† Sri Venkateswara University, College, Tirupati.

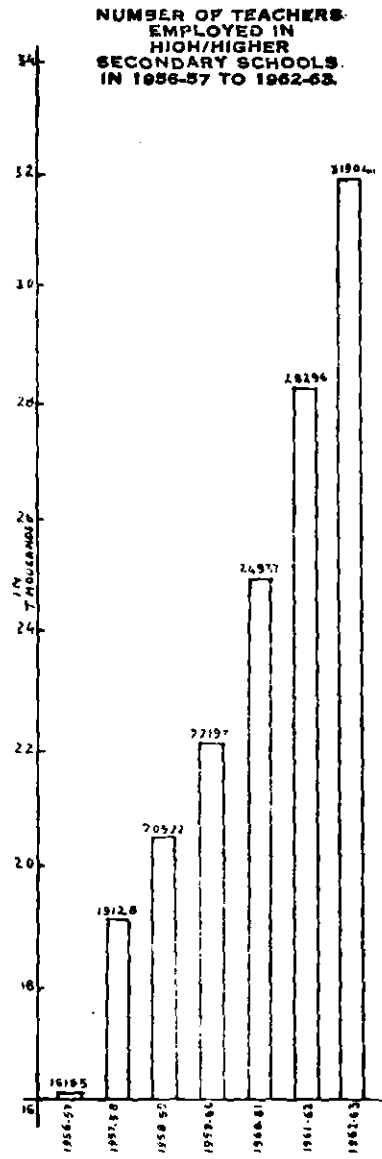

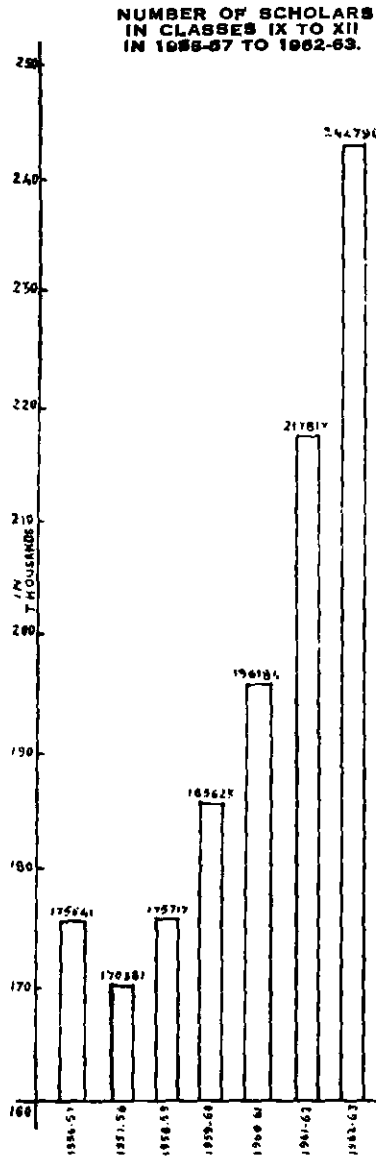

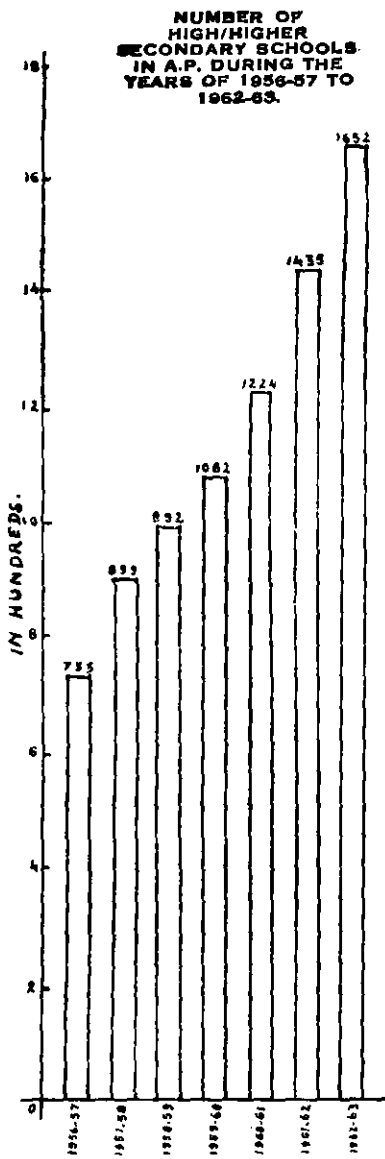

With effect from the year 1957-58 Primary-cum-Middle Schools and Primary-cum-Middle-cum-High Schools in the Telangana region were classified as Middle and High School respectively. Hitherto they were classified as primary schools since the full complement of staff as per the rules was not provided to them. On the advice of the Ministry of Education they were classified as Middle or High Schools according to the highest class in them. Hence decrease is found in the number of teachers in primary schools in 1957-58 as against 1956-57.

(ii) With effect from the year 1960-61 Higher Elementary Schools were classified as Middle Schools. This is the reason for the decrease in the number of teachers in primary schools in 1960-61.

GRAPHS

The decrease in the enrolment in classes IX to XII in 1957-58 is due to enforcement of principles of promotions and admissions for higher classes introduced in the year 1957-58 in the Andhra area.
