PREFACE

EXAMINATION RESULTS—1977

The University Grants Commission collects and compiles information regarding Examination Results including Doctorates awarded from all Indian Universities and Institutions deemed to be Universities annually but no separate publication containing examination results had been brought out till 1979. However, with the phased process of transfer of collection and compilation of Statistics pertaining to higher education sector from the Ministry of Education and Culture to the University Grants Commission, the Information and Statistics Division of the Commission started bringing out a separate publication in 1980 containing examination results from 1973 onwards. The present one pertains to the year 1977.

The Examination Results from the year 1977 are collected and compiled with a difference from that of the preceding years and are given in tables 8 to 208. The results given in tables 8,9,11,16,119, 125 to 208 for instance depict results in respect of total (Men + Women) and Women, as the case may be for the year 1977 — Annual and Supplementary instead of 1977 Annual plus 1976 Supplementary as was the practice in previous years. However, tables 12 to 15, 120 and 121 depict the 1977 Annual plus 1976 Supplementary results in respect of M.A. and M.Sc. subject-wise as the 1977 Supplementary subject-wise M.A. and M.Sc. results could not be obtained from the Universities. It is because of this fact that the totals of M.A and M.Sc. results as shown in tables 25 and 35 do not tally with the totals of M.A. and M.Sc. results in tables 120 and 121.

Every effort has been made to collect information from all the Universities and Institutions deemed to be Universities but the coverage during 1977 has reached to the extent of 96.5 per cent. *The information through B-5 Schedule has been received from all the universities except Patna, Calicut, Kanpur and Kalyani. However, for the benefit of Researchers and other user Agencies of these data, the results of the previous years in respect of these four universities have been given separately at the end of table 8 and the Course-wise results in detail are in Tables 10-B and 124.*

SALIENT FEATURES

The Salient Features of the 1977 Examination Results are as under:

- (1) All the 105 universities and ten institutions deemed to be universities established till 1976 except Gandhi Rural Institute, have conducted examinations during 1977.
- (2) The Examination Results for 1977 (Annual and Supplementary) as per B-5 Schedule were received from 101 universities and nine institutions deemed to be universities. The following four universities have not furnished the examination results for the year 1977:
 (1) Calicut (2) Kalyani (3) Kanpur (4) Patna

(3) Doctorates Awarded

During the year 1976-77 in all 3,843 doctorate degrees were awarded as against 3,465 in 1975-76 which means an increase of approximately 11%. The detailed information regarding Doctorate Degrees awarded according to Faculty, Subject and University are given in Tables 1 to 7.

(4) Degree Examinations

During 1977, in all 11,74,167 candidates appeared in the Ist and 2nd degree examinations of which 7,06,826 were declared successful leading to the overall pass percentage of 60.2 which has improved remarkably by 6.8% over the previous year in which the pass percentage was 53.4. These figures however, exclude the examination results of the Universities of Patna, Calicut, Kanpur and Kalyani from which the results for 1977 were not available.

Of the total number of 7,06,826 candidates who have passed during 1977, 2,03,997 are Women. The pass percentage in respect of Women is 62.0 which is slightly higher than over all pass percentage of 60.2.

The number of graduates who have passed during 1977 is 5,97,458 of which the number of Women Graduates is 1,70,905. In so far as Postgraduates results are concerned there are 1,09,368 candidates who have been declared successful including 33,092 Women candidates as indicated below:

Examination Results - 1977

Examination	1977(Annual & Supplementary)	
	Total passed	Women
Graduate	5,97,458	1,70,905 (28.6%)
Post-graduate	1,09,368	33,092 (30.3%)

As may be seen from the above Table, the percentage of successful Women candidates is higher in Postgraduate Degree than the Graduate Degree.

The following table gives course-wise examination results in respect of total and Women for the years 1976 (1976 Annual + 1975 Supplementary) and 1977 (Annual and Supplementary) along with the percentage increase or decrease as the case may be. Although the figures of these two years are not comparable because of the fact that 1976 results include 1975 Supplementary results whereas 1977 results include 1977 supplementary instead of 1976 supplementary still these may be useful to predict the future trend see Table on next page.

