Foreword

EDUCATIONAL SURVEYS have a vital role to play in the perspective planning of educational facilities. The first two all-India surveys on education conducted in 1957 and 1965 by the Ministry of Education, Government of India, were related to school education only and did not cover higher education at all. The present one is the third in the series of All-India Educational Survey and covers higher education for the first time. In the area of higher education, the Survey was undertaken by the University Grants Commission on behalf of the Ministry of Education and Social Welfare. The present survey was to be much wider and extensive in scope and more closely related to the programmes we had in view for the fifth five year plan.

In the first phase, in order to make some basic data available to educational planners and other users immediately, the data have been compiled on the number of institutions, their enrolment, hostels and library facilities in different states and Union Territories. In this volume, the number of institutions and the number of students in rural and urban areas have also been presented separately district-wise in different states and Union Territories. Besides basic data, an attempt has been made to make a

comparison of the figures of the Third All-India Educational Survey on Higher Education with the past data in order to see the pattern of growth in higher education during the period, 1963-73.

Phase II envisaged studies of collection of more detailed information on topics relating to: Subject-wise distribution of enrolment at various levels, course-wise enrolment in respect of scheduled castes and scheduled tribes, examination results, medium of instruction, income and expenditure, fees charged from students, pay scales of teaching staff etc.

The survey has been completed mainly due to the active participation of the universities, colleges and various other individuals and agencies without whose help it would not have been possible to complete the survey at such an early date. Prof. P.K. Bose, Professor and Head of the Department of Statistics, Calcutta University, has been unstinting in giving his time and energy to the completion of this survey. Without his active help and expert guidance, the survey could not have taken the shape it has.

I hope that this volume will prove useful to educational planners and administrators at the Centre, in the States and at district level for educational planning.

Introduction

In 1973, the Ministry of Education and Social Welfare decided to organise the Third All-India Educational Survey. Unlike the First and Second Surveys of 1957 and 1965, the Third Survey was to be more extensive in scope. It had to cover, besides school education, higher education, technical and vocational education, educational administration and culture. The work relating to higher education was entrusted to the University Grants Commission, which established a Survey Unit for this purpose. For providing expert guidance and direction, the Commission also set up an Advisory Committee consisting of the following members:—

- | | |
|--|---|
| <p>(1) Professor P.K. Bose
Pro-Vice-Chancellor,
Calcutta University,
Calcutta. ... Chairman</p> | <p>(8) Professor J.N. Kapoor

Joint Director,
National Council for
Educational Research
and Training,
New Delhi. ... Member</p> | |

2. The Advisory Committee met in New Delhi on 17th August, 1973, 5th February, 1974, 16th October and 24th December, 1975, 17th February, 11th June, 20th July and 9th and 10th December, 1976 and 15th December, 1976 and 25th January, 1977. In its first meeting, the Committee laid down that the main objective of the present Survey should be to collect data and information, as comprehensive as possible, in order to make it useful for purpose of planning and policy making and for taking administrative decisions scientifically on important educational issues: The data should also be useful in determining trends and relationships, gaps and imbalances and for making comparisons. The other objectives should be :—

- (a) to assess the existing facilities for higher education;
- (b) to find out the extent to which the existing institutions of higher education satisfied the 'norms' prescribed or laid down—in particular to see how far the colleges satisfied the specifications/norms, laid down by the university; and

(c) to help the Central and State Governments in proper planning of Higher Education and to improve state level planning.

3. Keeping the above objectives in view, two schedules were designed for the universities and two for the affiliated colleges. The first schedule (S-O) related to collection of basic data only (institutions, enrolment, teachers and hostel and library facilities). The second schedule (S-1) was meant to collect more detailed information on topics relating to subject-wise distribution of enrolment at various levels; course-wise enrolment in respect of scheduled castes and scheduled tribes; examination results; medium of instruction; income and expenditure, fees charged from students, pay scales of teaching staff: etc. On account of limited time it was decided to circulate only the first schedule (S-O) to the concerned institutions on the basis of lists available in the office of the University Grants Commission. In the case of non-affiliated institutions, only one schedule was prepared and circulated to institutions included in the list maintained by the Ministry of Education & Social Welfare. The date of reference for collection for data in all the cases was 31st December, 1973.

4. The response, on the whole, was encouraging. Ninety-four universities (out of 95), all institutions deemed to be universities (9), all institutions of national importance (8), 96.8% of degree and post-graduate colleges affiliated to universities (3,856 out of 3,983) and 72.7% of non-affiliated institutions (90 out of 121) furnished the information.

5. In view of the enormous amount of work involved in processing the data, it was decided to get the data relating to the affiliated colleges tabulated mechanically. Punching/verification of the data was done at the Programme Evaluation Organisation of the Planning Commission and final processing at the

Computer Centre of Delhi University. The data relating to teaching departments of universities, institutions deemed to be universities and institutions of national importance and of non-affiliated institutions was tabulated manually in the Survey Unit.

6. The tables in the Survey Report have been divided into three parts. The first part contains—All India tables with a brief note on each table. The second part comprises State tables, while the third part which relates to non-affiliated institutions, has five tables. A chapter surveying the progress of higher education during the period 1963-64 to 1973-74 has also been included in the Report. The Report excludes Intermediate/Pre-University classes, which have been taken care of in the Survey Report relating to school education, prepared by the National Council for Educational Research and Training.

7. The Report is the cooperative effort of the Survey Unit, colleges and individuals and agencies. Special mention, in this connection, may be made of the individual attention given by Shri R. K. Bhandari of the Ministry of Education and Social Welfare who provided expert guidance to the Survey Unit in designing of the tables and collection of data and helped in the drafting of the Report. Thanks are also due to Shri S.M. Luthra and Dr. (Mrs.) Gita Bhowmik, Computer Center of Delhi University and Shri A.K. Bhattacharya of the Planning Commission for help in processing the data and to the authorities, institutions of national importance and colleges for providing the basic data for the Report. The Committee would like to place on record its appreciation of the hard work put in by the staff of the Survey Unit under the able guidance of Shri J.P. Vinayak, Chief Coordinator, Shri H.L. Chandel and Shri P.K. Gorawara as Coordinators in the preparation of the Report.

Chapter 1

Progress of Higher Education during 1963-64 to 1973-74

A Comparative study of Higher Education with special reference to Third All-India Educational 'Survey' on higher education with regard to enrolment, teachers, hostel residents and library facilities during the period 1963-64 to 1973-74 has been made in order to get an idea of growth over the last decade. The comparison could not be made possible wherever the comparative figures for the past years were not available. Several interesting but crucial facts emerged from the study :

The number of universities increased from 55 in 1963-64 to 95 in 1973-74 by 40; while the number (9) of Institutions of National Importance remained the same, the number of institutions deemed to be universities increased from 7 to 9 during the last decade. The number of colleges increased from 2,111 in 1963-64 to 4,308* in 1973-74 by 2,197. These figures are reproduced in Table 1 below :

Table 1 : Growth of Institutions of Higher Education during 1963-64 and 1973-74

Year	Number of Universities	Number of Institutions deemed to be Uni-versities	Number of Institutions of National Importance	Number of affiliated colleges
1963-64	55	7	9	2,111
1973-74	95	9	9	4,308

Source : (1) University Development in India 1963-64.
(2) Third All-India Educational Survey Higher Education 1973-74.

The average annual rate of growth of colleges was 212 over the last decade. This has been arrived at by taking the average increase of colleges over the preceding year during the period 1963-64 to 1973-74.

Enrolment :

In 1973-74, while the total enrolment in higher education was 22,27,020 : (this excludes enrolment

*In order to make the figures comparable with the past data, 230 colleges which were university teaching departments as covered in the Survey report, are included in the figure 4,308.

of 11,859 in the institutions of national importance): the total enrolment in 1963-64 was 8,45,389. These figures are reproduced in Table 2 below :

Table 2 : Growth of Enrolment in Higher Education (excluding Institutions of National Importance) during 1963-64 and 1973-74

Year	Total	Actual increase over the preceding year	Percentage increase
1963-64	8,45,389	—	—
1964-65	9,55,706	1,10,317	13.0
1965-66	10,74,041	1,18,335	11.0
1966-67	11,97,461	1,23,420	10.3
1967-68	13,70,261	1,72,800	12.6
1968-69	15,66,103	1,95,842	14.3
1969-70	17,92,780	2,26,677	12.6
1970-71	19,53,700	1,60,920	9.0
1971-72	20,65,041	1,10,341	5.7
1972-73	21,68,107	1,03,066	5.0
1973-74	22,27,020	58,913	2.7

Source : (1) University Development in India 1963-64.
(2) Third All-India Educational Survey Higher Education 1973-74.

Thus the total enrolment in higher education registered an average annual compound rate of increase of 10.1% during 1963-64 to 1973-74. However, during 1964-65 to 1969-70, the annual rate of increase of enrolment decreased from 13.0% to 12.6%; in 1969-70 this rate decreased from 12.6% to 9.0% in 1970-71; but from 1970-71 to 1973-74, the percentage decreased from 9.0 in 1970-71 to 2.7 in 1973-74, the average annual rate of increase being 5.6 per cent during 1970-71 to 1973-74.

This clearly showed that the rush for admissions to university education had been on the decline considerably for the past few years.

So far as women enrolment in higher education was concerned, the data was available only from 1966-67 to 1973-74 as reproduced in Table 3 :

Table 3: Women enrolment in Higher Education during 1966-67 to 1973-74 (Institutions of National Importance excluded)

Year	Total Enrolment	Women Enrolment	Percentage to total
1966-67	11,90,713	2,55,542	21.5
1967-68	13,70,261	3,00,832	21.9
1968-69	15,66,103	3,46,957	22.1
1969-70	17,92,780	3,94,594	22.0
1970-71	19,53,700	4,31,522	22.0
1971-72	20,65,041	4,68,696	22.7
1972-73*	21,68,107	4,95,038	22.8
1973-74	22,27,020	5,20,825	23.4

Source : (1) University Development in India 1963-64.
(2) All-India Educational Survey Higher Education 1973-74.

*Estimates.

During the period 1966-67 to 1973-74, there had been a steady growth of women enrolment in higher education. The percentage of women students in higher education to the total enrolment in higher education increased from 21.5 in 1966-67 to 23.4 in 1973-74.

The analysis of enrolment in higher education according to rural and urban areas revealed that in 1973-74, the total enrolment in urban areas was 18.72 lakhs constituting 83.6% of the total enrolment and 3.66 lakhs (16.4%) in rural areas. Of the former 24.5% were women as against 17.2% of women students in rural areas. The corresponding data for the past years were not available.

In 1973-74, of the total enrolment of 22,27,020, (excluding enrolment of 11,869 in institutions of national importance) while 19,64,725 (88.2%) students were enrolled in affiliated colleges and 2,62,295 (11.8%) were enrolled in university teaching departments and institutions deemed to be universities : in 1963-64, the corresponding figures were : 6,90,250 (81.6%), and 1,55,139 (18.4% of the total enrolment of 8,45,389). The figures are reproduced in Table 4 below :

Table 4 : Distribution of student Enrolment in Institutions of Higher Education and affiliated colleges (Institutions of National Importance excluded) during 1963-64 and 1973-74

Year	Total Enrolment in Higher Education	Enrolment in Teaching Departments	Percentage to total	Enrolment in Affiliated Colleges	Percent. to total
1963-64	8,45,389	1,55,139	18.4	6,90,250	81.6
1973-74	22,27,020*	2,62,295	11.8	19,64,725	88.2

Source : (1) University Development in India U.G.C. — 1963-64.

(2) Third All-India Educational Survey Higher Education.

*Includes 449 students for which the faculty and stage-wise break-up is not available.

The trend indicated that while the percentage of students enrolled in the affiliated colleges increased from 81.6 to 88.2, it decreased from 18.4 to 11.8 during 1963-64 and 1973-74 in University Teaching Departments.

In affiliated colleges, while in 1973-74, the percentage of women students to the total enrolment in affiliated colleges was 24.0, the percentage of women students in university teaching departments and institutions deemed to be universities was 19.1; the corresponding percentage for 1964-65 were 20.9 and 16.7.* The corresponding figures for 1963-64 were not available.

