**EQUIPMENTS TO BE PROCURED** 

ANNEXURE 2: GANTT CHARTS

ANNEXURE 3: GLOSSARY OF ABBREVIATIONS USED.

#### CHAPTER-1

## DISTRICT PROFILE

#### LOCATION

District shajapur is situated in the North - West region of Madhya Pradesh. It lies between 23 06' to 24 19' North latitude and 75, 31' to 77 02'. East longitude. It is spread over an area of 6196 sq kms.

## GEOGRAPHICAL BACK GROUND

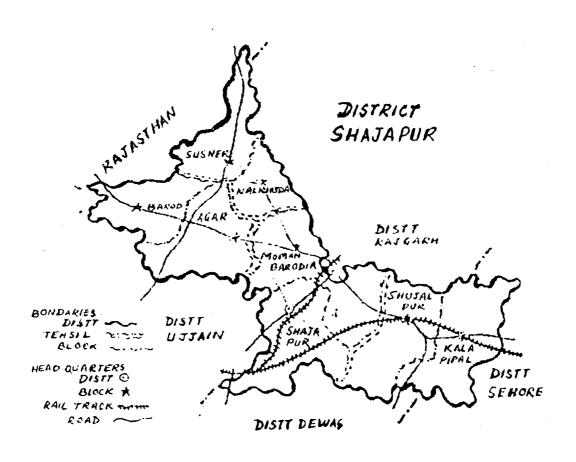

District Shajapur is situated on the famous Malwa plataue. Black cotton soil covers 80% of the land area in the district but latterite and Red soils are also found at some places.

So far as the drainage system is concerned Chilar, Parvati, Lakhundar, Kali Sind, Nevaj, Kanthal etc. are the names of rivers flowing through this part of land . But unfortunately none of these rivers is perinniel In most of the rivers water is scarce, except for in the rainy season. In general water level is not only low but has gone down during the recent years. The district receives 948 cms of rainfall annually. The climate is moderate.

## ADMINISTRATIVE DIVISION

Following is a table showing administrative information:

NAME OF BLOCK	NUMBER OF VILLAGES	NUMBER OF PANCHAYATS	NUMBER OF TOWNS
SHAJAPUR	173	84	2
M.BADODIA	168	78	•
SHUJALPUR	125	63	3
KALAPIPAL	120	70	-
AGAR	137	53	2
BADOD	140	62	1
SUSNER	112	53	2
NALKHEDA	94	46	2
TOTAL	1069	509	12

#### **DEMOGRAPHIC CONDITIONS**

The population of Shajapur district was 10,33,248 in 1991,about 82.29% of which lived in villages. The density of population was 167 people per square Kilometers. Sex ratio in the district was 919 women for every 1000 Men. An over all situation of Population is shown in the following table:

POPULATION(1991 CENSUS) IN LAKHS

	FIGURES	PERCENTAGE
TOTAL	10,33,248	
MALE	5,38,694	52.14%
FEMALE	4,94,554	47.86%
RURAL	8,50,362	82.29%
URBAN	1,82,886	17.71%
SC	2,30,828	22.34%
ST	24,452	2.37%

The increase in the percentage of population during 1981-1991 has been 18.8% for rural area and 46.4% for urban areas. Out of the 1069 villages 444 villages had a population less than 500.

#### INFRASTRUCTURE DEVELOPMENT

Out of the total land available for cultivation only 29.8% is irrigated. Irrigation in the district is mainly done by canals, wells and tube wells.

So for as all weather roads in the district are concerned the total length of these roads is 1347.46 km. A large number of villages can not be still approached through these roads. Mobility in the interior villages during rains becomes difficult, some times even impossible. Not only because of non -Availability of pucca roads or swampish quality of black soil but also beacuse of over flowing rivers.

Potable water is still a major problem in many a villages. Except for rainy season. There is a scarcity of water as underground water level goes extremely down during rest of the months and also because the rivers dry up .all the 1069 villages have been electrified.

#### **ECONOMIC BACKGROUND**

Agriculture is the main occupation of the people in Shajapur district. The size of agricultural land holding is mostly small. Two crops are taken up, i.e. Rabi and Kharif

Major crops of the district include Soybean, Jwar, Wheat, maize and pulses. Once a major producer of cotton and groundnut, the district hardly produces these now. Of late Soybean cultivation has increased tremendously leading to prosperity of farmers. Animal husbandry is also yet another widely practiced occupation. Levels of industrilisation has been very low. The number of families living under poverty line is large.

#### SOCIAL BACKGROUND

All the typical cultural traits of Malwa are visible in the district. Despite all the positive aspects socio-cultural customs are heavily biased against the women.

Besides wide spread use of Hindi language and Malwi dialect .Rajasthani is also used in some villages in the bordering blocks of Rajasthan . 'Mach' is a folk style of singing, very much popular with the masses. Where as other folk arts comprise of painting on the wall 'Mandne' and painting on the ground 'Rangoli'.

#### SPECIAL AREAS

Dams on Chillar river near Shajapur city and on Tilar river near Agar city are large reservoirs providing drinking and irrigation facilities. In Maksi, Agar. Kalapipal and Shujalpur a few small to medium scale industries have come up.

Susner, Nalkheda and Badod blocks of the district are back ward remote areas.

#### **BLOCK WISE LITERACY RATES**

The status of the country state and the districts is as follows so for as literacy rates are concerned.

	OVER ALL			SC			ST			
	MALE	FEMALE	TOTAL	MALE	FEMALE	TOTAL	MALE	FEMALE	TOTAL	
NATIONAL	64.1	39.3	52.2		-	-	-	-	-	
STATE	58.42	28.85	44.2	32.35	10.73	21.54	64.1	39.3	52.2	
DISTRICT	46.3	16.0	31.8	18.00	1.3	9.9	13.5	1.4	7.5	

In this way we see that the literacy of the district is far below the literacy rate in the state. The Female literacy rate is also very low and so is the literacy rate of the SC. Following is the blockwise rural literacy position of the district:-

BLOCKS	OVERALL	MALE	FEMALE
1.Shajapur	34.9	49.5	18.8
2. Moman Badodia	28.1	43.8	11.1
3.Shujalpur	36.5	53,3	18.5
4.Kalapipal	32.6	49.7	14.0
5. Agar	29.7	41.7	16.5
6.Badod	20.1	31.3	7.9
7.Susner	28.1	41.8	14.6
8. Nalkheda	28.0	42.0	13.0
District	31.8	46.3	16.0

# **EXECUTIVE SUMMARY**

Male	Female	Total	Male	Female	Total	(%)	Male	Female	Total	(%)
5262	6915	12187	2281	2455	4736	14.02	152	341	483	12.92

## Unenrolled

	General				SC			\$	ST	
Male	Female	Total	Male	Female	Total	(%)	Male	Female	Total	(%)
14630	21580	36210	8711	9384	18095	38.39	1645	1921	3566	52.27

Block	Sex Ratio	% SC	% ST	% Literacy	No.of
		Population	Population		disabled
SHAJAPUR	908	24.41	3.36	34.9	259
MOMAN BARODIA	922	26.39	5.74	28.1	512
SHUJALPUR	910	20.58	.95	36.5	187
KALA PIPAL	903	17.94	1.43	32.6	262
AGAR	920	24.99	1.06	29.5	83
BAROD	935	22.36	.06	20.1	134
SUSNER	944	21.03	2.50	28.1	238
NALKHEDA	929	21.74	6.56	28.0	117
TOTAL	919	22.34	2.37	31.8	1792

1. On the basis of the above vital statistics there is a clear seggregation of blocks in 2 groups, i.e., first group comprising of blocks Shajapur, Moman Barodia,

Shujalpur and Kalapipal which are adjoining Malwa region and the second group of blocks Agar, Barod, Susner and Nalkheda which are adjoining Rajasthan.

