Inspection Report

1.	Headquarter of the proposed Institute Applied for Deemed to be University status with full address.	Lingaya's Institute of Management & Technology, Nachauli, Old Faridabad, Jasna Road, Faridabad (Haryana) Delhi Office – C-181, Sarvodaya Enclave, New Delhi – 110017
2.	(a) Whether the separate society/trust has been registered in the name and style of the proposed deemed to be university.	The Institute is governed by the Lingaya Jan Kalyan Sikshan Sanshthan, a Society registered under Societies Registration Act, 1860. A new trust in the name and Style of Lingaya's Institute of Management & Technology has also been established by the Sponsors. Copy of the Trust Deed is enclosed as Annexure – II ,
	b) if yes, name of the Society/Trust promoting the proposed institute(s) for Deemed to be University Status which should be one for all Institutions if the proposal is for more than one Institutions.	There is only one institution i.e. Lingaya's Institute of Management & Technology for the Deemed University status has been sought.
3.	Details of Individual Institution i.e. year of establishment, No. of PG Departments, Faculty (Professors, Readers, Lecturers) etc.	Lingaya's Institute of Management & Technology, Nachauli, Faridabad - 121002 <ul style="list-style-type: none"> • Year of establishment - 1998 • No. of P.G. Courses – Six • Faculty: <ul style="list-style-type: none"> ○ Director-Prl - 01 ○ Professors - 22

45.	Whether the Institute has given necessary undertakings/assurance as per UGC Guidelines; please attach the same.	Undertaking submitted to UGC. Copy enclosed at Annexure – XVI.

Observations of the Committee

- The Lingaya Institute of Management is situated at Nachauli in Faridabad district of Haryana amidst a rural setting. Established by a Charitable society namely the Lingaya Jan Kalyan Sikshan Sanshthan. The Institute is spread over an area of around 18 acres. Even though the location of the Institute is in the semi urban area on the outskirts of Industrial town of Faridabad, the Management of the Institute has invested in a big way for creation of infrastructure with all modern facilities. This is perhaps one of the reasons that the Institute has been able to attract a large number of bright and promising students from the adjoining areas of Delhi, Noida and Gurgaon, apart from the students of other parts of the country. Established in 1998, the Institution has

made a remarkable progress during the last 10 years and created a niche for itself among the good ranking Engineering Institutions of the State. During its visit to the Institute, the Committee had discussions with the Chairman and Secretary of Sponsoring Society about the ongoing activities and future plans for the growth of the Institute. The Director of the Institute made a presentation highlighting the salient features of the Institute. The members of the Committee visited the teaching departments, inspected the various facilities like libraries and labs, interacted with the Faculty and students and also examined the various documents produced by the Institute. On the basis of its physical inspection of academic programmes, infrastructural facilities, assessment of research component and teaching practices and interaction with faculty and students, the Committee makes the following observations:

1. The Management of the Institute has created nice infrastructure in terms of Buildings, Library and Lab facilities, Hostels and other amenities. The construction activities going on in the campus were indicative of expansion plans of the Institute. The Management appeared willing and capable of investing on upgradation and augmentation.
2. The Admission process is regulated in accordance with the system prescribed by the M.D. University under which students are drawn from the AIEEE. The committee was told that that the cut off rank for admission of students is 31000. The Committee, after interacting with the students was convinced that the Institution has been attracting bright and talented students.
3. There is a Central Library in place but the Committee observed that the number of volumes and titles need to be increased. The Committee also felt that the Institute should subscribe more international journals. Though the Library has access to the Internet, the Institution needs to install more PCs with latest configurations.
4. The Committee observed that despite having adequate resources, institutional support for the research activities is not encouraging. With an enthusiastic faculty and adequacy of resources, a lot could have been achieved on research front with proper motivation from the Management. The Committee was of the view that the Management should adopt a pro-active approach in supporting and motivating the research activities. The Institute should also motivate the faculty to get consultancy projects from the local Industries and governmental agencies.
5. The number of faculty with Ph.D is very low and Institution should take a serious note of this. Wherever possible, the Management should sponsor teachers for pursuing Ph.D in reputed Institutions of the country.
6. Placement of the students is the remarkable aspect of the Institute. Almost in all the departments, majority of the graduates are placed in reputed industries.