In 1973-74, while the total number of students enrolled in general education (arts, science and commerce faculties) was 18,01,037 (80.9% of the total enrolment), in professional faculties (education, engineering, technology, medicine, agriculture, vet. science and law) the total enrolment was only 4,11,585 (18.5% of the total) and 0.6% were in 'other' faculties. The corresponding picture in 1963-64 showed that while the total number of students enrolled in general education was 6,43,040 (76.0% of the total), in professional faculties; it was 1,99,684 (23.7% of the total enrolment), and 2,665 (0.3%) were enrolled in 'other' faculties. The figures are reproduced in the Table 5.

The trend indicated that number of students in professional faculties decreased and considerably increased in general education courses during the last decade. Among general education courses in Arts faculty, the percentage of enrolment to the total, increased from 40.4 in 1963-64 to 44.6 in 1973-74, whereas in Science faculty, it decreased from 25.4 in 1963-64 to 20.7 in 1973-74; in Commerce the percentage increased from 10.2 in 1963-64 to 15.6 in 1973-74. Among professional faculties, in Education, the percentage increased from 3.2 in 1963-64 to 3.3 in 1973-74, in Engineering and Technology the percentage decreased from 8.1% in 1963-64 to 3.8% in 1973-74; in Medicine the percentage decreased from 5.8 in 1963-64 to 4.6 in 1973-74; in Agriculture & Veterinary Science the percentage decreased from 3.1 in 1963-64 to 1.4 in 1973-74; in Law, the percentage increased from 3.5 in 1963-64 to 5.4 in 1973-74. In the remaining 'other' faculties the percentage increased from 0.3 in 1963-64 to 0.6 in 1973-74.

The analysis revealed that among General Education, while the enrolment during 1963-64 to 1973-

*This percentage has been calculated without taking into account women enrolment of 468 in institutions deemed to be universities.

Table 5 : Enrolment trend in different faculties in Institutions of Higher Education (excluding institutions of national importance) during 1963-64 and 1973-74

Faculty	1963-64	Percentage to total	1973-74	Percentage to total	Annual Compound Growth rate
Arts	3,41,746	40.4	9,93,805	44.6	11.3
Science	2,14,819	25.4	4,60,001	20.7	7.9
Commerce	84,475	10.2	3,47,231	15.6	14.9

Others	2,665	0.3	13,949	0.6	18.1
Total	8,45,389	100.0	22,26,571*	100.0	10.3

Source : (1) University Development in India U.G.C. 1963-64.

(2) Third All-India Educational Survey Higher Education.

*Excludes 449 students for which the faculty-wise break-up is not available.

74 registered an average annual compound rate of increase of 11.3 per cent in Arts, 7.9 in Science and 14.9 in Commerce; in professional courses, the corresponding percentage increase was maximum (15.2%) in Law, followed by Education (10.5%); Medicine (7.6%); Agriculture (2.3%); and Engineering and Technology (2.2%) whereas in Veterinary Science the enrolment decreased at an average annual compound rate of 1.7% during the last decade.

The faculty-wise analysis revealed that in 1973-74, of the total women enrolment of 5,20,825, 4,58,603 (88.1%) were enrolled in general education courses, and 55,953 (10.7% of the total) were enrolled in professional faculties and 6,269 (1.2% of the total) were enrolled in 'other' faculties.

The analysis revealed that while in professional faculties the percentage of women students to the total increased, in General Education it decreased during the last decade.

The figures are reproduced in Table 6 below:

Table 6 : Women enrolment in different faculties during 1964-65 and 1973-74**

Faculty	Women Enrolment 1964-65**	Percentage to total Enrolment	Women Enrolment 1973-74	Percentage to total Enrolment	Annual Compound Growth Rate
Arts	1,66,834	62.3	3,41,238	65.5	8.2
Science	70,772	26.5	1,01,244	19.5	4.1
Commerce	2,329	0.9	16,121	3.1	24.0
Education	10,100	3.8	27,571	5.3	11.8
Engineering/Technology	878	0.3	1,026	0.2	1.8
Medicine	14,367	5.4	21,314	4.1	4.5
Agriculture	74	—	223	0.0	13.1
Veterinary Science	42	—	50	0.0	2.0
Law	1,187	0.4	5,769	1.1	19.2
Oriental Learning	‡	—	‡	—	—
Others	1,193	0.4	6,269	1.2	20.2
Total	2,67,776*	100.0	5,20,825	100.0	7.6

*Excludes women enrolment of 468 in institutions deemed to be Universities.

**The corresponding figures for 1963-64 were not available.

‡Included in Arts.

Among general education courses, in Arts faculty, while the percentage of women students to the total increased from 62.3 in 1964-65 to 65.5 in 1973-74, in Science faculty the corresponding percentage of women students decreased from 26.5 in 1964-65 to 19.5 in 1973-74, in Commerce faculty the percentage of women students increased from 0.9 in 1964-65 to 3.1 in 1973-74.

Among Professional faculties, in Education faculty, the percentage of women students to the total increased from 3.8 in 1964-65 to 5.3 in 1973-74; while in Engineering and Technology the corresponding percentage of women students decreased from 5.4 in 1964-65 to 4.1 in 1973-74. In Agriculture and Veterinary Science only 116 women of the total 2,67,776 of the women students were enrolled in 1964-65, while in 1973-74, 273 of the total of 5,20,825 women students were enrolled in these faculties in 1973-74; in Law however the percentage of women students to the total women students increased

from 0.4 in 1964-65 to 1.1 in 1973-74. Among professional faculties, women students were more attracted in Arts, Commerce, Education, Law and 'Other' faculties like Music, Fine Arts etc. than in Science, Engineering and Technology. Women seemed to be less attracted in Agriculture and Veterinary Science.

The analysis further revealed that while among General Education the women enrolment during 1964-65 to 1973-74 registered an average annual compound rate of increase of 8.2% in Arts, 4.1% in Science, 24.0% in Commerce; among professional faculties the corresponding increase was maximum (19.2%) in Law, followed by Agriculture (13.1%), Education (11.8%), Medicine (4.5%), Veterinary Science (2.0%) and Engineering and Technology (1.8%).

The analysis of enrolment at different stages and levels of instructions in higher education during the period 1963-64 to 1973-74 may be seen in Table 7 below :

Table 7 : Enrolment trend at different levels/stages of Instruction in higher education during 1963-64 and 1973-74 (Institutions of National Importance excluded)

Level/ Stage	Enrolment				Annual Compound Growth rate
	Percentage		Percentage		
	1963-64	to total	1973-74	to total	
1	2	3	4	5	6
Graduate	7,40,815	87.6	19,53,296	87.7	10.2
Post-graduate	77,951	9.2	2,21,040	9.9	11.0
Research	6,419	0.8	16,770	0.8	10.1
Diploma/ Certificate	20,204	2.4	35,465	1.6	5.8
Total	8,45,389	100.0	22,26,571*	100.0	10.3

*Excludes 449 students for which the level-wise break-up is not available.

Source : (1) University Development in India U.G.C. 1963-64.

(2) Third All-India Educational Survey Higher Education.

The Table 7 reveals while in 1973-74 the total number of students enrolled at the graduate level was 19,53,296 (87.7% of the total of 8,45,389), in 1963-64 the corresponding figure was 7,40,815 (87.6% of the total). At the post-graduate level, while 2,21,040 (9.9% of the total) were enrolled in 1973-74, 77,951 (9.2% of the total of 8,45,389) were enrolled in 1963-64. At the research level while 16,770 (0.8% of the total) were enrolled in 1973-74; the corresponding figure was 6,419 (0.8% of the total) in 1963-64. At the diploma and certificate levels, while the number of

students enrolled was 35,465 (1.6% of the total) in 1973-74, 20,204 (2.4% of the total) were enrolled in 1963-64.

The analysis further revealed that during 1963-64 to 1973-74, while the graduate enrolment registered an average annual compound rate of increase of 10.2%, the corresponding percentage increase at the post-graduate, research and diploma/certificate levels was 11.0, 10.1 and 5.8 respectively.

Staff Position :

In 1973-74, while the total number of teachers in institutions of higher education was 1,59,227 (this excludes number (2,192) of teachers in institutions of national importance); the corresponding number of students was 22,27,020, whereas in 1963-64 while the total number of teachers was 68,634, the corresponding number of students were 8,45,389.

The figures are reproduced in Table 8 below :

Table 8: Growth of Teachers and Students in Higher Education during 1963-64 and 1973-74 (Institutions of National Importance excluded)

HIGHER EDUCATION			
	1963-64	1973-74	Annual Compound Growth-rate
	1	3	4
Total number of Teachers	68,634	1,59,227	8.7%

Source: (1) University Development in India, UGC 1964-65.

(2) Third All-India Educational Survey Higher Education : 1973-74.

The analysis revealed that in Institutions of Higher Education, while the annual compound rate of growth of teachers was 8.7%, the corresponding rate of growth of students was 10.1% during the period 1963-64 to 1973-74.

In affiliated colleges, while the total number of teachers in 1973-74 was 1,36,316, the corresponding number of students was 19,64,725; in 1963-64, the number of teachers in affiliated colleges was 57,112, the corresponding number of students was 6,90,250. The analysis is revealed that in affiliated colleges while the annual compound rate of growth of teachers was 9.1%, the corresponding annual compound rate of growth of students was 11.0% during the period 1963-64 to 1973-74.

In university teaching departments including institutions deemed to be universities, while in 1973-74 the total number of teachers was 22,911, the corresponding number of students was 2,62,292. In 1963-64, while the corresponding number of teachers was 11,522; the corresponding number of students was 1,55,139. The analysis revealed that in the university teaching departments including institutions deemed to be universities, while the annual compound rate of growth of teachers was 7.1% the annual compound rate of growth of students was 5.4% during the period 1963-64 to 1973-74.

In professional faculties, while the total number of teachers was 36,644 in 1973-74, the corresponding number of students was 4,07,587. In 1964-65, while the corresponding number of teachers was 19,631, the corresponding number of students was 2,18,563. The analysis showed that in professional faculties, while the compound annual rate of growth of teachers was 7.2% the corresponding compound annual rate of growth of students was also 7.2% during the period 1964-65 to 1973-74.

New directions in higher education:

Students Population in the age group 17-23

On 31st December, 1973, 3.4% of the population in the age-group 17-23 was receiving instructions in institutions of higher education in the country. The highest percentage (5.2) was in Punjab, followed by West Bengal (5.0%), Maharashtra (4.6%), Meghalaya (4.5%), Haryana (4.4%), Karnataka (3.9%), Jammu & Kashmir (3.8%) and Tripura (3.7%). In others it was less than the all-India average of 3.4%.

Corresponding Courses

As on 31st December, 1973, the total number of students pursuing higher education through Corresponding Courses was 49,647. Of the total enrolment

4,316 (8.7% of the total) were women students. The number of universities providing facilities in Arts, Commerce and Education at the graduate and post-graduate level through correspondence courses were 11. Delhi University, however, which started correspondence courses for B.Sc. degree has since discontinued the course recently. Eleven universities provided facilities for Arts courses only, six for commerce and one (Himachal Pradesh University) for M. Ed. degree. Facilities for post-graduate courses existed only in three universities, namely, Himachal Pradesh, Mysore and Rajasthan. Of the total enrolment of 38,812 in Arts Faculty, as many as 32,169 (nearly 83%) were studying first degree courses, the remaining 17 per cent being post-graduate courses. In the Commerce faculty, all the 10,033 students were enrolled for B.Com. In the faculty of Education, the total enrolment of 712 was at the post-graduate level.

Evening Colleges

Out of 3,856 colleges in the country, only 69 were reported to be evening colleges affiliated to 18 universities. Except for Osmania, Delhi and Mysore Universities, which reported 13, 10 and 10 colleges respectively, the number of evening colleges was only 6 each in Bangalore, Calcutta and Utkal Universities, 4 in Bhagalpur University and 2 each in Kurukshetra, Rajasthan and Sambalpur Universities. In other universities, the number of evening colleges was 1 each only.

The total enrolment of evening colleges was 36,265 of which 3.3% were women students. Colleges affiliated to Calcutta, Delhi and Osmania Universities alone reported 21,466 or 59.2% of the total enrolment of evening colleges. Others having more than 1,000 enrolment of evening colleges were Bangalore (2,970), Mysore (3,937), Panjab (1,407) and Utkal (1,836), Mysore and Bangalore Universities reported more than 300 enrolment of women students in evening colleges affiliated to these universities. The total staff strength was 1,940 of which 144 (about 8%) were women.

