MANIPUR
2005**

**DIRECTORATE OF ECONOMICS & STATISTICS
GOVERNMENT OF MANIPUR
IMPHAL**

Shri N. Mangi Singh
Minister
Econ.& Statistics/Com.& Ind.
Manipur

Imphal - 795001
The 30th June, 2006

MESSAGE

I am very happy to learn that the Directorate of Economics and Statistics, Manipur is releasing the sixth issue of the publication, 'Statistical Abstract, Manipur, 2005'. The issue contains time series data on the various aspects of the economy of the state. Further district level information for the latest year is also presented where ever possible.

Considering the importance of database in creating awareness about not only the past and present but also its utility in analytical works for future assessment, the role of the Directorate in the documentation of the data in bringing out this issue is indeed to be appreciated. Data users in general will greatly benefit from the data presented in the publication. The materialization of this issue would not have been possible without the positive cooperation of different Central and State Government Organizations/institutions. I hope all the organizations will collectively continue to work towards bringing out reliable data covering issues of current interest.

I congratulate the officers and staff of the Directorate who are directly or indirectly associated in bringing out the current issue and also hope that the Directorate will continue in extending helping hand to the needs of the data users.

(N. MANGI SINGH)

M.A. SATTAR, IAS
Commissioner,
Department of Economics & Statistics
Government of Manipur

Manipur Secretariat
Room No. 186,
South Block
Imphal-795 001

☎ + 91-385-2450350(Office)

FOREWORD

The 'Statistical Abstract, Manipur, 2005' presents primary as well as secondary statistical information which is either officially furnished by Government Depts./Organisations/Institutions or built up from surveys. It provides information on various subjects of importance like population, price indices, social and economic infrastructure etc., which are of great significance in understanding the development efforts made by the Government/Local Bodies/Organisations/individuals etc. Therefore, the current issue which is the sixth in the series will be definitely useful to students, researchers, planners, policy makers and the people in general.

The valuable contributions of the various agencies in supplying data from time to time to the Directorate of Economics and Statistics, Manipur, are very much significant. Without their active cooperation, it would not have been possible for the Directorate, acting as the nodal agency for coordinating all statistical activities in the State to carry out its tasks of documenting and disseminating statistical information. I hope the work of catering to the needs of data users will continue with dedication in future too.

The present issue is a product of the hard work put in by the officers/officials beginning from the collection and compilation of the data to the printing and binding of the publication, which is very much appreciable. I express my congratulations to all those responsible for bringing out the publication.

M.A. SATTAR

PREFACE

The current issue of the “Statistical Abstract Manipur, 2005” is the sixth in the series. According to the recommendation of the Fifth Conference of Central and State Statistical Organisations (COCSSO), the publication is supposed to be an annual publication but it has not been possible to do so. Attempts are made to review the subject coverage of the Statistical Abstract by following the recommendations of the Working Group.

The current issue incorporates the latest available data under different heads of economic and social development. It gives state aggregates at convenient intervals in order to enable to grasp a comprehensive picture of the trends of socio-economic development of Manipur in terms of quantitative measures. The latest data are presented at the disaggregate levels as far as practicable. The statistical abstract is a reasonably comprehensive source document for authentic data on various sectors of the state economy especially targeted to users having no access to statistical returns/publications of various individual source agencies. The concepts and definitions followed in the abstract are those recommended by the working group to afford comparability across the States/UT's.

The statistics presented in different tables of this publication are those furnished by different Govt./Semi-Govt. Departments/Organisation/Institutions. The continued and generous co-operation extended to this Directorate by various offices of the Central Govt., State Govt. and public undertakings, in making available the requisite data for the abstract is gratefully acknowledged. Without their supports, the Directorate would not be able to bring out the publication in time.

The publication has been prepared by the coordination and publication (COP) Unit of the Directorate. The sincerity and hard work put in by all the employees involved in the preparation of this issue are gratefully acknowledged. This acknowledgement cannot be concluded without appreciation to all the Govt./Semi-Govt. Organisations/Institutions for extending their valuable cooperation in making available authoritative data.

It is hope that this publication will be of great help to the data users. There is of course rooms for further improvements in the quality, coverage, timeliness and even in the mode of presentation. Suggestions towards this end are most welcome.

Imphal,
The 30th June, 2006

OINAM BIREN SINGH
Director of Econ.& Statistics,
Manipur.

25.	Shri Okram Ibobi Singh	07.03.2002	Continuing

Note Overleaf.

Source : Manipur Legislative Assembly.

Note : The first Manipur State Assembly was elected on adult franchise in July 1948 - the first of its kind in India. **“The representative returnable from General, Hill and Mohammedan constituencies were in the ratios of 30:18:3 respectively with an additional two seats for the representatives of Educational and Commercial interests”**. The whole valley of Manipur was divided into 29 constituencies. Three of them were plural constituencies. That is each voter had two votes, one of the Mohammedans and the other for the non-Mohammedans. “The special constituencies from which one Muslim and one Hindu were returned were Lilong, Mayang Imphal and Yairipok”. The Jiribam (Rajbari) (Hill area) was allotted a general seat. The whole hill area of Manipur was divided into 18 single member constituencies. The hill man residing in the valley demanded that one seat should be allotted to them in one of the valley constituencies. Accordingly, “Moirang constituency was made a special constituency from which one Hill representative and one valley representative were elected”. Therefore, the Manipur Legislative Assembly consisted of 53 seats. The state Assembly was, however, dissolved after Manipur was merged with the Dominion Government of India on 15th of October 1949.

Manipur became a Part C State and the State continued to be administered by the President through a Chief Commissioner or a Lieutenant Governor who acted as his agent. There was an Advisory Council appointed by the President in consultation with the Chief Commissioner. The Council met once in three months presided over by the Chief Commissioner. The Council was an advisory body and as such its advice was not necessarily binding on the Chief Commissioner.

On November 1, 1956 Manipur ceased to be a Part C State. Manipur became a Union Territory under the Union Territorial Council Act, 1956. The Territorial Council consisting of 30 elected Members and 2 nominated Members was constituted on 16.8.1957.

The Territorial Council was later converted into the Territorial Legislative Assembly in June 1963. The Territorial Legislative Assembly consisting of 30 elected Members and 2 nominated Members started to function from 23.7.1963.

With the enactment of the North-Eastern Areas (Re-organization) Act, 1971 by the Indian Parliament Manipur was conferred full statehood on 21st January 1972 with a 60 Member Legislative Assembly.

* Nil

Note : Blood Recipients= All the Blood samples for Blood transfusion are screened for HIV at the Blood Bank since 1996. Before that, there was no compulsory HIV testing for transfusion. Hence, there have been cases of HIV positive among blood recipients who have received blood before 1996 as given above.
