Chapter - I Plan Overview

Sl.No	Contents	Page No.
1.1	Introduction	1
1.2	Data Source for Planning - 2008-2009	3
1.2.1	Household Survey (2005)	3
1.2.2	DISE 2007	4
1.2.3	Cohort Study 2007	4
1.2.4	Elementary Education Register & School Mapping Document 2007	5
1.2.5	Achievement Studies and Progress Reports - ABL	5
1.3	Plan Formulation	6
1.3.1	Constitution of planning team, Conduct of Orientation and training programmes, Preparation of School level, Block level, District level plan	7
1.4	General Profile of the District	9
1.4.1	Population - Census 2001&Household survey 2005	12
1.4.2	Literacy Rate - All, SC, ST	17
1.4.3	District Administrative Structure	19
1.5	Elementary Education Profile of the District	19
1.5.1	School-age Population 2007-08 - 5-10, 11-14, All, SC, ST	20
1.5.2	School-age Population projection - 2008-09, 2009-10	24
1.5.3	Schools by category, management	26
1.5.4	Enrolment - Primary, Upper primary, Community group	27
1.5.5	Enrolment - Primary & Upper Primary Projection - 2008-2009, 2009-2010	30
1.5.6	Teachers - Primary , Upper Primary	32
1.6	Educational Indicators (Cohort Study - EER)	34
1.6.1	GER - Primary, Upper Primary - All, SC, ST	34
1.6.2	NER - Primary, Upper Primary - All, SC, ST	36
1.6.3	Completion, Repetition and Dropout Rates - Primary, Upper primary - ALL, SC, ST	38
1.6.4	Transition Rate - V to VI and VIII - IX	44

Sl.No	Contents	Page No.
1.6.5	Attendance Rate – Primary & Upper Primary	46
1.6.6	Pupils Achievement	48
1.7	Project components – Achievement and Requirement Status 2007-08	50
1.7.1	School Access – Primary, Upper Primary ratio, Access less habitations, Upgradation of primary to middle	51
1.8	BRC & CRC – Staff strength –Post sanctioned – In position – No. of meetings, No. of training Programmes etc., held	53
1.9	Infrastructure Facilities (Civil works) – Building less CRC, New School Buildings - Primary , Upper Primary	54
1.9.1	Additional Teachers	57
1.9.2	Dilapidated classrooms & Addl classrooms	59
1.9.3	Toilet and Water facilities	60
1.9.4	Electricity & Compound wall	60
1.9.5	BALA, ABL classroom modifications	61
1.10	Interventions for Out-of-school children	61
1.10.1	Access less habitations, EGS centres	62
1.10.2	Out-of-school children – 5-11, 11-14, All, SC, ST	63
1.11	Quality Education – Progress of the cluster level training to teachers – Achievement study etc.	71
1.12	Innovative Activities	74
1.12.1	Early Childhood Care and Education (ECCE) – ICDS centres, Mini centres, Upgraded centres, No. of children	75
1.12.2	Girls Education – Girls Enrolment – Primary, Upper primary in Govt. and Local Body schools	76
1.12.3	SC/ST children – Primary, Upper primary	77
1.12.4	Computer Aided Learning – Schools without computer facilities – Primary, Upper primary	79
1.13	Interventions for Disabled children –by type of disability	80
1.14	Research, Evaluation and Monitoring – Studies taken up and completed	84
1.15	Teachers Training – No. of teachers – Primary, Upper primary in Govt, Local Body, Aided schools	85
1.16	Community Mobilization – No. of VECs, Members, members trained and community contribution	86
1.17	Grants – TLE, TLM, School grant, Maintenance grant	87
1.18	Management – District Office categorywise Posts sanctioned and in position	88
1.18.1	E-learning	88

Chapter - II Progress Review

Sl.No	Contents	Page No.
2.1	Introduction	91
2.2	Progress - Target & Achievement	92
2.2.1	Access - Primary & Upper Primary	92
2.2.2	Opening of Schools - Primary, Upper primary (2001-2002 to 2007-2008)	93
2.3.1	Teachers I - VIII Classes, Male, Female, Total - 2002-03 to 2007-08	96
2.3.2	Appointment of Teachers - Primary, Upper primary under SSA (2001-2002 to 2007-2008)	101
2.4	Enrolment - I-V - All, SC, ST - Boys, Girls, Total - VI-VIII All, SC, ST - Boys, Girls, Total - 2002-03 to 2007-08	103
2.5	Indicators	110
2.5.1	NER - Primary - All, SC, ST - Progress in NER (2002 to 2007)	110
2.5.2	NER - Upper Primary - All, SC, ST - Progress in NER (2002 to 2007)	113
2.5.3	Completion Rate (CR) - Primary - All, SC, ST - (2002 to 2007)	116
2.5.4	Repetition Rate (RR) - Primary - All, SC, ST - (2002 to 2007)	117
2.5.5	Dropout Rate (DR) - Primary - All, SC, ST - (2002 to 2007)	118
2.5.6	Completion Rate - Upper Primary - All, SC, ST - (2002 to 2007)	119
2.5.7	Repetition Rate - Upper Primary - All, SC, ST - (2002 to 2007)	120
2.5.8	Dropout Rate - Upper Primary - All, SC, ST - (2002 to 2007)	121
2.5.9	Transition Rate - V to VI - Gender wise - All, SC, ST - (2002 to 2007)	122
2.5.10	Attendance Rate - Primary	125
2.5.11	Attendance Rate - Upper Primary	126
2.5.12	Pupil Teacher Ratio (PTR) - Primary & Upper Primary - Govt. & Local Body	127

Sl.No	Contents	Page No.
2.6	Block Resource Centres (BRCs) & Cluster Resource Centres (CRCs) - No. of clusters, No. of meetings, programmes held - 2002-03 to 2007-08	128
2.7	Infrastructure Facilities (Civil Works)	130
2.7.1	Civil Works progress – 2002-03 to 2007- BRC, CRC buildings, Additional Classrooms, Toilets, Drinking water, Ramps etc.,	130
2.8	Intervention for Out-of-school children – Target & Achievement 2002-2003 to 2007-2008	132
2.8.1	Enrolment of out-of-school children in 2003-2004 - Age group wise, Gender wise – Target & Achievement	133
2.8.2	Enrolment of out-of-school children in 2004-2005 - Age group wise, Gender wise – Target & Achievement	134
2.8.3	Enrolment of out-of-school children in 2005-2006 - Age group wise, Gender wise – Target & Achievement	135
2.8.4	Enrolment of out-of-school children in 2006-2007 - Age group wise, Gender wise – Target & Achievement	136
2.8.5	Enrolment of out-of-school children in 2007-2008 - Age group wise, Gender wise – Target & Achievement	137
2.9	Innovative Activities	138
2.9.1	Early Childhood Care and Education (ECCE)	138
2.9.2	Girls' Education –progress - 2002-03 to 2007-08- Table - 53	140
2.9.3	Education for SC/ST Children – Remedial Coaching, Vocational Training, Exposure Visits, Life-skills Training	141
2.9.4	Computer Education - Computer Aided Learning – CAL centres, Teachers Trained, Coverage of Children - progress 2002-03 to 2007-08	142
2.10	Inclusive Education – Target & Achievement – 2002-2003 to 2007-2008 –	144
2.11	Research, Evaluation and Monitoring – studies taken up and completed – progress- 2002-2003 to 2007-2008	145
2.12	Teacher Training – Training days progress and training modules developed and supplied – 2002-2003 to 2007-2008	147
2.13	Community Mobilization – Members trained, community contribution - progress – 2002-2003 to 2007-2008	148
2.14	Grants – TLE, TLM, School grant – Maintenance grant – distributed to schools – 2002-2003 to 2007-2008	149
2.15	Management – E – Learning, Media & Documentation – Progress in Achievement	151

Chapter - III
Issues and Strategies

Sl.No	Contents	Page No.
3.1	Introduction	152
3.2	School Access	152
3.2.1	Strategies adopted in 2007-2008	153
3.2.2	Issues	153
3.2.3	Strategies to be adopted in 2008-2009	153
3.3	Block Resource Centres	153
3.3.1	Strategies adopted in 2007-2008	154
3.3.2	Issues	154
3.3.3	Strategies to be adopted in 2008-2009	154
3.4	Cluster Resource Centres	155
3.4.1	Strategies adopted in 2007-2008	155
3.4.2	Issues	156
3.4.3	Strategies to be adopted in 2008-2009	156
3.5	Civil Works	156
3.5.1	Strategies adopted in 2007-2008	157
3.5.2	Issues	158
3.5.3	Strategies to be adopted in 2008-2009	158
3.6	Intervention for Out-of-school children	158
3.6.1	Strategies adopted in 2007-2008	159
3.6.2	Issues	159
3.6.3	Strategies to be adopted in 2008-2009	160
3.7	Innovative Activities	161
3.7.1	Early Childhood Care and Education (ECCE)	161
3.7.1.1	Strategies adopted in 2007-2008	162
3.7.1.2	Issues	162
3.7.1.3	Strategies to be adopted in 2008-2009	162
3.7.2	Girls' Education	163
3.7.2.1	Strategies adopted in 2007-2008	163
3.7.2.2	Issues	163
3.7.2.3	Strategies to be adopted in 2008-2009	163

Sl.No	Contents	Page No.
3.7.3	Education for SC/ST Children	164
3.7.3.1	Strategies adopted in 2007-2008	164
3.7.3.2	Issues	165
3.7.3.3	Strategies to be adopted in 2008-2009	165
3.7.4	Computer Education	165
3.7.4.1	Strategies adopted in 2007-2008	166
3.7.4.2	Issues	166
3.7.4.3	Strategies to be adopted in 2008-2009	166
3.8	Inclusive Education	167
3.8.1	Strategies adopted in 2007-2008	167
3.8.2	Issues	168
3.8.3	Strategies to be adopted in 2008-2009	168
3.9	Research, Evaluation and Monitoring	168
3.9.1	Strategies adopted in 2007-2008	169
3.9.2	Issues	169
3.9.3	Strategies to be adopted in 2008-2009	169
3.10	Teacher Training	170
3.10.1	Strategies adopted in 2007-2008 – ABL, ALM	170
3.10.2	Issues – Teachers' efficiency	170
3.10.3	Strategies to be adopted in 2008-2009	171
3.11	Community Mobilization	171
3.11.1	Strategies adopted in 2007-2008	172
3.11.2	Issues – VEC component	172
3.11.3	Strategies to be adopted in 2008-2009	172
3.12.	Management & Monitoring	172
3.12.1	Strategies adopted in 2007-2008	172
3.12.2	Issues – Visits and inspection, school performance	173
3.12.3	Strategies to be adopted in 2008-2009	173
3.13	Quality Education Strategies adopted 2007-08 – ABL & Multigrade Teachers - Issues	173
3.13.1	Strategies adopted in 2007-2008	175
3.13.2	Issues	176
3.13.3	Strategies to be adopted in 2008-2009	176
3.14	Success Stories & Any other Highlights	176

Chapter V
Activities and Budget

Sl.No	Contents	Page No.
4.1	Introduction	179
4.1.1	Budget outlay 2001-02 to 2007-08	179
4.1.2	Receipts and Expenditure	180

1.1. INTRODUCTION

Sarva Shiksha Abhiyan (SSA) is a comprehensive and integrated flagship programme of Government of India to attain Universal Elementary Education (UEE), covering the entire country in a mission mode. SSA has been launched in 2001-2002 in partnership with the State Governments and Local Self Governments. The programme aims to provide useful and relevant, elementary education to all children in the 6 to 14 age group by 2010. It is an initiative to universalize and improve quality of education through decentralized and context specific planning and a process based, time bound implementation strategy. The programme lays with time bound objectives. On one hand, SSA is a programme with its own targets, norms and processes and on the other it is an umbrella programme covering other programmes like District Primary Education Programme (DPEP). The gigantic dimensions of the programme and the financial implications call for a meticulous planning and a rigorous appraisal.