Higher Education in Rural/Urban Areas

The state-wise analysis revealed that there was an absolute concentration of colleges in urban areas in all the States and Union Territories except in the State of Kerala, where the number of colleges were more in rural areas than in urban areas. The all-India picture revealed that 71.1% of the total number of colleges were located in urban areas and only 28.9% in rural areas. The total enrolment in urban

areas was 18.72 lakhs constituting 83.6% of the total enrolment. Of the former 24.5% were women, as against 17.2% of women students in rural areas. The universities were mostly located in urban areas in all the States except in the State of Kerala where 3 out of 4 universities were located in rural areas and 1 in urban areas. States like Manipur, Nagaland, Tripura and Union Territories of Arunachal Pradesh, Andaman and Nicobar Islands, Goa, Daman & Diu, Dadra and Nagar Haveli, Lakshdweep, Mizoram and Pondicherry have no universities. The Union Territories of Dadra & Nagar Haveli have neither a university nor a college.

Management (Arts, Science & Commerce Colleges)

The analysis revealed that out of 2,878 arts, science and commerce type of colleges, 80.5% were privately managed, 17.1% managed by State Governments and only 0.6% were managed by the local bodies.

Library Facilities

Of the total number of 3,856 affiliated colleges only 61 colleges (1.6%) in 16 States reported to have no library of their own and number of colleges without library seats were 438 (11.4%). The statewise analysis revealed that there were quite a few states with a fairly large number of colleges without libraries and without library seats. Such States with

number of colleges without libraries were : Andhra (6), Bihar (6), Madhya Pradesh (10), Karnataka (10), Uttar Pradesh (8). The States with number of colleges without library seats were : Andhra Pradesh (31), Maharashtra (26), Karnataka (26), Orissa (23), Uttar Pradesh (44) and West Bengal (50).

Hostels

In 1973-74, while of the total 22,27,020 number of students enrolled in institutions of higher education excluding enrolment in institutions of national importance, 3,70,667 was residing in hostels which constituted 16.6% of the total. In 1963-64, the corresponding percentage of hostel residents was 26.1. The figures are reproduced in Table 9.

In 1973-74 while the percentage of Men and Women residing in hostels were 16.8 and 16.2 respectively, the corresponding break-up according to Men and Women for 1963-64 was not available. In Affiliated Colleges, while in 1973-74, the number of students residing in hostels was 2,93,329 constituting 14.9% of the total 19,64,725 students in affiliated colleges; in 1963-64 the corresponding percentage of hostel residents was 25.6. In university teaching departments including institutions deemed to be universities, while in 1973-74, the number of students residing in hostels was 77,338 constituting 29.5% of the total of 2,62,295 students in university

Table 9 : Growth of Students Residing in Hostels in Institutions of Higher Education during 1963-64 and 1973-74
(Institutions of National Importance excluded)

(2) Third All-India Educational Survey Higher Education in 1973-74.

teaching departments and institutions deemed to be universities, the corresponding percentage of hostel residents in 1963-64 was 28.5. In 1973-74, while the corresponding percentage of hostel residents in affiliated colleges for men and women were 14.7 and 15.7 respectively, in university teaching departments including institutions deemed to be universities the corresponding percentage for men and women were 31.5 and 20.8 respectively. The comparative data for 1963-64 was not available.

Non-affiliated Institutions

The total number of Non-affiliated institutions

in Higher Education covered under the Survey was 96 in 1973-74. The total enrolment in non-affiliated institutions of higher Education was 13,161 of which 2,304 constituting 17.5 per cent of the total, were women. The total number of teachers were 1,871 of which 62 (3.3% of the total) were women. These institutions provided degree and equivalent courses in the faculties of Education, Engineering and Technology, Management, Medicine, Music and Fine Arts, Physical Education etc. The number of Institutions were in the States of Andhra (1), Bihar (1), Gujarat (2), Haryana (1), Kerala (2), Madhya Pradesh (1), Rajasthan (1), Tripura (2) and Delhi (1).

Definitions and Abbreviations used

Definitions

1. *Institution deemed to be University* means an institution for higher education which has been declared as deemed to be a university under Section 3 of the University Grants Commission Act, 1956.
2. *Institution of National Importance* means an institution for higher education which has been established under an Act of the Parliament.
3. *Affiliated College* means a college affiliated to a University.
4. *Non-Affiliated Institution* means an institution for higher education, not admitted to the privileges of any University, but whose diploma/certificates are recognised for purposes of employment/higher studies.
5. *University College* means a college maintained by a University.
6. *Readers* in University Teaching Department include Associate Professors.
7. *College Teachers* include lecturers imparting instruction in a College but exclude Demonstrators and Instructors.
8. *Urban Areas* according to the 1971 Census include :
 - (a) All places with a municipality, corporation, cantonment or notified town areas.
 - (b) All other places which satisfied the following criteria :
 - (i) a minimum population of 5,000 :
 - (ii) at least 75% of the male working population being non-agricultural; and
 - (iii) a density of population of at least 400 km. (i.e. 1,000 per sq. mile).

This definition has been adopted for the compilation of data in the Report.

Explanatory Notes

Table 1 :

This table shows the summary data on (a) number of institutions, (b) enrolment, and (c) strength of teaching staff in universities, institutions deemed to be universities, institutions of national importance and colleges affiliated to universities.

In 1973-74, there were in all 95 universities, nine institutions deemed to be universities, eight institutions of national importance and 3,983 affiliated colleges which were imparting instructions for degree and post-graduate courses. One University (Sampurnanand Sanskrit University, Varanasi) and 127 colleges did not furnish the data. Therefore, only 94 universities and 3,856 affiliated colleges have been accounted for in all the tables. Out of the total of 3,856 affiliated colleges, 2,878 (74.6%) were arts, science and commerce colleges and 978 (25.4%) professional colleges.

The total enrolment in all these institutions, excluding enrolment in intermediate and pre-university classes, as on 31st December, 1973, was 2.24 million. Of this 1.96 million (87.8%) were studying in affiliated colleges and 0.28 million (12.2%) were studying in university teaching departments (arts, science, commerce and professional courses). Of the former, 1.68 million (85.8%) were studying in arts, science and commerce colleges and 0.28 million (14.2%) in professional colleges. Among the professional colleges, the highest number of 77,319 students (3.4%) were studying in medical colleges, followed by 57,481 (2.6%) in engineering and technological colleges, 57,179 (2.6%) in law colleges and 44,531 (2.0%) in colleges of education. In others the percentage of enrolment was less than two per cent.

The enrolment of women in higher educational institutions was 0.52 million and constituted 23.3% of the total. As many as 0.42 million (81.1%) women were studying in arts, science and commerce colleges. Among professional courses, the highest number of 17,126 (3.3%) women were studying in medical colleges followed by 16,878 (3.2%) in education, 3,865 (0.7%) in law and 3,251 (0.6%) in music and fine arts.

The total strength of teaching staff in universities and colleges was 1,61,419—25,103 (15.6%) in universities and the remaining 1,36,316 (84.4%) in the

affiliated colleges. Women constituted only 17.6% of the total staff strength. Of the total number of teachers in the colleges, as many as 1.07 lakhs (78.3%) were teaching in arts, science and commerce colleges. Of 29,605 teachers in professional colleges, 12,494 alone (42.2%) were in medical colleges.

Table 2 :

This Table gives the statewise distribution of universities, institutions deemed to be universities and institutions of national importance.

Uttar Pradesh had the largest number of universities (14) followed by Madhya Pradesh and Maharashtra (10 each), Bihar (8), Gujarat & West Bengal (7 each), Andhra Pradesh (5), Kerala, Karnataka, Orissa and Tamil Nadu (4 each), Assam, Panjab and Rajasthan (3 each), Haryana and Jammu & Kashmir (2 each). The remaining States had only one university each. Among the Union Territories, only Delhi had two universities.

Institutions deemed to be universities were two in Delhi and one each in Andhra Pradesh, Bihar, Gujarat, Maharashtra, Karnataka, Rajasthan and Uttar Pradesh.

Institutions of national importance were two each in West Bengal and Delhi and 1 each in Maharashtra, Tamil Nadu, Uttar Pradesh and Chandigarh.

Table 3 :

This Table shows the distribution of the number of affiliated colleges among various States and Union Territories.

Of 3,856 affiliated colleges, the largest number of colleges (503) were situated in Maharashtra, followed by 445 in Uttar Pradesh, 325 in Madhya Pradesh, 314 in West Bengal, 287 in Karnataka, 281 in Bihar and 260 in Gujarat. In others, the distribution was as follows:

0-5	Nagaland
6-10	Tripura
11-50	Himachal Pradesh, Jammu & Kashmir, Manipur, Meghalaya
51-100	Orissa
101-150	Assam, Haryana, Kerala, Rajasthan
151-200	Punjab
201-250	Andhra Pradesh, Tamil Nadu

Among the Union Territories, Delhi had 65 colleges, Andaman, Nicobar Islands and Arunachal Pradesh had one college each, while Lakshdweep and Dadra & Nagar Haveli had no college.

Of the total number of 2,878 arts, science and commerce colleges, 375 were situated in Maharashtra which ranked number one among States followed by Uttar Pradesh with 331 colleges. Bihar, Madhya Pradesh, Karnataka and West Bengal had between 200-300 colleges each. In Andhra Pradesh, Gujarat and Tamil Nadu the number varied between 150 and 200. While Panjab had 145, Assam had 104 such colleges, in other States their number was less than 100 each, the least four being in Nagaland.

Of the 104 medical colleges in the country, 12 were situated in Karnataka, followed by 11 in Maharashtra, 10 in Tamil Nadu and 9 each in Bihar and West Bengal. In other States, their number ranged from one each in Haryana and Himachal Pradesh, to seven each in Andhra Pradesh and Uttar Pradesh.

As many as 14 out of 80 engineering colleges were situated in Karnataka, followed by nine each in Madhya Pradesh and Maharashtra and six each in Bihar, Gujarat, Kerala and Tamil Nadu. In others, their number ranged from one each in Haryana, Jammu & Kashmir, Rajasthan and Tripura to five in Uttar Pradesh.

In case of law, 21 colleges each were situated in Gujarat, Madhya Pradesh and Maharashtra followed by 12 colleges in Karnataka, six in Assam, five in Bihar, four in Kerala and two each in Meghalaya and West Bengal. Manipur, Rajasthan, Tamil Nadu and Uttar Pradesh had each one law college. No separate college of law existed in Andhra Pradesh, Haryana, Himachal Pradesh, Jammu and Kashmir, Nagaland, Punjab and Tripura.

Table 4 :

This Table gives the state-wise distribution of enrolment in various universities, institutions deemed to be universities and institutions of national importance. The enrolment of correspondence courses introduced by some universities is, however, excluded.

The total enrolment in these institutions was 2,74,154. Of these 50,684 (18.5%) were women students. Among States, the highest enrolment was reported by Uttar Pradesh (58,597), followed by West Bengal (31,198), Maharashtra (27,815), Andhra Pradesh (26,935) and Rajasthan (20,056). In others, the distribution was:—

0-500	Meghalaya
501-1,000	Himachal Pradesh

1,001-5,000	Assam, Haryana, Jammu & Kashmir, Kerala, Orissa
5,001-10,000	Madhya Pradesh, Punjab
10,001-15,000	Bihar, Karnataka, Tamil Nadu
15,001-20,000	Gujarat

As in the case of total enrolment, the highest enrolment of women 8,633 was reported by Uttar Pradesh. This was followed by West Bengal (7,510) Maharashtra (7,475), Gujarat (5,097), Andhra Pradesh (3,865), Delhi (2,998), Rajasthan (2,980), Mysore (2,179), Bihar (1,734) and Chandigarh (1,529). Women enrolment varied from 1,000 to 1,500 in one State and 500 to 1,000 in six States. In remaining States their enrolment was less than 500.

Table 5 :

This Table depicts the picture of enrolment for men and women separately by various types of affiliated colleges situated in different States and Union Territories. As stated in Table 1, arts, science and commerce colleges accounted for the largest enrolment of 16.8 lakhs of the total of 19.6 lakhs, leaving little over 2.8 lakhs for all the professional colleges. Similarly, out of the total women enrolment of 4.71 lakhs, 4.23 lakhs (89.9%) was in arts, science and commerce colleges and only 47,615 (9.1%) were in professional colleges.