[Handwritten signature]

[Handwritten signature]
[Handwritten signature]

[Handwritten signature]

[Handwritten signature]

[Handwritten signature]

7. On the front of social responsibility, the Institute has launched a number of schemes including scholarships and freeships to provide access to the economically backward sections of the society. The Institute also conducts skill upgradation programmes for the youths of the nearby villages.
8. The faculty retention rate is fairly good. Most of faculty members are young and energetic and if groomed and nurtured with visionary approach, can prove to be an asset to the Institute.

Recommendation

The Institution has the potential for innovation. The Management has the will as well as resources to excel and innovate and if academic freedom in the form of university status is available, the Institute can emerge as a centre of excellence in the region. The Committee, therefore, unanimously recommends that the Lingaya Institute of Management and Technology, Faridabad may be declared as a Deemed to be University under Section 3 of the UGC Act, 1956.

Subject: On the spot assessment of the proposal submitted by Lingaya's Institute of Management and Technology, Faridabad.

Sir,

It has reference to the UGC's letter No.F .6-32/2006 (CPP-I) dated 7th February 2008.

Kindly find enclosed herewith the copy of the report of the AICTE team (Annexure-I) based on the spot assessment of Lingaya's Institute of Management and Technology, Faridabad. The AICTE team has submitted its recommendations as under:

" On the basis of the presentations made by the departmental faculty, visits to the laboratorie, library, infrastructural facilities, interaction with the faculty, students and the management, the committee has found that the management, faculty and students have shown potential and commitment for improving the quality of education and want to promote emerging areas in engineering and technology. The committee, therefore, recommends that the Lingaya's Institute of Management and Technology, Faridabad can be considered for conferment of Deemed to be university Status so far as engineering and technoogy programmes are concerned. This shall, however, be subject to the conditions that the norms and Standards as specified from time to time by the statutory bodies such as UGC and AICTE are maintained"

Following deficiencies have been pointed out by the expert committee (copy at Annexure-II) in the proposal as regard to the eligibility guidelines of the AICTE for grant of Deemed to be University status:

1. The PG programmes are only 4 years old as against the AICTE requirement of 5 years.
2. No doctoral programmes are being conducted in any of the major department as against the AICTE requirement of such programmes in all the major departments.

3. Student turn out in Post Graduate courses (M.Tech / ME /MBA/ MCA / M.Arch. / M.Pharma. should be at least 6 per department / discipline / year for last 5 years. The institute does not meet this requirement
4. No Research Scholars have been registered for Ph.D. during last five years as against the AICTE requirement of 4 per department in all the departments.
5. The institution has not awarded any Ph. D as against the AICTE requirement of 10Ph.Ds during last 5 years.
6. The institution does not meet the requirement of completion of at least 5 sponsored research projects of Rs.8.Lacs each or more, in the last 5 years.
7. The requirement of guiding doctoral research by at least 5 faculty members per discipline/ department is not fulfilled.
8. The institution does not meet the requirement of publishing 50 research papers in referred journals in the last 5 years involving sizeable number of disciplines/departments and faculty members.
9. The requirement of generating income of Rs.15 Lacs through consultancy during last five years is not fulfilled.
10. The requirement of at least 50% faculty having Ph.D. qualification is not fulfilled.

The Lingaya's Institute fo Management and Technology, Faridabad, may submit a compliance of above referred deficiencies to the UGC and a copy thereof may be forwarded to AICTE for necessary action.

In view of the above deficiencies and expert committee report (copy enclosed as above), the UGC may take its own view on the matter regarding the grant of Deemed University status to Lingaya's Institute of Management and Technology, Faridabad.