India has made long strides in the last 50 years in the field of education. The National Policy of Education 1986 and Programme of Action 1992 also accorded top priority for achieving the goals of Universal Elementary Education. A number of programmes / schemes were launched during the last four decades for Universalisation of elementary education. Some of these efforts have been in the field of Primary education and a few also covering upper primary sector. Due to these interventions, initiated by Government of India and the respective State Governments, there has been considerable progress in providing access, improving retention and quality improvement in primary education sector. However, much needs to be done for the special focus groups, and the upper primary sector. Quality improvement still remains a major concern, especially for upper primary sector. Sarva Shiksha Abhiyan is an attempt to fill

this vacuum and covers all the districts in the country unlike the earlier programmes on elementary education. The Programme covers the whole gamut of elementary education sectors and is flexible enough to incorporate new interventions like specific interventions for girls, e.g., NPEGEL, Kasturba Gandhi Balika Vidyalaya.

SSA adopts, “the bottom-up” process of planning, wherein the felt needs of the served communities and educational needs of learners are well taken care of and the plan fits into the broad framework of SSA. In view of the fact that the desired improvement and sustenance of the improved efficiency level can not be achieved without the active involvement of the community in the schooling system, SSA has emphasized the involvement of the community in the schooling system, SSA has emphasized the involvement of local people and stakeholders in planning. This also ensures reflection of local specificity, which is essential for achieving the goals of the programme.

Sarva Shiksha Abhiyan is an attempt to provide quality education to all children through active participation of community in a mission mode. The following are the **main objectives** of Sarva Shiksha Abhiyan.

- Enrolment of all school age children.
- Bridge all gender and social category gaps at primary stage by 2007 and at elementary education level by 2010.
- Universal retention by 2010.
- Focus on elementary education of satisfactory quality with emphasis on education for life.

Sarva Shiksha Abhiyan, with these well-defined objectives, attempts to provide an opportunity for improving human capabilities to all children through community-owned quality education in a mission mode.

The colossal task of fulfillment of the SSA objectives in a stipulated time period in a country as diverse as India requires sound planning and well-elaborated plan proposals.

1.2 DATA SOURCE FOR PLANNING – 2008-2009

All the activities under SSA are being measured through data collection of Household Survey, DISE, PMIS and COHORT Study.

1.2.1 HOUSEHOLD SURVEY (2005)

House Hold Survey is being conducted once in five year. The objectives of the House Hold Survey is mainly to create school age population database under which data relating to school going children, out of school children, reasons for dropout/ Non enrolment etc., have been collected both for planning purposes and for evolving strategies to achieve universal enrolment, retention and completion. The household survey data are being updated every year by up-dation of EER to monitor the individual child progress towards completion of eight year schooling successfully. It is rather a computerized child tracking system.

All habitations and Households in the 13 community development blocks and one urban block were covered under the household survey 2005.

First July 2005 was the reference date of the survey.

At State level, a team has been constituted with SPD as the head of the team and JDI, JDII and Consultant (planning) in State Project Directorate, one JD from the Directorate of Elementary Education and one JD in the Directorate of School Education as the members to design the survey format and to carry out all the activities in conduct of the survey successfully at State level. Consultant (Planning) is the survey officer.

At the District Level, a team with District Collector as the Head and DPC, Addl.DPC, DEO, ADPC, two BRC Supervisors, two AEEOs as the members constituted to carry out the survey activities and to complete the survey successfully.

At Block Level, a team with BRC Supervisor, AEEO, Addl.AEEO, BRTEs, and two Cluster Co-ordinators has been formed to carry over the activities as per instructions and guidelines.

1.1. INTRODUCTION

Sarva Shiksha Abhiyan (SSA) is a comprehensive and integrated flagship programme of Government of India to attain Universal Elementary Education (UEE), covering the entire country in a mission mode. SSA has been launched in 2001-2002 in partnership with the State Governments and Local Self Governments. The programme aims to provide useful and relevant, elementary education to all children in the 6 to 14 age group by 2010. It is an initiative to universalize and improve quality of education through decentralized and context specific planning and a process based, time bound implementation strategy. The programme lays with time bound objectives. On one hand, SSA is a programme with its own targets, norms and processes and on the other it is an umbrella programme covering other programmes like District Primary Education Programme (DPEP). The gigantic dimensions of the programme and the financial implications call for a meticulous planning and a rigorous appraisal.

India has made long strides in the last 50 years in the field of education. The National Policy of Education 1986 and Programme of Action 1992 also accorded top priority for achieving the goals of Universal Elementary Education. A number of programmes / schemes were launched during the last four decades for Universalisation of elementary education. Some of these efforts have been in the field of Primary education and a few also covering upper primary sector. Due to these interventions, initiated by Government of India and the respective State Governments, there has been considerable progress in providing access, improving retention and quality improvement in primary education sector. However, much needs to be done for the special focus groups, and the upper primary sector. Quality improvement still remains a major concern, especially for upper primary sector. Sarva Shiksha Abhiyan is an attempt to fill

this vacuum and covers all the districts in the country unlike the earlier programmes on elementary education. The Programme covers the whole gamut of elementary education sectors and is flexible enough to incorporate new interventions like specific interventions for girls, e.g., NPEGEL, Kasturba Gandhi Balika Vidyalaya.

SSA adopts, "the bottom-up" process of planning, wherein the felt needs of the served communities and educational needs of learners are well taken care of and the plan fits into the broad framework of SSA. In view of the fact that the desired improvement and sustenance of the improved efficiency level can not be achieved without the active involvement of the community in the schooling system, SSA has emphasized the involvement of the community in the schooling system, SSA has emphasized the involvement of local people and stakeholders in planning. This also ensures reflection of local specificity, which is essential for achieving the goals of the programme.

Sarva Shiksha Abhiyan is an attempt to provide quality education to all children through active participation of community in a mission mode. The following are the **main objectives** of Sarva Shiksha Abhiyan.

- Enrolment of all school age children.
- Bridge all gender and social category gaps at primary stage by 2007 and at elementary education level by 2010.
- Universal retention by 2010.
- Focus on elementary education of satisfactory quality with emphasis on education for life.

Sarva Shiksha Abhiyan, with these well-defined objectives, attempts to provide an opportunity for improving human capabilities to all children through community-owned quality education in a mission mode.

The colossal task of fulfillment of the SSA objectives in a stipulated time period in a country as diverse as India requires sound planning and well-elaborated plan proposals.

1.2 DATA SOURCE FOR PLANNING – 2008-2009

All the activities under SSA are being measured through data collection of Household Survey, DISE, PMIS and COHORT Study.

1.2.1 HOUSEHOLD SURVEY (2005)

House Hold Survey is being conducted once in five year. The objectives of the House Hold Survey is mainly to create school age population database under which data relating to school going children, out of school children, reasons for dropout/ Non enrolment etc., have been collected both for planning purposes and for evolving strategies to achieve universal enrolment, retention and completion. The household survey data are being updated every year by up-dation of EER to monitor the individual child progress towards completion of eight year schooling successfully. It is rather a computerized child tracking system.

All habitations and Households in the 13 community development blocks and one urban block were covered under the household survey 2005.

First July 2005 was the reference date of the survey.

At State level, a team has been constituted with SPD as the head of the team and JDI, JDII and Consultant (planning) in State Project Directorate, one JD from the Directorate of Elementary Education and one JD in the Directorate of School Education as the members to design the survey format and to carry out all the activities in conduct of the survey successfully at State level. Consultant (Planning) is the survey officer.

At the District Level, a team with District Collector as the Head and DPC, Addl.DPC, DEO, ADPC, two BRC Supervisors, two AEEOs as the members constituted to carry out the survey activities and to complete the survey successfully.

At Block Level, a team with BRC Supervisor, AEEO, Addl.AEEO, BRTEs, and two Cluster Co-ordinators has been formed to carry over the activities as per instructions and guidelines.

At Village Level, the VEC formed a team with HM of the school, two teachers of the school, VAO, SHG members, PTA president to conduct the survey perfectly as per the instructions and guidelines.

1.2.2 DISE 2007-08

DISE is the computerized school database system developed for Educational Planning and Management at School level to State and National Level. It is the major source for preparation of Annual Work plan and Budget for the project "Education For All" at District and State level. This report contains three chapters. Chapter I viz. "DISE over view" explicit the process of data collection and computerization. Highlights of DISE are presented in Chapter II and in Chapter III, data tables relating to Schools, Enrolment, Teachers and Infrastructure are also presented. Cluster, Block, District and State level reports have been generated by using the software supplied by National Institute of Educational Planning and Administration (NIEPA) New Delhi.

The objectives of DISE are to create and update the school database every year for Educational Planning and Management and to use as monitoring tool for improving the performance of the school towards achieving the objectives of SSA.

All Recognized schools including Special schools under all type of management in the State are covered. However, data have also been collected from unrecognized schools to fill enrolment data gap.

1.2.3 COHORT STUDY 2007-2008

Cohort Study is made to assess CR, RR, and DR of a school for particular set of students over a specific period. This study helps to group of schools according to their performance. Moreover indicators measured through Cohort study are very useful to identify the problem in a particular school, so that it can be rectified properly. The reports have been generated at Cluster, Block and District levels.

1.2.4 ELEMENTARY EDUCATION REGISTER & SCHOOL MAPPING DOCUMENT 2007

The Household Survey is being conducted as per the guidelines of Government of India once in five years to create and update the database, especially relating to school age and out of school children. The Household Survey data base is the source of EER by which the individual child progress towards completion of elementary education is being monitored. Therefore EER data are to be updated every year till 2010 or till completion of the next Household Survey.

The Household Survey 2005 has been conducted and completed in all the Habitations and reports have also been generated at District, Block, Panchayat, Village, Ward and Habitation levels. The software has been modified now to generate EER for all habitations and sub wards. The updation of EER data is to be taken up for the year 2006 for planning and monitoring the progress of all children towards completion of elementary education.

All Government and Local Body Primary and Middle schools where VEC functioning are to maintain EER.

1.2.5 ACHIEVEMENT STUDIES AND PROGRESS REPORTS - ABL

All the activities under SSA are evaluated through various studies every year. The most important studies are PMIS and COHORT studies. PMIS gives us various data on quantity and the quality aspects of the project. The COHORT study is the study, which assess the performance of the students for a specific period, thereby measuring the quality education of the school. The Completion Rate, Repetition Rate, Dropout Rate and the Achievement Rate are the educational indicators generated by the the COHORT Study.

This year, study on Activity Based Learning, Community study, Teachers and Students attendance study and achievement tests were conducted for II and IV standard children thereby the students level of performance is measured and interventions are made to improve the performance of the students.

In addition to the above studies, a study on management and organization culture was also conducted with the guidance of State Project Directorate and Loyola College, Chennai.

1.3 PLAN FORMULATION

Planning is a process for identifying the needs that exist in a particular period for achieving specific goals, evolving strategies to address them and proposing suitable activities as per the strategies. Planning under SSA is to review the present scenario in a State, District, Block or Village, to identify the needs and propose interventions to fill the gaps in order to achieve the goals of the programme. In the face of socio economic and geographical diversity prevailing in the country and sheer size of the target child population, need based local planning have become very important to achieve the targets effectively.