Among professional colleges, medical colleges reported the highest enrolment (77,319), followed by engineering (57,481), law (57,179) and education (44,531).

Uttar Pradesh, among States, reported highest enrolment of 2,76,102 in affiliated colleges followed by Maharashtra (2,51,815), West Bengal (2,34,636), Tamil Nadu (1,45,122), Madhya Pradesh (1,41,642), Mysore (1,23,409), Gujarat (1,21,144) and Andhra Pradesh (1,07,135). As many as four States reported an enrolment of 50,000 to 1,00,000 two from 25,000 to 50,000, three from 10,000 to 25,000 and three from 1,000 to 10,000. In the only remaining state it was less than 1,000 the least 618 being in Nagaland.

Table 6 :

This Table shows state-wise and university-wise break-up of affiliated colleges and their enrolments. The number of affiliated colleges and their enrolments shown in this table, however, does not tally with the corresponding figures shown in other tables, as in some cases, colleges affiliated to universities are located outside the States in which the universities are situated.

Calcutta University reported the largest number of affiliated colleges (206), followed by Panjab University (183); Madras University (141); Rajasthan and Nagpur (139) each; Mysore (123); Karnatak (111) and Gorakhpur and Andhra Universities (106) each. Nineteen universities had less than 100 and more than or equal to 50 affiliated colleges. The number of universities having 25 to 50 affiliated colleges each was 19 and those having less than 25 colleges each was 22.

The largest number of Arts, Science, Commerce Colleges (172) was affiliated to Calcutta University, followed by Nagpur University (110); Gorakhpur University (105), Madras University (102). In the remaining universities, the affiliated Arts, Science, Commerce Colleges ranged from one each in M. S. University of Baroda and Jadavpur University to 98 in Gujarat University.

Madras University had largest number of affiliated medical colleges (8), followed by Calcutta (7), Bombay, Bangalore and Rajasthan Universities (5 each). Four such colleges were affiliated to Karnatak and Delhi Universities each. In others it ranged from 1 to 3.

In the field of Engineering and Technology, seven colleges (highest) were affiliated to Mysore University, followed by four each in Bombay, Bangalore and Madras Universities. In others their number ranged between one to three.

Table 7 :

This Table gives the state-wise distribution of various types of institutions of higher learning between rural and urban areas.

Out of 112 universities, institutions deemed to be universities and institutions of national importance, 19 (17.0%) were located in rural* areas. Of the total number of 3,856 affiliated colleges, only 1,414 (28.9%) were located in rural areas which account for 80% of the total population of the country. Among the states, the largest number of affiliated colleges in rural areas were in Uttar Pradesh (161), followed by Maharashtra (133), Bihar (114), West Bengal (96), Karnataka (71), Gujarat (69), Tamil Nadu and Madhya Pradesh (66 each) and Punjab (60). In others, their number was less than 50, the least one each being in Nagaland, Tripura, Delhi and Pondicherry.

Of the total number of 1,114 colleges in rural areas, as many as 910 (81.7%) were arts, science and commerce colleges. Only nine out of 104 medical

colleges were in rural areas. The position of other professional colleges in rural areas was engineering 19 (out of 80), Education 51 (out of 278), oriental learning 89 (out of 204), law 9 (out of 101). There was no college of Pharmacy, Dentistry or Nursing in rural areas.

Table 8 :

This Table shows the distribution of enrolment in institutions of higher learning in different States according to location of institutions.

Of the total enrolment of 22.4 lakhs, only 3.66 lakhs (19.5%) were studying in institutions located in rural areas. Of the latter, only 0.25 lakhs were studying in universities and the remaining 3.41 lakhs in the affiliated colleges. Of the total number of students in the affiliated colleges in the rural areas, over 90% were studying in arts, science and commerce colleges and about 10% in colleges for professional education. The corresponding percentages for colleges in urban areas were 84.8 and 15.2 respectively.

Of the total number of 5.21 lakhs women students in institutions of higher learning, only 63 thousands 12.1% were studying in institutions located in rural areas as against 4.58 lakhs (87.9%) in urban areas.

Among the States, the highest percentage of enrolment in institutions in rural area was in Kerala (45.5%), followed by Manipur (27.4%), Assam (21.7%) Bihar (20.5%) and Jammu & Kashmir (20.4%). In the remaining States, the enrolment in rural areas constituted less than 20%.

Table 9 :

This Table shows management-wise and state-wise distribution of arts, science and commerce colleges in rural and urban areas.

Of 910 arts, science and commerce colleges in rural areas, 805 (88.5%) were managed by private bodies, 93 (10.2%) by State Governments and the remaining (1.3%) by universities and local bodies. For institutions in urban areas, the corresponding percentage were private bodies (76.9%); State Government 20.3% universities and local bodies (2.8%).

Nearly 97.3% of colleges in Maharashtra State were under private management. This was followed by Uttar Pradesh (91.8%), Bihar (89.4%), Manipur (85.7%), West Bengal (86.2%), Karnataka (85.1%), Haryana (82.9%), Kerala (82.1%) and Assam (80.8%). In others it was less than 80%, the least 27.3% being in Jammu & Kashmir.

*As per 1971 Census.

Table 10 :

This Table shows the state-wise distributions of colleges according to slabs of enrolment.

Out of 3,856 affiliated colleges, only 6 colleges were having enrolment of 5,000 and above, 2 with 4,001 to 5,000 enrolment, 13 with 3,001 to 4,000 enrolment and 28 with 2,501 to 3,000 enrolment. In others it was less than 2,500 enrolment.

Table below indicates colleges with other enrolment slabs :—

<i>Enrolment</i>	<i>Number of Colleges</i>	
0-100	776	(20.1%)
101-200	682	(17.7%)
201-300	474	(12.3%)
301-400	304	(7.9%)
401-500	251	(6.5%)
501-1,000	798	(20.7%)
1,000-1,500	321	(8.3%)
1,501-2,000	161	(4.2%)
2,001-2,500	40	(1.0%)

Bihar with 121 out of 281 colleges having less than 100 enrolment led all other states in having colleges with low enrolments. Uttar Pradesh was another State having quite a large number of colleges with less than 100 enrolment.

Colleges with more than 5,000 students on roles were situated in the States of Uttar Pradesh & West Bengal. In Uttar Pradesh two colleges had an enrolment between 4,000 — 5,000 each. The largest number of colleges with enrolment between 501 to 1,000 was in Maharashtra (114), followed by Uttar Pradesh (73), Mysore (71), West Bengal (65), Gujarat (63) and Tamil Nadu (57). In others, their number was less than 50, the least being 2 in Tripura.

Table 11 :

This Table gives all-India picture of enrolment at different levels of higher education by faculties.

Arts with an enrolment of 9.80 lakhs continued to be the most popular faculty amongst students at all levels. Next in order were Science (4.62 lakhs), Commerce (3.47 lakhs), Law (1.21 lakhs), Medicine (1.02 lakhs), Engineering (0.94 lakhs), Education (0.72 lakhs), Agriculture (0.27 lakhs), Oriental Learning (0.14 lakhs) and Veterinary Science (0.05 lakhs). Among women students, the order of faculties in respect of enrolment was Arts (3.39 lakhs), Science (1.01) lakhs, Education (0.28 lakhs), Medicine (0.21 lakhs), Commerce (0.16 lakhs), Law (0.06 lakhs),

Oriental Learning (0.02 lakhs), Engineering (0.01 lakhs) and Veterinary Science (50 only).

Out of the total enrolment of 22.38 lakhs, 19.60 lakhs (87.6%) were studying at the level of first degree (graduate) of higher education in various subjects. The percentage of enrolment at other levels was Post-Graduate 10.0, Research 0.8, Diploma 1.2, Certificate 0.4. The corresponding percentages for women students were 87.3, 10.4, 0.7, 1.1 and 0.5 respectively.

Table 12 :

While Table 11 shows the total enrolment of higher education by levels and faculties, this table relates to the enrolment of higher education by levels and faculties in the institutions located in urban areas only. The pattern and composition of enrolment at various levels and faculties is the same as shown in Table 11.

Table 13 :

This Table shows the enrolment of higher education in various institutions located in rural areas by level of institution in various faculties. As in the case of Table 12, this table is also a part of Table 11, where total picture of the enrolment by levels and faculties is depicted. The priorities of faculties by way of enrolment is different in case of rural areas than in the case of urban areas except for arts, science and commerce. The priorities for the faculties of professional courses in the enrolment are indicated below :

<i>Faculty</i>	<i>Enrolment</i>
Engineering/Technology	15,083
Education	13,587
Agriculture	8,259
Medicine	7,382
Oriental Learning	4,786
Law	3,699
Veterinary Science	2,184
Others	1,334

Table 14 :

In this Table, the distribution of total and women's enrolment among various faculties has been shown according to States.

The pattern of distribution of enrolment among different faculties is almost the same in all the States.

Enrolment in the faculties of arts, science and commerce was reported by all the States. In case of

professional courses, however, the position varied from State to State depending on the facilities available.

Table 15 :

This Table gives the faculty-wise break-up of enrolment in the institutions of higher education in urban areas of various States and is a part of Table 14 wherein total enrolment in all the areas, urban as well as rural, is shown.

The enrolment in urban areas was 18.72 lakhs, constituting 83.6% of the total enrolment. Of the former, 24.5% were women, as against 17.2% of women students in rural areas.

In urban areas, the highest enrolment of 14.8 lakhs (79.0%) was reported by arts, science and commerce faculties.

Among professional faculties, the highest enrolment of 1.17 lakhs was in the faculty of Law, followed by Medicine (94,718), Engineering and Technology (79,023) and Education (58,844). In other faculties, it was less than 20,000, the least being in Veterinary Science (3,068).

Table 16 :

This Table shows state-wise enrolment of higher education by faculties in rural areas. It is also a part of Table 14 wherein total enrolment in all the areas (urban and rural) is shown faculty-wise and State-wise.

Faculties of arts, science and commerce, as usual have shown precedence over other faculties in enrolling students in rural areas also, but comparatively, the extent of priority in rural areas for these faculties is more than in urban areas. Out of total enrolment of 3.66 lakhs, as much as 3.10 lakhs (84.6%) students were enrolled in these faculties. The corresponding percentage for urban areas is 79.0.

Table 17 :

This Table gives the population data and the percentage of students in institutions of higher education to the population in the age-group 17-23.

On 31st December, 1973, 3.4% of population in the age group 17-23 was receiving instruction in institutions of higher education in the country. The highest percentage (6.0) was in Manipur followed by Punjab 5.2%, West Bengal 5.0%, Maharashtra 4.6%, Meghalaya 4.5%, Haryana 4.4%, Karnataka 4.0%, Jammu & Kashmir 3.8% and Tripura 3.7%. In others it was less than the all-India average.

Table 18 :

This Table shows state-wise distribution of arts, science and commerce colleges by average size of enrolment in a State. The Table also gives similar information for colleges in urban and rural areas.

Tripura with an average size of 1,026, topped all the States in having large-sized colleges, followed by West Bengal (933), Uttar Pradesh (779), Jammu & Kashmir (745), Rajasthan (723), Tamil Nadu (719), Kerala (706). In others it was less than all-India average of 585.

Among the Union Territories, the average large sized colleges were reported by Delhi (1,171), followed by Chandigarh (916).

In rural areas the average size of arts, science and commerce colleges ranged from 160 in Assam and Bihar to 579 in West Bengal. The intermediary positions were occupied by Andhra Pradesh (450), Tamil Nadu (407), Uttar Pradesh (381), Gujarat (343), Maharashtra (310) and Himachal Pradesh (309). In urban areas, the ranking of the states in this regard was almost the same as total state average.

Table 19 :

This Table gives the distribution of the number of Arts, Science and Commerce degree colleges with year-wise enrolment according to duration of courses in various States.

Except Andhra Pradesh, Bihar, Madhya Pradesh, Maharashtra, Orissa, Rajasthan, Uttar Pradesh and Goa, Daman & Diu, all the States and Union Territories had reported enrolment in three-year degree courses. Further, excepting for the States of Bihar, Orissa and Uttar Pradesh, other states are switching over to three-year degree courses. Only a few colleges are shown with an enrolment of 2-year degree course.