(K. Narayana Rao)
Member Secretary

92

Report of the AICTE Expert Committee visit (along with UGC committee) to Lingaya's Institute of Management and Technology, Faridabad (Haryana) for considering the Institute to award Deemed to be University status

The AICTE committee consisted of the following:

Prof. R.P. Dahiya	Chairman
Prof. N Siva Prasad	Member
Prof. S C Vaidya	Member

The Committee visited the Institution along with UGC expert committee on 29th April, 2008. The observation and the recommendation of the committee based on the presentation made by the institution, visit to its facilities and discussions with the various stakeholder groups are given in this report.

Lingayas institute of Management and Technology, Faridabad has applied to UGC for the conferment of Deemed to be University status. The institution is offering following courses, which fall in the purview of AICTE.

UG Programme (B.Tech.)	
1.	Computer Science & Engineering
2.	Electronics & Communication Engineering
3.	Electrical & Electronics Engineering
4.	Information Technology
5.	Chemical Technology
6.	Mechanic Engineering
7.	Electrical Engineering
8.	Automobile Engineering
9.	Civil Engineering

Prof. R.P. Dahiya *Prof. N Siva Prasad* *Prof. S C Vaidya*

PG Programme (M.Tech.)	
1.	Masters in Computer Applications
2.	Master in Business Administration
3.	M.Tech. Computer Science & Engineering
4.	M.Tech. in Signal Processing
5.	M.Tech Power Electronics & Electrical machines and Drives
6.	M.Tech. in Design of Mechanical Equipments

A. GENERAL

The institution is spread over an area of 18.15 acres with constructed area over 72,000 sqm. The quality of construction is of acceptable standards. The institution has academic blocks, and has developed central facilities such as library, workshops, laboratories, auditorium, student activity centre, play ground, gymnasium, hostels etc,. There is well equipped computer centre with Wi-Fi which provides adequate opportunities for the faculty and students for the effective teaching learning activities. The institution has separate boys and girls hostels on the campus. The ambience in the institution is good and conducive to learning. Though the institution has a few staff quarters, it requires further augmentation for effective academic ambience.

The central library is reasonably equipped. It has about 6500 titles comprising of 28000 volumes. It subscribes to more than 60 journals and is regular member of INDEST-AICTE consortium for online access to international journals. It has also acquired the membership of NICAIR and DELLNET. For a university the library space should be increased by adding additional building.

The institution has provided 3 Mbps Internet connectivity in the campus which needs be raised. Though the facility has been made available to faculty members in the institute, this facility has not been provided in the hostels which restricts access to the internet after institution hours. The hostel should also be provided this facility.

[Handwritten signatures]

2

The institution has adequate financial resources to pursue the ideals and goals of a university. However, proper planning and transparency with more faculty participation in Budgeting, Management and Decision making at all levels is recommended.

Teaching learning process is in place and is effective.

The institution need improvement in Research and Development activities and need to be supported by the management with a greater thrust. Further suggestions are given in the subsequent paragraphs.

All the eligible UG programs have been accredited by the NBA for the period 2008-2011. Other programs should go for accreditation as and when eligible.

B. FACULTY

The number of faculty is adequate and as per the AICTE norms. The total no. of Faculty is 182 with 27 professors, 4 Assoc. Professors, 27 Asst. Professors and 124 lectures/senior lecturers. The teacher-student ratio is 1:15. However, the cadre ratio needs improvement as it is skewed towards lecturers. The selection procedures are transparent and are as per norms.

The number of Ph.Ds in the faculty is just 33. However, as informed by the management during presentation 6 teachers are registered for Ph.D. It is recommended that more Ph.D. degree holders should be recruited as faculty and the existing faculty members should also be encouraged to attain higher qualifications from reputed institutions. In order to give wider exposure and training in the contemporary subjects the faculty members should be encouraged and provided adequate financial support to attend training programs, short term courses, conferences, workshop etc. in the country and abroad. All faculty members should generally attend at least one such programs every year. The Institute should also organize such events in their campus.