SSA envisages the preparation of **District Elementary Education Plan (DEEP)** – a comprehensive Plan of Action for the education improvement of the whole District. SSA requires two types of plans-annual and perspective. An **Annual Plan** proposes the interventions for a year and the perspective those over a longer period. A **perspective plan** shows the perspective of the state. It provides the long term strategies of the state with a vision to accomplish the goals of the programme. The perspective plan provides estimate of the fund requirement along with manifold phased out interventions over the period for achieving the goals. On the other hand, an annual plan prioritizes the activities to be undertaken in a particular year in the context of the targets provided in the perspective plans.

Sarva Shiksha Abhiyan envisages constitution of planning teams at Village, Block and District levels. It emphasizes the involvement of the village community leaders, teachers and parents in planning. It also ensures reflection of local specificity, which is essential for achieving the goals of the programme. Hence Sarva Shiksha Abhiyan adopts the bottom-up process of planning, taking care of the felt needs of the served communities and the educational needs of the learners.

1.3.1 CONSTITUTION OF PLANNING TEAM, CONDUCT OF ORIENTATION AND TRAINING PROGRAMMES, PREPARATION OF SCHOOL LEVEL, BLOCK LEVEL AND DISTRICT LEVEL PLAN

Planning for the Sarva Shiksha Abhiyan emerges from the grass root level and hence it is called Micro Planning. At the beginning, a Perspective Plan was prepared for ten years from 2001 – 2010. Annual Work Plan and Budget is prepared every year to formulate specific physical and financial activities to reach the goals of the scheme. Hence an Annual Work Plan and Budget for the year 2008 – 2009 has been prepared meticulously. Planning Teams are formed at the Village, Block and District levels. At the Village level, the villagers and the teachers prepared the School/Habitation Plan, which contained the educational profile of the village, their needs and their plan for future development. The consolidation of these plans formed the basis for the preparation of the Block Level Plan and then the District Level Plan.

The District Planning Team is formed with the following officials for the preparation of the Annual Work Plan and Budget for the year 2008-2009.

Thiru. Santhosh K Misra Collector, Kancheepuram District	-	Chairman
Thiru. M. Haridass Chief Educational Officer - SSA	-	Member
Thiru. V.Ramana, Chief Educational Officer	-	Member
Thiru. T.V. Kathirvelu Additional District Programme Co-ordinator & District Elementary Educational officer	-	Member
Thiru. L.Monickaraj District Educational Officer, Kancheepuram	-	Member
Thiru. K.Ganesamoorthi District Educational Officer, Chengalpattu	-	Member
Thiru. S.S.Kumaran Assistant District Programme Co-ordinator	-	Member
Thiru. G.Sankara Subaramaniam Principal, DIET, Kaliyampoondi.	-	Member
Thiru. A.Ranganathan Statistical Officer	-	Member

The Planning Process for the preparation of the Annual Work Plan and Budget for 2008-2009 started with a State Level Workshop for the Chief Educational Officer

(SSA), Assistant District Programme Coordinators, Statistical Officers and M1 Coordinators on 03.01.2008 at the State Project Office Conference Hall, Chennai. The planning strategies have been well explained by the State Planning Team of the State Project Directorate in Chennai. In the District, a one-day workshop has been conducted at the District Project Office, Kancheepuram on the various aspects of the preparation of the Annual Plan. Subsequently each and every Block and Village Education Committee has been plunged into the activity of preparing its own Block and School Plan for the year 2008 - 2009.

The Block Planning Team has been formed with the following officials for the preparation of the ~~Annual Work Plan and Budget for the year 2008-2009~~

Block Resource Supervisor	- 1
Block Level Committee President	- 1
Assistant Elementary Educational Officer	- 2
Block Resource Teacher Educators	- 2
CRC Coordinators	- 1
Teacher Representative	- 1

Plan proposals from the habitations have been collected and compiled by the Block Level Education Committees in this District. The Block Planning Team appraised the habitation level plan and prepared block plan and submitted to the district level committee.

The Habitation/ School level Planning Team has been formed with the following officials for the preparation of the Annual Work Plan and Budget for the year 2008-2009.

VEC Members
Community Leader
Headmaster
NGO representative
Teachers
Women representative from Self Help Group

The above committee members have prepared habitation level plan based on the requirement and submitted to the block team.

These proposals have been analyzed and the District Level Annual Plan for the year 2008-2009 has been prepared. During the three day workshop from 28.01.2008 to 30.01.2008 at the State Project Office the Plan and the Budget Proposals have been finalized.

The Plan outlay has been submitted to the Chairman and District Collector for approval. Further the Plan document was incorporated with all the essential elements and submitted for the approval of the Project Approval Board, SSA.

1.4. GENERAL PROFILE OF THE DISTRICT

Kancheepuram is described as "**Mokshapuri**". It is "**The Religious Capital**" of South India. ~~It is~~ one of the seven sacred pilgrim centres of India. ~~It is~~ the second holiest place in India next to Varanasi. It has inherited a rich legacy of culture. Being the capital of Kancheepuram District, it plays a vital role in promoting Tourism, Silk Industry, Agriculture, Education and Economy of Tamil Nadu.

Kancheepuram District lies between 11° and 12° of North latitude and between 75°.28' and 78°.50' of East longitude on the globe. The District is bounded by the Bay of Bengal in the East, Chennai in the North, Vellore and Thiruvannamalai Districts in the West and Villupuram District in the South. The District is well linked by National Highways to different cities of the State and to Arakkonam and Chennai by rail. As the International Airport is located in the District at Meenambakkam, the District is accessible to different countries of the World by Air. The transport facilities give easy access to schools.

There are 6, 52,254 houses in 1214 villages, 10 municipalities, 1 Cantonment Board in this District.

The Collector heads the District administration and his office is at Kancheepuram. There are **3 Revenue Divisions** in this District.

1. Kancheepuram
2. Chengalpattu
3. Madurantagam

There are **8 Revenue Taluks** in this District

1. Kancheepuram
2. Uthiramerur
3. Sriperumbudur
4. Tambaram
5. Chengalpattu
6. Thirukalkundram
7. Madurantagam
8. Cheyyur.

There are 13 Community Development Blocks, 1 Urban Block and 10 Municipalities in this District.

BLOCKS

1. Kancheepuram
2. Walajabad
3. Uthiramerur
4. Sriperumbudur
5. Kundrathur
6. Thiruporur
7. Kattankolathur
8. Thirukalkundram
9. St.Thomas Mount
10. Achirupakkam
11. Madurantagam
12. Lathur
13. Chithamur
14. St. Thomas Mount (Urban Block)

MUNICIPALITIES

1. Kancheepuram
2. Chengalpattu
3. Maraimalai nagar
4. Madurantagam
5. Alandur
6. Pallavaram
7. Tambaram
8. Anaputhur
9. Pammal
10. Puzhuthivakkam - Ullagaram

Kancheepuram District is basically an agriculture district. A large number of people are agriculture labours. Silk Weaving is an important work in this district. The following data gives the information on Number of People working in different areas –

Total workers	:	9, 38,904
Male workers	:	6, 65,386
Female workers	:	2, 73,518
Rural workers	:	5, 86,533
Urban workers	:	3, 52,371
Cultivators	:	1, 62,140
Agricultural labours	:	2, 96,212
Household Industry	:	39,571
Other workers	:	3, 94,777

1.4.1 POPULATION - CENSUS 2001 & HOUSEHOLD SURVEY 2005

The following table shows the population in the blocks.

Table - 1
Population - Census 2001

S. No	Block	Area (Sq. Km)	ALL						Total		
			Urban			Rural			Male	Female	Total
			Male	Female	Total	Male	Female	Total

Total		13	2	10	1214	677	3398	323

Source: Revenue Department & HHS 2005

Two Educational Districts are functioning, one at Kancheepuram and the other at Chengalpattu. There are 677 Panchayaths and 1214 Revenue Villages in this district. There are 13 Community development blocks in which 172 Clusters Resource Centres are functioning well under SSA. To improve the school infrastructure and to cater to the basic needs of the schools 1597 VECs are functioning in this district.

1.5. ELEMENTARY EDUCATION PROFILE OF THE DISTRICT

Kancheepuram is one of the most important districts in Tamil Nadu. A District Project Office, a Chief Educational Office and two District Educational Offices are functioning in this district. Kancheepuram and Chengalpattu are the two educational districts. There is a District Elementary Education Office for this District at Kancheepuram to supervise all the activities connected with Elementary Education. There is an Inspectorate of Matriculation Schools at Kancheepuram, to look after the Matriculation Schools in Kancheepuram.

The Government of Tamilnadu has established District Institute of Education and Training (DIET) at Kaliyampoondi. This institute provides refresher training to school teachers besides giving regular pre-service training to secondary grade teacher trainees. Moreover all SSA Training Programmes are offered at the district level to the BRTEs by the DIET through cascade method.

1.5.1. SCHOOL-AGE POPULATION 2007-08 - 5-11, 11-14, ALL, SC, ST

Source : Cohort 2007

The Attendance Rate is an important indicator for this scheme. Regular attendance of children is very important for better achievement of their studies. More over children often absent from school may not have well in studies and Dropout from school after sometimes. Hence attendance rates are measured.

The attendance rate of primary is 97.85. It is 96.15 for SC and 95.80 for the ST Children. The highest attendance rate is found in 99.93 in Kundrathur Block and the lowest attendance rate is found in Kattankolathur Block with 95.00. In the upper primary level the attendance rate for the district is 96.80. The highest attendance rate is found in Srirambudur Block with 98.50 and lowest is found in Kancheepuram Block with 90.68. It is for 95.90 for SC and 91.10 for ST Children in the district.

Total ST pass percentage in V standard in the district 99.69. Total SC pass percentage with more than 60% marks is 62.67. Except Kancheepuram, Kattankolathur and Thirukalukundram all the blocks have highest pass percentage with 100% in V standard and Kancheepuram has the lowest pass percentage in the district. Total ST pass percentage in VIII standard is 95.60 and ST pass percentage with more than 60% marks is 39.08.

1.7. PROJECT COMPONENTS – ACHIEVEMENT AND REQUIREMENT STATUS 2007-08

The district has achieved cent percent access at the Upper Primary level, even then some of the habitations need Upper Primary schools to curtail dropouts in the Upper Primary level. Hence 6 primary schools are upgraded as Upper Primary Schools. All the schools in need of buildings are provided with enough number of class rooms. All the 13 BRCs are provided with enough buildings. Out of 172 CRCs, 162 CRCs have been provided with buildings. Only 10 CRCs are to be provided with buildings.

1.7.1 SCHOOL ACCESS - PRIMARY, UPPER PRIMARY RATIO, ACCESS LESS HABITATIONS, UPGRADATION OF PRIMARY TO MIDDLE

The following table shows the Habitation and Access (Primary).

**Table - 38
Habitations and Access (Primary) - 2007**

2.1 INTRODUCTION

SSA, Which is a boon to primary Education, has been reaping it's goal by implementing various activities. Sufficient number of primary schools has been opened and up-gradation of primary school into upper primary school has been done to fulfill the first objective which "Providing Access" to all school age children.

Out of school children are being identified and given counseling by VECs and the project staff of SSA. As soon as the identification is over, they are admitted either in regular school or in any one of the system under the programme "Alternative and Innovative Education".

The introduction of new methodologies called ABL and ALM has a great impact on primary and upper primary education. In order to give enough exposure on teaching and learning process sufficient numbers of trainings have been given to teachers. Special trainings like 'Institutional planning' 'Toys making' 'Intel' also have been given to teachers to equip them in all the wages.