Of the total enrolment of 15.11 lakhs in general education at degree level, only 2.76 lakhs i.e. 18.3% were reported in the 2-year degree course. Again, of the total enrolment of 2.76 lakhs in the 2-year degree courses, 61.9% were in Uttar Pradesh, 6.4% in Orissa, 21.4% in Bihar and 9.6% in Maharashtra.

Table 20 :

This Table gives university-wise enrolment in the Arts faculty at the graduate, postgraduate and research levels and for diploma and certificate courses.

Of the total enrolment of 9.80 lakhs, pursuing Arts Courses, Calcutta University with 7,497 students (7.6%), accounted for the largest enrolment followed

by Panjab University (6.9%), Delhi University (4.5%), Gorakhpur University (4.4%), Madras University (3.8%), Agra University (3.7%), Kanpur University (3.4%), Poona University (3.1%), Rajasthan University (3.0%), Meerut University and Guru Nanak University (2.6%). In others, the enrolment was less than 25,000 (or 2.5%). The level-wise break up in the faculty in different universities followed the same pattern as for the whole country (Table 11).

Table 21 :

This Table gives university-wise enrolment of Science faculty at different levels.

Of the total enrolment of 4.62 lakhs in the Science faculty, Calcutta University, as in the case of Arts Faculty accounted for the largest enrolment of 41,480 (9.0%) followed by Madras University 35,825 (or 7.8%), Kerala University 21,607 (or 7%), Rajasthan University 16,949 (or 3.7%), Madurai University 15,383 (or 3.3%), Osmania University 14,390 (or 3.1%), Agra University 14,329 (or 3.1%), Mysore University 13,348 (or 2.9%), Burdwan University 13,301 (or 2.9%), Andhra University 12,324 (or 2.7%), Gorakhpur University 12,141 (or 2.6%), Meerut University 11,156 (or 2.4%), Poona University 10,609 (or 2.3%), Nagpur University 10,324 (or 2.2%) and Delhi 10,129 (or 2.2%). In others, the enrolment was less than 10,000.

Women constituted only 22.0% of the total Science enrolment as against 34.6% in Arts. Although Calcutta University accounted for the highest total Science enrolment, Madras University with 10,552 women on rolls in Science faculty topped the list followed by Kerala University 10,370. In others, it was less than 10,000. The percentage of women science students in some universities like Berhampur, Bhagalpur, Bihar, Gorakhpur, Jawaharlal Nehru Technological, Mithila, Magadh and Marathwada was less than 10.

Table 22 :

This Table gives university-wise distribution of students on the rolls of Commerce faculty, at various levels of higher education.

The enrolment in Commerce faculty earlier constituted 15.5% of the total enrolment at various levels of higher education, of whom only 4.6% were women.

Like Arts and Science faculties, enrolment of Commerce faculty was reported largest by Calcutta University (56,198), followed by Gujarat (20,797), Nagpur (19,796), Osmania (18,925), Rajasthan (18,015) and Poona (16,608). Other Universities with more than 10,000 and less than 15,000 enrolment in

Commerce were Andhra, Delhi, Madras and Shivaji Universities.

Table 23 :

This Table gives the distribution of enrolment in the Faculty of Agriculture at different levels in various universities.

The total enrolment in the faculty was 26,580 and constituted 5.9 per cent of the enrolment in all professional courses of higher education. This faculty was not popular among the women students who formed less than one per cent of the total enrolment of this faculty.

Agricultural Universities preceded all other Universities in reporting enrolment in this faculty. Among them, the highest enrolment of 2,356 was reported by Punjabrao Krishi Vidyapeeth followed by University of Agricultural Sciences, Hebbal (1,709), Mahatma Phule Krishi (1,701) and Jawaharlal Nehru Krishi (1,669). Other Agricultural universities showed lesser enrolment than general universities.

Among other universities, Kanpur led all in reporting enrolment of 1,651 in Agriculture, followed by Gorakhpur (1,340). In others the enrolment was less than 1,000.

Table 24 :

This Table shows university-wise distribution of enrolment in the faculty of Education at different levels of higher education.

The enrolment in Education Faculty formed 16.1% of the total enrolment in professional courses. The women students constituted 38.1% of the enrolment in this faculty. The priority of this faculty by way of enrolment, as already stated in Table 11, was next to Medicine, Law and Engineering and Technology.

Among universities, enrolment in Education was the largest in Gorakhpur University (7,517) followed by Calcutta (5,629), Kanpur (4,504), Panjab (3,943) and Agra (3,544). Other universities having less than 3,000 and more than 2,000 enrolment in this faculty were Gujarat, Mysore, Poona and Rajasthan.

In case of women students, Calcutta University preceded all other universities in reporting the highest enrolment of women (2,769) in this faculty. Other universities which reported more than 1,000 enrolment of women were Panjab (2,335), Agra (1,967), Kanpur (1,946), Bombay (1,228) and Gorakhpur (1,097).

The number of students pursuing M.Ed. and M.A. (Education) courses was 3,747 (5.2%) and that of research students 274 (0.4%).

Table 25 :

The university-wise distribution of enrolment in faculty of Engineering and Technology at different levels of higher education is shown in this Table.

This Faculty reported an enrolment of 94,111 at all levels of higher education. Women students constituted only little over 1%. The post-graduate students formed 6.3% of the total enrolment and research scholars 1.4%.

The Universities which had enrolment of more than 2,000 were in order of precedence; Madras (6,633), Mysore (4,801), Bombay (4,256), M.S. Baroda (4,137), Ranchi (3,571), Jawaharlal Nehru Technological (3,112), Bangalore (2,976), Calcutta (2,400), Panjab (2,164), Nagpur (2,158) and Jadavpur (2,036). In Indian Institutes of Technology, the enrolment ranged from 1,560 (in Delhi) to 1,968 (in Madras).

Table 26 :

This Table gives university-wise distribution of enrolment in Law Faculty at various levels of higher education.

The enrolment in this faculty was the highest among all the professional faculties and formed 27% of the total enrolment in these faculties. The percentage of women students was only 4.8 as compared to 38.1% in Education and 21.1% in Medicine.

Calcutta University led all the universities in reporting highest enrolment of 9,515, followed by Bombay (7,208), Gujarat (6,060), Meerut (5,996), Agra University (5,805), Rajasthan University (5,373), Lucknow (5,298). In others, the enrolment was less than 5,000. Universities having less than 200 enrolment of this faculty were Sri Venkateswara (195), Guru Nanak Dev University (153) and Cochin (79).

The enrolment of women students was highest in Bombay University (1,080) Calcutta (598) and Gujarat (592). Other universities with more than 200 enrolment of women were Bangalore (253), Gauhati (243), Delhi (238) and Kerala (221).

Table 27 :

This Table gives university-wise distribution of enrolment, at different levels in the faculty of Medicine.

Madras University reported the highest enrolment of 8,381 (8.2% of the total) in this faculty, followed by Bombay (6,857) and Mysore (5,066). Other universities which had less than 5,000 and more than 2,500 enrolment in this faculty were; Karnatak (4,770), Kanpur (4,393), Calcutta (4,179) Rajasthan (3,919), Andhra (3,763), Madurai (3,147),

Poona (3,047), Delhi (2,865), Gujarat (2,802), Gujarat Ayurveda (2,659), Bangalore (2,546), Lucknow (2,537) and Kerala (2,525).

Women students constituted 21.1% of the total enrolment. Next to Education, the faculty of Medicine had more women students than any other faculty offering professional courses.

Of the total number of students, 7.4%, were pursuing postgraduate courses.

Table 28 :

This Table gives the enrolment of oriental learning at different levels as reported by 29 universities and one institution deemed to be university.

Women students constituted 15.5 per cent of the total enrolment in this faculty.

Table 29 :

This Table shows university-wise distribution of enrolment in the Faculty of Veterinary Science.

The enrolment in this Faculty formed 1.2 per cent of the total enrolment in professional faculties. The number of women students was only 50 in all the universities.

Only 17 out of 111 universities, institutions deemed to be universities and institutions of national importance were providing instructions in Veterinary Science. The enrolment ranged from 490 in the University of Agricultural Sciences, Hebbal to 89 in Marathwada Krishi Vidyapeeth. The intermediary positions were occupied by Andhra Pradesh Agricultural (475), Haryana Agricultural (453), Agra (426), Jawaharlal Nehru Krishi (401) and 11 other universities with enrolment less than 400. Except Agra, Calcutta and Udaipur all other universities which reported enrolment in Veterinary Science were Agricultural Universities.

Eighty per cent of the enrolment was at the first degree level, 12% at the post-graduate level, four per cent, at the research level and four per cent at the diploma/certificate level.

Table 30 :

The enrolment of faculties which have not been covered in previous tables has been grouped under 'Other faculties' and is shown university-wise and level-wise in this table. It includes, *inter-alia*, Music Dancing, Social Works, Journalism, etc.

Table 31 :

This Table gives university-wise separate information about students pursuing post-graduate and research courses in university teaching department

of different faculties. The statistics contained in this table are already included in the total enrolment shown in tables Nos. 20 to 30.

The total number of post-graduate students in university departments constituted 38.8% of the total enrolment of these students shown in the above tables. Of the post-graduate students in teaching departments, 25,766 or 24.2% were women.

Research students who are mostly in university departments constituted 5.9% of the total in these departments. The percentage of women research students was 20.0%.

Faculty-wise order of post-graduate students in university departments is as follow:—

Faculty	Number	%
Arts	57,304	53.9
Science	25,273	23.8
Commerce	9,447	8.9
Agriculture	3,283	3.1
Education	1,569	1.5
Engineering/Technology	4,185	3.9
Law	1,868	1.8
Medicine	1,710	1.6
Oriental Learning	106	0.1
Veterinary Science	502	0.5
Others	997	0.9

The position of research students faculty-wise is summarised below:

Faculty	Number	%
Arts	6,795	42.2
Science	6,017	37.3
Commerce	358	2.2
Agriculture	1,039	6.4
Education	210	1.3
Engineering/Technology	1,269	7.9
Law	104	0.6
Medicine	158	1.0
Oriental Learning	14	0.1
Veterinary Science	99	0.6
Others	59	0.4

Table 32 :

This Table shows number of evening colleges, their enrolment and strength of the teaching staff. These statistics are already included in the relevant tables giving the total position of institutions, enrolment and teachers.

Out of 3,856 colleges in the country, only 69 were reported as 'evening colleges' by different universities and were affiliated to 18 universities. Except for Osmania, Delhi and Mysore Universities, which reported 13 and 10 each colleges respectively, the number of evening colleges was only six each in Bangalore, Calcutta and Utkal Universities, four in Bhagalpur University and two each in Kuruksetra, Rajasthan and Sambalpur Universities. In other universities, the number of evening colleges was one each only.

Of the total enrolment of 36,265, only 3.3 per cent were women students. Colleges affiliated to Calcutta, Delhi and Osmania Universities alone reported 21,466 or 59.2% of the total enrolment of evening colleges. Others having more than one thousand enrolment of evening colleges were Bangalore (2,970), Mysore (3,937), Panjab (1,407) and Utkal (1,836) Mysore and Bangalore Universities reported more than 300 enrolment of women students in evening colleges affiliated to these universities. The total strength of the staff was 1,940 of whom 144 (less than 8%) were women.

Table 33 :

This Table shows university-wise enrolment of students pursuing higher education in different faculties through correspondence courses.

Facilities for correspondence courses existed only for the faculties of Arts, Commerce and Education (Delhi University which had started correspondence courses for B.Sc. (Pass) degree in 1969 has since discontinued the course). Eleven universities provided facilities for Arts courses, six for Commerce courses and one for Education courses. Facilities for post-graduate courses existed only in the universities of Himachal Pradesh (M.Ed.), Mysore (M.A.) and Rajasthan (M.A.).

Of the total enrolment of 38,812 in the Arts faculty, as many as 32,169 (82.9%) were studying for first degree courses and 16.5 per cent for post-graduate courses. The enrolment of 90 in Science faculty (third year of B.Sc.) was reported by Delhi University. In the Commerce faculty all the 10,033 students were enrolled for B.Com. course. In case of Education, the total enrolment of 712 was at the post-graduate level.

