F O R E M O R D

Information pertaining to schools in the Tribal Sub-Plan areas is often required by educational planners, administrators and persons interested in the progress of education among the disadvantaged sections. To meet this need, the Statistics & Survey Section of the Directorate has brought out this booklet which contains important data pertaining to schools under Tribal Sub-Plan areas of the North Tripura District. This is the third and last volume in the series.

It is hoped that concerned Departmental Officers, particularly Inspecting Officials posted at the field level, will carefully analyse the information available in this volume and take early steps for all-round improvement of the schools.

I am thankful to the staff of the Statistics & Survey Section for having brought out this useful compilation. Any suggestion for its improvement will be thankfully received.

AGARTALA.

Dated, the August 27, 1979.

J. C. Banerji  
Director of School Education  
Tripura