The horizon of computer Aided learning has been widened and 20 schools per block have been provided computers in this year.

Special focus is not only on 'Girls' but also on SC/ST children. Girls find pleasure in developing their skills and SC/ST children are given good exposure by the organization of tour programmes.

Special strategies are evolved to identity and enroll out of school children. All the centres under the programme 'AIE' ensures their education.

Students with special needs are given special case by enrolling them in regular schools, Special schools, and Home Based Trainings. They find pleasure in playing at 'Play Parks' in the Block Head Quarter. 'Resource Room' gives them enough practice and confidence.

Researchers highlighting students learning process, problems involved in teaching and learning class room management, students IQ, behavioral problems etc.

The block resource centres is provided with all infrastructure facilities. BRCs are functioning with full fledged staff pattern. Trainings workshop are being conducted for the betterment of the quality of the education BRTE's posted in the BRCs are visiting their respective schools. Continuous and close monitoring in the performance of BRCs is closely watched by the officials.

Kancheepuram District has been regarded as a special focus district since the district SC/ST dominated district. Out of the total allotment 70% funds were given to civil works for construction of additional class rooms in their district.

2.2 PROGRESS - TARGET & ACHIEVEMENT

Total enrolment of children in primary schools as well as in upper primary schools is greater than the total number of children enrolled in the previous year. In 2002 and 2003, NER - Primary was 95 and in 2004 it was 97, whereas in 2005 the NER - Primary was 97.23. In the year 2006 and 2007, NER - Primary has been greatly increased with 99.38. In the year 2007 the CR-Primary is 92.55. This is greater than the CR-Primary during the previous years. In the year 2002 RR-Primary of all children was 29.00 this was gradually reduced during 2003, 2004, 2005 and 2006. In 2007 RR-Primary is 6.58 and thus a considerable change is seen. In the year 2002 the DR-Primary of all children was 13.00 whereas in 2007 it is only 0.88.

2.2.1 ACCESS - PRIMARY & UPPER PRIMARY

Total number of uncovered habitations has been reduced a lot when compared to the previous year. All the 3711 eligible habitations are served with primary schools and the remaining 10 un-served eligible habitation are to be provided with primary school facilities in year 2008-2009.

2.2.2 OPENING OF SCHOOLS - PRIMARY, UPPER PRIMARY (2001-2002 TO 2007-2008)

There are upper primary schools in the ratio of 1:2 with the primary schools in the district. In accordance with this, primary schools and upper primary schools have been opened as shown in the table given below.

Table - 76

Source: DISE

During the year 2001-2002 total numbers of teachers working in upper primary sections was 3718 and in the current year the total number of teachers is 8532 and thus

there is a very good increase in the number of teachers in upper primary sections. In 2002-2003, 4136 teachers were working in upper primary sections out of which the percentage of female teachers was 65.38. In 2003-2004, the total number of teachers was 4162 and percentage of female teachers was 76.57. In 2004-2005, there were 5453 teachers, working in upper primary sections in the district out of which 76.93% were females. In 2005-2006, 5543 teachers were working in the upper primary sections out of which 1922 were males and 3621 were females. In 2006-2007, the total number of teachers working in upper primary sections is 8532 and the percentage of female teachers is 78.76.

In this academic year 2007-2008, as the table shows, 1708 male teachers and 6521 female teachers are working in middle schools. Total number of teachers is 8229. The percentage 79.24 reveals us that female are more interested in teaching than male

This table shows us the appointment of teachers under the scheme SSA since 2001-2002. Here, we can very well see the gradual increase in appointment of teachers. In 2001-2002 5 teachers were appointed in upper primary schools and 10 teachers were appointed in primary schools. In the year 2002-2003, 16 teachers in primary schools and 21 teachers in upper primary schools were appointed. The table shows us that 20 teachers were appointed in primary schools and 46 teachers were appointed in upper primary schools in the academic year 2003-2004. In 2004-2005 only two primary teachers and 79 upper primary teachers were appointed for SSA schools.

In the year 2005-2006, 4 primary teachers and 75 upper primary teachers were appointed. In the year 2006-2007, total number of teachers appointed for upper primary sections was 494 and total number of teachers appointed for primary sections was 6. In this academic year, there are 32 primary teachers and 37 upper primary teachers are appointed. Since 2001-2002 to till now, 758 upper primary teachers and 90 primary teachers are appointed. Totally 848 teachers are appointed under the scheme SSA to upgrade the Quality of education which is one of the primary motive.

The above tables picture the district data of the Enrolment of boys and girls in Primary sections schools as well as in the Upper Primary section schools during the year 2003-2004. The tables focus the Enrolment of SC and ST students. In the first table, the total number of Enrolment in primary was 281395 out of which 99911 were SC children and 6954 were ST children. Out of 99911 SC children, 50878 were boys and 49033 were girls and out of 6954 ST children, 3622 children were boys and 3332 children were girls. The second table shows that the total enrolment of upper primary was 177995 out of which 91043 were boys and 86952 were girls. And this table shows as that total SC population was 65219 out of 33299 were boys and 31920 were girls. Total number of ST children was 1812 out of which 908 children were boys and 904 were girls.

Source: DISE 2005-06

During the year 2005-2006, 274945 children were enrolled in primary sections out of which 139923 were boys and 135022 were girls. 91844 SC children were enrolled out of which 46694 were boys and 45150 were girls. 7699 children in ST were enrolled totally out of which 3998 were boys and 3701 were girls. In the upper primary sections, 183672 children were enrolled in upper primary section out of which 93778 children were boys and 89894 were girls. Totally 31842 SC children were enrolled out of which 33687 were boys and 31842 were girls. If we focus ST students enrolment, we can get the clear picture that the total number of ST enrolment is 2407 out of which 1281 were boys and 1126 were girls.

Source: DISE 2007-08

In the current academic year the total enrolment of primary children was 291460 out of which 148363 are boys and 143097 are girls. If we focus SC students enrolment, 93697 children are enrolled totally out of which 47596 are boys and 46101 are girls. 8000 ST children are enrolled out of which 4067 students are boys and 3933 are girls. In the upper primary sections, totally 193979 children are enrolled out of which 100104 children are boys and 93875 children are girls. In SC category, totally 65999 children are enrolled out of which 34083 are boys and 31916 are girls. If we focus ST children enrolment we can get the clear picture that is, 3058 children are enrolled totally out of which 1625 are boys and 1433 are girls.

2.5 INDICATORS

The educational indicator serves as the major source to evaluate the progress in the educational status of the school, block and district. Net Enrolment Rate, Completion Rate, Dropout Rate and Repetition Rate are the major indicators.

2.5.1 NER - PRIMARY - ALL, SC, ST - PROGRESS IN NER (2002 TO 2007)

From 2002 to 2006, the NER boys has shown increase and it is 97.4 during 2006. During 2007, the NER of boys is 99.30. The district overall NER was 83 in 2002 and it was 97.80 in 2006. Increase has been shown in the year 2007 and it is 99.30.

Fig - 25
Progress in NER - Upper Primary - ST

2.5.3 COMPLETION RATE (CR) - PRIMARY - ALL, SC, ST - (2002 TO 2007)

Cohort Analysis is done every year in each and every school to measure the internal efficiency of the school. Completion Rate, Dropout Rate and Repetition Rate are the common indicators obtained through the cohort study. The progress of these indicators reveals the progress in the educational status of the School, Block and District.

The following table shows the program in CR - Primary of all Children in the District.

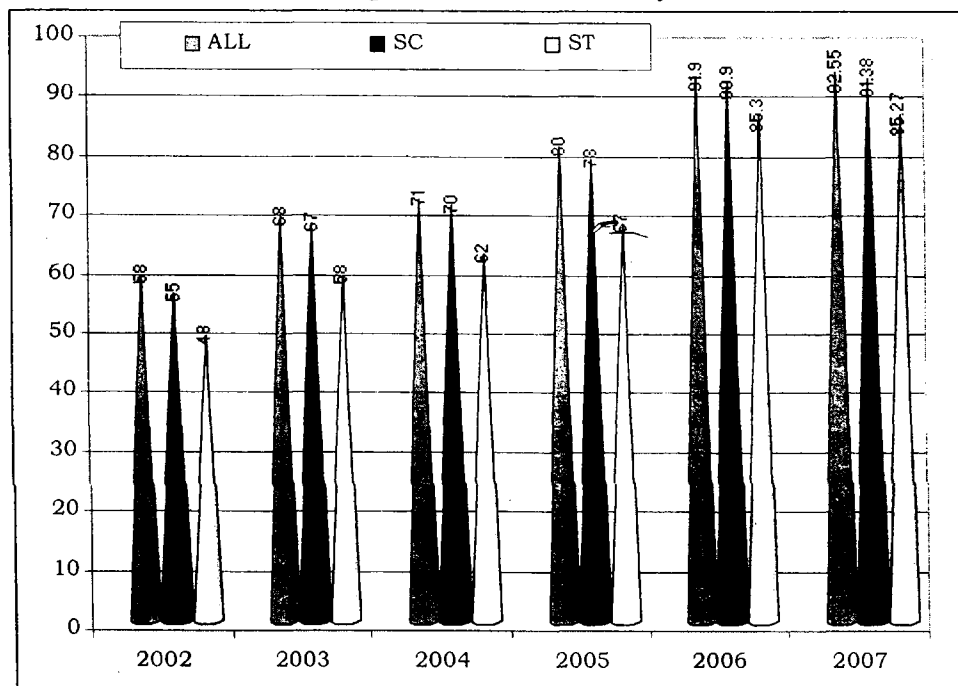

Table - 92
Completion Rate -Primary

Source: Cohort Study

The above table reveals the decrease in the RR every year from 2002 to 2007. Among all children it has been reduced from 29 in 2002 to 6.58 in 2007. Among SC and ST children it was 35 and 29 in the year 2002 and it is 8.10 and 13.08 in the year 2007. Maduranthagam block has the lowest RR in the district with 3.69, 4.56 and 5.39 among all children, SC and ST children respectively.

This table shows us clearly that there is a reduction of Repetition Rate which is definitely a positive trend. In the year 2002, the RR was 30 whereas in 2007 it is 8.15. There is a reduction of RR in SC children. In the year 2002, RR of SC was 21 whereas in 2007, the RR of SC is greatly reduced to 9.97. Among ST children, the RR in 2002 was 13, 18 in 2003 and it is 17.57 in 2007.

Source: EER

We can see the positive trend of transition rate both of boys and girls. In the year 2002, the transition rate of boys was 78 and the transition rate of girls was 82. In the year 2007, we can notice the tremendous improvement in transition rate in SC category. In 2007, 98.95 is the TR of boys and 98.98 is the TR of girls. The total transition rate in the year 2002 was 80 and in the year 2007 is 98.98.

As per the household survey conducted in 2001, the total number of out of school children was 20927 in Kancheepuram district which was the target of the academic year. Out of 20927 children 2494 children were enrolled and the achievement percentage was 11.9. During the academic year 2003-04, the target was 18110, out of which 10062 students were enrolled. In the academic year 2004-05, 2005-06 and 2006-07, there were various intervention attempted to attain cent percentage enrolment. In the current year, the target of out of school children is 4019 whereas the percentage of achievement is 95.42.

We are evolving various strategies to make all the school age children to have education up to upper primary level, which is one of the prime motives of SSA.