In the Arts faculty, Panjab University reported the highest enrolment (8,503), closely followed by Delhi University (8,380). Other universities which reported significant enrolment through correspondence courses were Meerut (5,024) and Mysore (4,073), Himachal Pradesh University (3,823) and

Madurai (3,291). In case of Commerce faculty, Delhi University reported the highest enrolment of 6,294 followed by Madurai University (1,931) and Mysore University (1,046).

Table 34 :

This Table depicts the all-India picture of the teaching staff employed in 1973-74 in University Teaching Department according to their designation.

The total strength of the teaching staff in various departments of universities (25,103) constituted 15.6 per cent of the total number of teachers in institutions of higher education. Of these 8.6 per cent were women teachers. According to designation the break-up was; Professors 10.9 per cent, Readers (including Associate Professors), 18.2 per cent, Assistant Professors 11.8 per cent and Lecturers 48.5 per cent.

Science Departments of Universities employed 49.8 per cent of the total number of teachers in the non-professional departments. The corresponding percentage for Arts was 44.5 per cent.

Among professional faculties, Engineering claimed 34.3 per cent of the staff followed by Agriculture 28.0% and Medicine (13.0%) of the total teaching staff in the professional faculties.

Table 35 :

This Table shows university-wise number of teaching departments and their staff in the faculties of Arts, Science and Commerce. The statistics of teachers reported in this table are included in tables 38,39 & 40, in which the total picture of the teaching staff is shown.

In the faculty of Arts, the total number of teaching departments in various universities, institutions deemed to be universities and institutions of national importance adds to 805 and the teaching staff 6,388. With 44 Arts departments, Bihar University led other universities in reporting the highest number of teaching departments in Arts faculty followed by Delhi University (26), Osmania (24), Visva-Bharati (23), Madras (22) and Allahabad (20). In others, the number of departments was less than 20. It ranged from 15 to 19 in 14 universities, 10 to 14 in 19 universities and 5 to 9 in 22 universities. Twenty universities reported less than five departments and two reported no departments. In case of teaching staff of this faculty, Osmania University with 357 teachers reported the highest number of teaching staff of this faculty, as against Bihar University, which reported largest number of teaching

department but occupied second place in reporting 347 teachers in its Arts faculty. Delhi University with 343 teachers, Aligarh Muslim University with 213 and Calcutta university with 204 occupied next positions in the order. The staff strength ranged from 100 to 200 in 18 universities. In others, it was less than 100.

As in case of Arts, so also in case of Science faculty, Bihar University reported the highest number of teaching departments (26), followed by Andhra University (18), Calcutta (17) Sri Venkateswara University (15), Madras University (13), Mysore University (12), Delhi, Gauhati and Osmania Universities (11) each. In others it was less than ten. Although the number of teaching departments of Osmania University was only ten as against 26 of Bihar University, the number of teachers working in science faculty was highest (419) reported by this university followed by Bihar (314), M.S. University of Baroda with a gap of 100 (214), Banaras Hindu University (205), Punjab Agricultural University (203) and Andhra University (201). The staff strength ranged from 100 to 200 in 19 universities. In others it was less than 100, the least 5 being in South Gujarat University which showed three teaching departments. On the other hand one science department of Indian School of Mines had a staff strength of 46 teachers.

Out of 95 statutory universities, 46 universities had 61 teaching departments in Commerce with a staff strength of 803 teachers. This faculty had few departments in universities. While Bihar, Delhi, Lucknow, Rajasthan and Sri Venkateswara had three each departments of Commerce, Aligarh, Allahabad, Andhra and Gorakhpur Universities had two each. Remaining 36 universities reported one each department of Commerce. 134 teachers was the highest strength reported by one teaching department of Commerce by Bombay University followed with a wide gap by Calcutta University (66), Allahabad and Osmania (52 each), Delhi (42), Rajasthan (39), Jodhpur (34) and Lucknow (30). The staff strength ranged from 20 to 29 in five universities, 10 to 19 in seven universities and less than 10 in the remaining 24 universities.

Table 36 :

This Table gives the all-India picture of the teaching staff in affiliated colleges by designation.

Of the total number of 1,36,316 teachers in colleges, less than 20 per cent were women. The break-up of college teachers according to designations was: Tutors and Demonstrators (11.3%), Assistant Lectu-

ners (4.2%) and college teachers, which included Lecturers, Assistant Professors & Professors, Principals, etc., (84.5%).

Arts, as against Science in case of University departments, claimed the largest strength of the teaching staff in affiliated colleges, the percentage being 1.6.

Table 37 :

This Table shows the state-wise distribution of teachers employed in various faculties of universities and affiliated colleges.

Out of 1.61 lakhs members of the teaching staff in the country in higher educational institutions, as many as 63,024 (39.0%) were employed in Arts Faculty followed by Science faculty (28.5%) and Commerce faculty (6.4%). The remaining 26.1 per cent were employed in faculties of professional education. Of the total staff in the professional faculties, Medicine, Engineering and Education employed 38.0%, 23.9% and 11.9% respectively.

Out of every six teachers, one was a woman. This ratio was 4:1 in Arts, 6:1 in Science and 5:1 in Medicine.

Among the States, the largest number of teachers in universities and colleges was reported by Maharashtra (18,816 or 11.7%). U.P. occupied the second position with 17,326 (10.7%) teachers, followed by West Bengal 15,242 (9.4%), Tamil Nadu 15,024 (9.3%), Andhra Pradesh 11,724 (7.3%), Bihar 10,925 (6.8%), Karnataka 10,681 (6.6%). In others, the number was less than 10,000. Those having less than 500 teachers in universities and colleges were States having few colleges such as Tripura (404) and Nagaland (88). Among Union Territories, the largest number of teachers was in Delhi (5,868), followed by Chandigarh (1,457). In Pondicherry and Goa, Daman & Diu, the number was 378 and 346 respectively. In others it was less than 50.

Table 38 :

In this Table, distribution of teachers employed in the departments of Arts faculty in various universities is shown by designation.

Of the total number of 6,283 teachers in the Departments in the Arts faculties of Universities, only 854 (13.6%) were women teachers. Of the former 638 (nearly 10%) were professors. In Universities, the big chunk of the teaching staff were Lecturers (3,909 or 62.2%), followed by Readers (1,339 or 21.3%), Assistant Lecturers, Tutors and Demonstrators constituted 4.2 per cent of the total staff of Arts faculty in universities.

The first position in this regard was held by Osmania University, which reported 357 teachers in their Arts faculty. This was followed by Bihar University (347), Delhi University (248), other universities with less than 300 and more than 200 teachers in this faculty were Aligarh (213) and Calcutta (204).

Delhi University employed the largest number of Professors (33) in the faculty of Arts, followed by Jawaharlal Nehru and Osmania Universities (26) each. Mysore University and Aligarh University (22 each) and Panjab University and Bombay University (21 each). Universities with 10 or more and less than 21 professors in the faculty were: Bihar, Gorakhpur and Calcutta (11 each), Guru Nank Dev (13), Jadavpur (12), Karnatak and Andhra Pradesh (20 each), Kerala, Udaipur, M.S. University of Baroda, Kurukshetra (10 each), Lucknow (15), Madras (14), Patna (18), Poona (12), Rajasthan (13), Sri Venkateswara (13), Allahabad (17), Banaras Hindu University (14) and Visva-Bharati (12). In the remaining 52 universities and deemed to be universities the number of professors in the faculty of Arts was less than 10.

Table 39 :

This Table shows university-wise distribution of teaching staff employed in the departments of Science Faculty by designation.

The number of teachers in Science faculty constituted 28.0% of the total number of teachers in all the teaching departments of the universities, institutions deemed to be universities and institutions of national importance. Out of every ten teachers, one was a woman. While Asstt. Lecturers and Tutors formed only 8.6% of the total staff the proportion of other categories was: Professors 10.2%, Readers 20.1%, Asstt. Professors (7.0%), Lecturers 53.9% and Others 0.2%.

The largest number of science teachers was reported by Osmania University (419) followed by Bihar (314), Baroda (214), Banaras (205), Punjab Agricultural (203) and Andhra (201). Seventeen universities reported between 100 and 200 teachers. In others, the number of teachers was less than 100.

Table 40 :

This Table gives university-wise composition of teaching staff in the Commerce faculty by designation.

Out of 95 statutory universities, only 44 had employed teachers in the departments of Commerce, in addition to Birla Institute of Technology and Science. The total number of teachers in this faculty

added to 800 which constituted 3.2% of the total number of teachers employed in all teaching departments. Of the former, less than three per cent were women teachers. Of the 800 teachers in this faculty only 51 (little more than 6%) were Professors. As many as 15 universities, namely, Bangalore, Bihar, Gauhati, Himachal Pradesh, Indore, Jammu, Jawaharlal Nehru Technology, Kashmir, Mithila, Lucknow, Magadh, Marathwada, North Bengal, Saurashtra and Udaipur had no Professor in their Commerce Faculty. Similarly, although the total number of Readers was 138 (17.2%), 8 universities did not have any Reader. Lecturers constituted about 75 per cent of the total teaching staff.

Except Bombay University which employed 134 teachers in its Commerce faculty, no other university employed more than 70 teachers in this faculty

Table 41 :

This Table shows university-wise and designation-wise distribution of teachers employed in teaching departments of the faculty of Agriculture by designation.

Twenty-three statutory universities and one institution deemed to be university (Indian Agricultural Research Institute) have shown teaching staff in the faculty of Agriculture. Sixteen out of twenty-four universities were Agricultural Universities and the remaining seven universities had Agricultural Departments.

The total number of teachers in the Agriculture faculty was 28.0 per cent of the total number of teachers employed in the professional faculties. Women teachers were nearly 2.4 per cent of the total number of teachers of this faculty.

Professors constituted 11.6 per cent of the total number of 3,075 teachers employed in the faculties of Agriculture in all the universities. The percentage of Readers and Lecturers was 15.0 each. Assistant Professors accounted for 37.4 per cent of the total teaching staff. Tamil Nadu Agricultural University reported the largest number of teachers employed in the Faculty of Agriculture (507), followed by Punjabrao Krishi Vidyapeeth (307), Mahatma Phule Krishi Vidyapeeth (287), Andhra Pradesh Agricultural (273) and Jawaharlal Nehru Krishi (278). In six universities the number of teachers was less than 200 but more than 100. In the remaining it was less than one hundred.

Table 42 :

This Table gives university-wise picture of teaching staff employed in various departments of the faculty of Education by designation.

Thirty-one universities and three institutions deemed to be universities provided facilities for higher education in the faculty of Education for which they employed 456 teachers. This constituted 41.5 per cent of the total teachers employed by universities in the various departments of professional faculties. Of the former, 125 (27.4%) were women teachers.

Professors constituted 9.9 per cent of the total number of teachers in this faculty. As many as 10 universities did not have any professor. The proportion of Readers and Lecturers was 19.1% and 62.3% respectively, while two universities and one institution deemed to be university (Gujarat Vidyapeeth) did not have any Reader.

S.N.D.T. Women's University employed the largest number of teachers (58) followed by Central Institute of English and Foreign Languages (42), Jamia Millia Islamia (39), Baroda (32), Calcutta (28), Banaras Hindu (25) and Aligarh Muslim (21). In others, it was less than 20 and those having less than five faculty members were Andhra (3), Gujarat (4), Meerut (3), Punjabi and Rajasthan (4 each), Saugar (2) and South Gujarat (1).

Table 43 :

This Table gives university-wise and designation-wise distribution of teaching staff in various departments of the faculty of Engineering & Technology.

29 Universities, four institutions deemed to be universities and five Indian institutes of technology which provided teaching facilities in Engineering and Technology, employed between them 3,771 teachers—highest among all the professional faculties. The number of women teachers was only 43 (1.1%).

Professors constituted 15.1 per cent of the total number of teachers. This was the highest percentage among all the professional faculties. There was not a single university which had not at least one professor on its strength. Nearly 15% of the teaching staff were Readers. However, five universities, namely, Dibrugarh, Gujarat Agricultural, Guru Nanak Dev, Jawaharlal Nehru Technological, Orissa University of Agriculture & Technology, four Institutions deemed to be universities and all the IITs, except Indian Institute of Technology, Kharagpur, had no Reader on the Staff strength of their faculties of Education.

