PREFACE

Examination is meant to judge what progress pupils have made and to provide information on how they can be helped to move forward. It is the interplay between the various forms of examinations, the uses to which the results of examination are put and the consequent teaching-learning process and making significant yet contentious area for research, policy-making and for decision for follow up action.

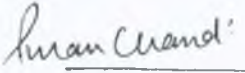

The response from the boards/councils has been satisfying as many of the member-boards responded to the request of COBSE to send examination result details in the prescribed format. It would have been even more encouraging if all the member-boards could send the information sought for by COBSE.

I am happy to place before you a copy of the Analysis of Examination Results 2011 done by COBSE. I am sure this will be of value to members of COBSE and other stakeholders alike. I request all my colleagues to ensure that they provide the complete data on time to enable us to carry out the work of this nature on a regular basis. I am sure, Boards/Councils who have not been able to provide us information would kindly send information on time.

I would like to take this opportunity to acknowledge the hard work, sincerity and devotion exhibited by Ms. Khushbu Sabian and Ms. Sangita Dey, the two Researchers whose services were placed at the disposal of COBSE by NUEPA.

Once again, I acknowledge the support of members of COBSE in enabling us to accomplish the task. I am grateful to those who had helped in this task. I profusely acknowledge the quality of work done by them.

BACKGROUND

COBSE- An overview

1.1 Background

There are more than 127,000 Secondary and Senior/Higher Secondary schools in India. If any initiative has to be taken to bring about changes in the area of curriculum development, teaching/learning processes, examination reforms etc., the Boards of School Education in different States have to provide leadership.

Council of Boards of School Education in India (COBSE) provides a common platform for mutual consultation on all academic or administrative matters of various Boards. COBSE was created in 1979. It is an apex body of all the Boards/Councils of Secondary and Senior/Higher Secondary Education in the country. It was registered by CBSE under the Societies Registration Act XXI of 1860 in 1979 to provide academic support to its member-Boards/Councils on setting and maintenance of educational standards, curriculum planning, developing curriculum material, evaluation etc.

In fact, the main objective of COBSE is to initiate reforms in evaluation and to bring about improvements in the quality of school education in collaboration with its member-Boards/Councils. Presently, Mr. Vineet Joshi, Chairman, CBSE is the President of COBSE.

1.2 Roles and Functions of COBSE

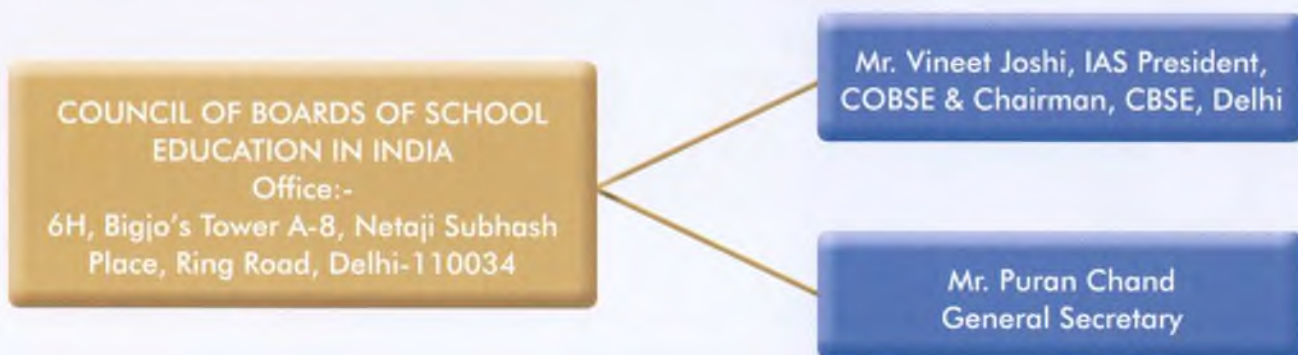

COBSE provides academic support to its member Boards/Councils on:

1. Setting and maintenance of educational standards.
2. Curriculum planning
3. Preparation of curriculum materials and transaction
4. Evaluation in Schools
5. Public examinations

Specifically, the functions of COBSE are:

- ▶ To offer consultancy to other educational agencies, organizations and institutions in the areas listed above
- ▶ To develop framework for examination reform
- ▶ To organize in-service programme for members of the Board and other Senior Education Functionaries
- ▶ To conduct research on evaluation, curriculum and teaching methodology
- ▶ To organize workshops and seminars on issues of importance to school/education in general and Secondary/Higher Secondary in particular
- ▶ To do research for development of framework for quality of school education
- ▶ To develop the links with University system
- ▶ To help in coordination of programmes of different Boards/Councils.

1.3 Organisational Structure and Officers In-charge

ZONAL CONVENORS & VICE PRESIDENTS

COBSE has six Vice Presidents representing six zones viz. North, Central, Western, Southern, Eastern and North-Eastern. The members are as follows:

NORTHERN ▶ Haryana, Punjab, Himachal Pradesh and J&K
CENTRAL ▶ SBSE, NIOS, CISCE, UP and Uttarakhand
WESTERN ▶ Maharashtra, Gujarat, Goa, Madhya Pradesh, Chhattisgarh and Rajasthan
SOUTHERN ▶ Tamilnadu, Kerala, Andhra Pradesh and Karnataka
EASTERN ▶ Orissa, West Bengal, Bihar and Jharkhand
NORTH-EASTERN ▶ Assam, Manipur, Mizoram, Nagaland, Meghalaya and Tripura

Note: Arunachal Pradesh does not have a state board

1.4 Publications

COBSE publishes pre and post conference material of its Annual Conferences. Various reports from time to time. Some of its other important publications are:

1. Open Learning System in India – With Special Reference to School Education
2. School Based Evaluation in India
3. Towards Quality Secondary Education- An Agenda For 21st Century
4. Education & Human Development - A Futuristic Approach
5. Continuous & Comprehensive Evaluation - A project Report
6. Globalization and Its Impact on School Education - a Project Report
7. Examination Reform for Quality Education (A report of COBSE conference held at Trivandrum)
8. Planning Strategies for Universalizing Quality Secondary Education
9. Teaching of Science and Maths at Secondary level - Issues and Concerns
10. COBSE's folder and Package on AE Programme
11. Remodelling of School Education Boards: Report of the Task Force on the Role & Status of Boards of Secondary Education.