2.8.1 ENROLMENT OF OUT-OF-SCHOOL CHILDREN IN 2003-2004 - AGE GROUP WISE, GENDER WISE - TARGET & ACHIEVEMENT

In 2003-2004 and 2004-2005, total number of upper primary schools covered with computer education was 224 and the total number of beneficiaries was 29495 in both the years. In 2005-2006, total number of primary and upper primary teachers trained was 887 and total number of beneficiaries in both primary and upper primary schools was 2804. In 2006-2007, 14 primary and 20 upper primary schools have been covered with computer education. Total number of teachers trained in both primary and upper primary schools is 82. 2002 children have been benefited in primary schools and 2995 children are benefited in upper primary schools. During this academic year 2007-2008, totally 408 schools have been covered with computer education. Total number teachers trained in both primary and upper primary schools are 46. Totally 4267 children have been benefited in both primary and upper primary schools.

Source: Monthly Review Reports

In 2002-2003, out of 1,05,573 target training days, 13,079 was the achievement.

Whereas in 2003-2004 out of 1,34,250 target, 54,302 teachers (training days) attended the training programmes. In 2004-2005, 74,325 attended the training programme. In 2004-2005, 74,325 attended the training programme out of 1,70,900 targets. In 2005-2006, the target number was 1,49,255 out of which 1,17,447 attended the training. In 2006-2007, out of 1,33,254 target, 1,18,448 teachers (training days) days attended the training programme. In the year 2007-08, we can see the tremendous increase in achievement percentage. 1,65,040 is the target and achievement days teacher days and achieved cent percent in the current year.

2.13 COMMUNITY MOBILIZATION - MEMBERS TRAINED, COMMUNITY CONTRIBUTION - PROGRESS - 2002-2003 TO 2007-2008

In 2002 – 03, School Grant was given to 893 Primary and 394 Upper primary schools. 918 Primary schools and 361 Upper primary schools were provided with Maintenance Grant. TLE was given to 12 primary schools and 21 Upper primary schools. 3608 Primary teachers and 3674 Upper primary teachers were provided with TLM grant. In 2003 – 04, School grant was provided to 932 primary and 363 Upper primary schools. TLE was given to 10 Primary and 25 Upper primary schools. 3634 Primary and 3344 Upper primary teachers were provided with TLM. In 2004 – 05, TLE grant was given to 37 Upper primary schools and 4952 Primary and 2116 Upper primary teachers were provided with TLM grant. In 2005 – 06, 1806 Primary and Upper primary schools were provided with School Grant, 1579 Primary and Upper primary schools were given Maintenance Grant. TLE was provided for 3 primary schools and 13 Upper primary schools. 7415 Primary and Upper primary teachers were provided with TLM grant. In 2006 – 07, 1321 Primary and 548 Upper primary schools were given School Grant and 1576 Primary and Upper primary schools were given Maintenance Grant. TLE was given to three primary schools and 6 Upper primary schools. 3522 Primary and 4540 Upper primary teachers were provided with TLM grant. In the year 2007 – 08, 1334 Primary and 559 Upper primary schools were given School Grant and 1592 Primary and Upper primary schools were given Maintenance Grant. TLE was given to 16 primary schools and 18 Upper primary schools. 3728 Primary and 4524 Upper primary teachers were provided with TLM grant.

2.15 MANAGEMENT – E – LEARNING, MEDIA & DOCUMENTATION – PROGRESS IN ACHIEVEMENT

Media and Documentation plays a vital role in management head in SSA. All the component-wise activities are conducted as per activity schedule. Training programmes, workshops, meetings are conducted at CRC level, Block level, District level. All the programmes have been documented through Photo clippings and video shooting. The activity wise achievement of SSA, stage by stage has been documented and published in various newspapers.

E-learning equipment is one of the items under management head. In this sub component, the expenditure is incurred for purchase and installation of EDUSAT equipments.

3.1. INTRODUCTION

Issues and strategies play a vital role and these should be addressed to attain all the objectives of SSA. Large Data base, Research and Evaluation Studies and Periodical Progress Reports are there for monitoring, identifying issues to improve the strategies and also for evolving new strategies to achieve the objectives In this chapter component wise Issues, strategies adopted, and to be adopted with success and calendar of activities are briefly presented.

3.2 SCHOOL ACCESS

Provision of 'School Access' is one of the most important objective of SSA and cent percent achievement of 'school Access' has been fulfilled in Kancheepuram District. New habitations are emerging now-a-days and if we find such habitations those will be provided Primary schools in future.

New Primary School Opened during 2007-08 at Bakthavatchalam Nagar, Sriperumbudur

3.2.1 STRATEGIES ADOPTED IN 2007-08

- Provision of new EGS centres for habitations not fulfilling the norms for opening of formal school.
- Obtaining the proposals for upgradation of EGS centre and upgradation of primary into upper primary schools along with the plan document to obtain GO without delay.

3.2.2 ISSUES

- Provision of school for new habitations
- Provision of noon meal and uniforms books for the newly opened schools.
- Proving access to all children in Upper Primary.

3.2.3 STRATEGIES TO BE ADOPTED IN 2008-2009

- Upgradation of Primary Schools into Upper Primary Schools.

Calendar

S.No	Activity	Month
1.	Obtaining of proposal from the Blocks	March 2008
2.	Obtaining GO	June 2008
3.	Opening of new Primary centre	June 2008
4.	Provision of grants	July / August 2008
5.	Free textbooks, Uniforms, Noon meal etc	July 2008
6.	Provision of land and buildings	Before December 2008

3.3 BLOCK RESOURCE CENTRES (BRCs)

Block Resource Centre remains always a Resourceful Center for ensuring the Quality of Education. The BRC is provided with full-fledged Staff strength for implementing the SSA activities successfully. Each CRC in the block is provided with one Teacher Educator whose main role is ensuring the quality of education in all the schools in the cluster. All trainings and meetings are frequently conducted in BRC to attain the schedule of activities as per the plan

Block Education Committee meeting conducted at Kancheepuram

3.3.1 STRATEGIES ADOPTED IN 2007-08

- Provision of URC for 3 urban areas for effective programme implementation
- Providing equipments to new URC and maintenance of equipments to existing BRCs.
- Strengthening of monitoring system at BRC/URC level.

3.3.2 ISSUES

- Provision of computer operator and ministerial staff
- Provision annual maintenance for computers
- Provision of vehicles to reach remote places.
- Provision of Library, Scientific lab equipments

3.3.3 STRATEGIES TO BE ADOPTED IN 2008-2009

- Strengthening of BRCS by appointing ministerial staff.
- Provision of Annual maintenance for computer.
- Provision of Library, and scientific lab equipments.

Calendar

S.No	Activity	Month
1.	Starting of URCs	May / June 2008
2.	Provision of equipments	June 2008
3.	Training to field staff	July – August 2008
4.	Provision of buildings to new URCs	July – December 2008

3.4. CLUSTER RESOURCE CENTRES (CRCs)

In grass-root level CRC remains a place of improving academic excellence of teachers. Each CRC is provided with all infrastructure facilities. Trainings are being given periodically to the teachers handling primary and upper primary sections to improve the “teaching and learning” strategies. In this year, the innovative system of education called ‘ABL’ is focused in CRC Trainings at primary level. A new methodology called ‘ALM’ is introduced for upper primary classes. The way of effective practice of ‘ALM’ in the classroom is being discussed in the CRC Trainings.

Picture of Teachers who turned as students during ABL SLM Maths Kit Training at CRC Level

3.4.1 STRATEGIES ADOPTED IN 2007-08

- Action to filling up of CRC Co-ordinators, BRTEs posts
- Provision of building to all CRCs not so for provided
- Training of field staff
- Strengthening of monitoring system

3.4.2 ISSUES

- Lack of science equipments in CRC.
- Impact of CRC training programmes.
- Effective participation by teachers.

3.4.3 STRATEGIES TO BE ADOPTED IN 2008-2009

- Provision of science equipments.
- Effective monitoring of the impact of CRC trainings.
- Organization of programmes to motivate teachers.

CALENDAR

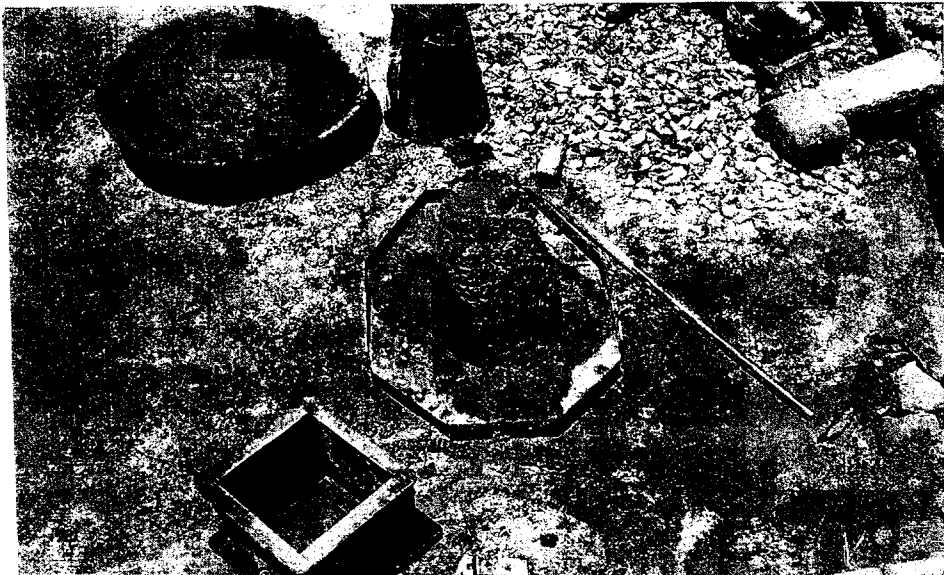

S.No	Activity	Month
1.	Provision of 'Extra curricular Activities' for teachers	Every month last session
2.	Provision of Education Trip	Once in a year
3.	Provision of Moral Education	Every training – One hour

3.5 CIVIL WORKS

The 'Civil works' is one of the most important component under SSA plan. To fulfill the infrastructure facilities, 'School Buildings', Additional classrooms, Toilets, Drinking water and 'Electrification' are provided to schools in need based. VECs play a remarkable role in the civil works.

Community Construction – Two Classroom Building

Quality Monitoring at Site – Roof Concrete

3.5.1 STRATEGIES ADOPTED IN 2007-08

- Involving VECs to obtain Panchayat resolution for provision of land for new schools.
- Involving VECs for provision of lands to the existing schools not having sufficient land

- Site selection for building to avoid litigation early
- Expediting PWD to construct the BRC/URC building in time
- Inspection at every stage of building for quality constructions

3.5.2 ISSUES

- Site for new schools.
- Inadequate site for exiting schools.
- Lack of Co-operation by VECs
- Insufficient fund for Civil works.
- Delay in the part of PWD/Panchayat / Municipality for demolition

3.5.3 STRATEGIES TO BE ADOPTED IN 2008-2009

- Involving VECs for provision of land.
- Conducting of programmes to make them sensitize their role in village Education committee.
- Providing sufficient funds.
- Instructions to be issued.

Calendar

S.No	Activity	Month
1	Obtaining Panchayat for provision of lands to new schools	May - June 2008
2	Obtaining land for existing schools not have sufficient land	May - June 2008
3	Site selection	May - June 2008
4	Issue of orders to VECs for co-ordinator	May - June 2008
5	Disbursement of amount to VEC	June - September 2008
6	Effective Monitoring	All months

3.6. INTERVENTION FOR OUT-OF-SCHOOL CHILDREN

Enrolling all the Out of School children in the age group of 6-14 is a prime potent task. Every year the special Enrolment Drive and Rallies are conducted in all the habitations in the District to identify the school age children. The identified 'out of school children' are being enrolled either in formal school directly or in AIE centers. The disabled children who are out of school are given 'Home Based Training'.

