#### *Qualifications of the staff.*

15. The character of the certificate which should be held by the teachers is governed by the above rules, but recognition may be withheld or withdrawn unless the individual teachers fully satisfy the department as to their capability to teach the several subjects allotted to them and the staff as a whole is considered suitable.

#### *Non-employment of teachers in particular cases.*

16. No recognized school shall employ a teacher whose certificate has been cancelled or who has been declared by the Director of School Education, after due enquiry, to be unfit to be a teacher. Teachers, whose certificates have been suspended or whose service

registers issued under Rule 13 (1) of the Rules (for recognition) relating to elementary (primary) schools have been withdrawn shall not be employed for the period of suspension of certificates or of withdrawal of service registers. No person dismissed or removed from Government service or from the service of a local body, shall be employed as a teacher in any recognized secondary school under private management without the previous approval of the Director of School Education. The Director may refuse or withdraw recognition of schools for violation of this rule.

*Proportion of teachers to pupils.*

17. There should be a teacher for every Standard and for every section of a Standard in addition to the Headmaster (exclusive of Pandits, Munshis, Writing Masters, Drawing Masters, Physical Training Instructors and Sewing Mistress) :

Provided that the work allotted to each such class teacher does not fall considerably short of a minimum of 17 hours of work per week. It will be open to the Director to relax the rule and permit a reduction in the number of class teachers on an examination of each case on its own merits, when the hours of work per class teacher fall short of the prescribed minimum by more than two hours.

In schools containing no class above the Eighth Standard, however, the Headmaster shall be treated for the purposes of this rule as one of the Class Masters, but if the strength of the school justifies it, the management may employ a clerk or one extra teacher who shall be of the Secondary Grade in consultation with the District Educational Officer.

18. No additional pupil shall, without the sanction of the District Educational Officer, be admitted to a class when there are already 40 pupils upon the rolls in the class unless the class is thereupon divided into sections. No section of a class should have more than 40 pupils upon the rolls.

*Site, dimensional sketch and accommodation.*

19. No school shall be recognized which is held in a building on buildings of which the site, dimensional sketch and accommodation have not been approved by the Director provided that in regard to building schemes the cost of which does not exceed Rs. 5,000 approval may be accorded by the District Educational Officer or the Inspectress of Girls' Schools, as the case may be, before the work is commenced. In regard to construction of thatched sheds, approval should be obtained only from the District Educational Officer or the Inspectress of Girls' Schools, as the case may be, in all cases irrespective of the cost of the scheme. When the accommodation is added to, the sketch of the additional building must be submitted for the approval of the same authority.

20. The sketch of the school building and of any additions to such building shall give full information regarding the superficial and cubic space of the building, and of each room in it. It shall also show the exact position of doors, windows, stairs, etc. The sketch shall be certified as correct by the person who has prepared it. The sketch of an old building submitted for purposes of recognition shall also be accompanied by a certificate from the person who has prepared it to the effect that the building is in a state of good repair.

21. The sketch may be prepared by any competent person. Managers who desire the services of an officer of the Public Works Department shall apply to the Executive Engineer of the Division (Appendix-2).

The Register of attendance should be kept in books of prescribed printed form, having the pages numbered. Great care should be taken to keep it perfectly correct. No entries are to be made in pencil to be inked over afterwards. There should be no blanks or erasures. If any error has been made, it should be corrected by a footnote and initialled by the person making the correction. In every case the register produced should be the original register and not a fair copy.

The attendance should be filled up daily. It should never be entered two or three days at a time. Morning attendance should be marked thus: afternoon attendance/full attendance. There should be no dots. Pupils sick may be marked 's', absent with leave 'l', absent without leave 'a'.

The average attendance during the month is obtained by adding up the daily attendance and dividing it by the number of times the pupils met during the month:—

(1) If a pupil admitted into a class on the first school day of a month, his name should be entered in red ink.

(2) If a pupil is admitted on any other day than the first school day of a month, say on the 5th, a black ink line should run through the space for the four day's attendance.

(3) A pupil re-admitted whether at the beginning or in the middle of a month should have his name entered in black, but underlined with red ink.