C. Research and Development

At present the in house research and development activities are as is expected from a college. It was evident from the presentation and discussion that the Institute is now

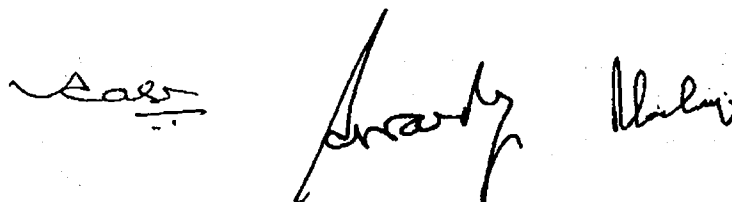

geared up to take up the R&D activities like those of a good university. Faculty and some of the M.Tech. students have made joint publications in journals, International and National conferences. Some of the publications are for a period when the faculty members were either pursuing their own Ph.D. or for a period when they were working elsewhere prior to joining this Institute. R&D culture and zeal of the faculty is reflected from this fact. The Institute should start regular Ph.D. fellowships and recruit full time research scholars to promote quality research activities in all the departments. Some in house funded research projects have been completed. In the automobile engineering laboratory considerable research and development work is in progress. Some innovative and highly educative models/projects are being developed. The Institution has also taken Collaborative Research initiatives to interact with various research organizations. More sponsored research and R&D projects should be obtained from industry and other funding agencies. Industry Institute collaboration cell should be established to further strengthen the existing marginal industrial collaboration.

D. STUDENTS

Several students of the college in different engineering branches have secured positions in the first 15 ranks over the years. Pass percentage and first divisions are high; for the past 5 years the first divisions are over 50%. The placement record is good with maximum pay package in the range Rs. 4 to 4.5 lakh in different branches and the annual average is around Rs. 2.2 to 2.8 lakh. However, more core companies should be invited for campus placement. The training and placement cell should be further strengthened.

In the interaction session with the students they showed their concern about the existing system of examination. They were nearly unanimous in their presentation favoring the university status for the college.

Adequate opportunities are provided for developing the skills, competencies and overall personality of students. As conveyed by the faculty during the presentations value added programmes are provided to improve the employability and professional skills of students.

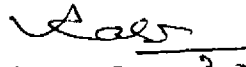

RECOMMENDATIONS

96

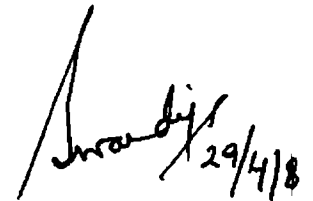

On the basis of the presentations made by the departmental faculty, visits to the laboratories, library, infrastructural facilities, interaction with the faculty, students and the management, the committee has found that the management, faculty and students have shown potential and commitment for improving the quality of education and want to promote emerging areas in engineering and technology. The committee, therefore, recommends that the Lingaya's Institute of Management and Technology, Faridabad can be considered for conferment of Deemed to be University Status so far as engineering and technology programmes are concerned. This shall, however, be subject to the conditions that the Norms and Standards as specified from time to time by the statutory bodies such as UGC and AICTE are maintained.

Check list based on the Guidelines for Recommending Technical Institutions
for the Deemed to be University Status

GENERAL CRITERIA

SI		Yes/No
1	Whether the UG and PG programmes are being conducted for a period of not less than 10 years and 5 years (from the Graduation of first batch) respectively.	Yes PG-NO
2	Whether the institutions has a standing of 10 years and at least the graduation of 5 batches if running only PG and Research Programmes	Yes
3	Whether the institutions is offering Masters and Doctoral Programmes in all the major departments	Masters- Yes Doctoral- NO
4	Whether all accreditable programmes of the institution are accredited by the NBA	Yes
5	Whether the institution has necessary financial resources and viability to pursue the ideals and goals of a University	Yes
6	Whether the institution is a registered Society/Trust to have an independent entity of its own	Yes

PERFORMANCE CRITERIA

Student Turn Out	At the Time of Assessment	Yes/No
Number of students graduated (B.Tech/B.E./B.Pharm/B.Arch) with 1 st class.	At least 50% of the sanctioned annual intake assessed over a period of last 5 years should have graduated with 1 st Class.	Yes
Number of Post Graduates (M.Tech/ME/MBA/MCA/M.Arch/M.Pharm) passed out.	At least 6 per department/discipline/year for last 5 years.	No
Number of Research Scholars Registered for Ph.D.	Number of Scholars on role each years during the last 5 years should be at least 4 per department in all the departments.	No
Number of Ph.Ds awarded under the supervision of the faculty	At least 10 Ph.Ds must have been awarded during the last 5 years.	No