- 2. The Sex ratio in Blocks adjoining Malwa is lower than the ones adjoining Rajasthan.
- 3.Literacy rates in Blocks adjoining Malwa is higher than the ones adjoining Rajasthan. Only Moman Barodia has a Literacy rate which is below the district average.
- 4.No Co-relation between Sex ratio and literacy rates is evident.
- 5. On an average the SC population is 22.34 %.
- 6. The number of disabled children going to school is more in blocks adjoining Malwa barring the exception of Shujalpur.

## CASTE & GENDERWISE CLASSIFICATION OF ENROLMENT & DROPOUT

Table No. 2

	Category		,		BOYS				GIRL	3			T	OTAL		-
,		Target Group	Enrolment	% Enrolment	Dropout	% Dropout	Target Group	Enrolment	% Enrolment	Dropout	% Dropout	Target Grop	Enrolmen t	% Enrolmen t	Dropout	% Dropout
	SC	27729	19018	68.58	2281	10.70	19405	10021	51.64	2455	7.94	47134	29039	61.61	4713	14.02
	ST	3848	2203	57.25	152	6.45	2973	1052	35.38	341	21.88	6821	3255	47.72	483	12.92
	GENERAL	75700	61070	80.67	5263	7.93	56023	34443	61.48	6915	17.29	131723	9513	72.51	12187	11.31
	TOTAL	107277	82297	76.70	7695	8.55	78401	45516	58.05	9711	17.58	185678	127807	68.83	17406	11.99

#### **ANALYSIS:**

- 1. Enrolment precentage of boys belonging of general class is very high but very low for ST.
- 2. Enrolment percentage of girls is higher among general class but very low for ST girls.
- 3.Drop out rates are higher in SC in general and SC boys in particular.
- 4.Drop out rates are genrally very high for all categories of girls. But it is extremely high in ST girls.
- 5. Girls appear to be having low enrolment rates and higher drop out rates when compared to boys in the district.
- 6. Educationally girls are the most deprived in the district and special attention needs be given. Educationally other disadvantaged groups in the district are SC and ST.

Sr. No.	Block		Boys			G	irls			Total	
		Target	Enrolment	%	Target	Enrolment	%	%	Target	Enrolment	%
		Group	:	Enrolment	Group		Enrolment	Gender	Group		Enrolment
								Gap			
1.	SHAJAPUR	18878	14783	78.30	14360	8917	62.00	16.21	33238	23700	71.30
2.	MOMAN BARODIA	18701	14500	77.64	14519	8954	61.67	15.97	33220	23474	70.66
3.	SHUJALPUR	13674	11652	85.2	9138	5862	64.15	21.06	22812	17514	76.77
4.	KALA PIPAL	18009	15104	83.87	12702	8402	66.15	17.72	30711	23506	76.53
5.	AGAR	9826	6492	66.06	7070	3184	45.03	21.03	16896	9676	57.27
6.	BAROD	9860	6167	62.54	6742	2921	43.32	19.22	16602	9088	54.74
7.	SUSNER	9805	6907	70.44	7811	3821	48.91	21.53	17616	10728	60.89
8.	NALKHEDA	8524	6666	78.20	6059	3455	57.02	21.18 -	14583_	10121	69.40
	TOTAL	107277	82291	76.70	78401	45516	58.05	18.65	185678	127807	68.83

- 1. The enrolment percentage of boys is much higher than the over all district average but it is much lower for girls.
- 2.Blocks adjoining Malwa have better enrolment percentage of girls when compared to the ones adjoining Rajasthan. These blocks have lower
  - sex ratio, higher literacy rates and higher enrolment rates and have narrower gender gaps when compared to the rest blocks. These may be the reason of better enrolment percentage of girls in the blocks. Only Moman Barodia is a block which has better sex ratio but narrow gender gap.
- 3. This establishes that blocks adjoining Malwa, i.e., block with higher literacy rates have high enrolment rates and norrower gender gap also.
- 4. Shujalpur has a very high percentage of boys enrolment and also a very high percentage of girls enrolment. But since the boys enrolment rate
  - is extremely high, therefore the gender gap in enrolment appears to be very high. Stile the fact remains that Shujalpur has the highest girls enrolment percentage.
- 5.It appears that educationally girls are more deprived and special attention needs to be given to their education.

- 1. Blocks adjoining Malwa region have enrolment percentage higher than the district average for all classes, i.e., SC, ST and General.
- 2. Blocks having high literacy rates have high enrolment rates also. Blocks adjoining Malwa region have enrolment percentage higher than the district average
- 3.General class has the highest enrolment rates followed by SC. The rates very low for ST
- 4.Block Moman Barodia has the highest enrolment percentage of general class and also the lowest percentage of ST enrolment.
- 5.In Shujalpur the enrolment percentage of ST is higher than that of general class.
- 6. Moman Barodia, Agar and Susner have lower SC enrolment percentage than the district average.
- 7.No ST population in 5-14 years age group is there in Barod.
- 8.It appears that SC and ST are educationly more deprived and more attention needs to be paid to their education.

	TOTAL	89986	7695	8.55	55227	9711	17.58	9.03	145213	17406	11.99

- 1.Drop out rate is very high among girls when compared to the boys.
- 2.Drop out rates are higher for both boys and girls in blocks adjoining Rajasthan and lower in blocks adjoining Malwa.
- 3.Gender gap in drop out is lower in blocks adjoining Malwa,viz,Shajapur ,Moman Barodia,Shujalpur and Kalapipal .It is higher than the district average in blocks adjoining Rajasthan,viz ,Agar ,Barod, Susner and Nalkheda. Only Shujalpur of Malwa has a slightly higher gender gap.
- 4.Blocks with lower literacy rates have higher gender gap in drop outs whereas blocks with higher literacy rates have narrower gender gap in drop outs.
- 5. Girls in region are married at an earlier age and with drawn from school. This may be the reasion of higher gender gap in drop outs of this area.
- 6. Gender gap in drop outs needs to be given immidiate attention to increase girls participation in education.