Cheerful faces of Narikuravar children at Residential Camp in Uthiramerur Block

3.6.1 STRATEGIES ADOPTED IN 2007-08

- Allowing the existing AIE centres to run with the children enrolled already instead of mainstreaming them in the formal schools, so as to restrict them dropped out from school.
- Starting of special residential centres for mentally challenged out of school children.
- Convergence of welfare scheme for the benefit of these children
- Maintaining identity card for these children
- Involving NGOs to run RBCs
- Supporting special schools for disabled children in 6-14 age group

3.6.2 ISSUES

Constituting AIE centres for OSCs scattered in different habitations.

- Achieving cent percent attendance is a problem in certain NRBCs.
- Hesitation of parents to admit their wards in schools (as they supplement their family income).
- Enrolling the migrant children (Children working in brick kiln, Rice mill, Sugarcane field, seasonal agricultural work and cotton field).
- Sustainability of child laborers enrolled in formal schools/ AIE centres (children worked in establishments like beedi rolling, domestic establishments, removing seeds from tamarind, weaving, jewellery shops, match industries and other small scale industries).

- EVs with +2 qualification unable to teach effectively to the OSC with ref. to the present syllabus.
- Need for effective teaching methodology suited to drop out and Never enrolled children.
- Choosing suitable NGOs/ SHGs for conducting Residential camps.
- Ensuring cent percent mainstreaming of children enrolled in AIE centres.
- Potential drop outs among school going children.
- Child tracking and Monitoring of Mainstreamed children.
- Proper counseling of children at risk and child labour rescued and enrolled in NCLP / INDUS project schools.

3.6.3 STRATEGIES TO BE ADOPTED IN 2008-2009

To address the issues and problems mentioned above the following strategies are planned.

- Awareness campaign is conducted for enrolment drive.
- Direct admission into formal schools.
- Non-residential Bridge course / Residential Bridge course and Mobile centres are conducted for OSC.
- Functioning of NRBCs / RBCs specially for urban deprived children / Street children and children from tribal area.
- Provisions of classroom for AIE centres in the formal school and HMs have to supervise the conduct of the NRBCs.
- Appointing retired staff as EVs for AIE centres located in the school campus.
- Child labour / bonded labour are rescued and rehabilitated in the NCLP / INDUS / SSA project schools.
- NGOs / SHGs having necessary infrastructure facilities are involved in conduction RBCs for providing quality education.
- For providing quality education, classroom transaction are conducted through ABL and ALM methodology.

- SLM kits are supplied to OSC.
- EVs are trained in ABL & ALM methodology.
- Provision of Stationary and study materials to the OSC children to promote regularity in attendance.
- Fixing responsibility to the HM / VEC incharge of AIE centres to mainstream them in formal schools.
- Allotment of BRTEs for child tracking and monitoring of mainstreamed children and developing monitoring system.
- Checking potential drop out of children studying in formal schools through BRTEs / School teachers concerned.
- Appointment of counselors for the benefit of the children rescued and enrolled in NCLP / INDUS project schools.
- Regular Government Residential School is to be opened.

CALENDAR

S.No	Activity	Month
1.	Allowing existing NRBCs and RBCs to run	April 2008 – March 2009
2.	Supply of free textbooks, uniforms and Noon meal	April 2008 – March 2009
3.	Starting of special RBC for mentally challenged through NGOs	April 2009
4.	Arrangements for these children to appear VIII annual exam as private candidates	April 2009
5.	Mainstreaming of children	January– February 2009
6.	Effective monitoring	Continuously

3.7. INNOVATIVE ACTIVITIES& MONITORING

3.7.1 EARLY CHILDHOOD CARE AND EDUCATION

Early Childhood Care and Education Is one of the important component Under SSA. Selected Anganwadi Centre are given Orientation Training on English to create English atmosphere in their centers. To create child friendly atmosphere play materials are provided.

Anganwadi Centre – Baby Cycle and Kits supply

3.7.1.1. STRATEGIES ADOPTED IN 2007-08

- Final calendar for joint training with related department official
- Action for supply of play and other materials to the children in time through DSW
- Efficient monitoring by field staff.
- Extending facilities from the formal school to these centres

3.7.1.2 ISSUES

- Non availability of child friendly atmosphere in all centers.
- Existence of Non-Upgraded Centers.
- Lack of Monitoring

3.7.1.3 STRATEGIES TO BE ADOPTED IN 2008-2009

- Provision of child friendly atmosphere to all centres.
- Providing funds for up gradation
- Extending facilities to visit Anganwadi Centres.

Calendar

S.No	Activity	Month
1.	Joint training	May – June 2008
2.	Supply of materials	June – August 2008
3.	Monitoring	Continuously

3.7.2 GIRLS EDUCATION

Girls Education focuses not only on academic improvement but also on educating girls on the preparation of 'Socially useful Productive Materials'. It helps the Girls to improve to develop these skills in an excellent manner.

Girls Education Life Skill Development

3.7.2.1 STRATEGIES ADOPTED IN 2007-08

- Selection of Vocational courses area specific
- Involving local competent vocational teachers / persons
- Procurement of materials in advance

3.7.2.2 ISSUES

- Availability of competent vocational teachers
- Non provision of vocational training to all schools.

3.7.2.3 STRATEGIES TO BE ADOPTED IN 2008-2009

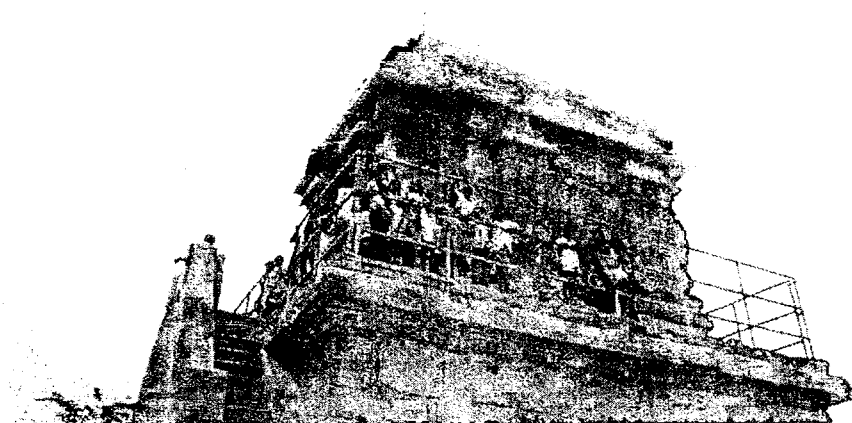

- Provision of Sufficient vocational teachers.
- Provision of vocational training to all schools.

Calendar

S.No	Activity	Month
1.	Selection of Vocational Courses	April – May 2008
2.	Identification of local vocational teachers / persons	May 2008
3.	Training schedule preparation	June 2008
4.	Procurement of materials	June – August 2008
5.	Life Skill Training	August 2008
6.	Effective monitoring	Continuously

3.7.3. EDUCATION OF SC/ST CHILDREN

Kancheepuram District has been regarded as special focus district. i.e., SC/ST dominated children in the low performing schools are identified and given special coaching classes. It helps the students to make competent which other students in the class. Exposure visits are being conducted every year.

SC/ST Children's Exposure Visit

3.7.3.1 STRATEGIES ADOPTED IN 2007-08

- Arranging communication improvement training
- Arraigning life skill training
- Arranging exposure visit

3.7.3.2 ISSUES

- Lack of knowledge among the SC/ST students
- Lack of exposure among the SC/ST Children.
- Insufficient funds.

3.7.3.3 STRATEGIES TO BE ADOPTED IN 2008-2009

- Organization of remedial coaching class
- Conducting exposure visits.
- Conducting life skill training programme
- Providing sufficient fund for upliftment of the children.

Calendar

S.No	Activity	Month
1.	Preparation of materials	May – June 2008
2.	Conduct Classes	Oct. – December 2008
3.	Exposure Visit	June – July 2008
4.	Life Skill Training	August 2008
5.	Effective monitoring	Continuous

3.7.4 CAL – COMPUTER AIDED LEARNING

Computer aided learning is one of the major component in SSA All BRCs and CRCs are provided with computers. EDUSAT has been installed in all 13 Blocks. Workshop training and meetings are telecasted lively through SIT by the state officials. The computer trainings are being conducted for the children in selected schools. Students develop skills through computer.

CAL Centre – Training to Teachers

3.7.4.1 STRATEGIES ADOPTED IN 2007-08

- Preparation and supply of modules in CD in advance to all schools
- Computer training to teachers / involving e computer knowledgeable teacher

3.7.4.2 ISSUES

- Non availability of computer to all schools.
- Non availability of proficient teachers.
- Difficulty in meeting electricity bill expenses.

3.7.4.3 STRATEGIES TO BE ADOPTED IN 2008-2009

- Provision of CAL Centre to all schools.
- Teachers can be given special trainings on computer education
- Providing funds for electricity expenses.

Calendar

S.No	Activity	Month
1.	Procurement of computer	June – July 2008
2.	Preparation and supply of modules	June – July 2008
3.	Training to teachers	June – August 2008
4.	Effective monitoring	Continuous

3.8. INCLUSIVE EDUCATION

SSA – a boon to primary education not only gives quality of education to normal children but it gives the education for the children with special needs. The children in the age group of 0-18 are identified in different category of disability and they have been given special attention to make them attain 'Basic Education' at different level. In this district, the program 'IED' is implemented through NGOs namely ' Vidhya pragasam' and ' Keelottivakkam-Grama Sangam'. The identified 'Differently abled children' are enrolled in regular schools, AIE centers, Day care centers children with severe and profound disability come under 'Home Based' care.

Disabled children, being trained at Day Care Centre. Parents observe their ward's activities

3.8.1 STRATEGIES ADOPTED IN 2007-08

- Organizing campaigns for identification of disabled children at CRC/ School so as to bring the children
- Providing convergence to attend the campaign
- Starting special residential camps for mentally challenged children.
- Extending home based support
- Exhausting support to specified schools for disabled children
- Supply of assistive devices to the children in time
- Continuous monitoring

3.8.2 ISSUES

- Appointment of one physiotherapist per block.
- Lack of parents co-operation.
- Lack of immediate attention for surgery.
- Lack of transport facilities.
- Lack of enough fund for surgery.

3.8.3 STRATEGIES TO BE ADOPTED IN 2008-2009

- Providing physiotherapist per block.
- Providing convergency to attend camps.
- Providing sufficient funds.
- Providing transport facilities.

Calendar

S.No	Activity	Month
1.	Organizing campaigns	May – July 2008
2.	Starting of special RBC to disabled OSC	June – Sep 2008
3.	Procurement of Assistive devices	July – Sep 2008
4.	Supply of TLM / work books	September 2008
5.	Effective Monitoring	Continuously

3.9 RESEARCH, EVALUATION AND MONITORING

To improve the quality of Education Action Research plays a vital role. Teachers who are the real practitioners in the class rooms really take interest in finding out ' Issues related to teaching and Learning process, students attention, Behavior attitude etc., these problems are identified and solutions are being carried out by doing Action Researches.

Training to BRTEs on GPS/GIS Survey at DPO, Kancheepuram

3.9.1 STRATEGIES ADOPTED IN 2007-08

- Selection of right agency in allotting projects
- Finalizing the project for proposals
- Implementing MOU strictly for completion of projects
- Sharing of study / evolution reports then there to improve the monitoring and feedback system at all level.