Abhinav

Case

Shweta
28/4/18

Research		Yes/No
Sponsored Research projects completed in last 5 years	Should have completed at least 5 significant projects (Rs. 8 lakhs each or more each years)	No
Number of faculty members guiding doctoral research	At least 5 per discipline/department	No
Publication of research papers in referred journals	Ordinarily 50 in the last 5 years involving sizable number of disciplines/departments and faculty members.	No

Industrial Consultancy and Continuing Education Programmes conducted during the last 5 years		Yes/No
Number of summer/winter schools and/or continuing education programmes in the last 5 years.	Ordinarily 25 programmes or 3000 man days (programmes of less than 48 hrs. not to be counted)	Yes
Consultancy	The institutional share of income during last 5 years should be about Rs. 15 lakhs	No

Institutional Development (total for the last 5 years)		Yes/No
Number of Ph.Ds in the faculty	At least 50% of the faculty should be with Ph.D.	No
Equipments, Books, and Journals	As per AICTE norms, from time to time.	
Use of computers for Technical Education and Research	1. Ordinarily 20% of the courses should be computer based/application oriented.	Yes
	2. Ordinarily 50% faculty should be using computer facilities for teaching & research	Yes
Pay Package	The institute shall adopt the AICTE Pay Scales for its teachers.	Yes

Essential Infrastructure at the time of Application		Yes/No
Minimum academic staff at Lecture level and above on the basis of students to staff ratio	Strength should not be less than the minimum as prescribed in AICTE norms.	Yes
a. Land & Administrative building b. Academic & Library building c. Teachers Residence & Faculty Guest House	As per AICTE norms	Yes

SUBJECT: JUSTIFICATION OF COMPLETION OF 10 YEARS

Sir,

The institute was given viability by AICTE vide file No. 767-62-009 (NDEG)/ET/96 dated May 15, 1997. The first session started in 1998 after AICTE approval vide file No. 765-62-224(EET)/ET/98 and Govt. of Haryana permitted to start the institute vide their letter No 564TE/378 dated 12-3-1998.

The Institute started its first session in 1998 and as on June 17, 2008 six batches have already graduated and the result of the seventh batch is awaited. Thus making this institution ten years old.

Thanking you,

With regards,

Yours Sincerely,

For Lingaya's Institute of Management & Technology

Date : May 15, 1997

To

F.NO. 767-62-009 (NDEG)/ET/86
 THE CHAIRMAN/ SECRETARY
 LINGAYA'S JANKALYAN SHIKSHAN SANSTHA,
 D-189, FREEDOM FIGHTERS ENCLAVE,
 NEB SARAI, NEW DELHI.

Sub : Proposal for establishment of new institution during
 1997-98 - regarding.

Sir,

This is with reference to your proposal submitted to the
 Council for the establishment of a new college/ polytechnic

... Lingaya's Inst. of ... Management ... & Tech., Fardabad.

... during the
 academic session 1997-98. The proposal has been carefully
 considered as per the AICTE Regulations.

The Council, after considering the recommendations of the
 Regional Committee, based upon the various reports placed before
 it, has found your proposal viable for the establishment of a new
 institution. To facilitate further processing of the proposal,
 you are now requested to furnish the following details in Form I
 (annexed)

1. (a) Deed of registration relating to ownership/ title of
 the applicant society/ trust on a minimum of ...*...
 acres of land earmarked for setting up of the new
 institution;
- (b) A Land use certificate from the authorities concerned;
 and,
- (c) In case the applicant society/ trust is running any
 other educational institution in the same premises
 where the new institution is proposed to be set up, an
 irrevocable resolution of the applicant society/ trust
 stating that sufficient area of the premises has been
 earmarked specifically for setting up the proposed
 institution.