## Blockwise Target Group Details of Dropout

Table-4(b)

- 1.Drop out rates of general class is lower than the district average, whereas it is high for STs and evev higher for the SCs.
- 2.Blocks adjoining Malwa have lower drop out rates for all 3 classes when compared to blocks adjoining Rajasthan.
- 3.Blocks with better literacy rates have lower drop out rates also.
- 4. Special attention needs to be paid to the reduction of drop out rates of SCs and STs.

7	SUSNER	129	104	80.6	112	111	82.14	89	79.46	100	90.09	24
8	NALKHERA	103	98	95.1	1 947	96	88.30	0	0	85	39.58	23
	TOTAL	1196	1080	90.30	1069	1105	89.05	514	48.08	983	89.95	26

- 1. Overall educational facilities index is better than the district average in blocks adjoining Malwa. It is low for the blocks adjoining Rajasthan..
- 2. Blocks adjoining Malwa have higher percentage of habitations/villages having schools when compared to blocks adjoining Rajasthan.
- 3. Two blocks adjoining Rajasthan, viz, Barod and Nalkheda are also the ones which do not have any NFE centers.
- 4. Shujalpur and Kalapipal have the highest index values in the district followed by Moman Barodia and Shajapur.
- 5. Blocks having high index value are politically, economically (agriculturally and industrially) and socially on high profile. This may be the reason of their literacy levels and lower gender gaps in enrolments and drop outs.

## **Blockwise Non-Educational Facilities**

Table - 6

Sr.	Block	No. of	No of	% of	No. of	% of	PHCS	% of	No. of	% of	Index
No.		villages	villages	villages	villages	villages		villages	villages	villages	
l			having	having	having	having		having	having	having	
ľ			Hand	handpumps	electricity	electricity		PHCS	connecting	connecting	
ł			pumps	İ					road	road	
1.	SHAJAPUR	173	173	100	173	100	33	19.07	90	52	9
2.	MOMAN	168	168	100	168	100	32	19.05	45	27	6
	BARODIA							<u> </u>			
3.	SHUJALPUR	125	125	100	125	100	27	21.6	88	70	12
4.	KALA PIPAL	120	120	100	120	100	21	17.5	80	67	9
5.	AGAR	137	137	100	137	100	. 21	15.33	85	62	8
6.	BAROD	140	140	100	140	100	20	14.28	89	64	7
7.	SUSNER	112	112	100	112	100	28	25.00	87	78	14
8.	NALKHEDA	94	94	100	94	100	11	11.70	69	73	7
	TOTAL	1069	1069	100	1069	100	193	18.05	633	59	8

Analysis: 100 % villages in the district have handpumps and electricty.

## **Blockwise Equity Index Table**

Table-7(a)

	Sex Ratio	% Gender Gap in Enrolment	% General Gap in Dropout	Index
SHAJAPUR	908	16.21	8.02	12
MOMAN BARODIA	922	15.97	8.39	13
SHUJALPUR	910	21.06	9.77	6
KALAPIPAL	903	17.72	5.90	12
AGAR	920	21.03	11.49	5
BAROD	935	19.22	9.98	8
SUSNER	994	21.53	10.83	6
NALKHEDA	929	21.18	13.39	4
TOTAL	919	18.65	9.03	9

- 1 Sex ratio is higher in blocks adjoining Rajasthan and lower in blocks adjoining Malwa.
- 2.Gender gap in enrolment and drop out is low in blocks adjoining Malwa with exceptions like Moman Barodia not following this trend. Gender gap in enrolment and dropout is higher in blocks adjoining Rajasthan.
- 3. Shujalpur has a very high percentage of boys enrolment and also a very high percentage of girls enrolment. But since the boys enrolment rate is extremely high therefore the gender gap in enrolment also appears to be very high. This brings down the equity index of Shujalpur very low. Although the equity position is better in the block.
- 4. Equity issue wise Agar, Barod, Susner and Nalkheda need special attention.

# **Blockwise Educational Progressive Index Table**

Table-7(b)

Block	Overall Literacy %	Overall Enrolment %	Overall Dropout %	Index
SHAJAPUR	34.9	71.30	16.15	19
MOMAN BARODIA	28.1	70.66	3.70	22
SHUJALPUR	36.5	76.77	14.30	25
KALAPIPAL	32.6	76.53	17.63	21
AGAR	29.7	57.21	10.70	12
BAROD	20.1	54.74	10.50	7
SUSNER	28.1	60.89	18.91	10
NALKHEDA	28.0	69.40	13.21	16
TOTAL	31.8	68.83	13.33	17 .

- 1. Over all literacy percentage and enrolment percentage are higher in blocks adjoining Malwa and low in Blocks adjoining Rajasthan.
- 2.0ver all dropout percentage is higher than the district average in blocks adjoining Malwa with Moman Barodia as an exception. It is slightly lower for blocks adjoining Rajasthan with Susner as an exception.

#### **Block wise Overall Scenario**

Table -8

S.No	BLOCK	Educational Index	Non-Educational Index	Equity Index	Progressive Educational Index
l	SHAJAPUR	High	High	High	High
2	MOMAN BARODIA	High	Low	High	High
3	SHUJALPUR	High	High	Low	High
4	KALAPIPAL	High	High	High	High
5	AGAR	Low	Moderate	Low	Low
6	BAROD	Low	Low	Low	Low
7	SUSNER	Low	High	Low	Low
8	NALKHEDA	Low	Low	Low	Low

High stands for developed, Moderate Stands for moderately developed and Low stands for underdeveloped.

- 1. Kalapipal Block is a developed block as all its indices are high.
- 2. Shajapur, Moman Barodia and Shujalpur are also developed. Although Moman Barodia has a low non educational index. Shujalpur too has a low equity index. This is due to high gender gap in enrolments in Shujalpur. Although Shujalpur has one of the highest girls enrolment percentage in the district but it has an even higher percentage of boys enrolment. This leads to a very high gender gap in enrolments and a low equity index of Shujalpur.
- 3. Barod and Nalkheda are the most undeveloped blocks in the district followed by Susner and Agar.
- 4. Again this leads to a conclusion that blocks adjoining Malwa are more developed than the blocks adjoining Rajasthan.
- 5. Agar, Barod, Susner and Nalkheda are problem areas of the district so for as overall educational, non-educational, equity and progressive education scenario is concerned.

