

EDUCATIONAL STATISTICS
2005 - 2006

DIRECTOR OF SCHOOL EDUCATION
ANDHRA PRADESH, HYDERABAD

The Right Place of every Child is School

PREFACE

The Handbook of Educational Statistics is an annual publication of the Department of School Education and the present book contains data pertaining to the year 2005-06 and is fifth in series.

The Hand Book contains State Abstract figures as well as District wise information i.e. data pertaining to Type wise Number of Schools, Enrolment in various types of schools and number of Teachers working in schools. It also includes the indicators like Gross Enrolment Ratio, Teacher-Pupil Ratio, Drop-Out Rates and Performance in seventh and tenth class examinations. Type wise and community wise enrolment figures and number teachers are additionally added this year. In addition to Educational Statistics, final population figures of Census-2001 such as Literacy Rate, Growth Rate, Area ,Sex Ratio, Community wise and Area wise population are incorporated updating the previous figures which were provisional figures.

A considerable increase can be observed with regard to the number of schools and a marginal increase in enrolment when compared to last year. The total number of schools has increased from 92,768 to 94,984. There is an increase of one lakh in total enrolment when compared to previous year 2004-05. This does not include enrolment in EGS centers and Alternative Schools..

I hope this annual publication will be of great use to all the persons not only involved in the field of education but also for the planners and administrators. Any valuable suggestions for further improvement and enrichment of the book are solicited.
