PREFACE

The decade 1991-2001 has been, the most active period in the development of Primary Education in the State. 'VISION 2020' document of Government of Andhra Pradesh has put forth the Vision and Mission of the State for achieving total Literacy by 2005. The New Millennium has brought in new perspectives at the National and International levels. The framework of action for EFA adopted by the Global conference of 2000 in Dakar presents a renewed focus for action to provide Education for All. Keeping in step with the National goals, the State has stepped up its efforts in Universalization of Elementary Education.

For achieving the objectives and goals envisaged by the department, the importance of availability of reliable data cannot be under estimated. In order to provide quick, valid and reliable data on the key indicators, the department is publishing "Hand book of Educational Statistics".

This publication provides information on Schools, Enrolment, Teachers, Budget and important Educational Indicators. We hope that this publication will provide useful insights to the planners and administrators.

MANMOHAN SINGH I.A.S.,