BLOCK	BLOCK SPECIFIC ISSUES	FOCUS GROUP	STRATEGY
Shaj <b>a</b> pur	<ol> <li>Dropout percentage (12.40%) is higher than the district average (11.99%)</li> <li>Drop out percentage of boys (9.18%) is higher than the district average (8.5%)</li> <li>ST Drop out percentage (17.97%) is higher than the district average (12.92%)</li> </ol>	1. Community 2. Teachers	<ol> <li>Community Mobilisation</li> <li>Special School chalo campaigns focussing on ST again after dropouts have occured</li> <li>Focus on this issue in teachers training</li> <li>Joy ful learing</li> <li>Bal Melas</li> <li>School contingencies</li> <li>A.S.</li> <li>Jhoola ghars</li> </ol>
2. Moman Barodia	1. Enrolment percentage of SC (53.79%) is lower thanthe district average (61.61%)  2. Enrolment percentage of ST (28.72%) is extremely lowas compared to the district average (47.72%)	1. Community 2. Teachers	<ol> <li>Community Mobilisation</li> <li>Special School chalo campaigns focussing on SC/ST explaining incentives to SC/ST.</li> <li>Focus on this issue in teachers training</li> <li>Joy ful learing</li> </ol>
3. Agar, Barod Nalkheda and Susner		1. Community 2. Teachers	<ol> <li>Community Mobilisation</li> <li>Special School chalo campaigns focussing on ST again after dropouts have occured</li> <li>Focus on this issue in teachers training</li> <li>Joy ful learing</li> <li>Bal Melas</li> <li>School contingencies</li> <li>A.S.</li> <li>Jhoola ghars</li> </ol>

# Block wise Alternative Resource Reuirement for 100 % Access

# CHAPTER 2 PLANNING PROCESS

#### DISTRICT PLANNING GROUP

A District Planning Group was formed in district Shajapur for the formulation of DPEP project plan. It includes members from Education Department ,TLC ,DIET and Tribal Department . This DPG is headed by Shri Sanjay Singh , District Collector Shajapur. There is a Core group of this Planning group which has been instrumental in the preparation of the Project Proposal of DPEP of District Shajapur. Members of DPG are as follows:

- 1. Shri Shitanshu Shukla, District Adult Education Officer, Secretary, TLC and PO, DPEP
- 2.Mrs. Laxmi Sope, RP, TLC and Assistant Professor.
- 3. Shri V.P.Sharma, Co-ordinator, TLC and Lecturer, DIET.
- 4. Dr. Jagdish Bhavsar, RP, TLC.
- 5. Mrs. Santosh Sharma, RP, TLC and Teacher.
- 6. Shri N.K.Jain, RP,TLC, ex ADIS and Teacher.
- 7. Shri Q.A. Qureshi, Co-ordinator, TLC and Teacher.
- 8. Shri R.K. Upadhyaya, Assistant Director, Education Department.
- 9. Mrs. Snehlata Srivastava, Planning Officer, Education Department.
- 10.Shri B.P. Swarnkar, BEO, Moman Badodia.
- 11. Mrs. Rose Mary Dandel, BEO, Agar.
- 12. Dr. S.K.Mishra, BEO, Shajapur.
- 13. Shri N.P. Sharma, Principal, DIET.
- 14. Shri N.K.Dubey, Lecturer, DIET
- 15 Shri S.K. Malaviya, Lecturer, DIET
- 16. Mrs. Jaishree Apte, Lecture, DIET.
- 17. Shri R.K.Sharma, AO, Tribal Welfare Department.
- 18 Shri R. Barkale, SDO, RES.

Shri S.N.Pathak, Deputy Director, Education Department is also actively involved with this DPG. First, a district level training workshop for planning was organised on 3-4 December 1996 in which discussions were also earried out regarding the plan preparation. Then on 3-4 January 1997 an another district level workshop was organised in which a Hindi draft of the Project proposal was prepared. In between these two workshops the Core Group met a number of times to discuss. Later on this draft was improvised and tarnslated in to English given the draft proposal of DPEP for Shajapur.

## LOK SAMPARK ABHIYAN (LSA)

In order to formulate a project reflecting field realities and demands a need for substantial planning with actual field facts as database was felt. For this a three pronged strategy was adopted which is as follows:

- 1. Participatory Micro Planning.
- 2. Base line Studies in the fields of Social Assesment and Learners Achievement.
- 3. Training of DPG in project preparation.

#### MICRO PLANNING

The was done to ensure community Participation in the planning of DPEP in the district on the micro levels, ie, at the village level. A campaign was carried out to ensure participatory planning, it was named Lok Sampark Abhiyan (L.S.A.) or Mass Contact Campaign. This aimed at a door to door survey of all families residing in the district aiming at:

- -The assessment of Current educational resource facilities.
- -Assessment of the number of all children of 5-14 years age group and their present educational status.
  - -Assessment of literacy status of adult members of the family
- -Assessment of non educational resources that may have a bearning on education such as drinking water, approach, etc. In order to accomplish the Task of L.S.A. the following steps were completed:

The State Resource group developed basic tools of participatory micro planning This included:

- Survey for mats
- PRA devices like School mapping, village education registers, village basic resource inventories
- Training manual for LSA
- Bal Melas
- Calender of activities

## 1. Training of Resource Persons

ı	Name of functionary	Number	Date	Details	
Distict	Distint Resource Person (D.R.P.)	53 D.R.P.	3-4 July 1996	Atleast one from each block	
Block	Block Resource Person (B.R.P.)	1527 B.R.P.	15-19 July 1996	2 from each Panchayat head quarter and1 from each village	
Village	Prerak Samooh (Animator group)	1069 groups	20-22 July 1996	One group in every village comprising of 8-12 members	

The LSA was also an instrument for social mobilisation to ellicit community participation in this microplanning. Panchayat is the grasssroot structure of democracy and have popular participative character. Conventions were hold at Black and Panchayat levels giving way to discussions LSA survey and micro planning.

#### 2. Conventions:

Levels	Number	Date	Remark
Block	8	13 -19 July 1996	One convention in each Blockwas held     Attended by public representatives and government fuctionaries.and members from all section of society
Panchayat	509	22-24 July	-One Convention in each Panchayat - Prerak samoohs were formed Panchayat monitoring teams were formed -Women groups were formed -Attended by public representatives and government functionaries and members of all sections of society

The Teachers ,DRP and BRP had an active role in these conventions.Informal dialogues and discussions at the viillage level were also held on the educational needs and future plans for the village.

- 3. A door to door survey was held on 2August 1996. Again a second phase of door to door survey was conducted on 16 December 1996.
- 4 All this exercise resulted into Village level action plans of Education .These action Plans were approved by the Village Panchayats .

The survey outcomes of LSA were compiled at the Village, Panchayats Block and District levels. A computerised Programme helped in this Compilation and in the analysis of needs and required inputs. The outcomes of LSA process have been:

- Creation of database
- Assessment of Resource gapes ,Identification of specific needs and priority
- Community Mobilisation

Apart from LSA independent Base Line Studies were carried out in the district in the fields of social assessment by ORG and learners achievement by AIMS. All these three studies brought in to light a number of problems and thier causes for which the following solutions are being proposed:

