9. (a) Whether the existing TTIs have any programme of training Early Childhcod Education teachers; if so, their number and annual out-turn.

Teacher The ining Institute
does not have a regular
programme of training ECE
teachers, However training
programmes are organised once
two years. Regular ECE teachers
will be imported training
programmes with out turn of
30 from 1985-86.

(b) Thether the existing training facilities are considered adequate for the present and future expansion during Sixth Plan.

Existing training facilities for pre-school teachers are inadequate. A new T.O.I. for training of pre-school teachers is proposed to be established.

- 10. Whether the existing training The existing TTL needs facilities need strengthening strengthening.

 of new TTL for tra-ining Early
 Childhood Education Teachers There is proposal for setting would require to be set up:

 if so, what are the specific proposals.
- 11. No. of ECE Centres functioning in the State under Central Scheme assistance to voluntary agencies for ECE?

NiI

12. No. of ECE Centres inspected by the officers of the State Government.

165 centres under Education Department.

13. Are the ECE centres functioning satisfactorily.

Yes, ∷

. . . . 4

II. ENIVERSICIBATION OF ELEMENTAPY I DUCAT ON

PATTERN .

1. Existing pattern of elementary (Primary and middle)school classes.

Primary classes I-V Middle classes VI-VIII

If the existing pattern does The existing pattern not conform to classes I-VIII/ conforms to the 2. If the existing pattern does /(Middle), whether there is any proposal to change the existing pattern; if so, by when.

National Pattern.

/primary and classes VL_VIII

Age of entry

- The age of entry in to wlass I. 5+ years.
- 4. If the prescribes age of entry then 6, whether there is any proposal to restrict admission only to 6+ : if so, by when, to be implemented.

There is pro osal to restrict admission only to 6+ BE words to 11 mg. implemented from 1985-86.

Print Rechools

h What is the total number of habitations with more than 300 population without primary schools/sections within one kilometre.

40 **2**00

(please indicate the present position for 1983-84)

Of the number under 5 above, what is the number of habitations.

Pre-dominantly inhabited by scheduled castes.

Nil

(b) Pre-dominantly inhabited by Scheduled Tribes.

Information not evailable.

-: 5 : -

7. The existing number of primary schools in the State.

Monitoring

45. Has the State taken adequate steps to provide additional staff at the block, districtant and State level for regular monitoring of elementary education programmes including attendance and sending quarterly attendance returns to the NCERT; if not, what are the precise difficulties in this important measure.

The Sot Stical machinery of the district levelhas not yet been setup. The district level machinery will be set up during 1985-86.

Quarterly Attendance Returns are not being sent to the MCERT due to non-existence of statistical machinery at the district level.

Backward Areas

46. Has the State identified the backward areas wither distrits and or blocks that require special strategy for the programme of universalisation; if so, their numbers. Also indicate the important flatures of the special strategy.

identified of tribal area.
