

PREFACE

The Statistical Outline of Andaman and Nicobar Islands for 70-71 is the eleventh issue in the series. It seeks to present in handy and compact form the essential statistical data pertaining various aspects of the economy of the Islands. In order to enhance the utility of the publication constant attempt is made to improve the coverage and presentation of statistical information. Besides presenting data on 1971 Population Census, a few other tables containing information on matters of current importance have also been incorporated in the current edition.

We hope this publication will serve as a useful reference book for the Government departments and other interested persons.

The Bureau acknowledges with gratitude the co-operation of various Government Departments and private Organisations who have supplied data presented here.

Suggestions for further improvement of the publication are most welcome.

M. M. SINGH