3.9.2 ISSUES

- Lack of knowledge in approaching the problems
- Lack of exposure in doing ' Action Researches '
- Delay in submission of reports.

3.9. 3 STRATEGIES TO BE ADOPTED IN 2008-2009

- Programmes / Workshops can be organized on Action Research

Calendar

S.No	Activity	Month
1.	Finalization of proposals	May – June 2008
2.	Selection of Agency	May – June 2008
3.	Approve of proposals to undertake studies	June – July 2008
4.	Obtaining reports from the agencies	January 2009
5.	Sharing of reports at all level	Jan – Feb 2009

3.10. TEACHER TRAINING

Various training programmes are conducted for teachers for providing Quality of Education this is the intervention for empowering teachers to improve the academic Quality the trainings like 'Activity Based Learning' 'Activity Learning Methodology' 'Toys Making' 'Intel have been given to teachers in this current year trainings given so far enriched the teacher knowledge, which in turn reflects in the classroom.

Visit of Deputy Director, SSA, Chennai during ALM Training to Teachers

3.10.1 STRATEGIES ADOPTED IN 2007-08

- Maintaining teachers training card
- Printing of sufficient copies of training modules
- Organizing separate training progress for teachers who were not attended the training.

3.10.2 ISSUES

- Training related to Education through compilers
- Lack of exposure on spoken English
- Lack of knowledge in students psychology and behavior
- Absenteeism of teachers in trainings.

3.10.3 STRATEGIES TO BE ADOPTED IN 2008-2009

- Providing, Computer Training
- Organising of programmes on spoken English
- Providing Training Programmes on Psychology and Morality.
- Conducting Modal classes at CRCs.
- Training programmes can be conducted in an innovative way.

CALENDAR

S.No	Activity	Month
1.	Preparation of calendar for training in the AEEEO	May – June 2008
2.	Co-ordination of AEEEO on deputing teachers for training	July - December 2008
3.	Organize separate training for teachers not attended the training	September and December 2008

3.11. COMMUNITY MOBILIZATION

VEC plays a vital role in all the SSA activities. VEC works along with school teachers and HMs in the effective enrolment of school age children ensuring quality education and plays an important role in the elimination of child labour and enrolment of out of school children in schools. VEC meetings are conducted twice in a month. Healthy discussion is made regarding all the activities.

Community Participation VEC – PUPS, Medavakkam Notebooks issued to childrens

3.11.1 STRATEGIES ADOPTED IN 2007-08

- Organizing effective management training to VEC members
- Guiding VEC members for maintenance of registers and accounts
- Involving VEC for community contribution
- Grading of VECs
- Motivation of VECs by awarding certificates / prizes

3.11.2 ISSUES

- Lack of interest among the VEC members.
- Lack of awareness of out of school children, child labour.
- Lack of involvement in civil construction work.

3.11.3 STRATEGIES TO BE ADOPTED IN 2008-2009

- Trainings to be organized to motivate them.
- Organizing special awareness programme.
- Best performing VECs can be honoured.

Calendar

S.No	Activity	Month
1.	VEC member training	May - June 2008
2.	VEC meeting	Twice in a month
3.	Monitoring of VECs by field office staff	All months

3.12 MANAGEMENT

3.12.1 STRATEGIES ADOPTED IN 2007-08

- Prompt action for filling up of vacancies including teacher posts
- Procurement and supply of materials
- Prompt release of grants to schools
- Strengthening of monitoring system
- Periodical review of progress in all components

3.12.2 ISSUES

- Filling up vacancies
- Delay in recruitment of teachers
- Slackness in visit and inspection
- Poor monitoring

3.12.3 STRATEGIES 2008-09

- Prompt action for filling up of vacancies including teacher posts
- Organizing management training to filed officials and staff
- Procurement and supply of materials
- Prompt release of grants to schools
- Strengthening of monitoring system
- Periodical review of progress in all components
- Grading of District, Block, VECs

Calendar

S.No	Activity	Month
1.	Action for filling up of vacancies	May – June 2008
2.	Organizing management training	May – June 2008
3.	Procurement and supply of materials	July – September 2008
4.	Release of grants	July – August 2008
5.	Review of progress in all components	Fortnight
6.	School visits	All month
7.	Effective monitoring	Continuous

3.13 QUALITY EDUCATION

ABL – An innovative approach

The ABL concept has been taken from the Rishi Valley practices. This has been introduced in the Corporation Schools of Chennai with slight modifications. Seeing the success of the scheme this has been introduced in the Panchayat Union Schools.

The Process of ABL approach

- Competencies are split into different parts/units and converted into different activities.
- Each part/unit is called a milestone.
- In each subject, the relevant milestones are clustered and linked as chain and this chain of milestones is called LADDER.
- Each milestone has different steps of learning process and each step of learning process is represented by logo.
- Milestones are arranged in a logical sequence from simple to complex and also activities in each milestone.
- To enable the children to organize in groups group cards are used.
- Evaluation is inbuilt in the system. Separate cards / activities are used for this purpose.
- Each child is provided with workbook/worksheet for further reinforcement activities.
- Children's progress are recorded through annual assessment chart.
- Each milestone has different type of activities such as introduction, reinforcement, practice, evaluation, remedial and enrichment activities represented by different logos.

Benefits of ABL approach

- Children learn on their pace.
- Provision of more time for self-directed learning and teacher directed learning is reduced considerably.
- Group learning, mutual learning and self learning are promoted.
- Teachers teaching time is judiciously distributed among children. Only needy children are addressed by teachers.
- Children's participation in every step is ensured in the process of learning.
- Evaluation is inbuilt in the system it is done without the child knowing it.
- Rote learning is discouraged and almost no scope for rote learning.
- Periodical absence of child from school is properly addressed.
- Classroom transaction is based on child's needs and interests.
- Freedom to child in learning as he chooses his activity.
- Multigrade and multilevel in learning is effectively addressed.
- No child can move to the next higher step of learning unless attains the previous one.

- Sense of achievement boosts child's confidence and morale.
- Attractive cards and activity create interest among children.
- Scope for child's development in creative and communicative skills.
- Children will have a feel of security as they sit in rounds in the groups.
- Children are allowed to move in the classroom as they choose their activity.
- Moreover the distance between the teacher and the child is largely reduced and the teacher acts as a facilitator rather than teacher.

3.13.1 STRATEGIES ADOPTED 2007-08 – ABL MULTIGRADE TEACHERS

- Conducting assessment and quarterly achievement test by using NCERT tools.
- The special methodology for improving classroom transaction now followed in Chennai Corporation school and selected ABL Schools in Kancheepuram District has changed the classroom environment completely as child centered, addressed the problem of multigrade teaching and pupils' absenteeism effectively and also been providing day to day evaluation of individual child progress. This method will be extended to all Government & Local body schools in all the blocks in the districts for improving quality education.
- To perpetuate this methodology, training of teachers, head teachers, supervisors, BRTEs and AEEOs were given.

Activity-Learning Methodology (ALM)

ALM Methodology is **boon** to improve the Quality Education at upper primary level. In traditional days teacher had to struggle a lot to make the students learn a little. But nowadays learning takes more place rather than teaching. Students are given freedom to express their views freely about the content. Students involve themselves in the reading process with immense interest. This ALM process brings out the students' creativity and individuality. Even a slow-learner tends to read him / her self with a lot of effect. Parents feel happy on seeing their children always with book immersed in the reading process, sketching a mind-map and drafting the summary. VEC also contributes its efforts to make their children more resourceful. ALM creates an enthusiasm and interest in reading.

3.13.2 ISSUES

- ABL classroom infrastructure is a problem in some Aided schools.
- Activities in Peacock logo cards in Maths are not implemented properly due to lack of SLM kit.
- Teachers find it difficult to understand and pronounce many words in English cards.
- Too much time taken up for drawing mind-maps.
- Too many students in a class say 70 and above causes many problems for the teacher in monitoring and evaluation.

3.12.3 STRATEGIES 2008-09

- Maintenance Grant to be given to Aided Schools on one time basis for ABL infrastructure.
- SLM kit provision to all ABL schools.
- A Standard English dictionary with correct pronunciation to all schools.
- Appointment of teachers as per the 1 : 40 teacher pupil ratio.

3.14 SUCCESS STORIES AND ANY OTHER HIGHLIGHTS

Inclusive Education For the Disabled:

Disabled children are highly benefited by the supporting schemes of Inclusive Education for the Disabled children.

R.Madhumitha, daughter of Tmt.Usha is studying in Daycare centre at Thiruporur block. She is just 3.5 years old. She is affected by Cerebral palsy and scoliosis – a type of spinal deformity. At the initial stage, the girl was not able to stand and she was always kept in the sitting position. But she has recovered and is given physiotherapy exercises. Due to this, she is able to walk 1 km. with a support.

Balamurugan 12 years old boy, son of Mr.Arumugam of Lathur block has undergone corrective surgery i.e. Tendo Achilles lengthening, followed by soft tissue release. The boy has been visited regularly by physiotherapist and is given physiotherapy. Before surgery, the boy could stand and walk only on tiptoe. But after

surgery and constant physiotheraphic treatment, Balamurugan walks as normal person, his feet has become flattened. The boy and his parents feel happy and secure.

Children under home based training have also shown a lot of improvement. Nandhini, a 7 years old girl of Kancheepuram block and santhosh, 9 years old boy of Sriperumbudur block are affected by Adductor tenotomy and both are mentally retarded. After corrective surgery, they are able to stand and walk.

Another child by name S.Pushpavalli, 7 years old of Chithamur block has undergone surgery (leg amputation – above knee amputation). After surgery the child has undergone regular medical check-up and follow-up activities. The child has been provided with caliper. Now the child is able to walk freely and it is a greet miracle for the child's parent.

Active Learning Methodology:

S.Sahana daughter of Mr.Sheikh Mohammed studying in 7th standard in PUMS, Melpadappai of Kundrathur block was not at all interested in studies and she had aversion towards studies. At the time of introducing ALM in that school she used to keep silence and didn't even utter a single word regarding subject. But slowly she developed interest on seeing their friend freely creating some pictures and developing their knowledge through these pictures. This scenery had a very good impact in the child's mind which also inculcated her to touch the book and read something from the book. Slowly she developed her studying ability. Nowadays without any compulsion she studies on her own. This made their parents to shed tears in happiness.

Teachers in the school say that nowadays their upper primary children are able to attend the big questions and score good marks in the examinations. This is because of introduction of ALM which is a great **boon** to the upper primary children.

Civil Works:

Village Education Committee of K.V.K.Municipal Middle School of Kancheepuram block has contributed Rs.75000/- for the construction of Headmaster room and Rs.60000/- for the construction of staircase. The school Headmaster showed interest in getting donations and funds from available resources for the development of the school.

3 classroom building has been allotted to Municipal Middle School, Mepillayarpalayam of Kancheepuram block. The VEC of the school has contributed a sum of Rs.35000/- and built one classroom additionally to the allotted 3 classroom.

3 classroom building has been allotted to Municipal Primary School, Kailasanathar of Kancheepuram block. VEC has contributed Rs.25000 for raising the basement level from 2.5 feet to 5 feet.

4.1. INTRODUCTION

Sarva Shiksha Abhiyan (SSA) is a comprehensive and integrated Programme to achieve Quality Education For All in India. It is a Ten Year Programme from 2001 to 2010.