Among universities, the largest number of teachers in Engineering and Technology were employed by Jawaharlal Nehru Technological (332), followed by Roorkee (327), Indian Institute of Technology, Madras (275), Indian Institute of Technology, Kharagpur (262), Jadavpur (217), M. S. University

of Baroda (205) and Indian Institute of Science (203). Universities with more than 100 and less than 200 teachers were Andhra (118), Banaras Hindu (194), Jodhpur (121), Osmania (105), Indian Institute of Technology, New Delhi (142), Indian Institute of Technology, Kanpur (163) and Indian Institute of Technology, Bombay (187).

Table 44 :

This Table shows university-wise and designation-wise teachers employed in the Law Faculty of universities.

Thirty four out of 95 universities reported the existence of the Faculty of Law in which they employed 572 teachers (5.2% of the total in professional faculties) of whom only 21 (3.7%) were women.

The total number of professors in all the universities was 41 (nearly 7% of the total strength). Universities of Bihar, Dibrugarh, Gorakhpur, Karnataka, Nagpur, Punjabi and Saugar had not appointed any Professor. The Readers constituted 15.6% of the total teaching strength of this faculty. The number of Lecturers, however, formed the major proportion (76.7%) of the total strength. Tutors were only 3, in Patna University.

Delhi University employed the largest number of teachers (79) followed by Calcutta University (64), Bombay University (51), Lucknow (41) and Panjab (32). In three of the remaining universities, the number ranged from 20 to 25; and in 10, it varied from 10 to 20. In the remaining 16 universities, the number was less than 10.

Table 45 :

This Table shows the university-wise distribution of the teaching staff by designation in the Faculty of Medicine.

Only ten universities, one institution deemed to be university and two institutions of national importance had reported the teaching staff employed in this Faculty. (The only institution deemed to be university namely Birla Institute of Technology and Science which reported staff for teaching Pharmacy provided for instruction in B. Pharmacy and M. Pharmacy). The total members of the teaching staff in the faculty constituted 13.0 per cent of the teaching staff in professional faculties. Women formed 16.6 per cent of the total strength of this faculty.

The number of professors formed 9.6% of the teaching staff. Except S.N.D.T. Women's University, all universities and institutions having this faculty had at least one Professor on its strength. Lucknow University reported highest number of Professors 46 (33.6%) followed by the All India Institute of Medi-

cal Sciences 29(21.2%), Banaras Hindu University 26 (19.0%) and Post-graduate Institute of Medical Education & Research, Chandigarh 23 (16.8%). In others, number of professors ranged from 1 to 6. Except Birla Institute of Technology & Science, all Universities had at least one Reader in their Medical faculty, the total being 212 (14.8%). Lecturers constituted 31.2 per cent of the total strength in this faculty.

The All-India Institute of Medical Sciences, New Delhi reported the largest number of teaching staff (296), followed by P.G.I.M. & R., Chandigarh (249), Calcutta University (243), Banaras Hindu University (241) and Lucknow University (237). In others, the number ranged from seven in Birla Institute of Technology and Science to 50 in S.N.D.T. Women's University.

Table 46 :

This Table gives university-wise and designation-wise number of teachers employed in teaching departments of Oriental Studies.

Only four universities had reported staff in their teaching department of the Faculty of Oriental Studies. Only 65 teachers (all men) (0.6%) of the total teaching staff of professional faculties) were in this Faculty.

The total teaching staff in this faculty comprised of five Professors (7.7%), nine Readers (13.8), 48 Lecturers (73.8%) and three Assistant Lecturers (4.6%). Universities of Lucknow and Panjab had no Professor in this Faculty and except Banaras, the remaining three universities had no employed Readers. All four universities had Lecturers and M.S. University of Baroda had in addition, three Assistant Lecturers.

Table 47 :

This Table gives university-wise and designation-wise distribution of teachers employed in the Faculty of Veterinary Science.

Fifteen universities provided facilities in Veterinary Science and employed 979 teachers, of whom only 15 were women. Except Udaipur University, all other universities having Faculty of Veterinary Science were Agricultural Universities.

Nearly 14 per cent of the total teaching staff were Professors and the posts existed in all the 15 universities. Readers and Asstt. Professors constituted 54.3% of the total teaching staff of this faculty. Lecturers were 152 or 15.5% and the demonstrators were 10.5%.

Table 48 :

This Table shows university-wise distribution of teachers according to designation, who were emp-

oyed in teaching departments of other Faculties like Music, Dancing, Social Work, Journalism etc.

Thirty-five universities and two institutions seemed to be universities reported staff in these faculties. The number of teachers employed was only 650 (5.9% of all teachers of Professional Faculty). Of the total, 94 or 14.5% were women.

Table 49 :

This table shows university-wise and designation-wise distribution of teachers teaching subjects in the faculty of Arts in affiliated colleges. Teachers designated as Professors, Readers, Lecturers and Assistant Professors have been clubbed together as 'college teachers'. Other categories of teachers in colleges were Assistant Lectures, Tutors, etc., besides Principals.

The total number of teachers (including Principals) was 56,741 (41.6% of the total number of teachers in all affiliated colleges). Of these, 14,082 (24.8%) were women.

Of the total number of Arts teachers, as many as 50,001 (88.1%) were college teachers, besides 2,023 (3.6%) Principals, Assistant Lecturers accounted for only (3.6%), Tutors, (4.4%) and Others (0.2%).

The Largest number of teachers employed in affiliated colleges for teaching Arts subjects, was reported by Calcutta University (4,183) followed by Madras (3,408), Panjab (3,085) Delhi (2,551) and Kerala (2,098). Seventeen universities reported more than 1,000 and less than 2,000 teachers employed in their affiliated colleges for Arts subjects. Fifteen universities reported between 500 to 1,000 Arts teachers employed in their affiliated colleges during the year under report, 100 to 500 Arts teachers were employed in affiliated colleges of 21 universities. In the remaining, the teaching staff of Arts subjects was less than 100.

Table 50 :

This Table gives university-wise distribution of various categories of science teachers employed in their affiliated colleges.

The total number of science teachers constituted 28.6% of the total number of teaching staff employed in affiliated colleges. The percentage of women teachers was 17.6.

Besides 597 Principals (1.5%) in science colleges, 29,524 (75.8%) were college teachers teaching science subjects. Assistant Lecturers accounted for only 3.8 per cent but demonstrators in science subjects formed 18.6 per cent of the teaching staff.

Madras University topped all others in reporting 3,394 science teachers of its affiliated colleges, followed by Calcutta University (2,821) and Kerala (2,040).

Affiliated colleges of 9 universities employed 1,000 to 2,000 science teachers, the number of universities reporting 500 to 1,000 science teachers of their affiliated colleges being 17. In the remaining 35 universities the number was less than 500.

Table 51 :

This Table shows the university-wise distribution of different categories of commerce teachers employed in affiliated colleges.

The number of commerce teachers in affiliated colleges formed 6.9% of the total number of teachers employed in affiliated colleges. Of the former, nearly four per cent were women teachers.

Out of 61 universities reporting commerce teachers in their affiliated colleges, 14 universities have shown no Principal, because no exclusively commerce college was affiliated to these universities. Commerce courses were attached to Arts and Science Colleges affiliated to these as well as other universities.

Of the total number of 9,452 Commerce teachers, as many as 8,384 (nearly 89%) were college teachers. Assistant Lecturers and Tutors were 8.2 per cent of the total commerce teachers, the remaining three per cent being Principals and other categories of teachers.

Among Universities, affiliated colleges of Calcutta University only reported more than 1,000 commerce teachers (1,096). Four universities showed 500 to 1,000 commerce teachers in their affiliated colleges. The number of universities showing more than 200 and less than 500 commerce teachers, in their affiliated colleges was eight and the remaining 48 reported less than 200 teachers employed for teaching commerce in affiliated colleges.

Table 52 :

This Table deals with the designation-wise distribution the staff strength of Agricultural Colleges affiliated to various universities.

It is seen that only 11 universities had affiliated agricultural colleges with a total staff strength of 785 (2.5%) of all professional colleges. The number of women teachers constituted only 1.7% of the total staff strength.

Guru Nanak Dev University and Rajasthan University reported no separate Principal of Agricultural courses, as these were attached to other colleges. The number of college teachers constituted 83.8% of the total staff and Asstt. Lecturers and Tutors formed 13.8% of the total staff strength of Agricultural Colleges.

Universities of Gorakhpur and Kanpur with 145 and 166 teachers respectively showed more than 100

staff strength of their Agricultural affiliated colleges. In others it was less than 100 and varied from 23 each in case of Rajasthan and Kashmir universities to 99 in case of Meerut University.

Table 53 :

This Table gives designation-wise and university-wise distribution of teachers employed in affiliated teacher's training colleges.

Fifty-eight out of 95 statutory universities reported teaching staff in Education of their affiliated colleges. Universities of Banaras, Gorakhpur and Lucknow have not shown any Principal because there was no exclusively Teachers training institution affiliated to these universities. Teachers training classes were attached to some of their affiliated colleges.

The total number of teachers in affiliated colleges was 4,546 and constituted 14.6 per cent of teachers teaching professional subjects in affiliated colleges. The women teachers formed nearly 26.8% of the total teaching staff of this subject in affiliated colleges.

Besides 283 Principals in 278 affiliated colleges of this profession, as many as 3,384 (74.4%) were College teachers, followed by 12.4% Tutors, 5.1% Assistant Lecturers and 1.8% 'Others'.

No university reported more than 300 teachers in this faculty of their affiliated colleges. The largest number of teachers of this subject was reported by colleges affiliated to Gorakhpur University (290), followed by Calcutta (247), Poona (237), Rajasthan (233), Mysore (230), Panjab (228), Gujarat and Agra (221 each). In others it was less than 200.

Table 54 :

This Table gives university-wise and designation-wise distribution of teachers teaching Engineering and Technology in affiliated colleges.

Of the total number of 6,316 members of the teaching staff of Engineering and Technological colleges (affiliated to 44 universities) only 108 (1.7%) were women. The total number of teachers of this faculty in affiliated colleges constituted 20.2 per cent of the total staff of affiliated professional courses.

The composition of various categories of staff was Principal (1.4%), college teachers (77.7%), Asstt. Lecturers (13.1%) and Tutors and Demonstrators (7.4%).

Madras University reported the highest number of 568 teachers employed in its affiliated colleges for teaching Engineering and Technology followed by Mysore (448) and Ranchi (365), six universities

reported staff strength of 200 to 300 teachers of affiliated colleges for this faculty; while 16 universities showed 100 to 200 teachers employed for subjects of Engineering and Technology in their affiliated colleges, the remaining 19 universities had affiliated colleges with staff strength of less than 100 for teaching this subject.

Table 55 :

This Table shows the designation-wise distribution of staff strength of Law Colleges affiliated to various universities.

The staff strength of affiliated Law Colleges constituted 6.4% of the total strength of staff in affiliated professional courses. The women teachers were only 2.3% of the total staff strength.

Forty-four out of 95 universities reported staff strength of their affiliated Law colleges or classes attached to other colleges.

Bombay University reported the largest numbers of teachers (127) followed by Gauhati (116) and Gujarat (115). In others, it was less than 100. Thirteen universities had showed staff strength between 50 to 100 in their affiliated law courses. In 28 universities, the staff strength of their affiliated law courses was less than 50. Three universities reported staff strength more than 100.

Table 56 :

This Table gives designation-wise distribution of teachers employed in Medical Colleges affiliated to various universities.

Medical colleges employed the largest number of teachers (14,608) among all the professional colleges and constituted 46.8% of the total number of teachers of these colleges. The women teachers constituted 21.6% of the total staff strength.

Besides 200 principals in the affiliated medical colleges, the number of college teachers (Professors, Readers, Lecturers etc.) was 9,653 or 66.1%. Of the total Asstt. Lecturers and Tutors accounted for 28.8% and other staff 3.7%.

Madras University with 1,800 teachers in its affiliated medical colleges topped all other universities followed by Bombay University (1,200). The staff strength varied between 500 to 1,000 in medical affiliated colleges of four universities. The number of universities having 100 to 500 teachers in their affiliated colleges was 36. In the remaining 14 universities, the staff strength was less than 100 in their medical colleges.

Table 57 :

This Table depicts university-wise the picture of different categories of staff employed in affiliated

colleges, for teaching Oriental Learning in the field of higher education.