A Fixed money Deposit jointly in the name of applicant society/ trust and Regional Officer of the respective Regional Office for Rs. ~~forty~~ ^{fifty} lakhs for a period of ten years after which the applicant society/ trust may apply to the Council to allow or use the funds only for the development purposes of the institution.

103

3. A master plan for the entire institutional complex with the details of the plinth area, including area of laboratories, class rooms, drawing halls, workshops, library, administrative block, hostel etc. along with the construction schedule, indicating the estimated cost of construction involved.
4. In case the applicant society/ trust does not hold ownership right over the building, a proof of temporary accommodation along with lay out plan and photographs of the premises.
5. A registered undertaking on non-judicial stamp paper stating that the institute shall abide by all the regulations, Guidelines, Norms and Standards of the Council issued from time to time.

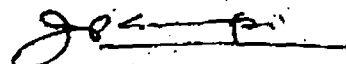

You are requested to fulfill all the requirements indicated above at Sl. No. 1 to 5 at your earliest but not later than June 15, 1997 to facilitate an expert committee at the cost of the Trust/ Society to inspect the infrastructural facilities created by the Trust/ Society for running first year classes. The recommendations of the expert committee shall be considered by the Council for the approval or otherwise of the proposal.

In order to cause inspection, a draft of Rs. 50,000/- drawn in favour of the concerned Regional Officer, AICTE, may be sent so as to reach the Regional Office on or before May 31, 1997, failing which the request for inspection shall not be entertained this year.

It may please be noted that if the documents submitted by the Trust/ Society including the facilities created by the institute do not conform to the new norms and standards and guidelines of AICTE within the stipulated deadline of June 15, 1997, the trust/ society shall forfeit their claim for further consideration of their proposal for starting a new institute during 1997-98. The Trust/ Society may however submit a fresh proposal again for the subsequent academic year.

Kindly note that this is only a viability letter and not a letter of approval.

Yours faithfully,

(J.P. Gupta)
Member Secretary

Copy to : The concerned Regional Office

* As per AICTE Regulations. Relevant portion attached at Annexure I.

** The courses and the intake capacity shall however be decided only after the expert committee visit.

Sub :- Proposal for establishment of new institution during 1998-99
regarding. (DEGREE ENGG)

Sir,

This is with reference to your proposal submitted to the Council for the establishment of a new technical institution LINGAYA'S INSTT OF MGT & TECH., FARIDABAD during the academic session 1998-99. The proposal has been carefully considered as per the revised AICTE Regulations.

The Council is pleased to inform you that your proposal has been found viable. To facilitate further processing of the proposal, you are now requested to furnish the following to the concerned Regional Office :

- 1.(a) Registered Sale deed showing ownership of the proposed land in the name of applicant Society/Trust as per AICTE Regulations. (Please note that Registered lease deed is not acceptable except where the land is owned by Government)
 - (b) A Land use certificate from the concerned authority.
 - (c) In case the applicant society/ trust is running any other educational institution in the same land where the new institution is proposed to be set up, a registered irrevocable resolution of the applicant society/ trust stating that land as per AICTE norms has been earmarked specifically for setting up the proposed institution.
2. A Joint Fixed Deposit ONLY in a Nationalized Bank in the name of applicant society/ trust and concerned Regional Officer as per Regulations for a period of ten years. (FDR should be created only after getting the signature of the concerned Regional Officer, please refer Annexure - II)
 3. A master plan for the entire institutional complex with the details of the plinth area, including area of laboratories, class rooms, drawing halls, workshops, library, administrative block, hostel etc.

Contd\.....2

4. Proof of temporary/permanent accommodation along with lay out plan and photographs of the premises where the applicant proposes to start the institute.
5. A processing fee of Rs. 50,000 (Fifty Thousand only) in the form of a Demand Draft in favour of the concerned Regional Officer.

You are requested to fulfill all the requirements indicated above at Sl. No. 1 to 5 at the earliest but not later than March 31, 1998. An Expert Committee of the Council shall visit the proposed institute if the documents submitted are found in conformity with the Regulations.