4.1.1 BUDGET OUTLAY 2001-02 TO 2007-08

Out of the outlay of Rs.368.600 lakh for the year 2001-2002, only Rs.183.270 lakh was spent in the year 2002-2003 as spillover, since the actual activities and expenditure started from 2002. Moreover there was an outlay of Rs.736.824 lakh for the year 2002-2003, expenditure incurred was only Rs.424.208 lakh and in the remaining was taken to the next year as spillover. The outlay for the year 2003-2004 is Rs.1470.561 lakh, expenditure incurred during the year was Rs.861.606 lakh and Rs.228.450 lakh was the spillover for the next year. Budget allocation for the year 2004-2005 was Rs.1358.809 lakh. However the previous year's spillover of Rs.228.450 lakh was added to it and hence the total budget was Rs.1587.259. By the end of the year, the expenditure reached Rs.1399.82 lakh with an unspent amount of Rs. 186.836 lakh and Rs.0.600 lakh as spillover for the next year. In the year 2005-2006, out of Rs. 1655.826 lakh approved, the sum of Rs.1582.944 has been spent. During 2006-07, the approved budget amount of Rs. 4977.130 lakh, a sum of 4938.445 has been spent and an amount of Rs.1.615 lakh has not been utilized and the remaining amount of RS. 37.100 lakh has been taken over as spillover to next year. During 2007-08, the approved budget amount of Rs. 3693.356 lakh, a sum of 3335.580 has been spent and the percentage of expenditure is 90.313.

The Budget Outlays approved by PAB in the last Seven years have been as follows:

Table - 122
Year-wise Budget Outlay

(Rs. in lakh)

Year	PAB Approval	Releases	Expenditure	% of Exp . (Over PAB approval)
2001-2002	368.600	0	0	0
2002-2003	736.824	550.000	478.194	64.899
2003-2004	1470.561	817.300	1579.250	108.686
2004-2005	1358.809	1246.900	1347.767	99.180
2005-2006	1655.826	1581.279	1582.944	95.600
2006-2007	4977.130	3733.000	4938.445	99.222
2007-2008	3693.357	3335.580	3335.580	90.313

4.2. ACTIVITIES AND BUDGET FOR THE YEAR 2008-09

4.2.1 SCHOOL ACCESS

The following table shows the School Access

School Access					
District	Area (in Sq.Km)	School age population	Total no of schools	School access per 1000 school age population	No of schools per sq.km
Kancheepuram	3706	472770	2229	4.7	0.60

There are 2229 schools in all types of management. The number of schools available per thousand is about 4.7 in school age population. The number of schools available per sq.km is 0.60.

4.2.2 NEW PRIMARY SCHOOLS

Habitation and Access (Primary) - 2007

Total No. of habitations	Habitations covered by Primary School	Habitations without Primary schools	Habitations Eligible for primary school as per norms	Habitations not Eligible for primary school as per norms
3721	3709	12	6	6

Source : School Mapping & DISE 2007

The total number of habitations in the district is 3721. 3709 eligible habitations are covered by primary schools. During the year 2008-09, 6 eligible habitations are to be facilitated with new primary schools. The remaining 6 uncovered habitations are not eligible for primary schools as per norms.

List of Primary Schools to be opened in 2008-2009.

Sl.No	Name of the Block		Name of the Primary School to be opened
1	Sriperumbudur	1	Gandhi Nagar
2	Thiruporur	2	Venbedu Colony
3	Thirukalukundram	3	Kollamedu
		4	Karaithittu
4	St. Thomas Mount	5	Vadakkupattu
5	Maduranthagam	6	Mettupalayam

4.2.3 NEW UPPER PRIMARY SCHOOLS

Though the district has achieved cent percent access at the Upper Primary level, some habitations need Upper Primary education to curtail dropouts in the Upper Primary level. Hence it is proposed to upgrade 55 Primary Schools in to Upper Primary Schools during 2008-2009. This will help to reduce dropouts in the Upper Primary Classes and enhance the enrolment of the children of economically and socially weaker sections. It is also proposed to appoint 55 Upper Primary Teachers to these 55 Schools.

List of Primary Schools to be upgraded as Upper Primary in 2008-2009.

Sl.No	Name of the Block		Name of the Primary School to be upgraded as Upper Primary	Remarks
1	Kancheepuram	1	PUPS, Vathiyur	
		2	PUPS, Angambakkam	
		3	ADWPS, Kilambi	Girls Middle
2	Walajabad	4	ADWPS, Agaram

Source : DISE 2006

2096 ECCE Centres are to be supplied with learning materials and anganwadi workers of these centres are to be imparted training during 2008-09. Under Girls Education, total number of girl students to be supplied with learning materials is 4210 and girl children to be given English communication skill improvement training are 4100. For the year 2008-09, total number of SC/ST children to be provided with learning material is 4300 and English communication skill improvement training to be given to 4000 SC/ST children. Total number of CAL Centres to be provided with hardware/ software is 100 and 120 teacher are proposed for CAL training. Further under minority children education, 1250 children are proposed to give English communication skill improvement programme and 1500 children are proposed to supply learning materials.

4.12.1 COMPUTER EDUCATION

Total number of CAL Centres to be provided with hardware/ software is 100 and 120 teacher are proposed for CAL training. For this purpose an amount of Rs.50.000 lakh is proposed

4.12.2 EARLY CHILDHOOD CARE AND EDUCATION

During the year 2008-2009, 2096 Early Childhood Care and Education centres is proposed to supply learning materials, workbooks, Joint training to Anganwadi workers etc. An amount of Rs. 14.986 lakh is proposed for this purpose.

4.12.3 GIRLS EDUCATION

Under Girls Education 4210 girls students are to be supplied with learning materials, workbooks etc. and 4100 girl children are to be English communication skill improvement skill training. For this purpose an amount of Rs. 14.980 is proposed.

4.12.4 EDUCATION FOR SC/ ST CHILDREN

For the year 2008-09, total number of SC/ST children to be provided with learning material is 4300 and English communication skill improvement training to be given to 4000 SC/ST children. For this purpose an amount of Rs.15.000 lakh is proposed.

4.12.5 MINORITY CHILDREN EDUCATION

During the year 2008-09, 1500 minority children are to be supplied with learning materials, work books etc. and 1250 children are to be given English communication skill improvement training. For this purpose an amount of Rs. 5.000 lakh is proposed.

CALENDER OF ACTIVITIES FOR 2008 - 2009

Opening of New Schools (Primary)

Major Tasks	Apr	May	Jun	July	Aug	Sept	Oct	Nov	Dec	Jan	Feb	Mar
a. Proposals/ identification		√										
b. Implementation			√	√	√							
c. Monitoring					√	√	√	√	√	√		

Opening of New Schools (Upper Primary)

Major Tasks	Apr	May	Jun	July	Aug	Sept	Oct	Nov	Dec	Jan	Feb	Mar
a. Proposals/ identification		√									√	
b. Implementation			√	√	√							
c. Monitoring					√	√	√	√	√	√		

Block Resource Centres (BRCs)

Major Activity	Apr	May	Jun	July	Aug	Sept	Oct	Nov	Dec	Jan	Feb	Mar
a. Survey/ data collections & compilation	√	√	√	√	√		√	√		√		
b. Preparing proposal/ identification of beneficiaries			√	√	√	√	√	√	√	√	√	√
c. Sanctions, appointment and release of funds	√	√	√	√	√	√	√	√	√	√	√	√
d. Training/ awareness campaigns	√	√	√	√	√	√	√	√	√	√	√	√
e. Purchase & supply of materials			√	√	√	√	√	√	√	√	√	√
f. Review Monitoring	√	√	√	√	√	√	√	√	√	√	√	√
g. Corrective action (Follow-up work)	√											
h. Audit and settlement of accounts	√	√										

Cluster Resource Centres (CRCs)

Major Tasks	Apr	May	Jun	July	Aug	Sept	Oct	Nov	Dec	Jan	Feb	Mar
a. Survey/data collection & compilation	√			√	√		√	√		√		
b. Sanctions, appointment and release of funds	√	√	√	√	√	√	√	√	√	√	√	√
c. Teaching			√	√	√	√	√	√	√	√	√	√
d. Review			√	√	√	√	√	√	√	√	√	√
e. Audit and settlement of accounts	√											

Civil Works

Major Activity	Apr	May	Jun	July	Aug	Sept	Oct	Nov	Dec	Jan	Feb	Mar
a. Survey/data collection & compilation				√								
b. Preparing proposal/ identification of beneficiaries				√								
c. Identification of implementation agency / appointments					√							
d. Sanctions and release of funds						√	√				√	
e. Training/ awareness campaigns												
f. Implementation												
Enrolment												
Teaching												
Purchase & supply of materials												
Construction							√	√		√	√	√
g. Review				√	√	√	√	√	√	√	√	√
Monitoring				√	√	√	√	√	√	√	√	√
Evaluation												√
Assessment												√
Action Research												√

Documentation														
h. Corrective action (Follow-up work)														
i. Audit and settlement of accounts														

Interventions for Out of School Children - Activity Schedule

Bridge Courses (Residential and Non Residential)

Major Activity	Apr	May	Jun	July	Aug	Sept	Oct	Nov	Dec	Jan	Feb	Mar
a. Survey/data collection & compilation	√	√										
b. Preparing proposal/ identification of beneficiaries	√	√	√									
c. Identification of implementation agency/ appointments	√	√	√	√								
d. Sanctions and release of funds			√	√	√							
				√	√	√						
				√	√	√						
Construction				√	√	√	√	√	√	√	√	√
e. Review									√	√	√	
Monitoring												√
Evaluation												√
Assessment												√
Action Research												√
Documentation												√
f. Corrective action (Follow-up work)												√
g. Audit and settlement of accounts												√

Residential camps for mentally challenged children

Major Activity	Apr	May	Jun	July	Aug	Sept	Oct	Nov	Dec	Jan	Feb	Mar
a. Survey/data collection & compilation	√	√										
b. Preparing proposal/ identification of beneficiaries	√	√	√									
c. Identification of implementation agency/ appointments	√	√	√	√								
d. Sanctions and release of funds			√	√	√							
				√	√	√						
				√	√	√						
e. Construction				√	√	√	√	√	√	√	√	√
f. Review									√	√	√	
Monitoring												√
Evaluation												√
Assessment												√
Action Research												√
Documentation												√
g. Corrective action (Follow-up work)												√
h. Audit and settlement of accounts												√

**Activity Schedule for Early Childhood Care & Education
Innovation - ECCE**

Major Activity	Apr	May	Jun	July	Aug	Sept	Oct	Nov	Dec	Jan	Feb	Mar
a. Survey/data collection & compilation				√	√	√						
b. Preparing proposal/ identification of beneficiaries					√	√						
c. Identification of implementation agency/						√	√					
d. Sanctions, appointments and release of funds	√	√	√	√	√	√	√	√	√	√	√	√
e. Training/ awareness campaigns						√	√	√				
f. Implementation						√	√	√	√			
g. Review	√	√	√	√	√	√	√	√	√	√	√	√

Innovation - Girls' Education

Major Activity	Apr	May	Jun	July	Aug	Sept	Oct	Nov	Dec	Jan	Feb	Mar
a. Survey/data collection & compilation				√	√					√	√	√
b. Preparing proposal/ identification of beneficiaries				√	√							
c. Identification of implementation agency/					√	√						
d. Sanctions, appointments and release of funds				√	√	√	√					
e. Training/ awareness campaigns					√	√						
f. Teaching					√	√	√	√	√	√	√	√
g. Review Monitoring			√	√	√	√	√	√	√	√	√	√

Interventions for Disabled Children (IED)

Major Activity	Apr	May	Jun	July	Aug	Sept	Oct	Nov	Dec	Jan	Feb	Mar
a. Survey/data collection & compilation		√	√									
b. Preparing proposal/ identification of beneficiaries		√	√	√
