due to non- receipt of data from Sikkim, Dadra and Nagar Haveli, West Bengal & Lakshadweep, data for the previous years have been repeated.

This publication has been brought out in resographic form for making available the data for official use. This data is also available on floppies.

Further suggestions, if any, for improving the publication are welcome and may be sent to Dr. R.S. Thakur, Joint Director (P).

PART I - GENERAL SURVEY

PART-I - GENERAL SURVEY

ABSTRACTS-STATISTICAL ANALYSIS

INCOME

Income of Educational Institutions for the purpose of this Publication, relates to the amounts received from Government (Central and States), Universities and Local bodies as well as received from Fee, Endowment and Other sources. Income of an Institution could be recurring as well as Non-recurring.

The total Income of all recognised Educational Institutions (School) amounts to Rs. 11296.36 Crores during the year 1990-91 (Table 1.01). The Recurring Income constitutes Rs.10970.13 Crores (97.11 percent) and the balance of Rs.326.23 Crores (2.89 percent) was Non recurring Income. The share of recurring Income varies between 76.90 to 100%, for different levels of School education starting from Pre-Primary to Higher Secondary/Pre-degree level (Table 1.01, col.12).

Analysis of percentage distribution of total Income of the different categories of Institutions reveals that the Primary Schools accounted for the largest percentage share of 36.32% while the lowest percentage of 0.08% was for Intermediate/Pre-Degree (col.15).

In case of Non recurring Income the highest and Second highest percent share goes to High/Post Basic School and Middle Senior Basic School with shares of 29.44 percent and 23.65 percent respectively. For Higher Secondary schools (10+2 pattern) this percentage is 22.63 followed by Primary/Junior basic schools 15.22% . For all other categories of Institutions the percentage is less than 6% .Details for different categories of institutions are given in Table 1.01.

Details of Income from Government Funds for all categories of Institutions are given in table 1.03. Government funds accounted for as much as Rs. 9852.12 crores.

The Government (Centre and State) contributed more than Rs. 9639.06 of the recurring income for the School Education. The major share of Non-Recurring income also comes from the government source. Over the years the share of Government in the income generation of educational institutions has increased from about 57.06% in 1950-51 to more than 87.2% in the year 1990-91.

Expenditure

The total Expenditure incurred by all types of Institutions engaged in School Education was of the order of Rs. 9786.40 Crores comprising Rs. 9505.76 Crores of Recurring Expenditure (97.73%) and Rs. 280.64 Crores of Non-Recurring Expenditure (2.17%).

Of the total Recurring Expenditure on the recognised educational Institutions, the major portion was spent on Primary schools (30.14%) followed by High, Post Basic schools (24.73%) Middle/Senior Basic schools (22.83%) Higher secondary schools 10+2 pattern (16.97%). For all other categories of Institutions the percentage is less than 3% (Table 1.04).

As for the Non-Recurring Expenditure, the highest percentage was in the case of Middle/ senior Basic Schools i.e. (26.24%) followed by Higher Secondary Schools (10+2) pattern (22.93%) Primary/Junior Basic Schools (22.03%) High Post basic Schools (21.65%). In case of each other category of Institutions, the Non-Recurring Expenditure is less than 3% percent (Table 1.04).

Details of Recurring and Non Recurring Expenditure by items are given in table 1.05. It will be seen that salaies of teaching staff account for about 81.00% percent, while the share of the salries of the Non- teaching staff is 7.56 percent. Only 0.18 percent of the Recurring Expenditure is incurred on Hostel, 0.24 percent on Libraries 0.78% percent on stipends, scholarships and other financial concessions, 0.37 percent on Apparatus, chemicals and 9.87 percent on other items.

Analysis of Statewise data (Table V in the Annexure) reveals that percentage of Recurring Expenditure on Salaries to total Recurring Expenditure on School Education varies from the lowest of 68.49% for Arunachal pradesh to the highest of 95.84% for Daman & Diu against the All India percentage of 91.21%. Except for Arunachal pradesh in all other States, the salary component consumes more than 75 percent of the total Recurring Expenditure on School Education.

Trends during 1950-51 to 1990-91.

Statement No.1 depicts the trends in Income of all types of Educational Institutions from different sources during the period 1950-51 to 1990-91. It may be seen that Government fund is the major source of Income for Educational Institutions. Funds provided by Local Bodies are basically transfer from Central/ State Governments.

The share of Government Funds has increased from 68% in 1950-51 to 93% in 1990-91. It is also interesting to observe that the share of fees has gone down considerably from 20.39% to as low as 3.43% during the same period. The share of endowment and other Sources has also decreased considerably from 11.62% in 1950-51 to

3.05% in 1990-91. From these it may be inferred that Government is the main funding Agency for all types of Educational programmes in the country.

The main reasons for increasing share of Government funds for running of various types of Educational programmes are:

- (a) School level education has been made free upto Class VIII in almost all the States and even upto Class X in some of the States.
- (b) large number of Government Schools have been opened in rural areas; and
- (c) Grants to private Institutions by the Government have also been liberalized to enable the private schools management to meet the increasing Expenditure.

No doubt large number of private schools (mostly english medium) have been opened since Independence but most of these are located in big cities and towns only to cater to the needs of ever rising ambitions of middle class parents who can afford to pay high fees for such types of schools. Many of such schools are unrecognised and are not covered under the existing system of collection of Educational statistics as a result of which income/ expenditure in respect of these unrecognised schools is not covered in the figures reported in this publication.

Note:

Numerical and Financial educational Data is collected only from recognised Institutions along with privately management (Aided/ Unaided) Institutions also.

Statement 1

Total Income (Recurring & Non recurring) of all types of Educational Institutions by Sources: during 1950-51 to 1990-91