S.N	Problems	Causes	Solutions under DPEP		
1.	Low enrollnment	Educational Facitities not avalable	- For habitations with population of 300 or more providing schools within reasonab Distance		
		(116 Access less habitations)	- Providing Education Guarantee centre in habitations with population of 300 or less with 40 children of 6-14 year		
		2.School Building not available	- Construction of school buildings proposed		
		3 Insufficient space in school Buildings	- Construction of additional rooms proposed		
		4 Lack of aware ness of the value of education	- Mobilisation of community through Jathas contact programmmes etc.		
		5 Children work in their house as well as outside to earn wages	- Altenative school, Non Formal Education Centre, Jhoola Ghar proposed		
2	Dropouts	School timings not suitable to students	- Change of school timings by Panchayats inolvement		
		2. Insufficient space in school buildings	- Construction of additional rooms proposed		
		3. lack of facilities like chalkes, Black boards, teaching aids	- School Contingencies to be provided		
		4. lack of drinking water facilities	- Providing of drinking water in the school o near it		
		5. Toilets not available especially for girls	- Provision of boys and girls toilets		
		6. Teacher absenteeim	- Regular monitoring by Panchayats, BEOs		
		7. lack of female Teachers	- Recruite more female teachers		
		8. Differential treatment towards poor and SC children	- Focus on this issue in teachers training		
		9. Uninteresting and unattractive school	- Focus on this issue in teachers training		
		10. Non availability of books in begining of the session	- Ensuring supply of books in the bgining of academic session		
		11. After attaining puberty girls are not sent to school	- Seperate girls schools with female teacher to opened		

3. Low achievement levels	1.Irregular attendance of children	Teachers to ensure this
ieveis	2.Uninteresting teaching learning process	<ul> <li>Joyful learning press to be provided</li> <li>Focus on this issue in teacher traning</li> <li>improving quality of books and other learning material</li> <li>Provision of contingencies for the teacher</li> </ul>
	3. No detention policy	- Stress on evaluation & remedial teaching
	4. Teacher absenteeisn	Regular monitoring by Panchayats     Help of vehicles provided by DPEP to BEO and ADIs.
	5.Low motivation of teacher	-Focus on motivation in teachers training
	6.Less emphasis on written work	- Assignments to students to be gvien and Checked regularily
	7. Poor Academic super vision	- DIET ,BRC,CRC Local literates and Panchayats to do academic supervision
	8. Improper and inadequate training of teachers, super visory staff and trainers themselves	- Provision of better traning - Provision of setting up of Block Resource - Empowerment of DIET
	9. Insufficient staffing	- Appointment of teachers and other staff

#### **CHAPTER 3**

## **GOALS AND TARGETS**

#### **GOALS**

The programme goals are defined by the National Policy Of Education, which sets forth the goal of Universalisation of Primary Education

The DPEP aims at the Universalisation of Primary education (UPE) DPEP will be an additionality. For achieving U.P.E we will have to ensure the fllowing in the district:

- 1. Universal Access: It will be achieved when every habitation has a Primary School or Non Formal Education (N.F.E.) centre, within reasonable walking distance (Commonly taken as 1 km.) suiting the students requirements of language and time.
- 2. Universal participation: It will be achieved when every child of 6-11 years age group is enrolled in a primary school or N.F.E.center and attends it regularily for the period required to complete the equivalent of primary education. In other words universal participation inplies the following three:
- i Universal Enrolment
- ii Universal Retention
- iii Universal Regular Attendance.
- **3.** Universal Achievement: It will be achieved when a child, by the time she or he completes a certain age actually achieves the minimum lavels of learning (M L L) prescribed for the primary stage.

#### **TARGETS**

Considering the present situation of primary education, the factors hindering UPE and the destrict's stengths in achieving UPE It has been decided that UPE shall be achieved by the year 2003. Year wise realistically achievable targets have been set up shown in the following table. Emphasis is laid on achieving universal access within first two years of the project. This shall develop a strong infrastruture to build on and achieve UPE in the set time frame following targets have been set for the project:

- (1) To increase the present GAR from 90 to 100%
- (2) To increase the present GER from \$5 to 120%
- (3) To increase the present RR from to 90%
- (4) To increase the present GAMR from to 25%

The year wise Targets (all values in percentage)

(un values in possessings)								
	Present value	97-98	98-99	99-00	00-01	01-02		
BOYS	52.58							
GAR	90:30	97	100					
GER	85	92	99	106	113	120		
RR	45.42	54	61	78	81	90		
GIRLS								
GER	71.06	81	91	101	111	120		
RR	34.57	45	56	67	78	90		
SC								
GER	60.23	72	84	96	108	120		
ST								
GER	44.99	60	75	90	105	120		

This unit will be responsible for formu lation, implemattion, co-ordination and mountoring of Dirstict Plan. It will ensure participatory approaches and overall contorl of the programme.

The following table shows the target number of children to be enrolled and to be brought back to school

	96-97	97-98	98 <b>-9</b> 9	99-00	00-01	01-02
Population(5-14)	185678	190320	194962	199604	204246	208888
Enrolement	127807	144203	160239	176455	192671	208888
Drop outs	17406	14621	11836	9051	6266	3481

In the above table the Lok Sampark Abhiyan data showing the present status has been projected on given assumptions, eg, population growth accounts to be 2.5% per annum, GER at the end of 6 th year would be 120% whereas drop out at the end of 6 th year would be 20% of current drop outs

## Blockwise Goals with Alternative Resource

# CHAPTER- 4 PRIORITIES OF AWP FOR 1997-98

#### PUTTING SYSTEMS IN PLACE

#### DISTRICT PROJECT OFFICE

A DPO will be setup in the beginning of the project, at the district head quarters. A number of functionarey will be appointed for its smoth rumming. Names of these are mentioned in chapter-5 under component details. Training of these will be of 5 days duration at state level by State Institute Of Educational Training. This Foundation course will be organised for each of the following

- District Project Co-ordinator.
- Assistant Project Co-ordinator
- Gender Co-ordinator
- Programmer
- Data Entry Operators

Apart from this a 5 days Special Skills Training Programm will also be given to the above. Procurement for DPO will be done by purchase committee

#### **BLOCK RESOURCE CENTRE**

The work of BRC is trainings of different functionaries in the district 8 BRC, one at each block headquarters will be setup in 1997-98 Appoinments of BRC functionaries will be done this year only. A 5 days foundation course will be organise at the state level for BRC Co-ordinaters. Procurement for BRC will be done by Block Purchase Committee

## **CLUSTER RESOURCE CENTRE**

On every 8-10 schools falling within a radius of 8 kms., one CRC will be established in the very first year of the projet, ie, 1997-98. In all such 146 CRC will be setup The function of CRC is training of functionaries at cluster level, organising monthly teacher meetings and academic monitoring. Functionaries of CRC will be given a 10 days training in the begining of the project. Procurements for CRC will be done by block purchase committee

#### VILLAGE EDUCATION COMMITTEE

The VEC will supervise schools runining in the village and also support then in achievement of UPE goals in the village .Members of VEC will be given a 1 day training at CRC .A school contingency of Rs.2000 will be given to each VEC for supporting the school.