* Communication

- (5). It has been observed that the researchers and the users of educational statistics were finding it difficult to retrieve the old out-turn data in respect of examination results as the old results were not published. To facilitate quick retrieval of this old data Appendices I and II exhibiting the Examination Results at a glance for the years 1950 to 1977 are being annexed to this publication. It is hoped that this will be of much help to information seekers on the subject in future.*

Similarly, the total stock of Manpower (Graduates, Post-graduates and Ph.D's) and the stock of women (Graduates, Post-graduates and Ph.D's) are also not available with any organisation except the stock of Technical and Scientific personnel in India. Considering this fact, an effort has been made to estimate the total stock of graduates, post-graduates and Ph.D's awarded, after taking the stock enumerated in 1971 census as base (Appendies III & IV). It may be emphasised here that the coverage of the "Degree Holders and Technical Personnel Card" which was canvassed to all graduates, has not been adequate. As such, much reliance may not be placed on these figures. The trend, may, however, be useful. The Attrition rate of 2% has been taken, as the same rate is being adopted by the Institute of Applied Manpower for estimating stock of manpower in the country.

Limitations

- (i) The out-turn for the years 1979 to 1982 is taken to be the same as for the year 1978 for calculating stock due to non-availability of examination results for these years.
- (ii) The estimated stock has been worked out without taking into account the out-rurn from IITS and other institutions of national importance and the out-turn of Indian nationals from foreign universities.
- (iii) In so far as women stock for the period 1972 to 1975 is concerned it has been estimated after working out the out-turn of women candidates taking the average growth rate of out-turn during 1971 and 1976, as the results of women candidates for the years 1972 to 1975 are not available. For the years 1976 to 1978 the stock of women has been estimated on the basis of actual out-turn of women candidates. However, because of non-availability of women Ph.D's the stock is estimated only on the basis of out-turn of women graduates and post-graduates during 1977 to 1982.

Taking all these limitations into consideration, the total stock of Graduates, Postgraduates and Doctorates is estimated to be 92.87 lakhs at the end of 1982 as against 66.61 lakhs and 19.42 lakhs during 1978 and 1971 (begining) respectively. The following table depicts faculty-wise total stock of Graduates, Postgraduates and Doctorates in the country during the years 1950, 1960, 1971 (begining) 1978, and 1982: (The details of estimated stock of educated manpower are given in Annexure III).

(3) The stock for the years 1971 to 1982 has been worked out on the basis of the examination results available. However, while estimating the stock for these years, the out-turn of Indian nationals from Foreign Universities, IITS and other Institutions of National Importance has not been taken into account as the same was not available.

Similarly, the stock of Women Graduates, Postgraduates and Doctorates for the year 1982 has been estimated as 24.33 lakhs, which is 26.20% of the total stock. The percentage of women stock to total stock during 1971 (beginning) and 1978 were 20.24% and 24.51% respectively. This indicates that during 1971 to 1978 the stock of women educated manpower increased at higher rate of growth than during 1978 to 1982. The following table gives the faculty-wise estimated women stock during 1971 (beginning), 1978 and 1982: The details are given in Annexure IV.

Source: For Stock of 1971 (Beginning) census of 1971, G. Series (National level)

Note: (1) The stock for the years 1972 to 1975 has been estimated taking the average increase in the out-turn of women candidates during the years 1971 to 1976 as the examination results are not available for these years. For the years 1976, 1977 and 1978 the stock of women graduates has been estimated on the actual results collected by the State Divisions of U.G.C. and without taking into account women Ph.D. Degree holders.

(2) The stock for the years 1979 to 1982 has been estimated taking into account the examination result of 1978, as the results for these years are not yet available.

(3) These estimates are worked-out without taking into account the out-turn of Indian nationals from Foreign Universities, IITS and other Institutions of National Importance as the same was not available.

Source: (1) For stock of 1971 (Beginning) census of 1971, G. Series (National level).

Note : (2) The stock for the years 1972 to 1975 has been estimated taking the average increase in the out-turn of women candidates during the years 1971 to 1976 as the examination results are not available for these years. For the years 1976, 1977 and 1978 the stock of women graduates has been estimated on the actual results collected by the State Division of UGC and without taking into account Women Ph.D. Degree Holders.

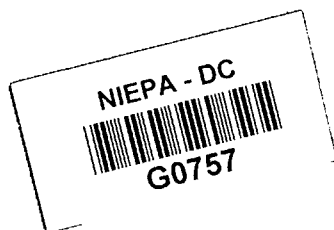

(3) The stock for the years 1979 to 1982 has been estimated taking into account the examination result of 1978, as the results for these years are not yet available.

(4) These estimates are worked out without taking into account the out-turn of Indian nationals from Foreign Universities, IITS and other Institutions of National Importance as the same was not available.

(5) The out-turn for the years 1979, 1980, 1981 and 1982 is taken same as for the year 1978 because of non-availability of actual examination results for these years.