Fifteen out of 95 universities reported facilities for Oriental Studies in their affiliated colleges, whose staff strength constituted 5.1% of the total staff strength of all professional courses. Women teachers formed 4.4% of the total teachers for Oriental Learning.

Sampurnanand Sanskrit University reported the highest staff strength in its affiliated colleges in Oriental Learning (639), followed by K. S. Darbhanga Sanskrit (320), Andhra Pradesh (195) and Rajasthan University (142). Only in two universities, the staff strength of affiliated oriental learning courses was more than 50 and less than 100. In the remaining, it was less than 50, the least being in Madurai.

Table 58 :

This Table shows university-wise different categories of teachers of affiliated colleges providing higher education courses in Veterinary Science.

Only four universities reported staff strength of Veterinary courses in their affiliated colleges. The total staff strength of this professional course comprised 0.5% of the total teachers employed in all affiliated professional courses. The women formed only 12.6% of the staff strength of this course.

Table 59 :

This Table reports university-wise distribution of staff teaching subjects like Music, Dancing, Social Work, Journalism etc. of affiliated courses.

Thirty-two universities reported different categories of teaching staff employed in their colleges of these subjects. The total strength of staff constituted nearly 0.4% of the total number of teachers of all affiliated professional courses of higher education. The percentage of women teachers formed 25.4% of the total staff of these miscellaneous faculties.

The composition of the staff strength was college teachers (67.5%), Assistant Lecturers (10.8%) and Tutors (9.2%) besides 7.6% Principals of separate colleges for these subjects.

Rabindra Bharati like their teaching departments, reported highest staff strength of 347 of their affiliated colleges providing facilities for higher education in Music & Dancing, than other universities with significant staff strength of their affiliated courses in these categories of subjects.

Table 60 :

This Table depicts state-wise comparative picture of enrolment and corresponding staff for teaching

Arts, Science and Commerce Courses. Columns (3) & (5), (7) & (9), (11) & (13) shows the ranking position of enrolment and teachers for Arts, Science and Commerce respectively.

In Arts faculty, Uttar Pradesh, Maharashtra, West Bengal ranked number 1, 2 & 3 both in respect of enrolment and teachers. But, while the further position in ranking for the enrolment of Arts was occupied by Punjab, the fourth position in respect of Arts teachers was occupied by Tamil Nadu. Similarly, Madhya Pradesh which occupied fifth position in Arts enrolment ranked ninth in case of teachers. Again while Bihar ranked number 10 in case of enrolment, it occupied fifth position in case of staff. Other variations can be seen from columns (3) and (5) of the table.

In case of Science, Uttar Pradesh ranked number one for enrolment, but it occupied only third position in case of staff and the first position in case of staff was occupied by Tamil Nadu which had correspondingly third position for enrolment. The second position of Science enrolment was occupied by West Bengal but second position for science teachers was taken by Maharashtra. Similarly, the fourth position for enrolment and teachers were occupied by Maharashtra and West Bengal respectively. Other variations in ranking for Science enrolment and teachers in different States can be seen in columns (7) and (9) respectively.

West Bengal ranked number one in showing highest enrolment of Commerce but it occupied second position in case of Commerce teachers, conversely, Maharashtra showed second and first position for enrolment and teachers respectively. Generally speaking the variations in ranking in case of Commerce was not very wide, it being only a difference of one step up or down.

Table 61 :

This Table gives comparative position of enrolment and teachers in Arts, Science and Commerce Courses by Universities. The data shown in this table is the same as in Table 60, the only difference being that the data presented here is university-wise instead of State-wise.

Calcutta University reported the highest enrolment in each of Arts, Science and Commerce faculties. While this university had the highest staff strength in the faculties of Arts and Commerce, it occupied second position in case of Science faculty. Similarly, while Panjab University had second highest enrolment in Arts faculty, it had third position for staff strength. In science faculty, Madras university reported second highest enrolment but

first highest staff strength. In commerce faculty, Gujarat University reported second highest enrolment and staff strength.

The variations in ranking for enrolment and teachers in Arts faculty ranged from 26 in case of Allahabad university to no difference in case of Calcutta University, in Science faculty, this difference in ranking ranged from 28 in case of Jawaharlal Nehru University to no difference in case of Kerala and Mysore universities; in Commerce faculty, this difference ranged from 16 in case of Awadesh Pratap Singh University to no difference in Andhra, Calcutta, Delhi, Gujarat, Kashmir, Madras, Mysore, Poona, Rajasthan and Saugar Universities.

Table 62 :

This Table shows state-wise number of affiliated colleges having no library of their own and/or no reading room.

Of the total number of 3,856 affiliated colleges, 61 colleges (1.6%) in 16 States reported having no library of their own. As many as 438 or 11.4% of the total affiliated colleges had no reading room facilities. The number of colleges having no facilities either for libraries or for reading rooms was 61. While 3,795 affiliated colleges were having libraries, the number of colleges having reading rooms 3,418.

Table 63 :

This Table shows university-wise number of students residing in hostels of universities, institutions deemed to be universities and Institutions of national importance and their percentage to total number of students on rolls.

Of the total enrolment of 2.74 lakhs in these institutions only 32.0% were residing in hostels.

Among universities all students of Gujarat Ayurveda, Orissa University of Agriculture and

Technology, Rajendra Agriculture University and Indian Institute of Technology, Kanpur were residing in hostels. In eight universities this percentage ranged from 75 to 90. Fifty to 75% of hostelers were residing only in 18 universities. Between 25 to 50% of hostelers were residing in 22 universities. Of the rest, 10 to 15% hostelers were reported by six universities and 1 to 10 per cent by 15 universities.

Table 64 :

This Table gives university-wise distribution of students of affiliated colleges residing in hostels.

As compared to 32.0% of students in hostels in universities, only 14.9% of them were residing in hostels.

Nearly 54% of students were hostelers in colleges affiliated to Madurai University. Of the rest, the percentage ranged from 30 to 50 in 11 universities, 20 to 30 in eight universities, 10 to less than 20 in 22 universities and 1 to 10 in 25 universities.

Table 65 :

This Table gives state-wise picture of students studying in universities and colleges and residing in hostels.

The over-all percentage of students residing in hostels was 32.0% in universities and 14.9% in colleges.

State-wise, the percentage of hostel residents was highest (56.8%) in Arunachal Pradesh followed by 41.7% in Tamil Nadu, Orissa (39.2%) and Nagaland (33.3%). It varied from 20 to 30 per cent in four States and four Union Territories. In case of nine States, the percentage of hostelers was less than 20 and more than 10. In the remaining seven States/ Union Territories, the percentage of hostelers was less than 10, the least 3.4% being in Manipur.

Third All India Educational Survey (Higher Education)

The Third All India Educational Survey is being conducted by the University Grants Commission in the "Higher Education Sector" in collaboration with the National Council for Educational Research and Training.

The survey will cover all universities, colleges and other institutions of higher learning providing university level instruction.

There is an increasing need, today, both for colleges and universities themselves as well as many other agencies including Central and State Governments to have upto date accurate data, especially the statistics concerning the activities of universities, colleges and other Institutions of higher learning.

One of the main objectives of the Third Survey is to make available the 'type' of data that is needed for educational decision making as well as planning and projections. With this end in view it is proposed to collect essential facts and figures from all Institutions of higher education in a phased manner.

To begin with the basic minimum information pertaining to enrolment, staff, hostel residents and library books may be furnished as per Form S-O enclosed.

Before the Form is filled, attention is invited to the instructions contained in the following paras.

Instructions for filling in Form S-O (Universities)

1. The Statistics in this proforma should relate to *31st December, 1973 or the 15th day after the close of the admissions whichever is later.*
2. All the information to be furnished in this proforma should relate to University Departments/Faculties/University Maintained Colleges only.
3. Information is required about all those courses for which admissions have been made in the University Deptts./Faculties for the academic session 1973-74 : and for which the minimum qualification for admission is matriculation/school leaving certificate examination.
4. While furnishing enrolment figures, it should be ensured that every student is counted only once.
5. Both the enrolment and staff figures are required faculty-wise; the main faculties have been listed; courses not covered may be indicated in the additional space provided.

Important: All entries have to be made by pencil or ball-point and not by ink.

For use in 'Survey' Office only

1. Name of University with complete postal address _____

--	--	--

2. Location:

(a) District _____

One of the main objectives of the Third Survey is to make available the 'type' of data that is needed for educational decision making as well as planning and projections. With this end in view it is proposed to collect essential facts and figures from all Institutions of higher education in a phased manner.

To begin with the basic minimum information pertaining to enrolment, staff, hostel residents and library books may be furnished as per Form S-O enclosed.

Before the Form is filled, attention is invited to the instructions contained in the following pages.

INSTRUCTIONS FOR FILLING IN FORM S-O (COLLEGES)

1. The proforma should be filled-in with the ball point pen or pencil and not ink.
2. The statistics in the proforma should relate to 31st December, 1973 or the 15th day after the close of the admission for the year 1973-74 whichever is later. This is very important.
3. All the pages from 1 to 14 are to be sent back all intact after duly filling-in. The pages showing "nil" or "not applicable" should also be sent back.
4. After filling-in the proforma, three sets should be made after removing the carbon sheets and the original set may be sent to U.G.C.
5. Information may be given about all those courses for which admissions have been made in the College for the academic session 1973-74 and for which the minimum qualification for admission is matriculation/school leaving certificate examination.
6. Only those courses for which the college is affiliated to the University need be shown. If the college conducts lower courses (viz. School classes) they should not be included in the information given in this Form.
7. While furnishing enrolment figures, it should be ensured that every student is counted only once.
8. Both the enrolment and staff figures are required facultywise; the main faculties have been listed; courses not covered may be indicated in the additional space provided.

Important : All entries have to be made by pencil or ball-point and not by ink

*For use in the 'survey
Office' only*

1. Name of the College	_____
2. Name of City/Town/Village Where the College is Located	_____
(a) District :	_____

FORM S—O (Non-Affiliated Institutions)

Name of the College _____

Affiliated _____ University

Located in _____ District _____ State _____

Date to which the data pertains _____

Note

While indicating the courses offered in your institution please also specify the 'Authority/Agency' (Viz. Central Govt./State Govt./Board etc.) which awards the degree or equivalent diploma after the successful completion of the course.

Courses offered.

Authority/Agency to which affiliated.

Third All India Educational Survey (Higher Education)

The Third All India Educational Survey is being conducted by the University Grants Commission in the "Higher Education Sector" in collaboration with the National Council for Educational Research and Training.

The survey will cover all universities, colleges and other institutions of higher learning providing university level instruction.

There is an increasing need, today, both for colleges and universities themselves as well as many other agencies including Central and State Governments to have upto date accurate data, especially the statistics concerning the activities of universities, colleges and other institutions of higher learning.

One of the main objectives of the Third Survey is to make available the 'type' of data that is needed for educational decision making as well as planning and projections. With this end in view it is proposed to collect essential facts and figures from all Institutions of higher education in a phased manner.

To begin with the basic minimum information pertaining to enrolment, staff, hostel residents and library books may be furnished as per Form S-O enclosed.

Before the Form is filled, attention is invited to the instructions contained in the following pages.

Instructions for filling in Form S-O (Colleges)

1. The proforma should be filled-in with the ball point pen or pencil and not by ink.
2. The Statistics in the proforma should relate to *31st December, 1973 or the 15th day after the close of the admission for the year 1973-74 whichever is later.* This is very Important.
3. All the pages from 1 to 14 are to be sent back all intact after duly filling-in. The pages showing "nil" or "not applicable" should also be sent back.
4. After filling-in the proforma, three sets should be made after removing the carbon sheets and the original set may be sent to U.G.C.
5. Information may be given about all those courses for which admissions have been made in the College for the academic session 1973-74 and for which the minimum qualification for admission is matriculation/school leaving certificate examination.
6. Only those courses for which the college is affiliated to the University need be shown. If the college conducts lower courses (Viz. School classes) they should not be included in the information given in this Form.
7. While furnishing enrolment figures, it should be ensured that every student is counted only once.
8. Both the enrolment and staff figures are required faculty-wise; the main faculties have been listed; courses not covered may be indicated in the additional space provided.

Important : All entries have to be made by pencil or ball-point and not by ink