1.5 Future Plans of COBSE

1. Development of a learning centre at Gurgaon
2. Greater interaction with Boards/Councils of other countries
3. Universalizing CCE
4. Effective approaches to Value Education
5. Integration of AE elements in curriculum.

1.6 The Objectives of the Present Assignments were

1. To review a Study of Boards/Councils Examination Results 2010.
2. To verify and analyse the data of Boards/Councils examination results 2011 (10th and 12th separately).
3. To provide suggestions for future reports based on analysis of Boards/Councils' examination results.

RATIONALE OF THE STUDY

Board examinations taken at the end of Class X and Class XII are of immense importance to students, parents and teachers, although it has been rather rigid, bureaucratic and sometimes a source of anxiety to students because of the amount of information demanded.

While actual examination administration and security and release of results have improved in recent years across most Boards/Councils, records show that most Boards/Councils release result within 45 days of the end of the exams and the question papers remain seriously problematic in more than one way. Examinations in their present form are not the real measure of the students' potential because they cover a small fraction of the course content. They do not have provision for evaluation of all abilities of students, but the issue of evaluation in co-curricular areas being addressed through CCE by many Boards.

Over the years, it has been realized that unless examination results are analyzed properly and systematized, it is difficult to make any impact on the quality of question paper and evaluation of answer scripts. Therefore, the need to analyze external examination results and to transmit them to all concerned to improve their performance was increasingly being felt.

COBSE has been regularly trying to obtain and analyze Secondary and Senior/Higher Secondary results of various Boards and Councils of school education not only provide feedback to the member-Boards/Councils, but also an opportunity to view the results of other Boards/Councils in a new perspective. Having that in mind, COBSE began its effort for the first time to analyze the results of Secondary and Senior/Higher Secondary in 2004. It has been providing an insight into the performance of students as well as the Boards/Councils to assess their own results vis-a-vis other members.

On the basis of the outcome of the first Study of Examination Results conducted by COBSE in 2004, it was felt that a study of such a nature needs to be conducted on a regular basis every year.

METHODOLOGY

In order to collect information for a comprehensive study, a form was designed and sent to member-Boards/Councils soliciting information from them about their Secondary and Senior/Higher Secondary examination.

The overall response of the Boards/Councils was very good. COBSE received information from 32 States Boards/Councils/Councils conducting Secondary and Senior/Higher Secondary examination. However, data from the respective Boards/Councils of J&K, Kerala and Council of Higher Education Orissa was not received. Further, analysis was conducted for the data that was received.

The proforma circulated by COBSE to all the Boards/Councils are as follows:

Analysis was carried out to tabulate all the data and to produce a set of tables that summarised the findings.

THE ANALYSIS

The analysis done by COBSE for the previous years was reviewed and it was observed that the analysis was more in the form of mere depiction of the data, whereas the intention was to compare the data for the 2010 and 2011 and to arrive at some conclusions from that. This would be of use in future to see the progress made over a period of time. The analysis of 2011 examinations has been done to:

1. Provide a comprehensive table of SC, ST and General category students to bring out their pass percentage representation in their respective Boards/Councils;
2. Produce a comprehensive table incorporating data across the Boards/Councils on the number of days taken for completion of examination process and the time taken for declaration of results;
3. Show improvement achieved in the pass percentage across Boards since 2004 (COBSE first came up with its Board Examination results report in 2004) till 2011;
4. Provide analysis of stream-wise pass percentage of students across Boards/Councils for science and commerce streams for all the senior/ higher secondary examination results 2011;
5. Depict the data of 2011 in the form of graphs and charts in order to make it more reader friendly.

OBSERVATIONS

It has been observed that the responses from the Boards are not similar and constant in providing the statistics. Maximum 25 out of 32 Boards/Councils have provided information on Secondary and Senior/Higher Board Examination results since 2004. J&K Board conducts its examination twice a year, separately for Jammu and Kashmir Divisions and in this respect it is different from all other Boards.

The analysis so far done by COBSE has shown Boards/Councils which have high percentages and low pass percentages. The time taken by the Boards/Councils to declare the results has also been tabulated.

SUGGESTIONS

Since the time taken for the completion of examination process differs from Board to Board which range from 7 days (Bihar Board) to 59 days (U.P. Board), it is suggested that the time-frame should be such that it

should not vary greatly across the Boards/Councils to enable better coordination among them. This in turn would allow students to avail higher education within a given time-frame.

It is proposed a further category of rural and urban location wise distribution of students in schools under different Secondary and Senior/Higher Secondary Boards/Councils should be incorporated in the Table under the prescribed format provided by COBSE to the different Boards/Councils. This would enable COBSE to study the disparity of the students from the rural and urban areas. It is also proposed for the incorporation of OBC data along with those of SC and ST data in future studies.

Finally, the functioning of COBSE is dependent upon the initiatives taken by the different Boards/Councils and their co-operation. A keen interest by the Boards/Councils towards the implementation of recommendations made by COBSE can enable the organization to help bring about quality in learning through greater participation of students. COBSE could play a greater leadership role in bringing all the Boards/Councils to a common platform wherein greater degree of quality education can be assured to students.