### SETTING UP OF DIFFERENT COMMITTEES

- District level unit
- District level appointment committee
- District level purchase committee.
- District level civil works committee
- District level grants -in- aid committee
- Block level unit
- Block nirman samiti
- Village nirman samiti

# SETTING UP OF VILLAGE TO DISTRICT NETWORKING

- For this the above mention structures will be created before the project starts.
- A propere arrangement of information flow will be maintainet from village to CRC ,from CRC to BRC and from BRC to DPO. This will normally take 3 days for the information to reach the DPO
- Fort nightly meeting at VEC, CRC, BRC and DPO will be held

#### **COMMUNIY MOBILISATION**

This will be done in 1997-98 in 2 ways:

- Jatha (Street plays) mode
- Non Jatha mode ( Village level meetings, conventions, door-to-door contacte, rallies, wall writing, etc. )
- Mobilisation will focus on gender gap in enrolements and drop outs ,as well as equity issues. Convergence with TLC will be done for this.
- School Chalo Campaingns will be organised in the begining of academic sessions.

### PROVIDING ACCESS TO ACCESSLESS HABITATIONS

- 50 New primary schools will be opened in 1997-98 Two teachers will be appointed in each of these schools. In all 100 new teachers will be appointed.
- Two Alternative School Project (10 Centres in each project) will be started in 1997-98
- 60 EGS Centre will be started
- 60 Jhula Ghar will be opened

### EFFORTS TO RAISE ENROLEMENT AND RETENTION

- Increasing access through new primary schools, EGS Centers and AS
- Intensive community mobilisation.
- Relieving girls of sibling care and house hold course by opening Jhula Ghars
- Opening of AS to suite working children time and learning pace wise.
- Construction of 80 additional rooms, 90 primary schools buildings
- Providing School contingencies of Rs. 500 to 2 teachers of each schools and Rs. 2000 to each VEC for development of teaching -learning aids and for ensuring joyful learning. This will help in checking drop-outs and retention

#### CIVILWORKS AS FRONT LOADED ACTIVITY

- 90 Primary school buildings (50 for NPS and 40 for already running schools) will be constructed
- 80 Additional rooms will be constructed.
- 8 BRC will be constructed.

#### EFFECTIVE TEACHERS TRAINING

- All teachers of class 1,2 & 3 will be trained in the new teaching learning package in a 10 days training. This package was developed by SCERT.
- In all 2310 new and already working teachers will be given a 10 days. In Service Teacher's Training in 1997-98 at BRC.
- All AS and EGS teachers will be given a 10 days training. New teacher will be given a 25 days training. Jhula Ghar workers would be given 5 days training
- Master trainers for teacher training will be trained in the begining of the project.
- Strengthening of DIET will be done.

### CHAPTER-5 INTERVETION SUMMARY SHEET: PROPOSSAL FOR A WP 1997-98

### PHYSICAL TARGETS

1. NEW PRIMARY SCHOOLS	50
2. ALTERNATIVE SCHOOLS PROJECTS	1
3. E.G.S. CENTERS	<b>3</b> 3
4. JHOOLA GHAR	60
5. PRIMARY SCHOOLS BULDINGS	90
6. ADDITIONAL ROOMS	80
7. DISTICT PROJECT OFFICE	1
8. DISTRICT MIS	1
9. STRENGYHENING OF DIET	1

12. IN SERVICE TEACHERS TRAINING	24.36
13. SCHOOL CUNTINGENCY	33.15
14. DISABLED CHILEREN	0. <b>5</b> 5
15. GENDER	2.30
16. VILLAGE EDUCATION COMMITTEE	7.62
17. MOBILISATION	2.65
18. INNOVATION/STUDY/RESEARCH	1.00
TOTAL COST	569.38

NAME OF COMPONENT	New Primary Schools(NPS)			
GOAL	Access			
CONCEPT	- One NPS will be opend only in that habitation where the population exceeds 300 and where there is no school within 1 km.			
	- Funds for furniture and educational materials to the extent of Rs.11000 to each school will be released.			
	Purchase of furniture and other materials will be entrusted to Block purchase committee.			
TARGET	- 50 NPS will be opened			
INFRA-STRUCTURE	Procurement( List of Items given at annexure-1 )			
HUMAN RESOURCES	Appointment: - Each NPS will be provided 2 teachers appointed by Janpad Panchayats as per state govt policy 100 Teachers will be appointed in 50 NPS			
TRAINING	A 18 days training to teachers appointed for NPS will be given at BRC.			
COST	Detailed cost given at annexure-3 -A(1)			
Time Schedule	Gantt Chart given at annexure-2			

NAME OF COMPONENT	Alternative School Project (AS)		
GOAL	Access		
CONCEPT	- To bring within the educational fold children who are not able to participate in formal schooling for resons such as: - Dwelling in remote inaccessible school less habitations - Being engaged in household activities or Working for wages - Migration		
	- Flexibility in organisational and operational modalities such as: - Flexibility in time and location Freedom of learning pace A non graded course.		
	- Local management and supervision to the AS will be done by the local VEC		
	- Space for AS will be provided by the community.		
TARGET	- 1 project will be started in 1997-98		
	- The project will have 10 AS		
INFRA-STRUCTURE	Procurement( List of Items given at annexure-1)		
HUMAN RESOURCES	Appointment: 2 teachers per AS will be appointed one of which will be a woman.  - In all 20 AS teachers will be appointed in 1997-98		
	- One Supervisor will be appointed on every 10 AS		
	- Appointment will be done by block level appointment committee of Janpad Panchayat		
TRAINING	- A 10 days training to AS teachers will be given at BRC		
	- A 5 days raining to AS Supervisors will be given at DIET		
COST	Detail cost given at annexure 3-A(2)		
Time Schedule	Gantt Chart given at annexure-2		

### Table - 3

	Table - 5		
NAME OF COMPONENT	Education Guarantee Scheme Centre(EGS)		
GOAL	Access		
CONCEPT	- Based on community demand and provides an education facility within a given time frame of 90 days of receiving community demand.		
	- There should be at least 40 children of school going age in the habitition demanding EGS.		
	- There should be no schooling facility within 1 km. of that habitation.		
	- Space for EGS centre will be provided by the community.		
TARGET	- 33 EGS Centres. (These EGS centres will be in addition to the EGS centres approved/started by		
	Janpad Panchyat with the help of Education department.		
INFRA-STRUCTURE	Procurement (List of Items given at annexure-1)		
HUMAN RESOURCES	Appointment:		
i	- 1 Local teacher will be appointed for each EGS by Janpad panchayat		
	- In all 60 teachers will be appointed for 60 EGS		
TRAINING	- A 21 days training will be given at BRC to each EGS teacher within the above given 90 days time		
	frame		
COST	Detail cost given at annexure 3-A(3)		
Time Schedule	Gantt Chart given at annexure-?		

National Planning and administration.

