## P R E F A C E

The present edition of Basic Statistics of Andaman and Nicobar Islands is the Eighth in the series. This publication fulfils in a handy and compact form, the ever-increasing demand for reliable information about the changes taking place in the economy of this Territory. The Provisional Results of the 1981 Population Census and a number of other Tables which have been incorporated this time are the new features of the current issue.

The continued and generous co-operation extended by the various Government Departments and other Agencies in making available the Statistical data presented in this Hand Book is gratefully acknowledged.

Suggestions for further improvement of the publication are most welcome.