In addition, it may please be noted that prior to the Expert Committee visit, which is tentatively scheduled in the first week of May 1998, following facilities must be kept in place:

- (a) Classrooms, laboratories etc. for a minimum of first two semesters as per the Norms of the Council.
- (b) Library with adequate number of books & Journals as per Norms for the first two semesters.
- (c) Computer Centre with required number of terminals for first two semesters as per Norms.
- (d) Identification and consent of atleast 70% staff and Faculty.
- (e) Full Time Director/Principal as per AICTE qualifications.

It is further stressed that if the applicant is not able to fulfill any of the requirements as mentioned above, it shall forfeit its claim for further consideration of the proposal during 1998-99. The Trust/Society may however submit a fresh proposal again for the subsequent academic year, if it so desire.

Kindly note that this is only a viability letter and not a letter of approval.

Yours faithfully,

(B.G. Sangameshwara)

F.No.766-62-224(E)/ET/98
 Date : 07.07.1998

THE COMMISSIONER & SECRETARY
 TECHNICAL EDUCATION,
 GOVT. OF HARYANA, SECRETARIAT,
 CHANGIGARH - 166 001.

Sub: AICTE approval to LINGAYA'S JANKALYAN SHIKSHAN SARSTHA, NEW DELHI for establishment of LINGAYA'S INSTITUTE OF MANAGEMENT & TECHNOLOGY, ASHOK MEMORIAL PUBLIC SCHOOL, ASHOK ENCLAVE - I, FARIDABAD, HARYANA.

Sir,

I am directed to state that based on the consultations with the concerned State Govt. and the affiliating body and on recommendations of the Regional Committee and the Expert Committee constituted by the Council and as per the provisions of AICTE regulations, the All India Council for Technical Education (AICTE), is pleased to accord approval to LINGAYA'S JANKALYAN SHIKSHAN SARSTHA, NEW DELHI for establishment of LINGAYA'S INSTITUTE OF MANAGEMENT & TECHNOLOGY, ASHOK MEMORIAL PUBLIC SCHOOL, ASHOK ENCLAVE - I, FARIDABAD, HARYANA and to conduct following DEGREE course(s) in ENGINEERING & TECHNOLOGY with an annual intake mentioned against each for the session 1999-99.

S.No.	Course(s)	Intake	Level	Duration
i.	Mechanical Enqg.	65	Degree	4yrs
ii.	Electrical Enqg.	40
iii.	Electronics & Comm. Enqg.	40
iv.	Computer Sc. & Enqg.	40
Total		185		

This approval is subject to fulfilment of the Specific Conditions enlisted as Annexure - I and general conditions enlisted as Annexure - II and as per the norms and standards of AICTE.

The admission will be made in accordance with Regulations notified by the AICTE vide GSR 476(E) dated 20.05.1994 based on the hon'ble Supreme Court Judgment dated 04.02.1993 with regard to WP(C) No. 607 of 1992 in the case of Unni Krishnan JP and other etc. V/s. State Government of Andhra Pradesh and others etc. and later judgements. No Management/Institute/Trust or Society shall announce admissions directly under any circumstances. Any action contrary to this provision taken by the institute will make it liable to be derecognised.

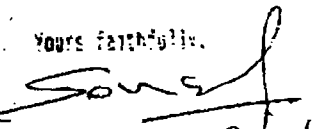

Further in the event of infringement/contravention or non-compliance of the norms and standards as prescribed by the AICTE, the Council shall take further action to withdraw approval, and the liability arising out of such withdrawal of approval will be solely that of Management/Trust/Society and/or Institution.

The Council may inspect/ visit the Institution any time it may deem fit to note the progress/ compliance.

The attention of the management is drawn to the fact that the approval given now is only for one academic session, at the end of which an expert committee shall visit to assess if the norms and standards as stipulated by AICTE are fulfilled, and only then will the continuation or otherwise shall be intimated.

You are requested to kindly monitor the progress made by these institutions for fulfilment of norms and standards of the Council and keep the concerned Regional Office and AICTE, New Delhi informed.

Yours faithfully,

 B.G. Sanjameshvara