Table - 4

NAME OF COMPONENT	Jhula Ghar		
GOAL	Girl's Enrolment		
CONCEPT	-It is a Creche aiming at reducing drop-out of girls and also ensuring their enhanced enrolment by releasing them from sibling care.		
	-Each Jhula Ghar centres will take care of 30 children in the age group 0-6 years and will have linkage with primary school in space and time.		
	-Each Jhula Ghar will have One Badi Deedi (teacher) and two Chhoti Deedi (helper) to take		
	-Space for Jhula Ghar will be given by the community.		
TARGET	- 60 Jhula Ghars		
INFRA-STRUCTURE	Procurement( List of Items given at annexure-1 )		
HUMAN RESOURCES	Appointment: -One Badi Deedi and One Chhoti Deedi for each centre will be appointent by Janpad Panchayat. In all 60 teachers and 120 helpers will be appointed.		
TRAINING	-10 days training of Badi Deedis and 5 days tarining of Chhoti Deedis will be given at BRC.		
COST	Detail cost given at annexure 3-A(4)		
Time Schedule	Gantt Chart given at annexure-2		

Table - 5

NAME OF COMPONENT	Primary School Buildings		
GOAL	-Access		
	-Enrolment		
CONCEPT	-Each school building will have 2 class rooms, 1 teachers room and a verandah		
	-The School Buildings will be construct through Gram Panchayats and evaluation will be done by RES.		
	-Designs for school building construction have been prepared by SPO which will be used.		
	-Primary Schools Building will be provided first to NPS and then to schools already running in		
	rented or private buildings.		
TARGET	- 90 Primary Schools Buildings		
INFRA-STRUCTURE	Procurement( List of Items given at annexure-1 )		
HUMAN RESOURCES			
TRAINING	-		
COST	Detail cost given at annexure 3-A(5)

Table - 10

NAME OF COMPONENT	Block Resource Centre(BRC)			
GOAL	-Increasing Enrolment and Quality Education through better teacher's training and counselling			
	-Co-ordinating Project	t Management and Facilitating aca	demic interventions at the l	block & sub-block
	level			
CONCEPT	-BRC will be a training centre at block level accomodating 40 trainees.			
TARGET	8			
INFRA-STRUCTURE	Procurement( List of Items given at annexure-1 )			
HUMAN RESOURCES	Appointment:	Post	Per Block	Total
		1.BRC Co-ordinator	1	8
		2.Accountant	1	8
		3.Peon	1	8
		4. Watchman	1	8
	-Appointments of the	above will be done as per RGPSM	norms.	
TRAINING	-A 5 days four dation course for BRC Co-ordinators will be held at the state level for the following.			
COST	Detail cost given at annexure 3-A(11)			
Time Schedule	Gantt Chart given at annexure-2			

NAME OF COMPONENT	Cluster Resource Centre (CRC)		
GOAL	-Increasing Enrolment and Quality Education through better teacher's training and counselling		
	-Co-ordinating Project Management and Facilitating academic interventions at the block & sub-block		
	level		
CONCEPT	-8-10 Schools located in a radius of 8 km.will be attached to CRC		
	-CRC will founction as a centre for providing peer group academic assistance to the teachers discussing		
	with them school related management issues and resolve there academic problems by sharing their		
Color	experiences, prepare school calenders, develop teaching aids with locally available materials, discuse students achievement levels, etc.		
	-The Cluster head will be relieved of his teaching duty. In his place a Shiksha Karmi will be appointed		
	The Cluster head will visit all schools of is cluster at least once every month. This visit will last for a whole day.		
	-The Cluster head will organise a monthly meeting at CRC, in which teachers of schools belonging to		
	the		
	cluster will be invited for dicussions.		
TARGET	146		
INFRA-STRUCTURE	Procurement( List of Items given at annexure-1 )		
HUMAN RESOURCES	Appointment		
	146 Shiksha Karmis will be appointent in the place of cluster head by Janpad Panchayats.		
TRAINING	- 18 days traning will be given to the above Shiksha Karmis at BRC.		
COST	Detail cost given at annexure 3-A(12)		
Time Schedule	Gantt Chart given at annexure-2		

Table - 12

NAME OF COMPONENT	In Service Teachers Training.		
GOAL	- To Increase Enrolment, Retention and attendance of children by training teachers.		
	- Revitalizing the teaching learning process to make it more motivational and to promote the		
	achievement		
	of competencies.		
	- Ensuring joyful learning process in schools		
CONCEPT	-Participatory and interactive approach		
·	-Trainer Trainee ratio 5:40		
	-Methodolgy aiming at stimulating group interactions activities		
	-Use of creative resource materials for training		
	-Involvement of a large number of resourceful indivisual as MT, enabling training of large numbers		
	within given time schedule.		
TARGET	- A 12 days training of 120 MT(15 from each block) at district level by DIET		
	- A 10 days training of 2310 teachers at BRC level		
	- Training of DRG will be given at state level		
INFRA-STRUCTURE	Procurement( List of Items given at annexure-1 )		
HUMAN RESOURCES	-		
TRAINING	- A 12 days training of 116 MT(15 from each block) at district level by DIET		
	- A 10 days training of 2310 teachers at BRC level		
	- Training of DRG will be given at state level		
COST	Detail cost given at annexure 3-A(13)		
Time Schedule	Gantt Chart given at annexure-2		

NAME OF COMPONENT	School Contingency		
GOAL	-Increasing enrolment ,retention and quality achievement(MLL) by ensuring joyful learning.		
CONCEPT	<ul> <li>-A sum of Rs.3000 per school will be given to the VEC as school contingency.</li> <li>-Out of this Rs.1000 will be provided to every primary school related to the VEC.Rs.500 each will be given to 2 teachers of the school from this amount.</li> <li>-This amount will help in developing teaching aids by the teacher for ensuring joyful learning in the school.</li> <li>- The rest Rs 2000 per school will be used by the VEC in providing support to school in identifying and fulfilling their contingency locally.</li> <li>-This will Improve the school environment and empower the VEC . This will also mobilise them towards their local schools.</li> </ul>		
TARGET	- School contingency to 1105 schools		
INFRA-STRUCTURE	Procurement( List of Items given at annexure-1 )		
HUMAN RESOURCES	-		
TRAINING	-		
COST	Detail cost given at annexure 3-A(14)		
Time Schedule	Gantt Chart given at annexure-2		

	Table - 14
NAME OF COMPONENT	Education for Disabled Children
GOAL	-Providing Education to disabled children in regular schools and helping them overcome their
	disabilities
	-Ensuring equity.
CONCEPT	- It is felt that small numbers of special schools will not be able to provide qualitative educational
}	coverage to this group.
	-The qualitative aspect of special educational practices is not satisfactory. Education will be provided to disabled children in regular schools and helping them overcome their disabilities
	, ,
	- Individual Functional assessment of disabled children will be done by the teacher in the school. There
	after it will be done by a group of experienced medical/paramedical /MTTC trained teacher located at
	the block level as a mobile team of experts.
新发生 自己 B 新发生	-Techniques for assessment along with relevant material will be developed by the SPO core group
	along
;	with the members of technical committee at State level.
	-Aids like hearing aid to hearing impaired children, glasses to visually impaired children and wheel chair
	to orthopaedically handicapped children will be provided with the help of Panchayat and Social Welfare
	, Health, Red Cross, etc.
TARGET	1 Project
INFRA-STRUCTURE	Procurement( List of Items given at annexure-1)
HUMAN RESOURCES	•
TRAINING	- Training to school reachers will be provided to fulfil the requirement of disabled children.
	- A 5 days training will be organised at different blocks to prepare teams for field wor and to prepare a
	strtegy to collect all information at block level.
COST	Detail cost given at annexure 3-A(15)
Time Schedule	Gantt Chart given at annexure-2

Table - 15

NAME OF COMPONENT	Gender (Education of the girl child)		
GOAL	-Providing Education to girls ,who are one of the most disadvantaged of the lot.		
	-Providing Participation(Enrolment, Retention and Regular attendance) to girls.		
CONCEPT	-DPEP envisages education as a critical intervention for equity. Factors which affect girls schooling are :		
	Economic factors like direct costs (Text books, stationery, uniforms and shoes), indirect costs like assignment		
	of various domestic chores (Caring for siblings, cooking, etc) and helping parents in cultivation or occupations.		
	- There are also other school related factors, eg, inconvenient or far off location of schools, non availability of		
	separate schools of girls, non availability of enough female teachers, etc.		
	-The teaching learning process is imbued with a strong gender bias both in its padagogy and practice. The		
1 1 1 1 1 1 1 1 1 1 1 1 1 1 1 1 1 1 1	curriculum reinforces societal stratification and inherebt inequities resulting in gendered outputs		
	-Also socio-cultural factors inhibit access and retention of girls.		
	-DPEP attempts to make significant interventions that create a positive environment for promoting girls		
<u> </u>	education, eg., community mobilisation, flexible models of education that can have a school time determined by		
	the girl childs convernience (eg. AS and EGS), Jhula ghars ,30 % teachers posts to be filled by female teachers.		
TARGET	1 Project		
INFRA-STRUCTURE	Procurement( List of Items given at annexure-1 )		
HUMAN RESOURCES	Appointment		
	-1 Gender Co-ordinator will be appointed at district level.		
	- 1 Sahayogini will be appointed at cluster level .In all 15 of these will be appointed.		
TRAINING	Training of Sahayoginis will be done at district level.		
COST	Detail cost given at annexure 3-A(16)		
Time Schedule	Gantt Chart given at annexure-2		

NAME OF COMPONENT	Village Education Committee (VEC)
GOAL	-Identifying the needs of schools locally and providing them at village level
	-Ensuring community participation through popular body-VEC
	-Empowering the VECs & mobilising them towards their local schools.
CONCEPT	-Rs.3000 will be given to each VEC per school out of which Rs.2000 will be spent by VEC towards the contingency needs of the school whereas Rs.500 each 2 teachers of the school for the development of teaching aids. This will improve the school environment and also empower the VEC.
TARGET	953 VEC
INFRA-STRUCTURE	Procurement( List of Items given at annexure-1 )
HUMAN RESOURCES	-
TRAINING	A 1 day training to 5 members of each VEC will be given BRC level.
COST	Detail cost given at annexure 3-A(20)
Time Schedule	Gantt Chart given at annexure-2

NAME OF COMPONENT	Mobilisation		
GOAL L	- To increase enrolment ,retention and regular attendance of children		
	- To create affective deamand of education in the village community		
·	- To ensure participation of all sections of society in educational process		
	- To ensure increased concentration on equity issue		
CONCEPT	<ul> <li>LSA conducted in the district was not only a tool of data collection but also a process of community mobilisation as it involved participatory micro planning.</li> <li>Community mobilisation is done in 2 modes: Jatha and Non Jatha modes.</li> <li>Jatha mode includes Nukkad Nataks whereas, Non Jatha mode includes village level meetings, conventions, door to door contact, rallies, processions, wall writing, etc.</li> </ul>

### Costing

The DPEP goals are being accomplished by components such as new primary schools, mobilization etc. Each component has been broken into different categories these categories consists of recurring & non recurring items. One time expenditure like furniture, educational material come under non recurring part.

The expenditures which is likely to be incurred every year come under recurring part for example salary, operation & maintenance.

The overall district components physical and financial targets yearwise have been specified. Each components detailed into different expenditure head has been show (table A1 to A24). After that the cost of setting up one unit of that component has been illustrated (table B1 to B 24). While making the project costing, attention has been paid to the fact that civil works expenditure should be kept below 24% and management expenditure below 6%.

Certain Unit cost are being elaborated further -

- NPS, EGS, CRC, Additional teachers has been booked @ RS 1000 p.m. for 11 months.

  The salaries for AS & Ihoolaghar have been booked for 12 Months. This includes salary of Instructor and Supervision of AS; Dedi and helper of Jhoolaghar.
- The training of VEC would involve a pool trainees so that all the members of VEC's are trained. For this about 5 Resource persons will train a pool of Master trainees, about 30 persons per block. The master trainers in turn will train the VEC members in batches of 30 persons. Cost of district level meeting cum orientation of RP's comes to Rs. 190. The unit cost of VEC trainers (MT) is Rs. 90. and unit cost of VEC trainee is Rs. 675.
- The cost of new PS and BRC includes provision of drinking water facilities and toilets:

- The category and componentwise details are given at A (1-24) & the details of unit costs given at B (1-24).
- In conformance with project guideline in the table 3 indicated the total recurring & non-recurring costs. In table 3 disaggregation on the basis of access, retention
- achievement & capacity building is given.
- The price and physical contingencies are added to the baseline cost. The price contingency is at the rate of 8 % for the first year of project on the baseline cost 7.5% for second year, 7% for third year and 6% for fourth and fifth year as illustrated in Table no. 1.

The physical contingencies for civil works, furniture and equipment is added at 10% and for other component at 5%.

### Sharing of budgets Between State and World Bank

According to the World Bank norms there are four categories of expenditure as listed in table given below -

#### Table No.-5

#### **Expenditure Categories**

	Category	Percentage of Expenditure to be
		Reimbursed
A	Civil Works	90%
В	Equipment, vehicle, books,	100%
	teaching materials and furniture	
C	Consultant services	100%
	Training, workshop and fellowships	
D	Incremental salaries, honoraria for	90% of local expenditure for the first and
	volunteers. consumable, operation	second years, 85% of expenditure for the third
	and maintenance cost.	year, 80% of expenditure for the fourth
		year,65% of expenditure for the fifth year and
		40% of expenditure of thereafter.

The expenditure not reimbursable by World Bank, will be borne by State Govt.

The above details have been deconstructed into yearwise Budget as well as reimbursement in the Table No. 5. From this table it is clear that right through the project life 90% of items in category A, 100% of item in B and C categories are being reimbursed by the World Bank. In compliance with DPEP guidelines, items which come under D category of expenditure are to be financed on a declining basis. This has been accomplished as is clear from Table.No. 4 In 1997-98 & 1998-99 which are the first 2 years of the project, 90% of expenditure is proposed to be reimbursed by World Bank, while in 1999-2000 the figure has declined to 85% in 2000-01 to 80%, and in 2001-02 to 65%

For the plan the breakup in to World Bank component and State component has been illustrated in table no. 4.
